Subject Independent Consultant Agreement for Professional Services - Anthonio, Inc. - Lafayette Elementary School Fire Alarm Project

Action Requested Approval by the Board of Education of an Independent Consultant Agreement for Professional Services with Anthonio, Inc. for Division of State Architect (DSA) Inspection Services on behalf of the District at the Lafayette Elementary School Fire Alarm Project, in an amount not-to exceed \$17,520.00. The term of this Agreement shall commence on June 13, 2014 and shall conclude no later than June 13 2015.

Background The existing fire alarm system is outdated and some parts are no longer being manufactured. Therefore, there is a pressing need to replace existing fire and intrusion alarm systems, devices, conduits, panels and other components. Replacement of this system will improve the safety of the students.

Local Business Participation Percentage 100.00%

Strategic Alignment Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources,

number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

Recommendation
