General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

About Oakland Unified School District

The Oakland Unified School District (OUSD) serves the children of Oakland, California, a diverse city of over 430,000 that sits on the east side of the San Francisco Bay. Our student enrollment of 34,273 students is 48% Latino, 20% African American, 11% white, 10% Asian, 7% multi-ethnic, 1% Pacific Islander, and under 0.5% Filipino and 0.2% Native American. More than four out of five (82%) qualify for free or reduced-price school meals. Approximately 18% of students in our District-run K-12 schools and programs are students with disabilities who receive special education services.

Half of our students speak one of over 69 world languages at home, and one in three students are English language learners. Among these are over 3,500 newcomer students—youth who have been in the United States for less than three years. Most of our newest arrivals fall into the status of refugee, asylee, asylum seeker, and/or unaccompanied minor and may be fleeing violence, human trafficking, or persecution in their home countries.

Given the demographic diversity of OUSD, equity is central to our work. As a Sanctuary District, we stand behind our students no matter where they were born or the barriers they overcame to be here. We cherish the cultural richness in our district and make no exceptions when it comes to including learners with a wide variety of backgrounds and needs. For us, equity means providing each student with the academic, social, and emotional support they need to prepare for college, career, and community success in the future.

Our Schools

In the 2024-25 school year, Oakland Unified will operate 79 schools: 51 elementary schools (including three TK-8 schools and two Transitional Kindergarten programs at Kaiser Early Childhood Center and Hintil Early Childhood Center), 11 middle schools, 11 high schools (including three 6-12 schools), and six Alternative Education programs (including a partnership with Laney College to operate the Gateway to College program and a partnership with the Street Academy Foundation to operate Street Academy). We will have nearly 1,500 children enrolled in our pre-kindergarten programs at 29 early childhood education sites. Additionally, we implement a Young Adult Program that serves our 18-to-22-year-old transition-age

youth with Individualized Education Programs and a Home and Hospital Program that serves students with a temporary illness or injury that makes school attendance impossible or inadvisable. There are currently 39 charter schools located within the District boundaries, 28 of which are authorized by OUSD.

Our Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

Our Mission

Oakland Unified School District (OUSD) will build a Full-Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

We are committed to more than quality academic education—we take pride in providing enriching activities, school-based health centers, nutritious locally-sourced meals, and social emotional learning skills. We endeavor to bring joy to the academic experience while cultivating the skills to ensure our students are caring, competent, fully-informed, critical thinkers. We have been recognized as a leader in equity programs such as our nationally acclaimed African-American Male Achievement program, as well as our African-American Female Excellence program, launched in 2016-17, and our Latino and Asian Pacific Islander Student Achievement programs, launched in 2017-18. We are proud of our enrichment programs including music, arts, athletics, and dual language Spanish-English immersion programs.

Our Graduate Profile

Our students will be:

- Resilient Learners
- Collaborative Teammates
- Community Leaders
- Critical Thinkers
- Creative Problem Solvers

Our Values

- **Students First:** We support students by providing multiple learning opportunities to ensure students feel respected and heard.
- **Equity:** We provide everyone access to what they need to be successful.
- **Excellence:** We hold ourselves to uncompromising standards to achieve extraordinary outcomes.
- **Integrity:** We are honest, trustworthy and accountable.

- **Cultural Responsiveness:** We resist assumptions and biases and see the gift of every student and adult.
- **Joy:** We seek and celebrate moments of laughter and wonder.

Our Strategic Direction

The 2021-24 OUSD Strategic Plan dovetails with the 2024-2028 LCAP to focus on a narrow set of strategic actions for the next three years. It is an opportunity to reimagine our work and to craft an Oakland community and school system that represents our highest hopes and dreams for ourselves and the generations to come. The 2021-2024 Strategic Plan focuses on four key initiatives, each representing a thread of the larger work of the LCAP:

Ensuring Strong Readers by Third Grade

We believe that English Language Learners (ELLs) and Academic Language Learners (ALLs) can develop powerful language and literacy skills when teachers across subject areas integrate content learning with reading, writing and discussion. Instruction that focuses on the language demands of tasks and texts deepens students' content understanding and develops their ability to read, write and speak in ways appropriate to the discipline, task, and audience. Three proven, high-impact practices for all grade levels will be a major focus for our district: reading complex text, academic discussion, and evidence-based writing.

Supporting Powerful Graduates

We believe that all students, regardless of current skill or circumstance, can develop the academic, creative and life skills to become college, career and community ready. To make this vision a reality, every lesson must be purposeful and students must engage in daily tasks that require them to practice essential skills embodied in the standards (Common Core, NGSS, History frameworks, CA Arts, etc.) and in line with our vision of an OUSD graduate. Critical learning experiences include projects, exhibitions, and career internships. Our teachers will be supported in their efforts to use high-quality curriculum, backwards-planning from standards to design assessment and instruction aligned to long-term outcomes. Our students will be given multiple opportunities to perform a standard, with timely, focused feedback along their path to proficiency.

Creating Joyful Schools

We believe all students must feel safe and connected to learn. This is especially true for students from historically marginalized and underserved groups, who often experience bias in school. To interrupt the impact of oppression and inequality, OUSD educators implement culturally responsive and inclusive practices to engage all students in learning and leverage the unique strengths and gifts they bring to our schools. Through high expectations, learning partnerships with students and families, and strategic alignment of resources, our community schools help many students overcome trauma and life circumstances that make learning more challenging. OUSD schools also strive to engage students through diverse programming, including sports, visual and performing arts, technology, leadership, and career exploration.

Growing a Diverse and Stable Staff

Oakland’s vision is that our students’ diverse and rich backgrounds are reflected by Black, Brown, and multilingual educators. We envision building and maintaining accessible pathways into teaching and leading Oakland schools grounded in the core belief that the future educators of Oakland Unified are the children and young adults in our communities. We will strengthen a continuum of supports that encourages sustainable growth and development for teachers and removes barriers to living and working in Oakland. We will work at the intersection of educator stages of development and four critical focus areas: partnerships, pathways, affinity based support structures, and conditions for educator learning and growth. We believe that to improve outcomes for students, we must also improve conditions for adult professional learning throughout our system. All OUSD educators deserve continuous learning opportunities to sharpen their knowledge and skills, meaningful coaching, and time to collaborate with and learn from peers. By engaging in collaborative inquiry—reflecting on their practices, analyzing student learning, testing the impact of their practices, and sharing learning with colleagues—our teachers, leaders, and staff strive to build collective efficacy and transform results for students.

About the OUSD LCAP

The OUSD LCAP captures key actions and investments beyond the District’s base program that support our goals to improve outcomes for Oakland students. In OUSD, these investments may be funded not only by state LCFF Supplemental and Concentration dollars, but also by federal title dollars, local tax measures, and public and private grants. Although the LCAP expenditures table rolls these investments up to a relatively high level by LCAP action, OUSD also provides a detailed breakdown of positions and services organized by action sub-area and funding source so that partners can more easily see how each area of work is supported. This document includes a detailed description of how school sites will invest their LCFF Supplemental and Concentration dollars based on their adopted School Plans for Student Achievement (SPSAs). For details on how a specific school is investing non-LCFF resources, including Title I and Title IV awards and local tax measures, please see the SPSA budget for that school. SPSAs are posted on the OUSD website each fall following Board review and approval of the plans each summer.

In addition to the programs and services described in the LCAP, OUSD also makes strategic decisions around the use of LCFF Base dollars and other “base” resources such as state and federal funding for required Special Education services. While these basic expenditures are not reflected in the LCAP, the District will provide summaries of base-funded investments that support focal student groups to provide a more comprehensive picture of the services provided to these students. In some cases where funding for a position is split between a base resource and a resource included in the LCAP, the position description reflects the full FTE, while the expenditures table reflects only the portion paid by the LCAP resource. The detailed breakdown of investments will specify which positions are partially funded out of LCFF Base dollars.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Oakland Unified School District receives technical assistance from the California Collaborative for Excellence in Education (CCEE) and from the Alameda County Office of Education (ACOE). Our District met the criteria established pursuant subdivision (g) of Section 52064.5 CA School Dashboard for three or more pupil subgroups identified pursuant to Section 52052, or, if the school district has less than three pupil subgroups, all of the district’s pupil subgroups, in three out of four consecutive school years. This means that three or more student groups had two or more indicators in “very low” (red) or “not met” for three out of four consecutive years.

As a result, our District is receiving support from the California Collaborative for Educational Excellence (CCEE) as prescribed by Section 52052. Our District has complied with the activities of the legislation to undergo a Systemic Instructional Review (SIR) conducted by the CCEE in the Fall of 2020. The SIR entailed a review of our academic program through our written District guidance documents, focus groups with various partners, and classroom observations. The SIR resulted in three notable themes for improvement 1) Coherence; 2) Autonomy; and 3) Accountability, each specifying recommending actions our District shall take to implement improvements. There were a total of 58 specific actions organized through the SIR Components which span from vision, academic program, to district governance. Currently, OUSD has completed 21 actions, or 43%. There are 28 actions that are “in progress” or 57% and 0 actions that have yet to be addressed. As we continue to implement the 58 SIR Actions identified in our review, we will use the LCAP as an organizing frame in which we will progress monitor our efforts toward improving our academic outcomes for our students. Narrowing from the LCAP, the OUSD Instructional Focus supports us to communicate the building blocks of a cohesive instructional program to our educators districtwide.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

The following schools are identified for comprehensive support and improvement for the 2024-25 school year: Bret Harte Middle School, Brookfield Elementary School, Castlemont High School, Dewey Academy, East Oakland Pride Elementary School, Elmhurst United Middle School, Emerson Elementary School, EnCompass Academy, Fremont High School, Frick United Academy of Language, Fruitvale Elementary School, Garfield Elementary School, Global Family Elementary School, Grass Valley Elementary School, Highland Community School, Hoover Elementary School, Sojourner Truth Independent Study, Madison Park Academy Upper, Manzanita Community Elementary School, Markham Elementary School, Martin Luther King, Jr. Elementary School, Oakland International High School, Rudsdale Continuation School, Skyline High School, Street Academy, United for Success Academy, Urban Promise Academy, West Oakland Middle School, and Westlake Middle School.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Oakland Unified has a strong and long-standing theory of action around school-based decision making, particularly around funding. At the secondary level, the bulk of the CSI grant is awarded directly to schools for individual School Site Councils to work in collaboration with broader school communities to study needs and propose evidence-based solutions. At the district level, staff develop a planning framework for the School Plan for Student Achievement (SPSA) to guide schools through the process of understanding needs and evaluating potential intervention strategies. Both network superintendents and Central academic leaders review school improvement plans and provide guidance on focal areas and strategies. In addition to the site-based investments, a portion of the CSI grant for high schools funds central credit recovery programs and case management to ensure that students reach graduation.

At the elementary level, all seven CSI schools are identified for very low academic performance and for very high chronic absenteeism. At these schools, the CSI grant funds a full-time Teacher on Special Assignment (TSA) who focuses on school improvement work. Each school community determines what the TSA will focus on; many opt for instructional coaching and teacher development, while others focus on culture and climate to address the challenges that led to their identification for CSI.

District-Level Stakeholder Engagement

Several district-level committees, including the Parent and Student Advisory Committee (PSAC) and the District English Language Learner Subcommittee

(DELLS), review summaries of planned school investments in SPSAs across the district each year to understand trends and to study implementation and impact over time. These partners also provide input on needed district-level investments such as student social emotional and behavioral health staff and academic content experts funded through other grants and targeted resources who provide essential supports to schools designated for CSI.

School Needs Assessment & Stakeholder Engagement

As part of the school site planning process, every school undertakes a comprehensive needs assessment to examine recent student performance data, progress towards prior year goals, implementation and effectiveness of current strategies, and needed adjustments to strategies. Schools designated for CSI are coached by their network superintendents and by Central content area specialists to complete their needs assessment with a focused lens on the areas that triggered their designation for CSI. The OUSD Research, Assessment and Data (RAD) team also assists CSI schools in better understanding their focal student group data, data on overlapping focal student groups (e.g., newcomer English Language Learners who are also unhoused), and evaluating performance trends over time.

Identification of Evidence-Based School Improvement Practices

Based on this needs assessment, each school designated for CSI in 2023-24 worked with the school community in the spring of 2023 to identify high-leverage, evidence-based actions to fund with CSI resources. These proposed actions were then reviewed by network superintendents and Central Office academic leaders. If needed, schools received feedback to rethink or provide more information on proposed actions to ensure that CSI funding would be leveraged to effect change. Because the 2023-24 CSI designations were the first since before the pandemic and student outcomes have changed markedly at some schools in the intervening years, many schools identified in 2023-24 are new to the CSI grant and needed additional support to understand the funding and the planning process.

Resource Inequities

Oakland Unified has long lifted up equity in its lens on allocating site funding in a city where there can be sharp socioeconomic contrasts between schools and neighborhoods just a few miles apart. While many state and federal funding streams must be allocated by formula, some local funding resources provide opportunities to offset some of the inequities inherent in this socioeconomic divide. As part of the development of school plans, every school is asked to identify and reflect on resource inequities. While it is especially important for schools designated for CSI to name these inequities, OUSD has found that asking SSCs at high-performing non-Title I schools to consider inequities within the district is crucial as well.

Schools designated for CSI identified inequities in these key areas, among others:

- Schools with predominantly low-income student bodies have far less ability to fundraise through their family communities, as schools in wealthier areas of the city have done to offset the impact of recent budget cuts.
- Schools that serve very high-need student populations tend to disproportionately employ novice teachers, which requires schools to expend additional resources to provide coaching and support services to teachers and their students. Many high-need schools also struggle to retain teachers, and sometimes begin the year with vacancies that are not filled until the second month of school or beyond.

- At the high school level, schools identified for CSI are less likely to offer Advanced Placement courses, world language courses, and other college readiness courses, and often have more emergency-credentialed teachers than other District high schools.
- Some schools identified for CSI are disproportionately more likely to receive newly-arriving immigrant students (or “late-arriving newcomers”) after the Census Day budget adjustments, meaning that these students do not bring additional funding with them to the school, but still require staff and service resources.

To begin to address these inequities, Oakland Unified funded the following actions during the 2023-24 school year, and continues to explore longer term solutions:

- Since the 2021-22 school year, the District has allocated additional student support staffing to high need schools based on the Unduplicated Pupil Percentage (UPP).
- The District funded reduced class sizes at schools with UPPs above 90%.
- The District funded 8.2 FTE in additional teachers to help meet the needs of late-arriving newcomers who arrive after Census Day.

Credit Recovery & Intensive Case Management for CSI-Designated High Schools

The High School Linked Learning Office (HSLLO) provides a comprehensive central credit recovery model that ensures equitable access to all schools regardless of size or resources to increase the number of students graduating and A-G eligible. The HSLLO created the Central Academic Recovery (CAR) team to pilot several credit recovery and prevention efforts across CSI schools beginning in Spring 2022. Some examples of programming piloted include:

- **School Day Credit Recovery:** CAR’s small Algebra 1a class taught for targeted students in Grades 9 and 10 who received a D or F in Spring 2022. CAR continues to provide a variety of credit recovery options across three school sites that happen during the school day. Courses offered include Algebra, English, Geometry, History, and Spanish.
- **Summer Healing & Academics 4 Kids (HACK) Program for Students in Grades 9 and 10:** During summer academic credit recovery, students participate in project based and hands-on learning with engaging field trips, activities and internships relevant to their credit recovery courses in which they were enrolled. Summer HACK ’22 had 90+ students and 93% of participants earned the credit pursued. Summer HACK ’23 aims to engage 150-160 10th grade students.
- **Site-Specific Credit Recovery Models:** In addition to centrally delivered credit recovery, individual schools piloted re-imagined, credit recovery options that are school site specific, with support from our HSLLO Central Academic Recovery team. The goal of this strategy is to encourage sites to develop comprehensive, quality and/or innovative site-based approaches to preventing student credit loss and offering credit recovery. This recognizes that schools are the most expert in the needs and learning of their students, central recovery efforts and a one size fits all model does not work for all school communities. Targeted schools submitted proposals with data elements, program outcomes, and costs for credit recovery and loss prevention programs that were reviewed and approved by HSLLO leadership. The target will be students at sites who have a demonstrated need for remediation or recovery, including but not limited to students who are close to passing but did not pass by term’s end,

students needing additional support during a class in order to pass, students recovering a D grade for A-G eligibility, as well as students who failed a class and need to recover a course, students needing classes not offered in central credit recovery. If we build site capacity, then sites will develop systems for monitoring students data, implementing site and course embedded prevention/credit recovery opportunities, which will lead to an increase of students on track.

- **Online Credit Recovery Classes:** CAR piloted two online credit recovery classes (American Government and Algebra 1). In spring 2023, the courses had 25 students enrolled from various CSI schools.
- **Intensive Case Management for students in Alternative Education:** The Alternative Education Schools have a dedicated Case Manager that provides additional support with students in danger of failing by working in conjunction with the teacher of record. Providing guidance through 1:1 meetings, home visits, and tracking progress in order for students and families to stay up to date on the graduation status of students on their caseload.

The High School Network will continue to build out the credit recovery strategy for the 2023-24 school year to provide centrally managed credit recovery teachers and case managers to better support credit recovery needs at CSI-identified sites. CSI funds will be braided with Central Title funding to expand program eligibility to students at ATSI-designated high schools as well.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

All Schools in Oakland Unified use an online inquiry and planning tool to track implementation of their work over the course of the year using six-to-eight-week cycles of inquiry. Through these cycles, principals work with their teachers to better understand whether the planned strategies are being implemented with fidelity; what short-term student outcomes are expected and whether these outcomes are being achieved; and what long-term effectiveness will look like for each strategy. At the district level, student outcomes are monitored regularly throughout the year to better understand data trends and to surface best practices that are leading to growth.

All schools in Oakland monitor the OUSD LCAP metrics for student outcomes at the site level to understand how their students are performing compared to other students across the district and across the state. In addition, individual CSI schools are encouraged to identify additional metrics based on their specific need assessments and improvement strategies to track both implementation and effectiveness of their CSI plan actions. These vary widely given the diversity of needs in OUSD schools, but can include metrics such as teacher retention, percentage of teachers with full credentials, or percentage of families engaged with the school.

Ongoing Data Inquiry & Planning

CSI schools will focus their data inquiry and planning work on the specific high-leverage strategies they have identified to improve student outcomes as

part of their CSI plans during regular meetings with their network teams. Network superintendents and partners, who coach school leaders in this work, will monitor completion of the inquiry and planning tool to document these inquiry cycles and will provide guidance on how each school can most effectively monitor the CSI plan. RAD continues to provide focused support to these schools to help leaders set and monitor targets to improve student outcomes and exit CSI, and to evaluate the implementation and impact of their planned actions. School Site Councils, school instructional leadership teams, and other key partners also review and evaluate key data points to determine how effective strategies are and whether schools should continue to implement these improvement efforts or adjust their plans.

Stakeholder Partnerships to Monitor CSI Plans

At the school level, CSI plans are monitored first and foremost by School Site Councils (SSCs). Oakland Unified has a strong culture of school governance that empowers SSCs—committees composed of parents, students, teachers, school staff, and principals—to participate actively in planning and budgeting for school improvement. The SSC tracks progress towards school goals and implementation of strategies in the CSI plan, and works with the principal and staff to amend the plan as needed throughout the year as conditions change.

At the district level, the LCAP Parent and Student Advisory Committee (PSAC) and its subcommittees—the District English Language Learners’ Subcommittee (DELLS), the Committee to Empower Excellence in Black Student Education (CEEBS), the Community Advisory Committee for Special Education (CAC), and the Foster Youth Advisory Committee (FYAC)—review and provide input on districtwide investments and strategies for improvement.

Throughout the year, each group chooses areas of interest for “deep dives” and invites District staff to present on districtwide and school-specific approaches to improving student outcomes and resulting outcomes in the focal area.

Central Staff Resources for CSI Schools

In addition to support provided by network teams and Central Office content area specialists, OUSD also invests in two Central Office positions to help schools designated for CSI to research, implement, and evaluate the implementation and effectiveness of their CSI plans. The half-time CSI Teacher-on-Special-Assignment (TSA) guides principals and school communities through plan development, coaching leaders in data review and helping school teams evaluate potential evidence-based strategies to address their identified needs. The LCAP Coordinator is funded through the CSI grant to spend one day each week providing support for the CSI program, including development and monitoring of the CSI-specific sections of the SPSA and ongoing review of CSI investments to ensure that funds are spent in accordance with each school’s approved improvement plan. Together, these Central staff also create the written guidance provided to schools that outlines how schools may plan and use CSI funds. The CSI TSA also offers grade span-specific help sessions for school leaders, particularly those new to OUSD or new to the CSI grant, to create space for schools to ask questions and share best practices. As the CSI program develops, the District will continue to examine and refine these Central support roles.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Goals and Actions

Goal 1

GOAL #	DESCRIPTION	TYPE OF GOAL
1	All students graduate college, career, and community ready.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning):** Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities
- Priority 2: State Standards (Conditions of Learning):** Implementing California’s state academic standards, including the California Content Standards in English language arts and math, Next Generation Science Standards, English language development, and other content area standards.
- Priority 4: Pupil Achievement (Pupil Outcomes):** Improving achievement and outcomes for all students, as measured in multiple ways, including state academic assessments, English proficiency, and college and career readiness
- Priority 7: Course Access (Conditions of Learning):** Ensuring that all students have access to a broad course of study that prepares them for college and career in all required subject areas, including mathematics, history and social studies, ethnic studies, science, visual and performing arts, health, physical education, career technical education, and other areas.
- Priority 8: Other Pupil Outcomes (Pupil Outcomes):** Measuring other important indicators of student performance in all required areas of study.

An explanation of why the LEA has developed this goal.

Goal 1 encompasses our academic approach to Tier 1 instruction as we work to provide a comprehensive, quality instructional program to all students. We believe that all students, regardless of current skill or circumstance, can develop the academic, creative, and life skills to become college, career, and community ready. Our approach in high school is Linked Learning, which has already demonstrated effectiveness through higher graduation rates and more student engagement in learning. Key strategies within Linked Learning include: Project-Based Learning (PBL), Career Technical Education (CTE), Work-Based Learning (WBL), and comprehensive student support.

The rigorous, relevant, and supported learning experiences that are a hallmark of our Linked Learning career pathways are also reflected in all TK-12 instruction. In all classrooms, students are engaged in daily tasks that require them to practice essential skills articulated in the standards and in line with our graduate profile. Woven into all of these daily tasks across subject areas are opportunities for students to practice language and literacy by

reading complex texts, having academic discussions, and writing with evidence. Instruction that focuses on the language demands of tasks and texts deepens students' content understanding and develops their ability to read, write and speak in ways appropriate to the discipline, task, and audience.

To ensure that students have a strong foundation, we focus strongly on third grade literacy, which is the most important predictor of high school graduation. At the end of third grade, students are shifting from learning to read to reading to learn so that they can gain the knowledge, skills, and dispositions they will need for college, career, and community success.

To understand and assess the learning of our TK-12 students, we ask them to complete a variety of performance tasks, such as career-aligned projects, exhibitions, internships, and pathway capstone projects. These tasks are both demonstrations of learning as well as learning experiences in and of themselves where students develop literacy skills, academic proficiency, and growth towards the graduate profile outcomes. Our TK-12 teachers are supported in their efforts to provide a high quality learning experience for all students, which means both using a high-quality, standards-based curriculum and developing relevant, engaging, and community-facing projects and activities.

We monitor our progress by implementing a Multi-Tiered System of Support (MTSS) within our schools. MTSS is not a new concept to our District, however, practices vary from school to school, therefore making MTSS a major focal point for this upcoming cycle of our LCAP.

ACTION #	TITLE	DESCRIPTION	TOTAL FUNDS	CONTRIBUTING
1.1	Strong Readers: Early Literacy & Secondary Literacy	<p><i>Offer a comprehensive and cohesive instructional program in English Language Arts to ensure that all students continuously grow towards meeting or exceeding academic standards. Invest in early literacy supports to ensure that all students are strong readers by third grade.</i></p> <p>Building Early Literacy</p> <p>Our focus on early literacy ensures that our youngest students develop the literacy skills they need to become empowered community members and lifelong readers, writers, and critical thinkers. To fulfill this vision, we will dramatically increase the number of third graders who are reading at and above grade level and close equity gaps by providing targeted, evidence-based instruction and data-driven support in the early years. We will enhance our collective impact by partnering with educators, families, and community members.</p> <p>Centralized supports include:</p> <ul style="list-style-type: none"> ● implementation of high-quality curriculum, including a daily foundational skills block; ● coordination of a comprehensive system of literacy assessments including a universal screener, tiered assessments, dyslexia screening and progress monitoring ● foundational training in standards, curriculum and the science of reading ● ongoing professional learning for teachers and coaches/teacher leaders ● learning walks to assess practices and target coaching and support for schools; ● training and coordination of early literacy tutors grounded in core curriculum and assessment ● family literacy workshops and guidance for schools <p>Supporting Secondary Literacy</p> <p>Placeholder text</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● Director of Early Literacy (1.0 FTE) 	\$22,716,072	Yes

1.5	Early Childhood Learning	<p><i>Offer opportunities for pre-kindergarten programs at locations across the district.</i></p> <p>Our OUSD Early Learning Department works to ensure that all children are taught and supported to develop the skills and knowledge necessary for success in school. The Early Learning program focuses on instilling a joy for learning and creating a foundation for students to learn how to build strong and long-lasting relationships with their peers, adults, and their community. Additionally, Early Learning programs and schools work together to promote elementary school readiness, engage families as children make transition to Transitional Kindergarten and Kindergarten, and build partnerships with families to support children’s development and learning.</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● Director, Early Childhood Education (1.0 FTE) ● Behavior Specialists (3.0 FTE) ● 11-Month Teacher on Special Assignment, Early Childhood Education (1.0 FTE) 	\$2,550,497	Yes

1.6	Multilingual Programs	<p><i>Provide quality multilingual programs that offer students across language backgrounds the opportunity to become bilingual and biliterate and eventually earn the Seal of Biliteracy.</i></p> <p>Our multilingual programs expand opportunities for students to participate in quality programs that aim to develop bilingualism and biliteracy for all students, with a focus on serving English Language Learners and low-income English-Only students. Programs include Spanish-English dual language immersion, early exit bilingual, and heritage and world language enrichment from PK-12th grade. Investments support program design/refinement, instructional materials, and professional development and coaching for teachers and leaders. New work includes aligning multilingual instruction between PK and TK-5 programs, converting select one-way Spanish-English bilingual programs into two-way dual language immersion programs and exploring, designing and/ or launching language enrichment programs in PK-5 in multiple languages including Spanish, Arabic, Chinese, and Mam.</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● Early Childhood Multilingual Specialist (1.0 FTE) ● Elementary Language Specialist (1.0 FTE) ● Spanish Literacy Specialist (1.0 FTE) <p><i>One-time investments funded in LCFF Supplemental & Concentration carryover that support this work include:</i></p> <ul style="list-style-type: none"> ● Curriculum and software licensing costs for this action area 	\$518,732	Yes

<p>1.7</p>	<p>College and Career for All</p>	<p><i>Provide college, career, and community-readiness pathways in all high schools that align with the Linked Learning and College and Career for All Quality Standards. Provide support via professional learning, communities of practice, and coaching to ensure high-quality college and career pathways that prepare students for college, career, and community.</i></p> <p>Linked Learning is a successful approach to education based on the idea that students work harder and dream bigger if their education is relevant to them. The Linked Learning approach integrates standards-aligned rigorous academics that meet college-ready standards with sequenced, high-quality career-technical education, work-based learning, and supports to help students stay on track. The College & Career Pathways sub-action area, new for 2023-24, holds positions and investments that support Linked Learning overall. These positions are continuing investments but in past years have been bundled with other Linked Learning sub-action areas.</p> <p>Linked Learning support services beyond the base high school program include additional academic and social emotional counseling, tutoring, parent engagement, mentoring, targeted interventions and monitoring, career assessment and exploration, and bridge programs to post-secondary education. These services are fundamental to the pathway experience and critical for ensuring students succeed in their challenging academic and technical coursework to improve graduation rates for high-need students. Students are supported in setting and achieving goals and mapping a path to college and career success. These services support the development of productive dispositions and behaviors that students will need to succeed in post-secondary education, in careers, and in civic life. Services also include Dual Enrollment with Peralta Colleges. Dual Enrollment offers students an opportunity to complete college-level coursework, including Career Technical Education courses, to earn college credits with equivalent high school credits and GPA boost while they are pursuing a high school diploma.</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● Bilingual Administrative Assistant (1.0 FTE) ● College & Career Readiness Specialist (2.0 FTE) ● Coordinator of Post-Secondary Readiness (1.0 FTE) ● Coordinator, Career Technical Education (1.0 FTE) 	<p>\$19,526,711</p>	<p>Yes</p>

students have access to a well-rounded curriculum and the courses they need to succeed.

The High School Linked Learning Office (HSLLO) Comprehensive Student Supports (CSS) team coordinates school counseling services in grades 6-12. School counselors play a critical role in supporting students in the academic development, social/emotional development, and college and career planning domains. Counselors support students with graduation planning, decision-making, A-G readiness, post secondary planning, high school enrollment (for eighth graders), and coping with school life. The HSLLO CSS Team provides monthly professional development and/or training opportunities for school counselors, new counselor coaching, consultation, and intern recruitment and placement. School counselors meet 1:1 with students and families, provide class and/or small group curriculum on topics of graduation requirements, A-G completion, personal and academic development, stress and anxiety, and college and career planning. HSLLO supports school counselors to provide deep transcript and graduation reviews to ensure students are on track, are aware of their options, and parents are involved in their child's progress towards high school readiness, high school graduation, career, and college eligibility. HSLLO CSS also supports school counselors to use data to inform their interventions and practice.

School counselors support their school's master scheduling team with course selection, course development, and reviewing course offerings to ensure courses are A-G approved and are reflected in UC CMP.

The HSLLO CSS team provides bi-weekly master scheduling each spring for middle schools and high schools and supports school master scheduling teams to:

- Identify the school's priorities for their master schedules;
- Cohort students in specific academies and pathways;
- Create sections in the master schedule for student supports, intervention and credit recovery;
- Review the school's academic course offerings to make sure they are a-g approved and reflected in the UC CMP;
- Be strategic in ensuring that teachers have opportunities to plan and collaborate;
- Ensure that all students have access to all a-g courses and students are correctly enrolled in their required core academic classes, ELD classes

		<p>and/or Special Education;</p> <ul style="list-style-type: none"> ● Check for cohort purity in academies and pathways; ● Confirm that teacher credentials and certificates are up to date for their courses; and ● Embed time in the school day to allow students to work with their teachers on specific assignments so they may demonstrate mastery in content areas, recover learning loss, and earn grades of C or higher in A-G courses. <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● Counselor (39.6 FTE) ● Counselor, Central Academic Recovery (1.0 FTE) ● Secondary Master Schedule Support Specialist (1.0 FTE) ● Student Support Position: Counselor (0.4 FTE) ● Bilingual Administrative Assistant (1.0 FTE) 		
1.9	Data-Driven Decision Making	<p><i>Use data to allocate resources equitably, support effective implementation of core academic instruction, celebrate growth, and learn from best practices. Provide data collection, analysis, and coordination support for comprehensive, interactive data dashboards for both state and local indicators.</i></p> <p>The OUSD Research, Assessment, and Data (RAD) team collaborates with schools and Central Office teams to explore, plan, implement, and optimize data processes for progress monitoring, problem-solving and decision-making. The RAD team produces comprehensive online, interactive dashboards to track student learning, linked learning participation, A-G readiness, attendance and discipline, student social and emotional well-being, home access to computers and internet, and other key indicators included in our LCAP and the Strategic Plan. All the data dashboards allow users to examine results by student groups, e.g. ELLs, students of different ethnicities, students with disabilities, unhoused students, foster students, etc, to help with early intervention and targeted support. The research and analytics unit within RAD, including the statistician and analytics specialist for GIS Mapping, conducts in-depth data analytics and geo-special analysis as well as generating customized maps to support high-stake district initiatives such as the Blueprint for Quality Schools and Enrollment Equity work.</p> <p>Assessments</p>	\$1,958,424	Yes

OUSD uses data and assessment to drive continuous improvement efforts throughout our system. State and local summative assessments are administered at the end of the year to assess student learning of grade-level standards (e.g., SBAC, CAST, iReady), communicate to students and families about student learning progress, and reflect on the impact of practices implemented that year. To measure progress during the year, students at all schools take 2-3 interim assessments in ELA/Reading and Math that are aligned to end-of-year, summative assessments. Data Summits are held across school networks and at school sites to analyze data, assess the impact of focal practices, and develop plans for the next inquiry cycle. In Reading, all students take a universal screener at the beginning and end of the year (certain grades take a mid-year assessment). This screening process supports schools in identifying students for deeper diagnostic assessment and developing targeted plans to accelerate learning. Teachers conduct formative, curriculum-embedded assessments through the year and use student work and other data to inform planning. Assessment data also helps teachers communicate with families about their child’s progress through report card conferences and online communication.

<p>1.10</p>	<p>Academic Acceleration Supports</p>	<p><i>Provide targeted intervention to close achievement gaps in literacy and mathematics, with a focus on schools and student groups that received the lowest performance level for English Language Arts or Mathematics on the 2023 California School Dashboard.</i></p> <p>[text here]</p> <p>Teacher Collaboration Time OUSD provides an additional 30 minutes per week for teacher collaboration, planning, and professional development. Teacher collaboration is a key to improving classroom instruction and to continuous school improvement, and particularly benefits new teachers. This dedicated time is particularly relevant for our schools that serve students who are farthest from opportunity. Studies find that the most effective professional development consists of regular cycles of inquiry, led by and for teachers, and focused on the progress and needs of individual students. Through these inquiry cycles, teachers look at student data and student work, and make adjustments to their curriculum, instruction, and ways of assessing student learning in order to better reach and teach all students, and to accelerate learning for those who are performing below grade level standards in literacy, mathematics, science, and other content areas.</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p> <ul style="list-style-type: none"> ● 10-Month Teacher on Special Assignment, Academic Acceleration (34.0 FTE) ● 11-Month Teacher, Academic Acceleration (1.0 FTE) ● 11-Month Teacher on Special Assignment (0.8 FTE) ● Student Support Position: STIP (Substitute Teacher Incentive Program) Teacher (1.0 FTE) ● Student Support Position: Teacher on Special Assignment (0.8 FTE) <p><i>One-time investments funded in LCFF Supplemental & Concentration carryover that support this work include:</i></p> <ul style="list-style-type: none"> ● Funding for 11th month of 11-month teacher positions at Castlemont, Fremont, and McClymonds High Schools ● Curriculum and software licensing costs for this action area 	<p>\$18,116,419</p>	<p>Yes</p>

Goal 2

GOAL #	DESCRIPTION	TYPE OF GOAL
2	Within three years, focal student groups will demonstrate accelerated growth to close our equity gap.	Focus Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes):** Improving achievement and outcomes for all students, as measured in multiple ways, including state academic assessments, English proficiency, and college and career readiness
- Priority 5: Pupil Engagement (Engagement):** Providing students with engaging academic programs and extracurricular opportunities that keep them in school, as measured in part by attendance rates, chronic absenteeism rates, dropout rates, graduation rates, and student connectedness to school.
- Priority 8: Other Pupil Outcomes (Pupil Outcomes):** Measuring other important indicators of student performance in all required areas of study.

An explanation of why the LEA has developed this goal.

Goal 2 centers on building equity across the district to reduce and ultimately eliminate our student achievement gaps. We believe that equity is foundational to the overall health and success of our district. Identifying and interrupting practices that perpetuate disparities will increase student achievement, including on-time graduation, for all students, while narrowing the academic and opportunity gaps between the highest and lowest performing students. Currently, African American, Latino, Pacific Islander, English Language Learner, Newcomers, Special Education, and Unhoused students are our focal students because there is a demonstrable achievement gap between these students and our White and Asian students.

At OUSD, equity means providing all students with the academic, social, and emotional support they need to prepare for college, career, or community success in the future. Equity-based programs recognize that every student brings a valuable and unique perspective to school. Our district not only celebrates diversity as an asset, but also dedicates human and financial resources to expanding programs that successfully improve outcomes for groups of learners most often denied opportunities.

We work to implement foundational equity policies to ensure we are responsible for making decisions that build a school system to focus on our discrepancies. Our equity approach is embedded in everything from hiring and budgeting to aligning instructional approaches to ensure rigorous standards are met. We use an equity lens when analyzing student outcomes, developing professional learning experiences, and reviewing financial allocations.

Although each OUSD Department is expected and monitored to uphold our equity approach, we have invested and built an Office of Equity that is charged to partner with OUSD Departments to eliminate the correlation between social and cultural factors and probability of success; examine biases,

interrupt and eliminate inequitable practices, and create inclusive and just conditions for all students; and discover and cultivate the unique gifts, talents, and interests that every student possesses.

Partner with principals and their teams to advance literacy, attendance, and A-G completion rates for African American students. Coordinate across Central Office Departments to ensure that departments are building strategies that aim to interrupt systemic inequities, and rebuild our support system to target students that historically are furthest from academic opportunity and than their peers.</i></p> <p>The Office of Equity’s signature programs supporting African American Achievement within OUSD are African American Female Excellence (AAFE) and African American Male Achievement (AAMA). Both programs partner with organizations such as the African American Education Task Force, the Committee to Empower Excellence in Black Students’ Education (CEEBSE) and Kingmakers of Oakland (KOO) to provide culturally relevant programming and academic social emotional learning support for African American students across 28 sites in Grades TK-12. In addition to targeted support provided to African American students within schools, AAFE & AAMA produce the Annual African American Honor Roll, honoring & encouraging the academic achievements of thousands of students and families districtwide. AAFE & AAMA also support annual Black History Month, Kwanzaa and produce the annual Black Girl Power & Man Up Conferences, amongst other programs year round. To improve the literacy and A-G completion rates for African American students, AAFE & AAMA are partnering closer with our Network Superintendents, Academic departments and Early Childhood, to center resources to create additional literacy programming supporting African American students. AAFE & AAMA are also partnering with organizations such as the Warriors Community Foundation to support increased opportunities for STEM based learning experiences, increase STEM career awareness and STEM career pathways for students.</p> <p><i>Ongoing and grant-funded Central investments that support this work include:</i></p>	\$3,924,343	Yes

		<p>Oakland Unified School District provides a comprehensive range of Special Education and related services for students from birth through age 22, including Specialized Academic Instruction, speech-language services, mental health therapeutic services, occupational and physical therapy, assistive and augmentative technology, adaptive physical education, and low incidence services.</p> <p>Services are provided in accordance with the Least Restrictive Environment (LRE) for each child, maximizing the time students spend in the general education setting with their peers. Special Education services are coordinated by a central team of administrators and Special Educators, with a focus on the elements identified by the California Department of Education as a part of our Improvement Monitoring plan.</p> <p>To support the ongoing improvement in graduation rates for students with IEPs, the Special Education Department provides credit recovery services beginning in grade nine, as well as providing additional support staff for comprehensive high schools to support inclusion of students in the general education pathways courses. Additionally, the Department provides specialized transition services to students aged 16-22 through a case management approach that aligns student strengths and interests to college and career opportunities. To address our students' literacy and math skills, we provide allocation of, training in, and monitoring of implementation for evidence-based, multisensory phonemic awareness and phonics instruction, numeracy intervention curricula for Grades 3-8, and modified curricula for ELA and mathematics for our extensive support needs classes. Finally, the Special Education Department provides job-alike professional development and individual coaching and mentoring support for Special Education service providers through monthly professional learning communities, group sessions on specific topics, drop-in sessions, and IEP development coaching.</p> <p>To support the social-emotional and behavioral health of our students with disabilities, including direct support encouraging consistent attendance at school, the Department has provided evidence-based social skills curriculum and has invested in a Board Certified Behavior Analyst (BCBA) for each</p>

Goal 3

GOAL #	DESCRIPTION	TYPE OF GOAL
3	Students, families, and staff are welcomed, safe, healthy, and engaged in joyful schools.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning):** Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities
- Priority 3: Parental Involvement (Engagement):** Ensuring that the school district and its schools seek input from all parents and caregivers, and engage families in school and district decision-making and in the education of their students.
- Priority 5: Pupil Engagement (Engagement):** Providing students with engaging academic programs and extracurricular opportunities that keep them in school, as measured in part by attendance rates, chronic absenteeism rates, dropout rates, graduation rates, and student connectedness to school.
- Priority 6: School Climate (Engagement):** Supporting school culture and climate and student health, safety, and school connectedness, as measured in part by suspension and expulsion rates, and surveys of students, teachers, and parents.
- Priority 8: Other Pupil Outcomes (Pupil Outcomes):** Measuring other important indicators of student performance in all required areas of study.

An explanation of why the LEA has developed this goal.

Goal 3 reflects Oakland Unified’s long, rich culture of robust student and family engagement. Active involvement of our students and families in our school communities is core to our theory of action around improving student academic outcomes and supporting social emotional development by creating Full Service Community Schools that serve our community. To ensure student success, we implement a culturally responsive Multi-Tiered System of Support (MTSS) that integrates academics and behavior support alongside our tiered academic focus outlined in Goals 1 and 2. We serve our diverse groups of students using a coordinated, targeted approach of collaboration between Special Education, English Language Learners and Multilingual Achievement (ELLMA), Community Schools and Student Services (CSSS), and our Office of Equity. These Departments play an integral role in guiding the wrap around support students need in order to access curriculum and instruction.

We believe all students must feel safe and connected to learn. This is especially true for students from historically marginalized and underserved groups, who often experience bias in school. To interrupt the impact of oppression and inequality, OUSD educators implement culturally responsive and inclusive practices to engage all students in learning and leverage the unique strengths and gifts they bring to our schools. Through high expectations, learning partnerships with students and families, and strategic alignment of resources, our community schools help many students overcome trauma and life circumstances that make learning more challenging. OUSD schools also strive to engage students through diverse programming, including

sports, visual and performing arts, technology, leadership, and career exploration.

We also believe that student outcomes are stronger and better when our families are meaningfully engaged in their children’s educational experiences. Our School Governance Policy highlights the importance and value of family engagement in our schools. We seek to provide multiple entry points for parents and families to be active in our school communities and in district governance at large. Families also participate in many community engagement opportunities and celebrations and share their unique perspectives and experiences at their children’s schools through the annual California Healthy Kids School Parent Survey. At the school level, we emphasize parent and family engagement in activities related to academics, including connecting with their children’s classroom teachers.

Implement programs to reduce suspensions, with a focus on schools and specific student groups that received the lowest performance level for suspensions on the 2023 California School Dashboard.</i></p> <p>Focal Schools: Castlemont High, Dewey Academy, Elmhurst United Middle, Fruitvale Elementary, Garfield Elementary, Montera Middle, Street, Thornhill Elementary, West Oakland Middle, Westlake Middle</p> <p>School Safety Teams In alignment with our resolution to eliminate school police, our school safety teams consist of school site staff called Culture Keepers and leadership who have supportive relationships with students, reflect the diversity of our students, and have been trained to skillfully respond with care to conflict or crisis situations using trauma informed de-escalation practices.</p> <p>Supports for Justice-Involved Youth & Their Families In addition to site-based safety work, the Juvenile Justice program facilitates the re-engagement of youth returning from juvenile justice and ensures youth are enrolled and supported to re-enter school. The Juvenile Justice Center partners with Alameda County to serve as a resource and referral center providing warm hand-offs in partnership with other county agencies, and offers services to youth and their caregivers. The JJC ensures that students are connected and placed safely at schools, and that sites are able to support their successful re-entry into school.</p> <p>Human Trafficking Prevention & Education Oakland Unified will deliver human trafficking prevention education training for educators and other school staff and students. 3.2	<p>Social Emotional Learning & Restorative Practices</p>	<p><i>Cultivate a joyful environment and caring relationships through an equitable, culturally relevant and responsive approach that respects diversity, integrates trauma-informed and Restorative Practices, and utilizes Transformative Social Emotional Learning (SEL) practices.</i></p> <p>Social Emotional Learning (SEL) Integration of SEL is key to teaching the Common Core, and is an integral element of engaged instruction. We have invested in building community schools that serve the multiple needs of our students; social emotional learning is a key part of this model. We have developed our own standards for social and emotional learning for use with students and adults and will invest in a curriculum to support social emotional learning across our schools.</p> <p>Restorative Practices Restorative Justice (RJ) was adopted by the Oakland School Board in 2009 as a strategy to transform our approach to community building, reparation, and discipline. After more than a decade, Oakland is a national leader in RJ, having trained thousands of teachers and staff in community building restorative practices. Today RJ is practiced in classrooms across the district as a model for morning meetings, to respond with healing following a loss or crisis, as an approach to foster youth leadership (Peer RJ Facilitators), and as a caring approach to building support and accountability in response to harm. Restorative justice is also a way that we honor and share the indigenous wisdom of the native people upon whose land we reside and of our diverse communities within Oakland, enabling us to transform our dependence on law enforcement and punitive exclusionary discipline practices into healing centered community led practices which promote anti-racism and acknowledge for the historic trauma and racial inequities underlying many of our current crises.</p> <p>Peer Restorative Justice</p>	\$9,398,329	Yes

3.3	Student & Staff Health & Wellness	<p><i>Implement student health and wellness programs, including Lesbian, Gay, Bisexual, Transgender & Queer/Questioning (LGBTQ) programs; alcohol, tobacco and drug intervention; health services; and health education.</i></p> <p>Lesbian, Gay, Bisexual, Transgender & Queer/Questioning (LGBTQ) Programs The Community Schools and Student Service Department provides comprehensive educational and community building programming to provide a safe and supportive learning environment for our LGBTQ students, including site-based clubs and district sponsored events, and professional development for school staff.</p> <p>Health Services The Health Services unit supports student health through Nursing Services, IEPs, 504, Health Assessments & Mandated Vision/Hearing Screenings, Case management and direct nursing services for students with health conditions.</p> <p>School Wellness & Health Education The Health and Wellness unit expands access to healthcare, health education, and healthy school environments. 3.4	Behavioral & Mental Health	<p><i>Provide targeted behavioral and mental health supports through a Multi Tiered System of Support Plan that identifies students who are struggling and why they are struggling.</i></p> <p>The OUSD Behavioral Health Unit provides a continuum of universal, targeted and intensive services and supports to promote mental health and wellness for students, staff, and families. The Behavioral Health team’s goals are to:</p> <ul style="list-style-type: none"> ● Create classroom conditions that are safe, inclusive, and equitable; ● Provide tiered supports that are accessible to all students based upon individual needs; ● Provide culturally-responsive and healing-centered mental health services to address social, emotional and institutional barriers to learning; ● Facilitate connections to supportive adults for all students. ● Foster relationships that build supportive peer communities within our schools; ● Respond to crises with immediate and individualized support; ● Offer alternatives to suspension through trauma informed and restorative practices; and ● Facilitate connectedness and student empowerment through peer leadership and mentoring. <p>Trauma-Informed Positive Behavioral Support</p> <p>The District provides professional development, coaching and direct support to teachers and school culture and climate teams to implement trauma informed practices and create school-wide positive norms and rituals that make learning safe and supportive.</p>	\$16,719,897	Yes

Staff provide guidance and coaching to site Attendance Teams in implementing their Attendance Multi-Tiered System of Support plans. This office also runs the School Attendance Review Board process and provides social work support to students and families struggling to improve their attendance at school everyday.</p>		
3.6	Youth Engagement & Leadership	<p><i>Offer a well-rounded set of student activities, including athletics, extracurriculars, and enrichment opportunities. Authentically engage and involve youth as leaders in their educational experiences to ensure that student voice is included in decision making.</i></p> <p>Student Athletics The Oakland Athletic League (OAL) serves middle and high school students across the district, helping to increase student engagement, which in turn has resulted in higher academic performance levels, lower suspension rates, and lower chronic absenteeism rates for our student athletes.</p> <p>Enrichment Programs Investments in enrichment programs and staffing at schools across the district help to engage students, improve attendance rates, and excite students about learning in a range of areas.</p> <p>Youth Leadership Youth leadership investments in Oakland Unified provide students and adults the knowledge, skills, and confidence to develop youth-adult partnerships in decision-making spaces to advance literacy, attendance, A-G completion, and graduation rates. The District also sponsors the All-City Council Student Union (ACC), a diverse group of elected student leaders seeking to create positive change in OUSD schools. The group amplifies student voice by serving as a bridge between adult decision-makers and the student body while creating opportunities for middle and high school students to build their leadership capacities at a site and district level.</p>	\$4,087,209	Yes

3.7	Community Schools	<p><i>Support use of the community schools model to build meaningful partnerships with community-based organizations that support and honor youth, connect families to services, and expand access to family supports, enrichment, and health services.</i></p> <p>Community Schools leverage community partnerships and resources so our campuses become hubs of support and opportunity for students, families and community members. By working with the community in this way, schools become better equipped to tap into the unique talents and gifts of every student, teacher, and staff member in our district, and can better break down barriers to student achievement.</p> <p>A major strategy in creating Community Schools is through the implementation of Multi-Tiered Systems of Support (MTSS). MTSS includes a focused plan for Response to Intervention² (RtI²) and Positive Behavioral Intervention Support (PBIS). RtI² is the identification of solid Tier 2 and 3 strategies to implement when Tier 1 instruction is not supporting a student to be successful. PBIS focuses on the emotional and behavioral learning of students to increase engagement in the academic and social activities of the school program.</p> <p>Coordination of Service Team (COST) is a major focal point within the MTSS strategy. The COST implements progress monitoring practices to detect when a student is struggling academically and socially and emotionally at an early stage so that the student and family can access support and resources to address the root cause for why a student may be struggling. These teams are composed of key individuals on a school campus that work together to coordinate services. The COST may include an Attendance Specialist, a community relations type position, a teacher, a resource specialist program teacher, a school psychologist, a counselor, an assistant principal and the principal. These teams are important in the identification of services and key to connecting students and families to resources, within and outside of the school. The COST focuses on both the academic and social and emotional needs of students so it is important to ensure that individuals that work on the campus are included to represent the best practices in the areas of supporting students academically and socially and emotionally.</p>	\$31,615,751	Yes

		<p>Community School Manager (CSM) positions are prioritized at schools that serve LCAP priority populations and that have higher than average rates of the following: chronic absenteeism rates, Coordination for Service (COST) referrals, suspensions, and free and reduced priced meal rates. CSMs manage Coordination of Service Team, lead school attendance initiatives, coordinate family engagement activities, develop partnerships, support school climate, school enrollment efforts and initiatives to increase student’s access to health services. These coordinated community school efforts are aimed at supporting teachers, school staff, families and communities in removing barriers and increasing conditions for learning.</p>		
3.8	Quality Learning Environments	<p><i>Create joyful learning spaces and ensure that students have equitable access to the tools they need to succeed, including instructional technology.</i></p>	\$7,334,846	Yes
3.9	Family Partnerships & Language Access	<p><i>Build authentic relationships with families with two-way communication in primary languages, centering the experiences and voices of Black and Brown families so that they are empowered to be active partners site- and district-level decision making about student learning and school improvement.</i></p> <p>The family partnerships and school/district governance team builds capacity of teachers, staff, and families to engage in direct partnership and shared decision making to advance academic and social emotional learning achievement for targeted populations and subgroups, at site and district level. This team also provides support and training for School Site Councils (SSCs) and for the LCAP Parent and Student Advisory Committee (PSAC) and its five subcommittees: the District English Language Learner Subcommittee (DELLS), the Community Advisory Committee for Special Education (CAC), the Foster Youth Advisory Committee (FYAC), and the Committee to Empower Excellence in Black Students’ Education (CEEBSE).</p> <p>Language Access for Families Our translation and interpretation team facilitates monolingual family access to site and district communication structures, including implementation of Board policy on translation/interpretation. These staff ensure that both site-level and district-level meetings are accessible to all families.</p>	\$3,001,753	Yes

3.10	Enrollment Supports	<p><i>Provide equitable access to the enrollment process for all families, with a focus on families who speak languages other than English.</i></p> <p>The Student Welcome Center serves an important role in assisting families to learn about OUSD schools and to enroll their children. Enrollment Specialists in OUSD’s Student Welcome Office provides intake services throughout the year, providing school assignments for both the current year and the next year. Importantly, languages offered to support families include: Spanish, Cantonese, Mandarin, Vietnamese, Arabic, and Khmer.</p> <p>In addition, the Enrollment Stabilization team works to coordinate with schools and families to support engagement and recruitment efforts, including wide-scale traditional and digital marketing, as well as on-the-ground events like in-person application support or school fairs. This team works closely with the communication department to highlight programmatic offerings and events, and maintains student and family facing communication through website and social media.</p>	\$1,258,954	Yes
3.11	District Communication	<p><i>Use timely and effective communication practices with staff, students and families to convey important messages through newsletters, websites, and other media.</i></p> <p>OUSD Communications is responsible for all district level internal and external communications, maintenance of the district website and support for school websites, and management of district social media accounts. The district website and associated calendar are continuously updated with current events, announcements, and photos as needed, often daily. Social media posts are scheduled on Facebook, Instagram and Twitter daily. External newsletters and communications are sent to the broader Oakland community on a regular basis to ensure that community members are kept informed about District activities. Similarly, the communications team works with district leadership to provide timely all staff messages as needed, and a weekly newsletter for school leaders.</p>	\$402,047	Yes

Goal 4

GOAL #	DESCRIPTION	TYPE OF GOAL
4	Our staff are high quality, stable, and reflective of Oakland’s rich diversity.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning):** Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities
- Priority 2: State Standards (Conditions of Learning):** Implementing California’s state academic standards, including the California Content Standards in English language arts and math, Next Generation Science Standards, English language development, and other content area standards.
- Priority 7: Course Access (Conditions of Learning):** Ensuring that all students have access to a broad course of study that prepares them for college and career in all required subject areas, including mathematics, history and social studies, ethnic studies, science, visual and performing arts, health, physical education, career technical education, and other areas.

An explanation of why the LEA has developed this goal.

Goal 4, creates space to articulate and reflect on our recruitment, retention, and staff development initiatives. Teacher retention continues to be a critical need for Oakland Unified because our high rate of teacher turnover has a negative impact on the stability of a school site, effectiveness of our professional development, new teacher supports, teacher collaboration, and coaching resources. Stability of our Central Office staff, school leaders, and classified staff at school sites also affects student outcomes. We also believe that to improve outcomes for students, we must improve conditions for adult professional learning throughout our system. We link quality professional learning with retention because our survey data indicate that some teachers decide to leave OUSD because of ineffective professional learning. All OUSD educators deserve continuous learning opportunities to sharpen their knowledge and skills, meaningful coaching, and time to collaborate with and learn from peers. By engaging in collaborative inquiry—reflecting on their practices, analyzing student learning, testing the impact of their practices, and sharing learning with colleagues—our teachers, leaders, and staff strive to build collective efficacy and transform results for students. Lastly, we will continue to focus on the recruitment and retention of OUSD employees to reflect the community we serve.

4.1	Diverse & Stable Staff	<p>Attract and retain staff reflective of Oakland’s rich diversity through staff recruitment and retention programs and additional teacher compensation, with a focus on:</p> <ul style="list-style-type: none"> ● Strengthening partnerships across key stakeholder groups in the Bay Area, in particular with individuals and organizations of color; ● Strengthening pathways: Creating clear pathways for our students to become educators, activating the desire to teach for local citizens, and providing opportunities for Black and Brown community members; and ● Strengthen affinity-based support structures: Establishing dynamic, affinity-based support structures for educators across OUSD. <p>Staff Recruitment & Retention</p> <p>OUSD’s Talent division leads comprehensive recruitment and retention programs to recruit and hire teachers, administrators, classified staff, and other District employees. The 21-24 OUSD Strategic Plan focuses on the development of Black and Brown staff reflective of Oakland’s rich diversity. In order to increase the quality, representation and retention of our educators, we are focused on providing comprehensive support and pathway facilitation at multiple stages of educator development: 1) students in high school and college aspiring to education related careers; 2) aspiring educators with a BA; 3) early career educators; and 4) experienced educators. In each stage of development, our goal is to provide wrap-around support, including counseling, support with navigating education and credential processes, and assistance with navigating career choices.</p> <p>Key recruitment and retention initiatives include:</p> <ul style="list-style-type: none"> ● Partnership with Skyline to pilot strategies for HS to teacher pathway ● Partnership with Peralta Colleges to support staff needing to satisfy Basic Skills Requirement and working to develop apprenticeship options for Early Childhood staffing ● Host monthly recruitment events, pathway and information sessions for current and aspiring educators looking to grow in OUSD 	\$16,801,256	Yes

Investing in our salaries is a means to invest in retaining our teachers because teacher turnover has a negative impact on our investment in professional development, new teacher supports, teacher collaboration at school sites, and coaching resources. It therefore affects the quality of classroom instruction and student learning and academic performance. To bring Oakland’s salary schedule up to the County average and ensure that we can be competitive in recruiting and retaining teachers, we have designated a portion of LCFF Supplemental funds for increasing teacher compensation.</p>		
4.2	Staff Growth & Development	<p><i>Support the professional growth and development of staff, including foundational and asset-based professional development; teacher collaboration time; staff well-being programs; and school and district governance learning for leaders. 		<p>our schools that serve students who are farthest from opportunity. Studies find that the most effective professional development consists of regular cycles of inquiry, led by and for teachers, and focused on the progress and needs of individual students. Through these inquiry cycles, teachers look at student data and student work, and make adjustments to their curriculum, instruction, and ways of assessing student learning in order to better reach and teach all students, and to accelerate learning for those who are performing below grade level standards in literacy, mathematics, science, and other content areas.</p> <p>School & District Governance Learning for Leaders The Strategic Resource Planning (SRP) department provides planning and fiscal support, guidance, and legislative oversight to principals and other school site and Central Office leaders as they align funding to academic goals in order to use resources effectively to improve student outcomes. SRP specialists support schools in developing and implementing the School Plan for Student Achievement (SPSA); establishing their School Site Councils (SSCs) and Site English Language Learner Subcommittees (SELLS); managing site Title I and IV grants; and completing related federal, state, and district planning and family engagement requirements.
