RE: Employee Clearance Certification

The purpose of this letter is to certify that it is the policy and practice of Lincoln to require all staff to complete fingerprint clearance through the Department of Justice and FBI before they are hired. In addition, initial TB clearance is required and must be maintained.

As such, I can attest that all of our employees who will be working in OUSD after school programs will have these clearances in place before they begin work on OUSD school sites. If you need further information, please contact me directly at details below or any member of the Human Resources department would be happy to assist you by calling 510-273-4700.

Sincerely,

CA Smiley

ORGANIZATIONAL OVERVIEW

Lincoln's mission is to *disrupt the cycle of poverty and trauma, empowering children and families to build strong futures*. Our work remains rooted in the belief that ending the cycle of poverty depends upon providing accessible early and progressive intervention in the lives of children and youth, and supports to build engaged and effective families.

Today, Lincoln provides 15 programs to over 4,000 children, youth and families residing in Alameda and Contra Counties. The agency is headquartered in West Oakland, with regional offices in Hayward and Pittsburg and programming integrated in over 30 school and community-based sites in both counties.

Each year, Lincoln tracks nearly 150 goals set by programs. We are constantly gathering data and reviewing our results to ensure that children, youth, and their families stay on track toward the ultimate goals of higher education, stronger families, and greater well-being.

CURRENT PROGRAMS AND ACTIVITIES

Lincoln provides a diverse array of wraparound programs and services for some of the Bay Area's most vulnerable populations. Ninety percent of families served have income levels at or below the poverty level; 49% are African American, 26% are Hispanic/ Latino, and 18% are White. Many of the youth and families we serve have been impacted by trauma ranging from substance abuse and racial inequities to domestic violence and high levels of crime.

Lincoln's approach is simple: provide accessible early and progressive intervention through a continuum of programs that evolve with each child throughout their school years, while delivering comprehensive services to build engaged and effective families.

The following is a brief description of each program, along with the number of participants served through the program:

Education—*Programs that address obstacles that impact academic attendance and achievement through mental health and case management services.*

- **Early Childhood Mental Health Consultation (ECMHC):** Lincoln provides parent and teacher consultation to build school readiness and social emotional skills to Child Development Centers (CDCs) through a partnership with the Oakland Fund for Children and Youth and the Oakland Unified School District. Through intentionally delivering Lincoln's early childhood mental health consultation in CDCs that are linked to elementary schools where we also provide services, we create critical hubs of support for our most under-resourced communities. The number of children, ages 3-6, impacted by Lincoln's ECMHC

program is approximately 695 children. Services include: general consultation, child specific consultation, program consultation, and referrals.

- **EXCEL:** Lincoln's EXCEL Program assists schools in addressing the individualized needs of students with both behavioral and educational challenges. The program includes two primary components: Intensive Counseling Enriched Classrooms (ICE) and 1-1 Mobile Special Educational Services. Using trauma- and evidence-informed practices, Lincoln's EXCEL ICE program collaborates with districts and charter schools to provide special education classrooms with integrated mental health services for children with emotional and behavioral challenges. The mobile component offers "Special Education on the Go" by providing specialized services to individual students at their school sites. Services include integrated mental health support; applied behavior analysis; psychological assessments; social skills development; and contract coordination. Annually, EXCEL impacts 150 children and youth, grades K-12, in the Pittsburg, Hayward, and Oakland school districts.
- **HOPE:** Lincoln's HOPE program provides culturally relevant student and school support through teacher consultation, individual student counseling, and school-wide climate interventions. The HOPE team provides supports at the schools, at all levels, including: in-class support, playground support, group therapy, individual therapy, family therapy, teacher consultation, incentive plans, crisis intervention, therapeutic summer programming, and community outings.
- **School Engagement Program (SEP):** The Support Engagement Program (SEP) provides support and assistance for children, youth, and families to reduce chronic truancy and improve attendance. Services provided are based on the family and youth's individual needs and may include assessment, plan development, family coaching, therapy, collateral services, and rehabilitation. Annually, nearly 90 children and youth, grades K-8, in Alameda County are impacted.
- **West Oakland Initiative:** West Oakland Initiative provides early intervention, intensive family coaching, and summer achievement gap programs, and engages parents as part of the team working in support of improving their student's attendance. The program includes a variety of specific services for students and families: continual case management support, using a "strengths-based" approach; academic support specifically around literacy and positive school behavior; parent empowerment workshops every Thursday of the month; free, automatic enrollment in Oakland Freedom School's six-week summer program at West Oakland Middle School; Drop Everything and Read (DEAR) Saturdays; and other educational supports, including culturally relevant books, school supplies, holiday/cultural celebrations, and field trips. In 2015, the West Oakland Initiative impacted 25 scholars, grades K-5, in four

West Oakland Elementary schools (Lafayette, PLACE @ Prescott, Martin Luther King Jr., and Hoover).

Family—Programs to strengthen family stability and permanency through mental health and case management services.

- **Intensive Home-Based Services/IHBS:** IHBS provides targeted intervention in the home and school for foster children and youth at risk of foster care placement. Teams of skilled and diverse IHBS staff work together with children and families to utilize their strengths and cultural experiences to drive their own individualized plan for success over a 9-12 month period. Utilizing evidence-based practices, Lincoln's team teaches and models caregiver strategies, and collaborates with services providers, school personnel, and other individuals identified by the family. Each year, nearly 70 children and youth, ages 3-21, in Contra Costa County are provided free services via IHBS.
- **Kinship:** Kinship Support Services addresses the unique needs of relative caregivers and child through providing resource assistance, support groups, and youth activities. Services include case management, needs assessment, service planning, information related to referrals and advocacy for housing and legal services, support groups for caregivers and for children, referrals for childcare and respite care, counseling, tutoring, support groups for caregivers and for children, educational seminars, among other supports. About 345 families access the free services of Lincoln's Kinship program each year.
- **Multi-Dimensional Family Therapy/MDFT:** Lincoln's MDFT program provides short-term intensive family and individual therapy and case management to families with youth, ages 11-19, who are struggling with both substance use and mental health challenges. Services include individual therapy with adolescents, individual parent session, family therapy, school meetings, probation meetings, vocational assistance for youth and parents, housing assistance, and linkage to resources as needed. Each year, the program supports 92 youth and their families throughout Contra Costa.
- **Project Permanence:** Lincoln's Project Permanence provides intensive home-based supports to children, youth, and families during transitions from foster care and probation back to their families. Our unique Project Permanence team includes community liaisons, family partners, and family specialists. Nearly 150 youth, ages 3-21, and their families in Alameda County benefit from the program.
- **Therapeutic Behavioral Services/TBS:** Therapeutic Behavioral Services provide targeted intervention for children and youth who are at risk of losing their home due to their behaviors. The short-term and behavior-focused services include: 30-day assessment period to determine if services are appropriate and deliverable; comprehensive functional

behavioral assessments; plan targeted to specific behaviors; delivery in locations where children experience the greatest problems; teaching and modeling of interventions to the home environment caregiver; ongoing collaboration with the primary mental health provider; and transition plan to sustain improvements and gains. Each year, about 45 children and youth, ages 3-21, and their families residing in Alameda County are provided TBS services.

- **Parenting with Love and Limits/PLL:** Lincoln provides Parenting with Love and Limits (PLL) program for families of youth struggling with severe emotional and behavioral issues to build skills for restoring healthy and strong relationships, and successful futures free from their current challenges. With a focus on evidence-based family education, skill-building, and therapy, the PLL program has proven effective in improving family communications, while also significantly reducing aggressive behaviors, depression, attention deficit disorder problems, substance use, and juvenile justice recidivism. The program serves 100 probation youth, ages 11-18, and their families in Alameda County.

Well Being—Programs to Improve resiliency and well being.

- **CEO Youth:** Lincoln's CEO Youth program grows future leaders by providing entrepreneurship and life skills curriculum for youth with foster care and/or probation experience to ensure academic and workforce success. This Lincoln-facilitated high school program prepares students for the real world by helping them learn to apply entrepreneurship thinking to the workplace and create jobs that make their communities stronger. In 2015, the program impacted over 100 youth residing in Alameda County.
- **Freedom Schools:** Lincoln's OFS program is a six-week summer literacy and cultural enrichment program that prepares youth—called "scholars"—to make a difference in themselves, their families, and communities. Operating at sites with a high need in East and West Oakland, Lincoln serves 60-75 scholars per site, ages 5-16, with a 10:1 adult to youth ratio. OFS provides two healthy meals (breakfast and lunch), a snack, 150 minutes of academic literacy instruction, and weekly field trips. Annually, the program impacts 120-130 students residing in Oakland.
- **Family Resource Center/FRC:** The Family Resource Center, located on the joint campus of New Highland Academy and RISE Elementary School, provides a spectrum of services that propel families toward realizing their full potential. The primary goal of our FRC is to build on the strengths of families and develop their capacity for supporting the healthy development and educational objectives of their children. Ongoing classes, programs, and informal gatherings include: ESL and computer literacy classes, enrollment for medical coverage, community closet, community gardening, food give-away programs, Healing

Circles (a restorative justice program), walking club, parent and student book clubs, among several other services. Annually, the FRC impacts more than 220 New Highland-Rise youth and their families.

- **Mental Health 1st Aid:** Lincoln provides the Mental Health First AID USA program to a variety of community organizations and institutions—from law enforcement and safety officials to school staff and families—to identify, understand, and respond to signs of mental illness and addictions. Trained Lincoln instructors, certified as Mental Health First Aid, deliver the interactive eight-hour training course, which introduces participants to risk factors; warning signs, and symptoms for a range of mental health programs and substance use disorders; builds participants’ understanding of the impact and prevalence of the issue; and provides an overview of common support and resources.
