Re: 2013 - 2014 Community Schools Strategic Site Plan (CSSSP)

Action Requested:

The Board of Education is requested to approve the 2013-2014 Community Schools Strategic Site Plan for Student Achievement for Markham Elementary School.

Background:

In accordance with Education Code 64001, the Single Plan for Student Achievement (Community Schools Strategic Site Plan CSSSP) shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application, by the School Site Council. The plans shall also be annually reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the Single Plan for Student Achievement is to coordinate all educational services at the school. The site plan shall address how funds provided to the school will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index. (API).

Discussion:

The Community Schools Strategic Site Plan builds on a premise that students are capable of learning with effective instruction, includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school improvement actions, directs resources where they will most directly improve student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated to student success.

Fiscal Impact:

The Programs listed below are reported in the Consolidated Application and allocated to school sites through the Community Schools Strategic Site Plan.

State Programs

- Economic Impact Aid/School Compensatory Education
- Economic Impact Aid/Limited English Proficient
- Quality Education Improvement Act (QEIA)
- School Improvement Grant (SIG)

Federal Programs

- Title I, Part A

Recommendation:

The Board of Education is requested to approve the 2013-2014 Community Strategic Site Plan for Markham Elementary School.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Superintendent's Letter

Dear OUSD Staff, Parents, and Community Members:

On behalf of the OUSD leadership, thank you! In our second year of the Community School Strategic Site Plan (CSSSP or C3SP) process, let's celebrate our collaborative efforts in serving all children in every neighborhood by providing high quality community schools where children, adults, and community thrive. We are committed to creating and sustaining a district of community schools capable of supporting the unique needs of each child and to link caring school communities with Oakland neighborhoods across our city. We believe that each child in Oakland must be ready to succeed in college, community, and careers that lead them to healthy and happy lives. With these beliefs, we engage in creating a Full Service Community School District filled with Full Service Community Schools. Every school will act as a resource and service hub that connects with local partners to help build healthy and vibrant schools and communities.

Learning lessons from and building upon the first year's experiences, we continue to strive for alignment, effectiveness, and efficiency. The CSSSP is closely aligned with the larger organizational strategic plan, Community Schools, Thriving Students; but we must also synchronize with other school-based instruments such as the Western Association of Schools & Colleges (WASC) accreditation and our district's pioneering School Quality Review (SQR) process. In addition to satisfying compliance requirements and guiding the allocation of categorical funds, the CSSSP is a multi-year road map for each school to become actualized as a Full Service Community School. This new school site plan has been developed by a team of cross-departmental leaders in OUSD under the advisement of principals and community leaders. The 2011-2012 Community Schools Strategic Site Plans represented our first steps in the development of each site's priorities for the 2012-2015 school years. This next step for 2012-13 will represent the deepening, enhancing, and refinement of each school's groundwork.

Last year, each site created a Community School Leadership Team, incorporating members of the School Site Council (including English Language Advisory Council (ELAC), the principal, parents, teachers, staff), and in secondary schools, student member(s). Additionally, each school recruited their afterschool partner, as well as another key community partner, to become members of the Community School Leadership Team. This leadership team will continue to analyze data, enhance strategies, and drive the development of the CSSSP for their school and supported through a collaborative engagement process that utilizes the recently adopted Meaningful Family Engagement Standards (adopted by OUSD in Spring 2012). In our second year of implementation, we are excited about supporting every school community to collaborate in service of building Full Service Community Schools across Oakland. As leaders of a Full Service Community District, we are committed to providing the conditions for this critical work to happen. I thank you for your engagement, leadership, and commitment to supporting the development of community schools and thriving students across Oakland. Thank you!

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Context & Vision

OUSD

VISION: All students will graduate from high school. As a result, they are caring, competent and critical thinkers, fully-informed, engaged and contributing citizens and prepare to succeed in college and career.

MISSION: Oakland Unified School District is becoming a Full Service Community District that serves the whole child, eliminates inequity, and provides each child with excellent teachers for every day.

GOAL AREAS:

Every student in the Oakland Unified School District will:

- Attend a SAFE, HEALTHY, and SUPPORTIVE SCHOOL - Oakland will become a full-service community district that will collaborate with civic and community partners to reduce violence in the community and schools thereby creating secure campuses where a culture of calm prevails.
- Learn the knowledge, skills, and abilities to be PREPARED for SUCCESS in COLLEGE and CAREERS when they graduate from high school, to ensure that they can read, write, speak, think critically and reason mathematically for post-secondary success.
- Have HIGH QUALITY and EFFECTIVE INSTRUCTION with excellent teachers for every day of the school year.

The Oakland Unified School District will:

- Become a FULL SERVICE COMMUNITY DISTRICT that is in service of and fully supporting the success of community schools and thriving students.
- Be ACCOUNTABLE for HIGH QUALITY for its schools and in its work across the organization.

SCHOOL SITE

CONTEXT

Markham Elementary School is located in the heart of East Oakland. It is a neighborhood school that has been in existence for 76 years. It is a K-5 school that serves the needs of 57% Hispanic students and 40% African American students with 3% other. We deliver high quality instruction that is driven by student data and rooted in rigor. All of the teachers at markham are HQI teachers and have high expectations for students. To ensure our students support in social-emotional, Markham has implemented Caring Schools Community curriculum. Markham employs a parttime nurse, parttime psychologist and parttime Teacher-on-Special assignment. We have an excellent After School program that is aligned to the school's instructional focus.

VISION

The Markham School staff and community, working together in unity, hold ourselves accountable for student achievement, to nurture, guide, and challenge ALL students to become productive citizens, lifelong learners and critical thinkers. Through rigorous data driven instruction and conscientious modeling, we as staff, students, families, and community members will hold ourselves to high standards and except responsibility for ourselves and each other.

Accountable for Quality: Ensuring Thriving Students and Healthy Communities

Strategic Priority: The Accountability Plan

In June 2011, the OUSD Board of Education adopted our School Quality Standards. These standards include outcome standards that define for OUSD what "good" performance is. These are the standards we use to measure the extent to which our schools are ensuring that all of our students are thriving and likely to contribute to the health of our communities.

1. A quality school sets and achieves clear and measurable program goals and student learning objectives.
2. All students demonstrate progress on academic and social goals each year and across years.
3. All students achieve at similarly high rates and any gaps in achievement are substantially narrowing.
4. All students achieve at levels that compare positively with state and national averages and with similar schools.
5. All students demonstrate critical thinking skills and apply those skills towards solving complex tasks.
6. All students demonstrate skills in and knowledge of the arts and literature.
7. All students demonstrate an ability to understand and interact with people from different backgrounds.
8. All students achieve and maintain satisfactory physical health including diet, nutrition, exercise, and rest.
9. All students demonstrate the attributes and skills of emotional health and well-being.
10. All students demonstrate the skills, knowledge, and dispositions needed in the world of work.
11. All students demonstrate the skills, knowledge, and dispositions of engaged citizens.

OUSD schools will use these outcome standards to define and assess how they are developing toward quality Full Service Community Schools. School-level goals and metrics in the following sections should explicitly refer to these outcomes standards.

The School Accountability Plan

The Instructional Leadership Team will develop a criteria to evaluate instructional programs at our school and the ILT and staff will ensure that the strategies outlined in this plan will be implemented in order to become actualized as a Full Service Community School. It is not possible to focus on everything during year 1. We will have priorities. Our priority is Balanced Literacy and Science instruction. To ensure that the strategies outlined in this plan are implemented we will analyze data, conduct student interviews and have peer observations.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority A. Balanced Literacy & Literacy Across the Curriculum

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

We want OUSD students to read, write, speak, and think critically for success in college and careers. We want Oakland students to relish reading, writing, and speaking and to become joyful, as well as competent, around literacy. To reach that goal, we need to develop a clear and common OUSD Literacy Framework. The beginning of our work will ensure that we assess reading levels of all students across the system. Additionally, we will approach literacy from a Response to Intervention Framework, ensuring that students have access to high-quality instruction and that higher tiers of support are provided when needed. OUSD must develop a PreK-12 core curriculum aligned to college and career ready standards and to the Common Core State Standards as they develop.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year (in two years for MS and HS)
3. Move/maintain CST Proficient and Advanced students
4. Accelerate reading by 1.5 additional grade levels for 3rd through 5th graders as measure by SRI to reach grade level standard (2 additional grade levels starting with 6th graders for MS, 3 additional grade levels starting with 9th graders for HS)
5. Student use of academic language and engagement with grade level content aligned to the Common Core Sate Standard will be increased from fall to spring as evidenced by principal observations.

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

Data Analysis

- When analyzing attendance data we discovered that our student attendance rate was 93% which is 5% lower than the district's goal of 98%. We believe that this impacts student achievement because a percentage of our students are chronically absent.
- For advance and proficiency in English Language Arts our students are 59% proficient and advance. 61% of 2nd - 5th grade students in Oakland Unified School District are proficient and advanced. We are very close to matching the district's 61%.
- This year we have incorporated Balanced Literacy into our program. Teachers are incorporating mini-lesson plans, accountable talk and reading workshop. We continue to incorporate data driven instruction.
- For advance and proficiency in SRI grade level reading our 3rd grade students are 67% proficient and advanced. 62% of 3rd graders in the district are proficient and advanced. We have exceeded the district's percentage by 5%.

Theory of Action

- As a balanced Literacy cohort school we will implement several components of a balanced approach to literacy: Interactive Read Aloud with Accountable

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority B. Science, Technology, Engineering, Mathematics (STEM)

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

In the past three years, students exhibited steady achievement gains in science and mathematics. More elementary teachers have scheduled science and math instruction into students' school day and are using the district-adopted materials with integrity. While we celebrate the academic gains in science and mathematics, we also recognize their inadequacy and unevenness when we delve deeper into the results for various student populations (e.g., African-American, Latino, English Language Learners), grade spans (middle and high school students) and schools. We are committed to accelerating science and mathematics gains and supporting robust teaching and learning. We plan not only to dramatically improve science and mathematics learning but also to create a deep understanding of Science, Technology, Engineering and Mathematics (STEM) careers and opportunities for linked learning, both in school and the workforce.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year.
3. Move/maintain CST Proficient and Advanced students
4. Increase by 10% the number of proficient and advanced students in CST science and by 15% English Language Learners and African American Males

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

CST

- We exceeded the district's percentage in Math in grade 4 by 11% and in grade grade 5 by 41%. We need to make a 7% growth in grade 3 math.
- Our far below and below in science is 17% as compared to the district's 24%. In math our far below and below percentage is 28% compared to the district's 18%. We need a 10% growth in math. Our goal is to decrease the percentage of students in far below and below in both science and math. Our advanced and proficient is 46% compared to the district's 62% in math. Our goal is to increase the number of students by 16%. Our proficiency in science is 34%.
- Our goal is to increase this percentage by 13%

Theory of Action

- Students will be exposed to problem based Interactive Learning and the Common Core Standards for Mathematical Practice. Teachers will utilize a 4 Step Common Core Lesson Plan to help transition students to the Common Core Standards for Mathematics.
- We will provide all students access to rigorous Science and Mathematics instruction, that will expand their critical thinking, develop their capacity to apply what they learn to real life, and help students meet CCSS expectations.
- We will provide professional development focused on math/science and instructional planning, analyze data and create assessments with performance tasks to increase student ability to make connections with meaning, representation, and math/science ideas

Strategic Priority C. Transitions & Pathways PreK-12

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

Too many of OUSD's schools work in isolation and focus little attention on where students have been and where they are going. Early childhood programs need to be aligned to the K-5 continuum and expanded to serve more students. Principals at K-5 schools with early childhood programs will supervise the programs and help to integrate them into the school culture. We must develop transitional kindergarten programming to include curriculum and professional development. College and career readiness doesn't begin in high school. In OUSD, the elementary and middle school academic core must be aligned to what students must know, understand, and be able to do to succeed in college-preparatory courses in high school. Elementary and middle school communities in regions will collaborate to share best practices and to develop robust feeder options. Building on existing programs, OUSD will also seek additional funds to develop a comprehensive "Career Pathways" approach to preparing our young people to be successful in college and careers. In order to attract and hold students and families, we will use the FSCS model to create corridors, networking Pre-K through 12 schools in targeted areas in new and innovative ways.

Strategic Priority D. College, Career & Workforce

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

In order to make sure that more students graduate, and our graduates are ready for college and career, OUSD will make a significant investment in strategies, structures, and resources to implement core elements of the secondary reform. Career pathways will connect strong academics, Career Technical Education (CTE), work-based learning experiences and support services so that students are prepared for college and career success within the context of a specific, high demand industry sector. Building on the number of career pathways that exist in high schools now, we will increase the number of well-developed and effectively-implemented pathways, which include certificates linked to occupations. OUSD's "Career Pathways" approach will lead to a full range of postsecondary and career opportunities and keep all options open after high school.

1. Combined 4- & 5- year graduation rate will increase by 10%- with graduation rate based on 9th grade enrollment (HS only)
2. Increase by 15% the number of African-American Males and Latino Males who pass CAHSEE on the first attempt (HS only)
3. 80% of the ninth graders will complete 60 credits (HS only)

Data Analysis

- At Markham 100% of grade 5 students plan to go to college. Markham's percentage of 5th grade students that want to go to college is 4% higher than the district's 96%.
- The district promotes academic success 92% of the time compared to Markham which promotes academic success 88%. Our goal is to increase the promotion of academic success at Markham by 12%.
- Markham's high standards for student performance is 92% compared to the district's 93%. Our goal is to increase the high standards for student performance at Markham by 8%.

Theory of Action

- We will prepare students for the kinds of careers that they want to pursue. We want to show respect for and value the choices that students choose when selecting a vocation that does not require college. We know that all children will
- not go to college but can be successful in a vocational career.

Strategic Priority E. Accelerating Students through Targeted Approaches* (Collaborative Teacher Inquiry/African American Male Achievement/Academic Language & Literacy/Focal 15/English Learners/Students with Disabilities/GATE)

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

We need to close the achievement gap through targeted approaches, focusing on literacy development, African American Male Achievement, targeted inquiry, English Language Learners, Students with Disabilities, and Programs for Exceptional Children. The patterns of academic performance we see in our district, schools, and classrooms are evidence of a system that is horribly inadequate. We need to differentiate supports and strategies in order to accelerate achievement and address the disparities in educational and social outcomes for populations of students.

1. Increase the number of African American Male students on the honor roll by 15%

School Quality Standards relevant to this Strategic Priority

Data Analysis

- We must increase the amount of African American boys on honor roll and provide a classroom environment that will challenge and nurture gate students.

Theory of Action

- We will search for programs to be implemented to address the social/emotional and acadmic needs of African American males. We will identify African American males who are struggling emotionally and academically.
- We will provide challenging experiences to address the needs of gate students.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority F. Extending Learning Time

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

We want each student to attend a school that offers a comprehensive and integrated approach to education in which the school acts as a hub of partnerships that organizes the resources within the community. We need to build extended learning opportunities whereby the school and community work together to break down barriers to learning and foster true, authentic collaborations in service of thriving students. We envision a system in which schools extend beyond the traditional school day ? offering students and families learning opportunities before and after school, on weekends, and during the summer.

After School Program- Student Impact

After School Program- Participation

After School Program- Point of Service Quality [Scale of 1-5 (low to high)]

Data Analysis

- At Markham we provide an after school program to address the tutorial needs of students and to ensure a safe and healthy environment for children to experience. 88% of Markham's students participate in the after school program compared to the district's 85%. 37% of Markham's English Language Learners participate in the after school program compared to the district's 37%. At Markham 19% of our English Language Learners experience redesignation compared to the district's 16%.
- Markham exceeds the district's after school program-point of service quality percentages in academic climate, engagement, interaction, safe environment, and supportive environment.

Theory of Action

- We will ensure alignment of the after school program linked to school goals and specific student achievement needs, and instructional activities will include enrichment activities that builds students' skills,
- then students will develop holistically. The after school program will include project-based learning activities, homework assistance in partnership with parents, creative arts, and technology skills development and civic engagement.
- The after school program activities will promote positive youth development in a safe learning environment to improve students' social/ emotional well being and achievement.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority A. School Culture (including Meaningful Student Engagement)

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

Full Service Community Schools create a safe and supportive environment where students can thrive academically, socially, and emotionally. Schools offer a comprehensive and integrated approach to education that is founded on caring relationships and high expectations. Healthy school cultures include preventative, early intervention, and intensive services and supports accessible to all students. School-wide positive behavioral and academic supports are augmented by Tier 2 targeted intervention and Tier 3 individualized supports, which are monitored and coordinated through COST and SST. Schools create professional learning structures to support adults to learn the science and practice of teaching Social Emotional Learning (SEL) skills to increase the capacities of students to manage emotions, develop empathy and concern for others, establish positive relationships, make responsible decisions, and handle challenging situations effectively. A thriving school culture also encourages student leadership and motivational programs, such as expanded celebrations of student achievements.

District-level Goals

- Reduce Disciplinary Hearing Process referrals by 20%

School Safety Plan Goals

Goal 1: To reduce physical altercations by 10%

- Strategy 1.1: Refer students to mediation after suspension for fighting
- Strategy 1.2: Train 20 student Conflict Managers to rotate on lunch recess duty.

Goal 2: Increase student engagement and attachment to school; reduce bullying

- Strategy 2.1: Implement Caring School Community class meetings and buddy classes.
- Strategy 2.2: Implement Safe School Ambassadors.

Data Analysis

- Markham exceeds the districts percentage by 9% for having caring relationships with adults at school. The district's percentage of nearly all and most adults paying attention to students at school is 93% compared to Markham's 87%.
- Markham 's percentage of suspensions is 1% compared to the districts 3%. The district DHPS supercedes Markham DHPS. Markham has 0 DHPS and the district has 4 DHPS.
- 46% of students at Markham feel safe at school compared to the district's 48%. 88% feel the school is a safe place for students at Markham compared to the district's 89%. 58% of Markham's 5th graders are hit or pushed compared to the district's 47%. In the district 95% of K-5 students feel school is supportive and an inviting place. At Markham 88% of students feel school is supportive and an inviting place. 89% of the district's 5th graders compared to 92% of Markham's 5th graders feel most/all the time teachers believe you can do a good job. 84% of Markham's K-5 students and 80% of the district's K-5 students believe students have an opportunity to decide things. 17% have opportunities to participate at Markham.

Theory of Action

- We will continue to provide opportunities for school participation that promote relationships with adults. We will implement programs such as Playworks. We will continue utilizing Ann Martin , and Boys/Men of Color etc. to help reduce the percentage

- of suspensions at Markkham. We will continue to implement programs such as Welcoming Schools to help build a positive collaborative culture that helps us to continue to maintain low DHP referrals and build alliances amongst students.
- Working together all staff will continue to help students feel safe at school. We will provide leadership roles for students, i.e., conflict managers, peer models, student council, classroom leadership roles, so students grow as leaders
- and in meaningful school choice.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority B. Health & Wellness

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

A Full Service Community School serves the needs of the whole child, providing a range of Health & Wellness programs and services along a continuum from prevention to intervention. OUSD's Wellness Policy provides a framework for creating a physically healthy school environment where students have access to nutritious food, free drinking water, opportunities to be physically active and good indoor air quality. Quality physical education is provided for the required amount of time to all students. In addition, students' health and mental health needs are met on-site or through a robust referral system that connects students and families to community providers. A FSCS also provides health education (e.g., nutrition, gardening, reproductive health) and social-emotional learning (SEL) that is aligned with and supports the core curriculum. Families are engaged around supporting their children's health as well as their own. Staff wellness is seen as integral and is actively fostered.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority C. Interrupting Chronic Absence (Attendance)

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

Full Service Community Schools support attendance improvements as part of transforming educational outcomes for students. Chronic absence, defined as missing 10% or more school days for any reason, is a key indicator and area of focus in Full Service Community Schools. Chronic absence, which impacts one in seven Oakland students, is correlated with lowered reading outcomes and graduation rates. If our system begins addressing chronic absence at the Pre-K and K levels, we would see marked differences in student learning by 3rd grade.

1. Reduce Chronic Absence (students missing 10% or more of the school year) to 5% or less
2. Increase Satisfactory Attendance (percentage of students attending 95% or more of school days) to 85%
3. Interrupt patterns of chronic absences and suspensions to reach a 98% attendance rate (ADA)

Data Analysis

- Our chronic absence rate is 22% in comparison to the district's 10%. Our goal is to reduce chronic absences to 5%. Our attendance for 95% of students attending school is 58% in comparison to the district's 74%.
- Our goal is to increase attendance to 98%. Our ADA is 93% in comparison to the district's 96%.
-

Theory of Action

- We will implement strategies such as giving incentives for students to attend school regularly. We will continue the SART process to reduce chronic absences.
- We are also involving the parents through our partnership with OHA to help us increase attendance.

School Quality Indicator 3: Learning Communities Focused on Continuous Improvement

Strategic Priority A. Building Capacity & Leadership (Professional Development/Learning Communities/Coaching/Staff Induction)

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

We want to recruit, retain, and reward high-quality teachers, principals, and other leaders to ensure that all students learn to the best of their abilities. OUSD must become a highly-sought-after place of employment where educational leaders know they will be challenged and supported by colleagues, supervisors, and community members with high expectations. We need to develop aggressive strategies to recruit and retain the best and brightest talent in OUSD. Building on our developing frameworks for effective teaching and school leadership, and furthering the development and capacity of our teachers and principals through various forms of professional development will allow us to sustain effective teachers and leaders committed to Oakland's children.

- Academic Liaison coordinates After School Program academic component with principal and after school coordinator. Seeks input from monthly faculty meetings and through surveys.

Theory of Action

- We will prioritize ongoing and regular opportunities for all staff to learn with and from each other, then we will build a school culture that promotes leadership and accountability.
- We will provide weekly PLC planning time. ILT and TSA will meet with Principal once a month to discuss information to take back to their PLC groups. We will continue to provide PD that enhances instruction and increase student achievement.
- We will provide access to ongoing PD that keeps teachers abreast of new research on how children learn, emerging technologies, and new resources, so they will be able to implement instructional strategies to meet student needs.

School Quality Indicator 4: Meaningful Student, Family, and Community Engagement/Partnerships

Strategic Priority A. Family & Community Engagement

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

A quality Full Service Community School (FSCS) involves students, families, and the community in the decision-making process as a way to develop collaborative partnerships. A FSCS works with families as partners to understand how the student is progressing and participating in school. Additionally, a Full Service Community School establishes and aligns partnerships with community-based organizations, civic and business partners to strengthen the academic, social-emotional and health outcomes for students and families.

Data Analysis

- We currently have Chew n Chat meetings to help parents understand what their child is learning. We have Literacy Nights to help improve children reading skills.
- In the district 91% welcomes and facilitates parent involvement . At Markham 70% welcomes and facilitates parent involvement.Our goal is to increase our welcome and facilitation of parent involvement by 21%.
- We are currently working with OHA to help improve student achievement and parent engagement.

Theory of Action

- We will host varied school events and communicate with families by letters, flyers, robo calls, teacher classroom newsletters so family and community will be more informed and have awareness/access to be engaged.
- We provide a welcoming school for all, inclusive of differences, whether academically, socially; or emotionally,so all students are supported.
- We provide opportunities for families to understand what their child is learning; why they're learning it and what it looks like to perform well.
- We will continue to offer parents and guardians opportunities to actively participate in the academic and social development of their students.

School Quality Indicator 5: Effective School Leadership & Resource Management

Strategic Priority A. Strategic Operational Practices

School: Markham Elementary

Principal: ALANA WHITT-SMITH

From OUSD Strategic Plan:

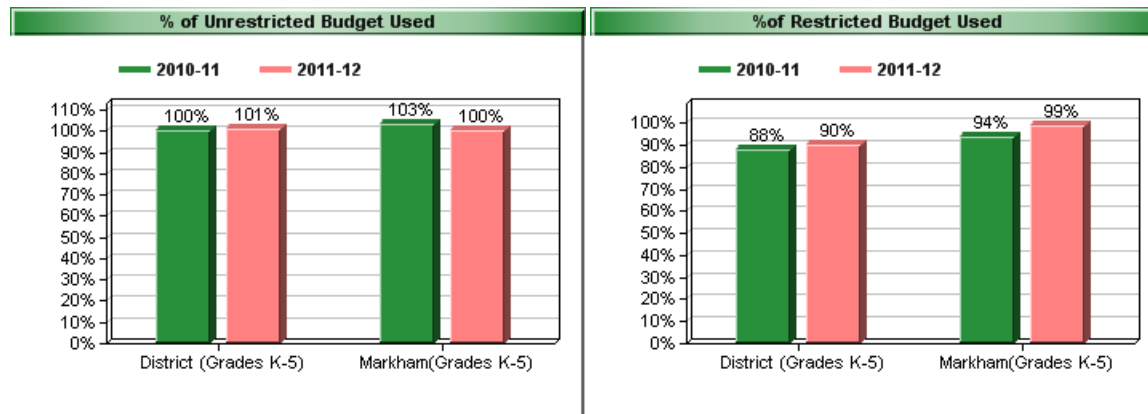

We need Full Service Community Leaders for OUSD classrooms, schools, regions and the central office. These leaders have to juggle many tasks: they need to manage operations effectively, they need to become highly effective instructional leaders, and they need to build relationships and strategic collaborations with parents and community members. Leaders will need to assess their own levels of expertise with leadership practices, operations, instruction and community engagement and work together to share tools, knowledge and strategies in these areas to accelerate everyone's capacity to deliver on the promise of high quality effective instruction and Full Service Community Schools.

Title I School Parental Involvement Policy 2013 - 2014

All Title I schools will develop a written Title I parental involvement policy with input from and distribution to all Title I parents to include a description of the means for carrying out the following Title I parental involvement requirements.

Involvement of Parents in the Title I Program

Markham Elementary agrees to implement the following statutory requirements:

- Will convene an annual Title I meeting to perform the following:
 1. Inform parents of their schools participation in the Title I Program.
 2. Explain the requirements of the Title 1 Program.
 3. Explain the parents' right to be involved in an organized, ongoing, and timely way, in the planning review, and improvement of its Title I Program.
 4. The parents' right to participate in the development of the District's Title 1 Plan.
 - + Each year Markham has a Title I meeting an hour before back to school night begins. The staff that is funded out of Title I funds are introduced and their roles are explained. We inform the parents that we are a Title I school. We share how the remaining Title I Funds are spent at Markham. We thoroughly discuss the parent rights to participate in the Title I program at the district level.
- Offer a flexible number of meetings for parents.
 - + School Site Council
 - + Chew and Chat
 - + Title I meeting
 - + Parent-Teacher-Conferences
 - + Parent Café
 - + SSTs
- Involve parents of Title I students in an organized, ongoing, and timely way in the planning, review, and improvement of its Title I programs and the Title I parent Involvement Policy.
 - + Monthly Parent Chew and Chat meetings
 - + School Site Council Meetings
- Provides parents of Title I students with timely information about Title I programs.
 - + Parents are given information about Title I programs at the yearly Title I parent meeting.
- Provides parents of Title I students with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.
 - + Back to School Night
 - + Parent Chew and Chat meetings
 - + School Site Council meetings
 - + Parent-Teacher-Conferences
- Provides parents of Title I students, if requested, with opportunities for regular meetings to participate in decisions relating to the education of their children.
 - + SSTs
 - + Parent-Teacher-Conferences
 - + School Site Council meetings
 - + Parent Chew and Chat meetings

School-Parent Compact

Markham Elementary has jointly developed with and distributed to parents of Title I students a School-Parent Compact that outlines how parents, the school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards.

Building Parent Capacity for Involvement

Markham Elementary engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, and build capacity for parent involvement, it does the following:

- Assists Title I parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children.
 - 1) The State of California's academic content standards
 - 2) The State of California's student academic achievement standards
 - 3) The State of California's and Oakland Unified School District's academic assessments, including alternate assessments
 - 4) Academic proficiency levels students are expected to achieve
 - 5) How to monitor their child's progress
- + Parents receive information throughout the school year regarding the content standards, benchmark assessments, proficiency levels, reading levels, and how to monitor student success. This information is disseminated at Chew and Chat meetings, Back-to-School night, Parent-Teacher-Conferences, SST's and School Site Council meetings.
- Provides materials and training to help Title I Program Parents work with their children to improve their children's academic achievement.
 - + Literacy Night
 - + Parent Literacy
- Educates staff, with the assistance of Title I parents, on the value of parent contributions and how to work with parents as equal partners.
 - + Quarterly collaboration meeting with staff and parents
- Coordinates and integrates the Title I Program Parental Involvement activities with other activities that encourage and support parents to more fully participate in the education of their children.
 - + Quarterly collaboration meeting with staff and parents
- Distributes to Title I Program parents, in a timely way, program information related to school and parent programs, meetings, and other activities in a form and language that the parents understand.
 - + Quarterly collaboration meeting with staff and parents
- Provides support, during regularly meetings, for parental activities requested by Title I Program parents.
 - + When funding permits, school will fund parent workshops for Title I parents.

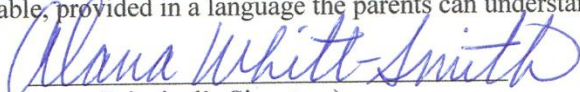

Accessibility

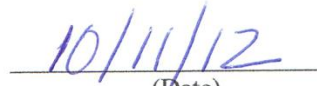

- Provide opportunities for all Title I parents to participate, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. This includes providing information and school reports in a form and language parents understand.
+ All announcements, Parent-Teacher-Conferences, newsletters, flyers, are all translated for parents.

Adoption

This School Parental Involvement Policy has been developed jointly with, and agreed upon with, parents of children participating in Title 1, Part A Programs, as evidenced by

This policy was adopted by the Markham Elementary School Site Council on (10/11/12) and will be in effect for the 2013-14 School Year. The school will distribute this policy to all parents of participating Title 1, Part A, children. It will be made available to the local community. The Markham Elementary's notification to parents of this policy will be in an understandable uniform format and, to the extent practicable, provided in a language the parents can understand.

Markham Elementary School Compact

It is important that families and schools work together to help students achieve high academic standards. Through a process that included teachers, families, students and community representatives, the following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and life.

Staff Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Provide high-quality curriculum and instruction.
- Endeavor to motivate my students to learn.
- Have high expectations and help every child to develop a love of learning.
- Communicate regularly with families about student progress through conferences, parent-teacher meetings, progress reports, and other available means.
- Provide reasonable opportunities for parents to volunteer and participate in their child's class, and to observe classroom activities.
- Provide a warm, safe, and caring learning environment.
- Provide meaningful, daily homework assignments to reinforce and extend learning (30 minutes for grades 1-3 and 60 minutes for grades 4-5).
- Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.
- Actively participate in collaborative decision making and consistently work with families and my school colleagues to make schools accessible and welcoming places for families which help each student achieve the school's high academic standards.
- Respect the school, students, staff and families.

Student Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Come to school ready to learn and work hard.
- Bring necessary materials, completed assignments and homework.
- Know and follow school and class rules.
- Ask for help when I need it.
- Communicate regularly with my parents and teachers about school experiences so that they can help me to be successful in school.
- Limit my TV watching and instead study or read every day after school.
- Respect the school, classmates, staff and families.

Family/Parent Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Provide a quiet time and place for homework and monitor TV viewing.
- Read to my child or encourage my child to read every day (20 minutes K-3, and 30 minutes for grades 4-5).
- Communicate with the teacher or the school when I have a concern.
- Ensure that my child attends school every day, gets adequate sleep, regular medical attention and proper nutrition.
- Regularly monitor my child's progress in school.

- Participate at school in activities such as school decision making, volunteering and/or attending parent-teacher conferences.
- Communicate the importance of education and learning to my child.
- Respect the school, staff, students, and families.

Full implementation of strategic support means that the school schedule allocates adequate additional instructional time beyond the basic core program to support identified strategic students, including ELs, SWDs and students with learning difficulties. The district/ school uses assessments and placement criteria to determine the instructional needs of strategic students and the intensity of support offered to these students. <ul style="list-style-type: none"> This time is given priority and protected from interruptions. Students identified as in need of strategic support are defined as students demonstrating proficiency in RLA standards no more than two years below grade level. 7. Student Achievement Monitoring System	7.1 The school/district uses an ongoing assessment and monitoring system that provides timely data from common assessments based on the locally-adopted, standards-aligned RLA/ELD, intensive intervention, and any CCSS-aligned programs used in the school/district. Student achievement results from assessments (i.e., entry-level placement and/or diagnostic; progress monitoring, including frequent formative and curriculum-embedded; and summative assessments) are used to inform teachers and principals about student placement, diagnosis, progress, and effectiveness of instruction.	Full implementation means that the district provides and supports an easily accessible electronic data management system, and the school is uniformly administering, scoring, analyzing, and using student achievement data from entry-level and/or diagnostic assessments, progress monitoring assessments (including frequent formative and curriculum-embedded assessments), and summative assessments on a timely basis. <ul style="list-style-type: none"> The data from these assessments are disaggregated and used to determine student placement and/or diagnosis of readiness for grade-level, standards-aligned instruction, monitor ongoing student progress, identify individual student needs, inform decisions regarding classroom and school wide instructional practices, and determine effectiveness of instructional practices and implementation of the locally-adopted programs. For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs. Common curriculum embedded/formative assessments are given at least every six to eight weeks to monitor student progress, but more frequent formative assessments will assist teachers to collaborate and identify more immediate student needs.
