Summary for Board Memo and Board Agenda – Must accurately align with scope of work below.

Over the past 15 years, AHC has provided various schools in OUSD with visual and cultural arts professional development and coaching for teaching staff. In addition, AHC has provided visual and cultural art classes during and after school for students k-12. Under this agreement, AHC will provide Community United Elementary with direct services in professional development for teachers, with a focus on building the site's capacity for effective teaching and instructional leadership through arts integration of core content curriculum.

SCOPE OF WORK

Attitudinal Healing Connection, Inc. will provide a maximum of 222.00 hours of services at a rate of \$75.00 per hour for a total not to exceed \$16,626.00. Services are anticipated to begin on 11/07/2011 and end on 06/04/2012.

1. **Description of Services to be Provided:** Provide a description of the service(s) the contractor will provide. Be specific about what service(s) OUSD is purchasing and what *this* Contractor will do.

AHC will engage Community United teachers in hands-on visual art professional development, side by side in the classroom with students. The entire teaching staff will receive one two hour visual art professional development workshop for an introduction of the arts integrated curriculum that they will receive throughout the year. All teachers on staff will receive side-by-side visual art professional development, integrated into the school schedule. Teachers will become skilled in visual art concepts, tools, language and techniques, and will gain strategies on how to integrate the arts into their core academic curriculum. Teachers will use Making Learning Visible as a strategy to gain insight and assess students' understanding of their process. Murals and students work will be displayed throughout the school.

2. **Specific Outcomes:** What are the expected outcomes from the services of this Contract? Be specific. For example, as a result of the service(s): 1) How many more Oakland children are graduating from high school? 2) How many more Oakland children are attending school 95% or more? 3) How many more students have meaningful internships and/or paying jobs? 4) How many more Oakland children have access to, and use, the health services they need? Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). **NOT THE GOALS OF THE SITE OR DEPARTMENT.**

2. A large majority of students will attend school and improve the attendance rate because of the engaging curriculum that will be offered. The curriculum will include meaningful lesson plans so that students are excited about the class, and can connect it to life, encouraging them to attend school and not engage in misbehavior during class.
3. Students will be able to increase their chances of having meaningful internships or paying jobs because of their successful experience in the integrated science class - connecting the arts to STEM.
