To Board of Education

From Kyla Johnson, Superintendent
Jennifer Blake, Executive Director/SELPA Director, Special Education

Board Meeting Date 6/1/2020

Subject SELPA Local Plan, Annual Budget Plan and Annual Service Plan- Public Hearing/Adoption

Action Adoption of SELPA Local Plan, Budget Plan and Service Plan

Background The California Department of Education requires that each Special Education Local Plan Area (SELPA) create, adopt and implement a Local Plan, Annual Budget Plan, and Annual Service plan. The Local Plan must be revised every three years, and it contains detailed information about the operations, procedures and governance structures of the SELPA. The Annual Budget Plan indicates the sources and amounts of funding that the SELPA has available to run our programs, and it details the expenditures for Special Education by category. The Annual Service Plan describes each of the Special Education and related services available within the SELPA and indicates where and how they are provided to eligible students.

Discussion We ask that the Board vote to adopt the proposed SELPA Local Plan, Annual Plan and Service Plan so they can be implemented in 2020-21. These plans will guide the services that students with Individual Education Programs receive within all OUSD schools and the charter schools within our SELPA network.

Fiscal Impact

Potential loss of Special Education-specific monies if a plan is not adopted and implemented in accordance with CDE guidelines.

Participating Local Educational Agencies

Participating local educational agencies (LEAs) included in the Special Education Local Plan Area (SELPA) local plan must be identified in Attachment I.

Special Education Local Plan Area—Local Plan Requirements

1. Describe the geographic service area covered by the local plan:

Oakland Unified School District, hereafter referred to as OUSD, is a diverse, urban district of moderate size in the Bay Area of Northern California. As is typical of the surrounding area, as well, Oakland is culturally, linguistically, and socioeconomically diverse. The City of Oakland is home to over 425,000 people, and the District serves all residents of Oakland, along with specific areas of the neighboring cities of Berkeley and Emeryville. The geographic area of the City of Oakland stretches across almost 78 square miles, and it is the largest city and county seat for Alameda County.

Within Oakland Unified, there are approximately 35,900 students in grades TK-12 enrolled in 83 district-operated public school campuses, and there are an additional 18,000+ students enrolled in Oakland's public charter schools, three of which are supported by OUSD SELPA. In addition to services within public schools, the SELPA supports Oakland residents who require placement in nonpublic facilities, embeds within local hospitals, provides home-based instruction when required per IEPs, and facilitates a Special Education preschool and young adult program. Currently, there are over 6,700 eligible students within OUSD SELPA.

2. Describe the SELPA regional governance and administrative structure of the local plan. Clearly define the roles and structure of a multi-LEA governing body, or single LEA administration as applicable:

The Governing Body of Oakland Unified School District (OUSD) is the School Board of OUSD.

56205(a)(12) (A) 56195.1 The governing board of a district shall elect to do one of the following:

(a) If of sufficient size and scope, under standards adopted by the board, submit to the superintendent a local plan for the education of all individuals with exceptional needs residing in the district in accordance with Chapter 3 (commencing with Section 56200).

Oakland Unified School District meets the criteria of 56195.1 (a) in that its size and scope allows it to be considered its own Special Education Local Plan Agency. The OUSD SELPA submits to the superintendent, and to its governing body, a local plan for the education of all individuals with exceptional needs. The governing body of Oakland Unified School District SELPA (OUSD SELPA) is the Oakland Unified School District School Board of Education.

Responsibilities of OUSD's SELPA Board of Education include:

1. Exercise authority over, assume responsibility for, and be fiscally accountable for special education programs operated by the SELPA;
2. By approving the Local Plan, enter into an agreement with other agencies participating in the plan, for purpose and delivery of services and programs;
3. Review and approve revisions of the OUSD SELPA Local Plan for Special Education;
4. Participate in the governance of the OUSD SELPA through its designated representatives: the Chief Academic Officer and Special Education Executive Director, who have the authority to act as the Board designee to approve and amend policies as necessary;

GOVERNANCE, STRUCTURE, AND ADMINISTRATIVE SUPPORT

The OUSD SELPA, pursuant to section 56195 of the California Education Code, has the responsibility to adopt a plan in accordance with California Education Code 56200 to assure that special education and services for all eligible individuals with disabilities residing in the geographic area served by OUSD SELPA are delivered.

SELPA

Fiscal Year

SELPA POLICY

Policies governing OUSD SELPA shall be adopted by the Oakland Unified Board of Education and are included as part of the Local Plan. Prior to submission, input is received from parents and staff and may be solicited from public and nonpublic agencies and members of the public at large. The Community Advisory Committee (CAC) reviews the OUSD Local Plan and can recommend modifications, which are reviewed by the Special Education Director and/or a Special Education administrator designee.

OUSD is designated as the Administrative Unit (AU) for the OUSD SELPA. It shall be responsible for functions such as, but not limited to:

1. Receipt and distribution of special education funds to its district's accounts for the operation of special education programs and services;
2. Receipt and distribution of special education funds to accounts exclusively designated for SELPA use;
3. The employment of staff to support SELPA functions;
4. Administration of the Local Plan and assuring that the SELPA is in compliance with all applicable laws and regulations.

3. Describe the SELPA's regional policy making process. Clearly define the roles of a multi-LEA governing body, or single LEA administration as applicable related to the policy making process for coordinating and implementing the local plan:

Oakland LEA is responsible for implementing those services assigned to it and provided for in the Budget Plan. However, when OUSD is unable to provide an appropriate program for an individual student, it shall arrange for an appropriate placement, through an Individualized Education Program (IEP) Team meeting with other agencies as required to meet the needs of the student.

SELPA

Fiscal Year

Participating agencies may enter into additional contractual arrangements with OUSD to meet the requirements of applicable federal and state law. In adopting the Local Plan, each participating agency agrees to carry out the duties and responsibilities assigned to it within the plan. Each agency shall provide special education and services to all eligible students, including students attending charter schools where OUSD SELPA has granted that charter. In addition, each agency shall cooperate to the maximum extent possible with other agencies to serve individuals with disabilities who cannot be served in OUSD programs. Such cooperation ensures that a range of program options is available throughout the OUSD Special Education Local Plan Area (see Service Plan).

4. Clearly define the roles of the County Office of Education (COE) as applicable, and/or any other administrative supports necessary to coordinate and implement the local plan:

The Oakland Unified SELPA Ensures that a full continuum of programs and service options are available to all students. OUSD does not use county programs instead serves students across the spectrum of disability impact.

OUSD has ensured that:

1. Program options, as appropriate to the student’s need, are available at local neighborhood schools;
2. The vast majority of special education programs, to the maximum extent appropriate to the student's needs, are house on regular school campuses;
3. When factors related to an individual student's needs prevent the OUSD SELPA from directly providing a required services for a student, the service may be provided by a Nonpublic School or Residential Placement, as agreed upon by the student's IEP team.

In determining the appropriate LRE placement for students with disabilities, IEP teams follow the decision-making guidelines indicated below:

SELPA

Fiscal Year

1. Determine if the student can be served in a general education classroom setting at the student’s neighborhood school with supplemental aids and services that can be indicated in the IEP;
2. Determine if the student can be served by the special education services provided at the student’s neighborhood school campus. The IEP shall specify the extent to which the student will not be in the general education classroom setting and activities;
3. Determine if the student can be served in a special education program within another OUSD public school campus that provides a more highly-specialized level of care;
4. Consider the LRE and discuss if a NPS placement is warranted once all options have been exhausted within the public school system.
5. Take steps to ensure that the proper placement of ethnically and culturally diverse students is not disproportionate.

5. Describe the policies and procedures of the SELPA that allow for the participation of charter schools in the local plan:

The participation of charter schools within OUSD is encapsulated within Board Policy 0420.4, which states:

The Governing Board recognizes that charter schools may assist the district in offering diverse learning opportunities for district students. In considering any petition to establish a charter school within the district, the Board shall give careful consideration to the potential of the charter school to provide students with a high quality education that enables them to achieve to their fullest potential.

OUSD SELPA's Charter School Policy:

Any charter granted by the Board shall contain adequate processes and measures for holding the school accountable for fulfilling the terms of its charter. These shall include, but not be limited to: fiscal accountability systems.

SELPA

Fiscal Year

public governance systems, and multiple measures for evaluating the educational program. Filings that request charter renewal must include, but not be limited to, a reporting of: fiscal accountability systems, public governance systems, multiple measures for evaluating the educational program, and student performance data. The District's Office of Charter Schools asks that charter schools requesting renewal prepare and submit a performance report that includes reporting of key data points and information that may not be available through other sources.

These procedures apply to all charter schools located within the Oakland Special Education Local Plan Area (SELPA) that are chartered by the District or granted a charter by the State Board of Education in which oversight responsibilities are assigned to the SELPA. The procedures support a clear relationship between charter schools and Oakland SELPA and may assist charter schools in understanding their individual and mutual responsibilities under the law. In addition, the procedures assist applicable charter schools in meeting the needs of all their enrolled and eligible students, including those with disabilities.

Consistent with their Individual Education Programs (IEPs), students attending charter schools are to be considered for special education services in the same manner as students enrolled in other public schools in accordance with the law. Charter schools within Oakland SELPA must comply with all requirements of applicable state and federal law regarding the provision of special education services. A charter school may establish criteria specific to its program that applies to all applicants. However, the charter school may not discriminate against any student in its admission criteria on the basis of disability.

The following factors shall be considered in determining whether a charter school is an appropriate placement for a student with a disability:

1. The educational benefits available to the child, supplemented with appropriate aids and services, compared to the educational benefits of placement within a special education program on an OUSD public school campus;
2. The non academic benefits to the child of interaction with typically-

developing peers and access to extra-curricular activities unique to the charter school;

3. Availability of a Free Appropriate Public Education (FAPE).

A request by a charter school to participate as a Local Educational Agency in OUSD SELPA will not be treated differently from a similar request made by a school district. In reviewing and approving a request by a charter school to participate as a Local Educational Agency (LEA) in OUSD SELPA, the following requirements shall apply:

- (a) The Special Education Local Plan Area complies with Section 56140.
- (b) The charter school shall participate in state and federal funding for special education and the allocation plan developed pursuant to subdivision (i) of Section 56195.7 or Section 56836.05 in the same manner as other local educational agencies of the SELPA.
- (c) The charter school shall participate in governance of the Special Education Local Plan Area in the same manner as other local educational agencies of the Special Education Local Plan Area. (EC 56207.5).

The addition of new members to the Oakland SELPA, as approved by the Board of Education, shall be followed by an amendment to the Local Plan.

Individuals with exceptional needs attending charter schools pursuant to Part 26.8 (commencing with Section 47600) shall be served in the same manner as individuals with exceptional needs are served in other public schools. (EC 56145).

A child with disabilities attending the charter school shall receive special education instruction or related services, or both, in the same manner as a child with disabilities who attends another public school of that local educational agency. Oakland SELPA shall ensure that all children with disabilities enrolled in the charter school receive special education and related services in a manner that is consistent with their IEP and is in compliance with the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

The local educational agency that granted the charter shall ensure that each charter school that is deemed a public school for purposes of special education receives an equitable share of special education funding and services consisting of either, or both, of the following:

(1) State and federal funding provided to support special education instruction or related services, or both, provided or procured by the charter school that serves pupils enrolled in and attending the charter school. Notwithstanding any other provision of this chapter, a charter school may report average daily attendance to accommodate eligible pupils who require extended year services as part of an Individual Education Program.

(2) Any necessary special education services, including administrative and support services and itinerant services, that are provided by the local educational agency on behalf of pupils with disabilities enrolled in the charter school.

(3) The local educational agency that granted the charter shall ensure that each charter school that is deemed a public school for purposes of special education also contributes an equitable share of its charter school block grant funding to support districtwide special education instruction and services, including, but not limited to, special education instruction and services for pupils with disabilities enrolled in the charter school (EC 47646).

The local educational agency provides funds under this subchapter to those charter schools on the same basis as it provides funds to the local educational agency's other public schools, including proportional distribution based on relative enrollment of children with disabilities and at the same time as the agency distributes other Federal funds to the agency's other public schools, consistent with the California's charter school law.(20 USC 1413). Funding and provision of special education services is the responsibility of the SELPA. The establishment or renewal of a charter school may not be refused solely because the charter school might enroll students who reside in another SELPA.

Charter schools must delineate in writing the entity responsible for providing special education instruction and services. This document must reference any 

SELPA

Fiscal Year

anticipated transfer of special education funds between the granting entity and the charter school and any provisions for sharing deficits in funding. This document must affirm that the district where the student resides, if different than the chartering entity, is not responsible for providing special education services to students who are enrolled in the charter school.

The District determines the policies and procedures necessary to ensure that the protections of special education law extend to students in the charter school. The District and charter school may enter into agreements whereby the charter school agrees to pay for the excess costs associated with providing special education services to identified students, including the administration of special education programs.

6. Identify and describe the representation and participation of the SELPA community advisory committee (CAC) pursuant to EC Section 56190 in the development of the local plan:

The OUSD SELPA has established a Community Advisory Committee (CAC) for special education. The OUSD CAC is comprised of parents of students with disabilities enrolled in public or non-public schools within the Oakland SELPA, and currently includes students and adults with disabilities, special education providers, and other school personnel within the Oakland SELPA, along with persons concerned with the education of persons with disabilities. Representatives of nonpublic agencies, local community organizations, and other OUSD employees may participate, as well. The Oakland SELPA has established procedures for the operations of the CAC and the state regulations for CAC responsibilities.

The CAC convenes monthly and engages in collaborative planning of the agenda and communication to members and participants between members and Special Education Department administrators. Voting members are elected by their peers to leadership roles within the committee on an annual basis.

The CAC operates under the following provisions of the education code:

56190.

Each plan submitted under Section 56195.1 shall establish a community advisory committee. The committee shall serve only in an advisory capacity.

56191.
The members of the community advisory committee shall be appointed by, and responsible to, the governing board of each participating district or county office, or any combination thereof participating in the local plan. Appointment shall be in accordance with a locally determined selection procedure that is described in the local plan. Where appropriate, this procedure shall provide for selection of representatives of groups specified in Section 56192 by their peers. Such procedure shall provide that terms of appointment are for at least two years and are annually staggered to ensure that no more than one half of the membership serves the first year of the term in any one year.

56192.
The Community Advisory Committee shall be composed of parents of individuals with exceptional needs enrolled in public or private schools, parents of other pupils enrolled in school, pupils and adults with disabilities, regular education teachers, special education teachers and other school personnel, representatives of other public and private agencies, and persons concerned with the needs of individuals with exceptional needs.

At least the majority of such committee shall be composed of parents of pupils enrolled in schools participating in the local plan, and at least a majority of such parents shall be parents of individuals with exceptional needs.

7. Describe the SELPA's process for regular consultations regarding the plan development with representative of special education and regular education teachers, and administrators selected by the groups they represent and parent members of the CAC:

In accordance with EC 56194, the Community Advisory Committee has the authority and fulfill the responsibilities that are defined for it in the local plan. The responsibilities include the following:

SELPA

Fiscal Year

- (a) Advising the policy and administrative entity of the special education local plan area regarding the development, amendment, and review of the local plan. The entity shall review and consider comments from the community advisory committee.
- (b) Recommending annual priorities to be addressed by the plan.
- (c) Assisting in parent education and in recruiting parents and other volunteers who may contribute to the implementation of the plan.
- (d) Encouraging community involvement in the development and review of the local plan.
- (e) Supporting activities on behalf of individuals with exceptional needs.
- (f) Assisting in parent awareness of the importance of regular school attendance.

The Local Plan is developed and updated cooperatively by a committee of representatives of teachers, administrators, charter school personnel, and the chair of the CAC to ensure adequate and effective participation and communication. District employees may be elected by their peers to serve on the Local Plan committee. Directors of charter schools may participate or select a representative to serve on the Local Plan committee.

The Local Plan will be reviewed every three years and whenever new legislation, guidelines or major changes in funding or services indicate the need consider modifications to the Local Plan. The process used to amend and review the Local Plan will include the cooperative involvement by the group described above. Prior to review and approval from the OUSD Board of Education, members of the CAC will be provided with an opportunity to review the drafted Local Plan and provide feedback.

- 8. Identify and describe the responsible local agency (RLA), Administrative Unit (AU), or other agency who is responsible for performing tasks such as the receipt and distribution of funds, provision of administrative support, and coordination and implementation of the plan:

OUSD is designated as the Administrative Unit (AU) for the OUSD SELPA. It shall be responsible for functions such as, but not limited to:

- 1. Receipt and distribution of special education funds for the operation of special education programs and services;

SELPA

Fiscal Year

- 2. Receipt and distribution of special education funds to accounts exclusively designated for SELPA use;
- 3. The employment of staff to support SELPA functions;
- 4. Assuring that the SELPA is in compliance with all applicable laws and regulations.

Funds allocated for special education programs shall be used for services to students with disabilities. Federal funds under Part B of IDEA may be used for the following activities:

- 1. For costs of special education and related services and supplementary aids and services provided in a regular class or other education-related setting to a child with a disability in accordance with the IEP for the child;
- 2. To develop and implement a fully integrated and coordinated services system.

The Special Education Executive Director is responsible to monitor the appropriate use of all funds allocated for special education programs. Final determination and action regarding the appropriate use of special education funds shall be made through the Annual Budget Plan process, which includes conducting a public hearing.

The Director, with the assistance of the Administrative Unit, will prepare all program and fiscal reports required of the SELPA by the state. The OUSD Board of Education agrees to review and approve the SELPA-wide annual service and budget plans and any subsequent modifications.

- 9. Describe the contractual agreements and the SELPA's system for determining the responsibility of participating agency for the education of each student with special needs residing within the geographical area served by the plan:

Oakland LEA is responsible for implementing those services assigned to it and provided for in the Budget Plan. However, when OUSD is unable to provide an appropriate program for an individual student, it shall arrange for an appropriate placement, through an IEP team meeting with other agencies as required to meet the needs of the student.

SELPA

Fiscal Year

Participating agencies may enter into additional contractual arrangements with OUSD to meet the requirements of applicable federal and state law. OUSD actively seeks agencies that may partner with the SELPA to ensure the provision of high-quality services in accordance with students' IEPs and facilitates the contracting process on an annual basis and when new needs arise. Each participating agency agrees to carry out the duties and responsibilities assigned to it within the plan. Each agency shall provide special education and services to all eligible students, including students attending charter schools where OUSD SELPA has granted that charter. In addition, each agency shall cooperate to the maximum extent possible with other agencies to serve individuals with disabilities who cannot be served in OUSD programs or who require access to services not available through OUSD employees. Such cooperation ensures that a comprehensive array of services and levels of care are available to students within the SELPA.

The SELPA's contract with a nonpublic school (NPS) includes evaluation of the child's placement at least annually through an IEP team meeting. The SELPA reviews all evaluations conducted by the school to ensure that they were appropriate and valid for measuring student progress and reviews IEP drafts in advance of meetings to ensure compliance with state and federal regulations. The SELPA may choose to administer additional assessments as necessary, with parental consent, to determine whether the student is making appropriate educational progress, and the SELPA conducts periodic visits to all nonpublic schools for the purposes of ensuring compliance with each student's IEP and determining if students may be ready to return to the LRE of a public school program.

10. For multi-LEA local plans, specify:

- a. The responsibilities of each participating COE and LEA governing board in the policymaking process:

Section B: Governance and Administration

SELPA

Fiscal Year

- b. The responsibilities of the superintendents of each participating LEA and COE in the implementation of the local plan:

- c. The responsibilities of each LEA and COE for coordinating the administration of the local plan:

- 11. Identify the respective roles of the RLA/AU, the SELPA administrator, and the individual LEAs associated with the SELPA related to:

- a. The hiring, supervision, evaluation, and discipline of the SELPA administrator and staff employed by the AU in support of the local plan:

- b. The local method used to distribute federal and state funds to the SELPA RLA/AU and to LEAs within the SELPA:

SELPA

Fiscal Year

c. The operation of special education programs:

The Special Education Director, Chief Academic Officer, and Special Education Department administrators ensure the operation of all SELPA special education programs in accordance with the Local Plan, federal and state guidelines with feedback and collaboration from the members of the CAC and school site personnel. Review of operations includes the monitoring and auditing of Individual Education Programs, observations of special education classrooms, solicitation and review of stakeholder feedback, and monitoring of student data.

d. Monitoring the appropriate use of federal, state, and local funds allocated for special education programs:

Both the annual budget and service plan for the District are reviewed, at least annually by the Finance Department, Special Education Executive Director, CAC, Chief Academic Officer, and the Superintendent. All policies implemented in the single district SELPA are developed consistent with the district Administrative Procedures. Ongoing budget oversight and monitoring is conducted on a biweekly basis by a representative of the Fiscal Department, the Special Education Director, and the Chief Academic Officer.

12. Describe how specialized equipment and services will be distributed within the SELPA in a manner that minimizes the necessity to serve students in isolated sites and maximizes the opportunities to serve students in the least restrictive environments:

Education Code Section 56836.22 provides for funds to purchase “specialized” books, materials and equipment as required under the student’s individualized education program (IEP) for students with low incidence disabilities as defined in Section 56026.5 (hearing impairments, vision impairments, severe orthopedic impairments, or any combination thereof).

As a condition of receiving these funds, the SELPA must ensure that:

- (a) The appropriate books, materials and equipment are purchased;
- (b) The use of equipment is coordinated as necessary;

(c) The books, materials and equipment are reassigned within the SELPA once the district that originally received the equipment no longer needs them. Special supplies and equipment purchased with State funds are the property of the State and shall be available for use by individuals with exceptional needs throughout the State.

The Executive Director of Special Education coordinates distribution of funds for identified students with low incidence disabilities in collaboration with the Coordinator of Related Services to minimize the necessity to serve the students in isolated sites and to maximize the opportunities to serve the students in their least restrictive environment. The recommendation for the use of Low Incidence equipment is an Individual Education Plan (IEP) team determination made after comprehensive assessment has been completed.

Low incidence disability is defined as a severe disabling condition with an expected incidence rate of less than one percent of total statewide enrollment in special education. Low Incidence Disabilities are:

- Hard of Hearing (HH)
- Deafness (DEAF)
- Visual Impairment (VI)
- Orthopedic Impairment (OI)
- Deaf-Blindness (DB)

Low incidence funds are available for use on behalf of students certified as having a low incidence primary or secondary disability through the assessment and IEP process. The allocation of low incidence funds to the SELPA is based on the prior year December 1 student count in the categories listed above. The funds are provided to the SELPA by the California Department of Education (CDE) and are accounted for separately from the total special education entitlement.

The materials and/or services acquired through Low Incidence Funding must be:

1. Required for the student to meet their Individualized Education Plan (IEP) goals and objectives;
2. Required for the student to access general education;

SELPA

Fiscal Year

3. Specialized as it relates to a need or the needs of the low incidence disability;

4. Indicated in a comprehensive evaluation which is completed by staff or a provider who is credentialed/knowledgeable of the low incidence disability area(s).

OUSD SELPA seeks to maximize the ability of each student with a low incidence disability to participate in their neighborhood school or school of parent choice by guiding teams to consider accommodations, materials, and itinerant services that could support the student prior to considering a self-contained or specialized program.

Policies, Procedures, and Programs

Pursuant to EC sections 56122 and 56205(a), the SELPA ensures conformity with Title 20 *United States Code (USC)* and in accordance with Title 34 *Code of Federal Regulations (CFR)* Section 300.201 and has in effect policies, procedures, and programs. For each of the following 23 areas, identify whether, or not each of the following provisions of law are adopted as stated. If the policy is not adopted as stated, briefly describe the SELPA's policy for the given area. In all cases, provide the SELPA policy and procedure numbers; the document title; and the physical location where the policy can be found.

"The Superintendent or designee shall develop processes to determine when an individual is eligible for special education services and shall establish systematic procedures for special education program identification, screening, referral, assessment, planning, implementation, review and triennial assessment. (Education Code 56301)

All referrals for special education and related services from school staff shall include a brief reason for the referral and describe the regular program resources that were considered and/or modified for use with the student, and their effect. (5 CCR 3021)

A proposed assessment plan shall be developed within 15 days of referral for assessment, not

counting days between the student's regular school session or terms or days of school vacation in excess of five school days from the date of receipt of the referral. Within 15 days of a referral for assessment, the student's parent/guardian shall receive a notice of parental rights and a written proposed assessment plan. The 15-day period does not include days between the student's regular school session or term or days of school vacation in excess of five school days, unless the parent/guardian agrees in writing to an extension. (Education Code 56043, 56321)

The proposed assessment plan shall meet all of the following requirements: (Education Code 56321)

1. Be in a language easily understood by the general public
2. Be provided in the primary language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible
3. Explain the types of assessment to be conducted
4. State that no individualized education program (IEP) will result from the assessment without parent/guardian consent
(cf. 6159 - Individualized Education Program)

Upon receiving the proposed assessment plan, the parent/guardian shall have at least 15 days to decide whether or not to consent to the assessment. The assessment may begin as soon as informed parental consent is given. The district shall not construe parent/guardian consent for initial assessment as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.505)

Informed parental consent means that the parent/guardian: (34 CFR 300.500)

1. Has been fully informed of all information relevant to the activity for which consent is sought, in his/her native language or other mode of communication
2. Understands and agrees in writing to the assessment
3. Understands that the granting of consent is voluntary on the part of the parent/guardian and may be revoked at any time
(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

As part of the assessment plan, the parent/guardian shall receive written notice that: (Education Code 56329; 34 CFR 300.502)

1. Upon completion of the administration of tests and other assessment materials, an IEP team meeting that includes the parent/guardian or his/her representative shall be scheduled pursuant to Education Code 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities as defined in Education Code 56026 and shall discuss the assessment, the educational recommendations and the reasons for these recommendations. A copy of the assessment report and the documentation of determination of eligibility shall be given to the parent/guardian. "

1. Oakland Unified (OUSD) is the Administrative Unit for OUSD SELPA. Within OUSD SELPA, the Executive Director of Special Education for Oakland Unified also serves the role of SELPA Director. The Executive Director's roles and responsibilities are delineated by the Superintendent or designee and approved by the Board of Education.

2. The Executive Director is responsible for ongoing coordination of the SELPA and ensuring implementation of the local plan. In collaboration with members of the CAC, teachers, department administrators, and representatives from charter schools within the SELPA, the Executive Director creates the Local Plan, Annual Service Plan, and Annual Budget Plan. After their creation and review and approval by all requisite parties, the Executive Director is responsible for the implementation of the plans. This includes:
 1. Ongoing communication with stakeholders and individual LEA administrators;
 2. Facilitation of Memoranda of Understanding with partners outside of Oakland Unified to clarify the responsibilities of each party and the scope of work relative to the local plan's implementation;
 3. The hiring, training, evaluation, and assignment of duties to Special Education personnel, who will be jointly responsible for implementation of the local plan;
 4. Continuous assessment of the efficacy of plan implementation (see section VI below);
 5. Coordination support for the Community Advisory Committee.

3. Program Specialists are assigned to a group of schools, including charter partners, within the SELPA. Each Program Specialist is an experienced, credentialed Special Educator who is knowledgeable about Special Education law, the development of Individual Education Programs, instructional methodologies, and evidence-based practices to support the needs of students with disabilities. As it pertains to implementing the local plan, Program Specialists will:

1. Review the plan to understand its contents, and provide feedback during the plan development process;
2. Engage with Special Education teachers and staff at assigned school sites to provide support and training in the implementation of the plan (see sections IV and XVII for more details);
3. Conduct routine site visits at assigned schools to provide in-person support in the implementation of compliant, comprehensive Individual Education Programs.

2. Coordinated system of identification and assessment:

1. The Executive Director has designated five Special Education Coordinators who oversee the SELPA's system of identification and assessment in collaboration with the Director.

2. Child Find:

1. The Special Education Coordinators will ensure that appropriate information, training, and documents related to Child Find are made available to each school within the SELPA.

2. The Director will ensure posting of the procedures to request a Special Education evaluation within local publications, at least annually, and on the district’s SELPA webpage and will distribute such materials to private schools within Oakland.

3. Each previously eligible student attending a private school for whom an evaluation is coming due will receive a letter from the SELPA proposing a Special Education evaluation and will have an opportunity to consent or decline.

3. Requests for Assessment:

1. Requests for assessment may be initiated by parents, guardians, students, or stakeholders who suspect an area of disability that may require special education.

2. If a request is made to any SELPA, participating charter school, or OUSD staff verbally, the staff shall support the person making the request with documenting their request in writing.

3. Requests should be directed to the administrator for the school site of attendance. If a request is submitted to the Special Education/SELPA office, the Program Specialist for the site where the child attends school will ensure the request is forwarded to appropriate personnel in a timely manner.

Description:

4. Students attending private schools who are Oakland residents or attending school within Oakland will have requests facilitated by Special Education Department staff directly.

5. For students attending OUSD public schools or charter schools, the Resource Specialist and School Psychologist assigned to each site is responsible for reviewing the request and preparing a response within fifteen calendar days.

6. The District (or charter employee as indicated in a MOU) will ensure assessment in all suspected areas of disability. Personnel will be appropriately credentialed and trained to administer the assessments necessary as a part of the evaluation, and materials are reviewed to ensure they are appropriate for the population and free from bias.

7. Upon receipt of a signed assessment plan from the parent/educational rights holder of the child, the District will have sixty (60) days to evaluate the child and convene an initial IEP meeting to review results of the assessments.

4. Triennial Evaluations:

1. The Special Education Teacher/Case Manager for an eligible student will initiate an assessment plan not fewer than seventy-five 75 days prior to the due date for each student's triennial evaluation.

5. Program Specialists will create assessment templates, subtest selection guides, and other resources under the direction and supervision of Special Education Department administrators to assist in the completion of thorough, appropriate Special Education evaluations, and the SELPA will make such materials available to all Special Education certificated staff.

2. A copy of the Procedural Safeguards will be provided to families at least one time per year and whenever the District proposes an evaluation or provides the family with Prior Written Notice. An explanation of the document will be provided at each child's annual IEP, as well.
3. When a family requests an Independent Education Evaluation (IEE) at public expense due to an area of disagreement with an assessment conducted by SELPA Special Education personnel, a Special Education Coordinator will review the request and determine if the SELPA will fund the request or file to defend our assessments.
 1. If the SELPA decides to fund, the parent/guardian will receive a copy of the Procedures for IEEs Handbook, Procedural Safeguards, and a list of potential assessors.
 2. Special Education Coordinators will ensure

there is an IEP meeting held to review the findings of an IEE promptly upon its completion.

4. The Executive Director and Special Education Coordinators are responsible for the facilitation of Alternative Dispute Resolution (ADR) sessions upon request from a parent/guardian or when the administrator feels such a process would help resolve an ongoing area of dispute or disagreement between the SELPA and the family. ADR shall take place as a confidential, voluntary process.

1. The Special Education Executive Director will identify a Special Education Coordinator to assist the administrators of any participating charter in facilitating ADR when required.

5. For all participating LEAs, SELPA staff will maintain original student IEP records and will assist in the prompt fulfillment of records requests in accordance with established legal timelines.

6. In the event that a parent of a child within a participating LEA files for a Due Process Hearing, the SELPA staff shall assist in the hearing preparation, including mediation whenever possible.

1. The Executive Director, in partnership with the Chief Academic Officer and Special Education leadership body, will engage in a system to review the efficacy of the local plan in supporting the needs of students with disabilities within the SELPA. Program review activities will be ongoing and can include, but need not be limited to:

1. Observation of classroom instruction;
2. Special Education file reviews and Educational Benefit audits;
3. Review of progress on goals for focus populations within the SELPA;
4. Family and student focus groups to collect feedback and identify strengths and areas for improvement;

5. Review of District and Statewide assessment measures, student discipline and attendance data, and wellness survey data;

6. Interviews with participating charter leaders and in-person visits to assess efficacy of Special Education services provided at charter sites.

7. Findings from the program review activities will result in action plans that are coordinated with other California Department of Education plans (e.g. Indicator Review, Significant Disproportionality, DINC) whenever possible to ensure collaboration between teams and streamlining of work.

2. At least annually, the Executive Director will collaborate with the CAC to review the local plan and complete development of the annual service plan. This will include an opportunity for members of the community to hear updates regarding the program review results, highlight areas of student growth, identify areas that require more intensive support, and for community members to provide feedback regarding implementation of the plans.

7. Coordinated system of data collection and management:

1. RAD staff maintain dashboards that report contemporaneous data for a variety of queries, including:
 1. Enrollment and Attendance
 2. Discipline
 3. IEP Timeliness
 4. Statewide and District Test Scores
5. Such dashboards can be disaggregated to focus specifically on students with IEPs and are utilized by a variety of stakeholders to make data-driven decisions.

2. The SELPA’s Information Systems Analyst monitors our electronic records system, Special Education Information System (SEIS) on a daily basis. Monitoring includes:

1. Opening and tracking pending referrals for special education;
2. Monitoring pupil counts and processing transfers into and out of SELPA;
3. Ensuring each student has a valid SSID;
4. Correcting any CALPADS reporting errors proactively;

3. The SELPA has two-way integration between SEIS and the OUSD student information system, Aeries, to ensure there is consistency between data sets for several demographic areas (e.g. family names, addresses, dates of birth, etc).

4. Special Education Program Specialists work with the

teachers on their assigned caseload to ensure that student-level data is collected, monitored and compiled on an ongoing basis. All case managers utilize SEIS to report data relative to individual students' IEP goals at report card periods and prior to annual or triennial IEPs. Teams may utilize such data, in combination with available district data, to determine the services and placement necessary for each student with an IEP.

5. The Information Systems Analyst ensures data is prepared and complete prior to all mandatory reporting periods, including for Winter and Spring counts, DINC, and other CDE-required activities.

1. OUSD SELPA utilizes the support of the OUSD Transportation Department to facilitate the transportation of individuals with IEPs. The Executive Director of Transportation collaborates with the Executive Director of Special Education to ensure each student with an IEP for whom transportation is a required services receives such services.

2. The SELPA provides transportation services for students who are removed from their neighborhood school to access specialized services required per IEP or when the nature of a student’s disability is such that specialized transportation to school is required to maintain student safety.

3. There are three different types of transportation available within OUSD: public transit, district-provided vehicle, and mileage reimbursement. The type of transportation required for a student is determined by the IEP team in consideration of the student’s disability impact and the Least Restrictive Environment.

SELPA

Fiscal Year

Description:

1. Public transit: The SELPA offers public bus passes and, for students who are of appropriate age, Paratransit passes. Transportation staff process order forms for such passes from case managers on a monthly basis, and case managers distribute passes to students as indicated in IEPs.

2. District-provided vehicle: OUSD contracts with vendors who specialize in the transport of students to provide school buses and car/van services. Families must complete the requisite forms to ensure transport staff have correct contact and address information prior to routing.

3. Mileage reimbursement: Families wishing to transport their child to and from school in their personal vehicle may be reimbursed for mileage at the OUSD-approved rate. On an annual basis, families must complete the requisite forms to enable transport staff to process their mileage submissions and pay them for mileage incurred.

4. In addition to ongoing, daily transportation needs, the SELPA also coordinates transportation for travel to placements for students who require Residential Treatment as a FAPE. The SELPA contracts with companies who specialize in the travel of students with complex mental health and behavioral needs for such travel.

closely with the California Department of Education, through the Workability 1 grant, and the Department of Rehabilitation, through the Transition Partnership Program, to provide Transition Services and Supports to students with disabilities aged 14 and above.

2. All students who are transition aged receive direct transition services, typically in the form of college awareness and/or career awareness. Services are aligned to each student’s Individual Transition Plan, which guides their post-secondary goals, interests and needs. Services are provided by Career Transition Services case managers and Special Education teachers and are designed to:

1. Support students in identifying their strengths, skills and interests;
2. Aligning interests to potential career paths;
3. Supporting job skill development, including writing resumes and participating in interviews;
4. Exploring college opportunities and navigating the admissions process;
5. Identifying local employers aligned to career paths and facilitating the initial outreach process;
6. Supporting students in being self advocates and connections with agency partners.

3. Students are identified by Case Managers, parents/families, school site support staff, and Linked Learning partners to receive additional support and services through the Transition Partnership Program. Case Managers in the Career Transition Services department coordinate with teachers at school sites in Middle and High Schools to schedule workshops to provide access to Transition

4. Our programs actively collaborate with District offices, Linked Learning, to ensure that students with special needs are active participants in available Career Technical Education (CTE) programming and opportunities as they work towards continuing their education and transitioning to career and the world of work.

5. Students with disabilities are afforded opportunities to participate in district dual and concurrent enrollment programs to earn college credit while in high school, and participating students receive reasonable accommodations to facilitate their participation in such programs.

6. Our Young Adult Transition Program provides opportunities for students with mild/moderate disabilities aged 18-22 to access Community College programming through the Dual/ Concurrent Enrollment relationship between the Oakland Unified School District and the Peralta Community College District. Young Adult Program students are able to access classes, programs, and activities that are appropriate, of interest, and provided by the Peralta Community College District with coordinated in-program and Community College supports, Young Adult Program teacher and support staff interventions, and on-going check-ins and reviews of accessibility, success, and skill development in-line with Individualized Transition Plans.

7. Our Young Adult Transition Program also provides opportunities for students to develop their vocational skills through a variety of work experiences and opportunities. Our programming prioritizes opportunities and experiences that participate in and lead to Competitive Integrated Employment for our young adult students with disabilities.

1. OUSD SELPA offers a full range of Special Education services for eligible students from birth and for all students eligible under part B for preschool through age five. We pride ourselves on implementing services and programming that are evidence-based for early learners and led by experienced, credentialed early childhood specialists.

2. Services for students under Part C focus on children with low incidence disabilities, including those who are deaf, blind, or who have orthopedic impairments. To the extent possible, services take place within the family’s home environment with a heavy emphasis on parent/family engagement and consultation to model strategies to support their child. All services are provided by credentialed specialists aligned to the category of disability they support.

1. Consultation with families focuses on modeling instructional strategies providing training on the use of devices or equipment recommended for the child, making recommendations for adaptations to the home environment

2. An exception to the home environment instructional milieu is offered for infants and toddlers who are deaf, as interaction with other deaf children is an important component of their early communication development.
3. OUSD SELPA has an early childhood Diagnostic Assessment Center that ensures a complete, multidisciplinary evaluation for each child prior to their third birthday for students with IFSPs, or when a referral is received and a suspected area of disability is indicated.
4. OUSD SELPA maintains a full continuum of programming for preschool-aged students with IEPs, which includes:
 1. Speech-Language services: A credentialed Speech-Language Pathologist provides services specific to IEP goals at the neighborhood school of the family. Services may be direct, consultative, or a combination of both based on IEP team discussion and agreement.
 2. Special Education consultation within a general education preschool classroom: A credentialed early childhood education specialist provides consultative support to a general education preschool teacher regarding the implementation of IEP goals, accommodations, and adaptations
 3. Inclusive services within a general education preschool classroom: Special Education personnel provide specialized Individual and Small Group instruction for students within a mainstream preschool classroom. This level of care enables specific work toward IEP goals while allowing the student to benefit from integration with typical peers and access to general education preschool curricula.

4. Separate-setting instruction on a public campus: OUSD SELPA maintains programs for students whose disability impact requires small-group, specialized instruction for most or all of their instructional day on public campuses, allowing integration for activities such as meals, motor breaks and special events.

5. Separate-setting instruction at a Special Education preschool facility: OUSD SELPA offers separate-setting, specialized instruction at our Special Education preschool center, Burbank. Burbank features several mild-moderate and moderate-intensive programs, with instructional routines that focus on building early pragmatic and communication skills, preacademics, and behavioral intervention.

5. In addition to services required through IFSPs and IEPs, the Special Education Early Childhood team provides monthly parent training and resource events to model best practices for families and caregivers and connect them to resources and agencies within the area, as well.

COST can refer the student to the most appropriate intervention based on the concerns noted in the referral. This may include academic intervention groups, after-school supports, site-based mental health programming, or other school resources.

3. Each school site must have a Student Success Team (SST) process in place that can be utilized to discuss and agree upon adaptations to the learning environment that may be required when a student is struggling prior to considering a Special Education evaluation process. 4. The SELPA will consider strategies to support successful transition back to a public program when appropriate (or from a residential facility to a day program), including partial or dual enrollment, additional bridge services that may be needed, and mental health considerations.

6. A description of the process by which the SELPA will fulfill the obligations to provide free and appropriate public education (FAPE) to a student age 18 to 21 (or age 22 under the circumstances described in *EC 56026(c)(4)*) who has been incarcerated in a county jail and remains eligible for special education services:

The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability. (*EC Section 56040*)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the DOR is based on the residence of the conservator. (*EC Section 56041*)

1. Adults who are age 18 through 22 years, who have not graduated with a high school diploma, who at the time they turned 18 years were identified as an individual with

exceptional needs and had an individualized education program (IEP) under the IDEA, are also entitled to a FAPE (hereinafter, “eligible adults”). This applies to adults incarcerated in California adult jails and prisons, as well. However, an individual aged 18 through 22 years, who, in the educational placement prior to his or her incarceration in an adult correctional facility who did not have an IEP, is not entitled to a FAPE.

2. Special considerations relative to the IEP apply to this population. This includes:

1. The requirements of items (aa) and (bb) of 20 U.S.C. § 1414(d) (1) (A) (i) (VIII) (relating to transition planning and transition services), do not apply with respect to such individuals whose eligibility under the IDEA will end, because of their age, before such individuals will be released from county jail.

2. If an individual with a disability is convicted as an adult under State law and incarcerated in an adult county jail, the individual’s IEP team may modify the individual’s IEP or placement notwithstanding the least restrictive environment (LRE) requirements and IEP content if there is a bona fide security or compelling penological interest that cannot otherwise be accommodated.

Description:

3. Pursuant to a California Department of Education directive, the district of residence (DOR) will be responsible for providing special education and related services to eligible inmates in the jails operated by the Alameda County Sheriff’s department, until there is a judicial, legislative, executive, or regulatory decision that impacts the directive, for each eligible inmate between the ages of 18 and 22. Alameda County Jail representatives must notify OUSD SELPA of any Oakland resident who is eligible for services who has entered their facility.

SELPA

4. Upon receiving notification that an adult student who meets the criteria set forth above has been incarcerated at the Alameda County Jail and is a permanent resident of Oakland, Special Education Coordinators will review the student's most recent IEP and assign a case manager (special education teacher).

5. The Special Education teacher and any other required service providers will collaborate with representatives from the Alameda County Jail to ensure a thorough understanding of and adherence to safety and access protocols in effect within the facility.

6. In the event that there is a provision of the IEP that is not able to be implemented based upon the security protocols or procedures in place within the jail, the case manager will convene an IEP team meeting to discuss and propose modifications to the IEP.

Each special education local plan area (SELPA) must have a responsible local agency or an administrative unit (RLA/AU), which is the legal entity that receives funds and is responsible for seeing that every eligible child receives appropriate services.

Public Hearing Notice Posting Date:

The Budget Plan was adopted at a SELPA public hearing on (date):

Projected special education budget funding, revenues, and expenditures by local educational agencies (LEAs) are specified in **Attachments II–V**. This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA), as well as those who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services. SELPA Mission Statement—(this field is optional)

We believe that every student deserves recognition, attention and respect, and all students must be offered rigorous academic programs and classrooms that support high achievement. Our mission is to ensure that all school communities and departments embrace students with disabilities and provide evidence-based supports and resources to ensure that every student thrives!

SELPA Beliefs—(this field is optional)

SELPA Support Provided to LEAs

OUSD SELPA provides a variety of supports to participating LEAs. For most LEAs, we provide direct staffing support in the form of Education Specialists and credentialed related service providers (e.g. Speech-Language Pathologists, Occupational Therapists, Psychologists, Mental Health Clinicians).

In addition to staffing, OUSD SELPA provides compliance-related supports, including teacher training on IEP processes and professional development materials specific to Special Education. We partner with the LEAs to respond to compliance complaints and due process matters specific to special education, and we work collaboratively to address any areas of concern relative to service provision or student IEP implementation.

Special Education Local Plan Area Funding Distribution

Describe the basic premise of the SELPA Allocation Plan for distributing dollars as closely as possible to how they are earned.

OUSD SELPA distributes funds in a manner that aligns to the intended purpose for such monies. Our Special Education leadership team, fiscal team and Chief Academic Officer meet to adopt the budget for the coming school year each Spring and allocate the dollars from each revenue source to school site personnel, services, materials and equipment on the basis of its intended purpose (e.g. ensuring preschool dollars are spent directly on early childhood educators serving our preschool-aged students). The team meets bimonthly throughout the school year to ensure constant monitoring of the expenditure of all Special Education funds in accordance with the funding restrictions.

Describe how the SELPA distributes IDEA revenues to the LEAs, including the models used to provide services to member LEAs:

The SELPA distributes dollars to SELPAs on the basis of student enrollment and IEPs. For each LEA each year, we review the enrollment of students with disabilities and the service types and minutes indicated in their IEPs. From there, SELPA leadership assigns staff or funds to the LEA.

There are three service support models available to LEAs within the SELPA. The model selected by each LEA and agreed-upon by the SELPA is contained within a MOU approved by both parties, which can be revised annually. LEAs may receive all of their services directly from OUSD SELPA staff, in which case OUSD SELPA sources, hires, and assigns the staff based on caseload needs. Secondly, LEAs may be given funds to hire their own staff for certain positions and receive direct staffing support for other disciplines from the SELPA (e.g. hire their own Education Specialist but use OUSD related service providers). Finally, a LEA may be given funds to purchase all of their own

E. Annual Service Plan

California *Education Code (EC)* sections 56205(b)(2) and (d); 56001; and 56195.9

The annual service plan shall be adopted at a public hearing held by the Special Education Local Plan Area (SELPA). Notice of this hearing shall be posted in each school in the SELPA at least 15 days before the hearing. The annual service plan may be revised during any fiscal year according to the policymaking process as established and specified in the local plan consistent with *EC* sections 56001(f) and 56195.9. The annual service plan shall include a description of services to be provided by each local educational agency (LEA), including the nature of the services and the physical location at which the services will be provided, regardless of whether the LEA is participating in the local plan.

Services Included in the Local Plan: Annual Service Plan

All entities and individuals providing related services shall meet the qualifications found in Title 34 of the *Code of Federal Regulations (34 CFR)* Section 300.156(b), Title 5 of the *California Code of Regulations (5 CCR)* 3001(r) and the applicable portions 3051 et. seq.; and shall be either employees of an LEA or county office of education (COE), employed under contract pursuant to *EC* sections 56365-56366, or employees, vendors or contractors of the State Departments of Health Care Services or State Hospitals, or any designated local public health or mental health agency. Services provided by individual LEAs are listed in **Attachments VI**. Services provided by school sites are listed in **Attachment VII**.

Provide a detailed description of the services to be provided under this code.

Adapting, as appropriate to the needs of the child with a disability, the content, methodology, or delivery of instruction to ensure access of the child to the general curriculum, so that they can meet the educational standards within the jurisdiction of the public agency that apply to all children.

Within Oakland Unified School District SELPA (hereafter referred to as OUSD), Specialized Academic Instruction is provided across a full continuum of programming to support the varied needs of our student population. OUSD SELPA provides Specialized Academic Instruction in the following settings and ways, described from least to most restrictive:

Consultative SAI: A credentialed special education teacher engages with general education staff, related service providers, and/or families to support Individual Education Program (IEP) IEP goal implementation and progress. The special education teacher may recommend adaptations and accommodations to curricula, provide recommendations for behavioral supports, or provide tools and materials to facilitate student access.

Regular Setting SAI Only: Students receive direct support and accommodations from a special education teacher or support staff under the direction of a teacher within their general education classroom. This may include working with a student individually or in a small group to break down and adapt classroom content, provide direct support with implementation of

size is thirteen students.

Separate Setting SAI, Moderate-Intensive: Students receive instruction for most of their academic instructional minutes in a separate, small-group setting with a special education teacher and two or more support staff. There may be specialty staff present, as well, such as behavioral aides and nurses, depending upon students' IEPs. The special education teacher utilizes modified, separate curriculum aligned to CCSS connectors, in addition to providing direct programming related to self help, independent living and prevocational skills. Typically, students engage with typically-developing peers for physical education and mealtimes, and some students may participate in other regular setting-courses based on their unique skills, interests and needs. In Oakland, the average classroom for moderate-intensive SAI is ten students.

SAI in a Nonpublic School Under Contract: When all less restrictive options have been considered and rejected based on the profundity of a students' disability, the IEP team may determine that a nonpublic program is required for a FAPE. For these students, SAI is provided by a teacher and support staff employed by a nonpublic school working under contract with OUSD. Students attend a small, specialized setting with no access to typically-developing peers. Typically, classrooms are small (8-12 students) and staffing ratios are high to address students' behavioral and physical care needs. In OUSD SELPA, there are students receiving SAI in NPS setting participating leading toward diplomas and certificates of completion.

SAI in a Home or Hospital Setting: When required based on a students' unique medical needs, OUSD SELPA provides specialized academic instruction in students' homes or within local hospitals. This service is provided individually with a special education teacher working with the student for short periods of time based on their disability impact and stamina. Materials are selected based on the students' present levels and needs, with mild-moderate students engaging in adapted general curricula and moderate-intensive students participating in alternative curricula.

All SAI services are provided by either a credentialed Education Specialist with authorization in the area appropriate for the population served (e.g. Mild-Moderate or Moderate-Severe) or by a paraprofessional working under the direction of a credentialed teacher.

- 210—Family Training, Counseling, Home Visits (Ages 0-2 only) *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This service is designed to assist the family in understanding the special needs of the child and enhancing the child's development.

Home Visits are one hour in length and held in the natural environment, usually the child's home. As per Early Start regulations, they are offered one time per week or as agreed upon within the IFSP in collaboration with the family. Home visits are conducted by the special education certificated staff with a specialty in the child's area of need.

DHH infants and their family are provided home visits with our Infant/Toddler teacher for the Deaf and Hard of Hearing. During the home visits the teacher provides parents with support to learn about the child's hearing level, how to read an audiogram and how to use this understanding to support their child's language development. The teacher also supports the family in learning how to implement proper and consistent use of the hearing devices (hearing aids, bone conduction hearing aids and cochlear implants) so the child can receive the full benefit of the device. The teacher implements the IFSP outcomes as agreed upon in the IFSP and supports the child in making progress on those outcomes. This is done through parent coaching and direct teaching to the child, as appropriate, using research based interventions. The DHH teacher also provides strong language models in both spoken language and ASL as needed or requested by the family. The teacher also tracks all developmental areas to ensure that any areas of need are supported and addressed.

For visually impaired students (VI), home visits are offered with a Teacher of the Visually Impaired (TVI) for 1 hour weekly, biweekly or monthly depending upon the child's need and parents request. TVI implements the IFSP outcomes as written in the IFSP. The TVI supports the family in understanding how to support their child's vision and to help the child learn with appropriate accommodations. The TVI supports the family in setting up any accommodations needed in the home and how to safely travel outside of the home.

For students with a severe orthopedic impairment (OI), home visits are offered with a Early Childhood Special Education Teacher for 1 hour weekly, bimonthly or monthly depending upon the child's need and parent request. The Teacher implements the IFSP outcomes as written in the IFSP. The teacher supports the family in understanding how to support their

The OUSD Service Coordinator oversees all of the cases for the OUSD Early Start Team and is the first contact the families have with the Early Start team. Service Coordination service is written in the IFSP as 2 times a year or as needed. The services coordinator is the case manager for the team, processes the intakes, sets up, coordinates and participates in the initial assessments. Organizes, writes, runs and processes all of the IFSPs. The service coordinator tracks all of the services provided in the IFSP to ensure that the child is receiving the services as laid out in the IFSP. The service coordinator explains and provides the parent rights to the family as well as ensuring the confidentiality of the IFSP. The service coordinator also conducts the Transition IFSP (between 2.6-2.9 years) with a representative of the Preschool Diagnostic Team to explain the transition process from Part C to Part B of the IDEA and support the family’s understanding of the transition to preschool services at 3 year old.

340–Intensive Individual Instruction

Service is Not Currently Provided

Provide a detailed description of the services to be provided under this code.

Within OUSD SELPA, students receive Intensive Individual Services when they demonstrate significant, profound needs relative to behavioral or physical health that necessitate having individual support throughout their school day. Intensive Individual Services may be provided by a district paraprofessional trained in the student’s unique needs or a behavioral aide (e.g. RBT) from a nonpublic agency under contract with the SELPA. The SELPA encourages teams to rotate staff so the child maintains individual service throughout the day but avoids the prompt dependence that can develop with a single provider across all minutes.

OUSD SELPA utilizes an assessment process to help IEP teams determine if IIS may be necessary and to develop criteria for a fade plan for such services when the student demonstrates readiness to begin fading this highly restrictive service modality.

- Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Instruction delivered one-to-one or in a small group as specified in an IEP enabling the individual(s) to participate effectively in the total school program.

OUSD SELPA provides services for preschool-aged students who are eligible for Special Education under Individual and Small Group Instruction. Within OUSD SELPA, preschool services are offered at a variety of school sites to allow for integration with typical peers, as well as at a separate special education center. Services are led by an early childhood special educator and include a small class size and support staff to ensure small-group, differentiated instruction is possible. Students may attend for a full or partial day depending upon their attentional baselines and IEP goals.

Within the preschool school day, students focus on preacademic skills, communication, and daily living skills to prepare them for a successful transition to kindergarten. In addition to core programming in the aforementioned areas, students have opportunities for structured play and enrichment that builds motor skills and coordination and reinforces prosocial behaviors.

Specialized physical health care services means those health services prescribed by the child’s licensed physician and surgeon, requiring medically related training of the individual who performs the services and which are necessary during the school day to enable the child to attend school (5 CCR Section 3051.12[b]). Specialized physical health care services include but are not limited to suctioning, oxygen administration, catheterization, nebulizer treatments, insulin administration, and glucose testing.

The SELPA provides health and nursing services for students who have medical conditions that require medical procedures to be performed at school. Procedures are performed in accordance with doctors’ orders under the supervision of a credentialed school nurse. Any specialized training or technical support for the incorporation of assistive devices, adapted computer technology, or specialized media with the educational programs to improve access for students. The term includes a functional analysis of the student's needs for assistive technology; selecting, designing, fitting, customizing, or repairing appropriate devices; coordinating services with assistive technology devices; training or technical assistance for students with a disability, the student's family, individuals providing education or rehabilitation services, and employers.

OUSD SELPA provides assistive technology services for students who require low-, mid- or high-tech supports to access their program. Services are provided by either a credentialed speech-language pathologist or occupational therapist with an area of specialization in technology.

Often, these students are provided services in a consultative format in which the assistive technology specialist meets with the special education teacher, staff and families to ensure training and access to the specific tools and strategies required for the child to access the curriculum. Some students may require direct services, in which the AT specialist and student work together for a set period of time per week or month as agreed-upon by the IEP team to provide direct support in the student's understanding and use of technology tools and accommodations.

Occupational Therapy (OT) includes services to improve student's educational performance, postural stability, self-help abilities, sensory processing and organization, environmental adaptation and use of assistive devices, motor planning and coordination, visual perception and integration, social and play abilities, and fine motor abilities. Both direct and indirect services may be provided within the classroom, other educational settings, or the home, in groups or individually, and may include therapeutic techniques to develop abilities, adaptations to the student's environment or curriculum, and consultation and collaboration with other staff and parents. Services are provided, pursuant to an IEP, by a qualified occupational therapist registered with the American Occupational Therapy Certification Board.

In OUSD SELPA, occupational therapy services are provided in accordance with IEPs to address students' motor and sensory needs. Occupational therapists may engage in any of the following:

- Working directly with students to address their educationally-related motor needs;
- Providing adapted tools and equipment and training staff on their use;
- Providing feeding, buttoning, zipping and other self-help and ADL equipment and materials;
- Creating and implementing sensory diets or recommending specific equipment to support sensory regulation within the educational milieu;

Provide a detailed description of the services to be provided under this code.

These services are provided, pursuant to an IEP, by a registered physical therapist, or physical therapist assistant, when assessment shows a discrepancy between gross motor performance and other educational skills. Physical therapy includes, but is not limited to, motor control and coordination, posture and balance, self-help, functional mobility, accessibility and use of assistive devices. Services may be provided within the classroom, other educational settings or in the home, and may occur in groups or individually. These services may include adaptations to the student's environment and curriculum, selected therapeutic techniques and activities, and consultation and collaborative interventions with staff and parents.

Educationally-related physical therapy services are provided for students who require such motor supports in accordance with IEPs. Physical therapists perform the following roles when providing services under this category:

- Consultation with other service providers and general educators to make recommendations and ensure implementation of motor-related accommodations/modifications;
- Direct support to students to build their gross motor functions for the purposes of better accessing their instructional program;
- Training and support for families to address students' motor needs;

Provide a detailed description of the services to be provided under this code.

One-to-one counseling, provided by a qualified individual pursuant to an IEP. Counseling may focus on such student aspects as education, career, personal, or be with parents or staff members on learning problems or guidance programs for students. Individual counseling is expected to supplement the regular guidance and counseling program.

When a student in OUSD SELPA requires mental health support due to the impact of their disability, the IEP team may consider the provision of individual counseling services through the IEP. Many schools within OUSD SELPA offer these services through the general education program, as well. Within Special Education, individual counseling is provided by either a district-employed school social worker or a nonpublic agency therapist under contract with the district depending on the setting of the service and the program placement of the child. Therapists are social workers with appropriate training and credentials. The therapists meet with each student individually as indicated in their IEP to address educationally-related mental health needs that are presenting as barriers to educational progress. This may include mental health assessment and diagnosis, collaborative goal planning, and direct therapy in a variety of modalities based on students' developmental levels and needs (e.g. talk therapy, play-based therapy).

(5 CCR 3051.9) *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Counseling in a group setting, provided by a qualified individual pursuant to an IEP. Group counseling is typically social skills development, but may focus on such student aspects as education, career, personal, or be with parents or staff members on learning problems or guidance programs for students. IEP required group counseling is expected to supplement the regular guidance and counseling program.

In addition to individual therapy services, some students within OUSD SELPA may require additional mental health services to support their social skills, emotional regulation, and positive choice-making within the school environment. Within OUSD SELPA, counseling and guidance services are provided within a small group, separate setting format to address the aforementioned needs through engagement in scenario-building, social skills games and curricula, and talk-based activities. Sessions are led by OUSD social workers or social workers under contract from nonpublic agency partners.

Individual or group counseling provided by a qualified individual pursuant to an IEP to assist the parent(s) of special education students in better understanding and meeting their child's needs and may include parenting skills or other pertinent issues. IEP required parent counseling is expected to supplement the regular guidance and counseling program.

For students with intensive mental health needs that may manifest in challenges within the home setting that impact attendance at or progress at school, OUSD SELPA offers parent counseling services. These services are led by credentialed school social workers and seek to engage parents in understanding their child's mental health needs and developing healthy routines and interactions to support their child's progress at school. Sessions may focus on limit-setting, coping strategies, crisis response techniques, self care, or other related topics. Services may be provided in person or virtually based on mutual agreement between the family and provider and as indicated in the IEP.

These services, provided by a credentialed or licensed psychologist pursuant to an IEP, include interpreting assessment results for parents and staff in implementing the IEP, obtaining and interpreting information about child behavior and conditions related to learning, and planning programs of individual and group counseling and guidance services for children and parents. These services may include consulting with other staff in planning school programs to meet the special needs of children as indicated in the IEP. IEP required psychological services are expected to supplement the regular guidance and counseling program.

OUSD SELPA offers psychological services to support the behavioral and emotional wellbeing of students who have areas of need in these domains. Services are provided by credentialed school psychologists and may include any of the following:

- Meeting directly with individual students or small groups of students;
- Providing groups related to specific topics and needs (e.g. grief, self esteem);
- “Pushing in” to the classroom setting to implement and model the use of behavioral interventions and reinforcement systems;
- Providing consultative guidance to staff and families regarding students’ social emotional/ behavioral needs.

Provide a detailed description of the services to be provided under this code.

OUSD SELPA offers day treatment services to students who have mental health-related disabilities that have a profound impact on their access to instruction and for whom less restrictive mental health supports are insufficient to ensure a FAPE. Within a day treatment setting, students participate in instruction within a therapeutic milieu. There is a high staff: student ratio to ensure all students have ongoing behavioral interventions and access to mental health support staff. Day treatment includes therapeutic interactions that focus on reducing the symptoms of each student’s mental health needs and increasing their use of replacement behaviors and coping skills. Typically, within each day treatment classroom, a special education teacher, mental health clinician, and mental health aide work collaboratively with a small group of students (avg ten per class).

Students whose disabilities manifest in intensive, global needs such that all less restrictive levels of care are not appropriate may participate in residential treatment as their FAPE. These services are provided by nonpublic facilities under contract with SELPA and may be within or outside of the state of California. Students attend residential treatment for the smallest amount of time possible based on their treatment plan and needs.

While in residential treatment, students reside at a facility co-located with a nonpublic school. Outside of their school day, they receive a high level of supervision and staff support from personnel trained in the needs of students with profound behaviors. Crisis response personnel are available 24 hours per day. Students engage in recreational and leisure activities with peers and have access to therapeutic personnel within the milieu.

- 610—Specialized Service for Low Incidence Disabilities (5 CCR 3051.16) *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Low incidence services are defined as those provided to the student population who have orthopedic impairment (OI), visual impairment (VI), who are deaf, hard of hearing (HH), or deaf-blind (DB). Typically, services are provided in education settings by an itinerant teacher or an itinerant teacher/specialist. Consultation is provided to the teacher, staff, and parents as needed.

OUSD SELPA has staff who specialize in the needs of students with low incidence disabilities. While many of the services students within this population require are captured within service codes 710, 725 and 730, some students may require other services specific to the impact of their low incidence disability. Specialized services may include consultation with site staff and families or the provision of and training on the use of specialized equipment and materials. The personnel who provide such services vary based on the specific type of disability and may include physical therapists, occupational therapists, teachers of the deaf, and teachers of the visually-impaired.

When a student is eligible for Special Education due to being deaf or hard of hearing, they may require specialized DHH services to access their instructional program. OUSD SELPA provides teachers of the deaf who are credentialed experts in the needs of students with moderate-profound hearing loss. Specialized DHH services may be performed within general education classrooms or in a separate, more individualized setting based on disability impact and goals. Within a general education class, DHH specialists may consult with general educators or support staff to ensure the appropriate use of equipment (e.g. FM systems) or accommodations, or interpretation into American Sign Language may be required. For students who are blind or have significant vision impairments, specialized vision services may be necessary. Within OUSD SELPA, we employ teachers of the vision impaired who specialize in the needs of students with vision loss. As with students who are deaf or hearing impaired, services may be provided within a regular or separate setting with an emphasis on the LRE. Within a general education class, VI specialists may consult with general educators or support staff to ensure the appropriate use of equipment (e.g. braille readers, CCTVs) or accommodations such as large print. It may include consultation services to parents regarding their children.

OUSD SELPA’s orientation and mobility specialists work with students who have low incidence vision disabilities that impact their physical movement within the educational environment and navigation of the school and community milieu. To prepare students to be as independent as possible upon the completion of their educational program, O&M specialists may provide direct and/or consultative services related to IEP goals in the areas of gross motor and travel. This may include support entering and exiting transportation, navigating the school campus, identifying obstacles, and using equipment such as canes. Typically, services are provided individually to ensure each student’s safety and address unique mobility needs. College awareness is the result of acts that promote and increase student learning about higher education opportunities, information, and options that are available including, but not limited to, career planning, course prerequisites, admission eligibility, and financial aid.

College awareness services are available for students with IEPs who are transition aged. These services focus on ensuring students understand the options available to them for post-secondary education, know how to apply for colleges and technical schools, and engage in courses and experiences aligned to the requirements for such colleges. Services are provided by special education teachers and may include: support with high school course selection, online research into post-secondary institutions aligned to students' interests, liaising with local college students, and trips to local colleges and universities to learn about student life on campus.

- 870–Travel Training, Including Mobility Training (5 CCR 3051.3) *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Within OUSD SELPA, travel training is provided by our Orientation and Mobility Specialists for students with vision-related disabilities, and also by Special Educators within our Young Adult Program. Travel training is designed to help our students navigate the local community as independently as possible by utilizing public transit. Students practice identifying bus routes, planning their travel times, safely entering and exiting public transit, and orienting themselves within the community. When appropriate, consultation with families also takes place to ensure consistency in travel preparation and routines across home and school settings.
