ACC Middle School Updates

One hundred ten students from Edna Brewer, Westlake, Montera, Roosevelt, Frick, Explore, Barrack Obama, and Melrose participated in our annual ACC Middle School College Day on Tuesday March 16th. This year we visited San Jose State University, where we were hosted by university student leaders from the Cesar Chavez Community Action Center. Students received a tour of the campus, attended workshops on how to get into college, and heard directly from university students about what college life is like and what kind of preparation is needed now at the middle school level. ACC Governing Board high school students attended this event with their middle school buddies. Special thanks to Board member Chris Dobbins for stopping by and for the popsicles!

ACC High School Update

- Thursday March 18th ACC High School General Meeting and follow up to Teen Action Summit
- Student-Teacher Feedback Project, data input phase, running behind schedule
- MSE Student Action Research Team, data input phase, will be ready with recommendations on student support system for A-G implementation in May.
- Important date for all interested in the A-G implementation planning process (we need students, teachers, community, parents, district staff, and business members at the Broad Based Coalition Meeting):

Wednesday, March 31st from 4:30-6:30pm
