SECTION 4: Program Model and Lead Agency Selection

For 2014-2015, my site will operate the following program model:

X Traditional After School: voluntary program open to all students, with enrollment prioritles targeting certain students

Extended School Day: additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school

Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs. This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

Required # of Program Days your program will operate during School Year 2014-2015:

Projected Daily Attendance during School Year 2014-2015:

Program Schedule

Submit program schedule as an attachment, using the standard program schedule template.

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: *The activities listed below must alian to your 21st Century Family Literacy budget plan.*

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing

things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select *at least two* of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	 Accept referrals and recommendations made by school principal, academic liaison, teachers counselors and other school staff Work with the office manager to pull reports identifying students with chronic absenteeism Pending other factors, target these students to enroll in program Identify barriers and solutions for the families to ensure their student will be in school and in program daily
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	 Distribute information about OUSD/School and ASP attendance policies and guidelines Review all attendance expectations, policies and procedures as well as rewards and consequences for attendance record
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	 Ensure family and teacher updates around attendance Call parents who did not notify coordinator of absences prior to program start Get daily absence list from office Ensure parent/caregiver contact information is up to date Engage school day personnel for additional information around home life and new challenges the student/family may be facing

 d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program. 	 Create/mimic school day recognition process Develop an incentive program that will encourage studen to come to school and program daily.
SECTION 10: Transforming School Culture and Climate After school programs can play a critical role in support the sch make schools positive, supportive places for all students to star	nool's efforts to transform school culture and climate, helping to y engaged, be successful, and thrive.

We are also making a targeted effort to identify, reflect on and improve on our areas of growth when it comes to program improvement in order to engage students in their own social development.

Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

2014-15 After School Enrollment Policy for <u>Givass Valley</u> School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings. •
- Enrollment policy will be shared with school faculty.

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population	
Students that will be able to attend program daily	Attendance Records		
Students Performing FBB/BB	 End of the year benchmarks School day staff referrals 		
Families in need of After School Programing	Parent and school faculty identified		
Students in need of academic support to improve and/or sustain current academic performance	Test Data		
Students with siblings	Enrollment Forms		
Students in need of social-emotional support	Parent and school faculty identified		
Students who need to increase their positive relationship to school and learning	Parent and school faculty identified		
Students who will bring balance to the program	School faculty identified		
Students that will increase their school day attendance based on enrollment	Parent and school faculty identified		

Target Population: (Describe targeted student populations in order of priority, Specify data that will inform student selection.)

into the program		
Grade levels prioritized for progra	mming: None	

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for
 participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
 of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
 (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2014. Indicate how families will be notified of 2014-15 enrollment before the last day of school, June 12, 2014.)

Timeline	After School Enrollment Steps/Process	Individual(s) responsible

September 2014	New school year enrollment of families for remaining program slots and waitlist is created	Site Coordinator

Important dates to include in your timeline:

OAKLAND UNIFIED SCHOOL DISTRICT Office of the Board of Education

June 25, 2014

TO: Board of Education

FROM: Gary Yee, Ed.D., Superintendent

SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area Community Resources

Ma

ACTION REQUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,672,728.30. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

DISCUSSION

Vendor: Bay Area Community Resources

<u>Overview of Services</u>: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,672,728.30

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.
