Discussion:

Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

The license shall extend to permit contractors working for the District to use the software in the performance of their duties for the District.

15. **Non-Discrimination.** Contractor shall comply with all laws prohibiting discrimination in employment and shall include this nondiscrimination requirement in all subcontracts to perform work under the Contract.

All goods to be delivered hereunder may be subject to final inspection, test and acceptance by the District at destination, notwithstanding any payment or inspection at source. The District shall give written notice of the rejection of goods delivered or services performed hereunder within a reasonable time after receipt of such goods or performance of such services. Such notice of rejection will state the respects in which the goods do not substantially conform to their specifications. Acceptance shall not be construed to waive any warranty rights the District may have at law or by express reservation in this Contract with respect to conformity. Title to and risk of loss of Deliverables shall vest in the District upon acceptance.

18. Performance Guarantee. A performance guarantee may be required on award of annual contracts which exceed \$81,000.

19. Samples. Samples of items may be required by the District for inspection and specification testing and must be furnished free of expense to the District. The samples furnished must be identical in all respects to the items bid and/or specified in the Contract. Samples must be plainly marked with the name of Bidder, bid number, and date of bid opening. Samples may be retained for comparison with deliveries and if not destroyed by tests, may, upon request at the time the sample is furnished, be returned at Contractor's expense. Bidder/Contractor assumes all risk of loss of or damage to samples.

20. Severability. If any provision or part of this Contract shall be declared illegal, void, or unenforceable, such term or provision shall be deemed stricken and the remaining provisions shall continue in full force and effect to the extent permitted by law.

The District may, at its option, self-accrue tax and remit same to the state of California pursuant to the District's permit with the state of California.

23. Termination. The District may, by written notice to Contractor, terminate this Contract in whole or in part at any time at the District's convenience or for Contractor default. The District shall hold Contractor liable and responsible for all damages which may be sustained because of the Contractor's default. If Contractor fails or neglects to furnish or deliver any of the deliverables listed herein at the prices named and at the time and places stated herein or otherwise fails or neglects to comply with the terms of the Contract, the District may, upon written notice to the Contractor, cancel the Contract in its entirety, or cancel any or all items affected by such default; and may, whether or not the Contract is cancelled in whole or in part, purchase the Deliverables elsewhere without notice to the Contractor. The prices paid by the District at the time such purchase is made shall be the prevailing market prices. Any extra costs incurred by such default may be collected by the District from the Contractor.

24. Title. Title to and risk of loss of Deliverables shall pass to and vest in the District upon final acceptance by the District.

26. Warranty.

A) Contractor warrants that all Deliverables furnished hereunder will be free from defects in design, material, and workmanship, and will conform to applicable specifications, drawings, samples, and descriptions. All warranties shall be in addition to any warranties available under law and any standard Contractor warranty.

B) At the time of delivery, no software shall contain any virus, "Trojan horse," timer, counter or other limiting design, instruction, or routine that would erase data or programming or cause the software

There is no action, suit, proceeding, or material claim or investigation pending or threatened against Contractor, that, if adversely determined, might affect any Deliverable or restrict the District's right to use any Deliverable. Contractor knows of no basis for any such action, suit, claim, investigation, or proceeding.

D) Contractor warrants it has full title to the Deliverables and has the right to grant the District the rights and licenses contemplated herein without the requirement for consent of any third party.
