EXECUTIVE SUMMARY

Executive Summary – OUSD 2013-14 Budget

- The District's overall proposed budgeted expenses for 2013-14 are \$545.6M, down (\$-58.3M) from the \$603.9M based on the 2012-13 Third Interim Report. This decrease is primarily due to (\$-24M) and (\$-30M) decreases in the General Fund and Construction related funds, respectively. All the decrease in the General Fund is related to restricted resources (primarily Federal funds and local grants) either from reduced entitlements or prior year carryover not yet loaded.
- Beginning with the 2013-2014 proposed adopted budget, the District's method of projecting the majority of its State revenue is changing to the new Local Control Funding Formula (LCFF) based on the Governor's proposed State Budget instead of the Average Daily Attendance (ADA) Revenue Limit model.
- The Governor's May Revise revenue modifications have been captured in the 2013-14 budget, increasing the District's Unrestricted General Fund revenue by \$12.6M,
 - Cost of Living Adjustment (COLA) 1.565%, increase of \$3.5M
 - LCFF increase of \$9.1M
- This presentation provides more in depth information, building on previous Board sessions, detailing the specifics of investing in 1) Common Core Standards, 2)
 Transforming School Culture, 3) High School Graduation. In addition, a couple of programs (Adult Ed & Beginning Teacher Support BSTA) are highlighted as well.

OUSD BUDGET OVERVIEW

PROGRAMS – BEGINNING TEACHER SUPPORT (BTSA), ADULT EDUCATION

Programs – Beginning Teacher Support Assessment (BTSA)

2013-2014 BTSA REDESIGN

Due to federal budget cuts, targeted BTSA funds have been reduced. We are leveraging the talent of teacher leaders to support and coach new teachers in core academic areas thereby increasing coherence and our capacity to support BTSA teachers. To support new teachers we are offering two support models that will offer support and coaching as well as help teachers clear their credentials. The two service models include: 1) traditional centralized coaching for Special Education (SPED), World Language, Visual/Performing Arts, and Physical Education (PE) teachers, and 2) an innovative model where BTSA teachers receive support and coaching from a site-based teacher leader team focused on the transition to the Common Core/Next Generation Science Standards. BTSA teachers participating in either model will receive support in effective classroom practice aligned to the Common Core and the California Standards for the Teaching Profession in addition to assistance to clear their credentials.

	SY2013	SY2014
Support Structure	Coaching/Mentoring for each new teacher through centralized teacher support	 Coaching support for: SPED, PE, World Language (WL) and Visual/Performing Arts (VAPA) BTSA teachers Site-based BTSA support provided by Teacher Leaders (TL) who serve as members of the Instructional Leadership Team (ILT). TLs will support and coach BTSA teachers.
Principal Role	 BTSA Coach approval Communication with BTSA program regarding new teacher progress 	 Establish ILT and establish time and structure for BTSA teacher support and coaching Ensure ILT develops and monitors school-site supports for BTSA teachers Ensure Teacher Leaders participate in required support provider training
Support Providers Roles and Responsibilities	• Weekly coaching with New Teacher	 Provide weekly coaching to SPED, WL, PE and VAPA teachers Literacy, Mathematics and Science Teacher Leaders provide onsite support and coaching for BTSA teachers
Delivery Model	Centralized	 Site based school support via ILT Centralized support to clear credential
Outcome	• New teachers supported to clear credentials	 New teachers supported to clear credentials via Teacher Leader support, with strong emphasis on Common Core/Next Generation Science Standards

Programs – Adult Education Services

Oakland Unified School District

Proposal for Adult Education Services 2013-14

Adult Education Services for 2013-14 should be developed within the context of these current considerations:

OUSD Board Intention

The Board's direction to the District indicates a strong interest in maintaining current programming in Family Literacy and GED, and to participate in a regional consortium with the Peralta Community College District.

A Regional Approach to Providing Adult Education in Oakland

All of the state budget and program proposals (governor's, legislature's, LAO, CDE and Adult Education professional organizations) all indicate a need for coordination between K-12 and Community Colleges.

Current State Budget Direction

Based on what we know before the State Budget for 2013-14 is signed into law, the Governor has proposed that funding for Adult Education be contingent upon current District Adult Education allocations in order to be eligible to participate in a regional consortium.

One Million Dollar Allocation Doesn't Cover All Adult Education Expenditures

Funding over the past two years for Adult Education included a one million dollar District allocation, federal and state dollars, grants, and other soft funding. The program now receives less funding from these other non-district sources and expects \$1,360,000 in known dollars for 2013-14. Staffing adjustments are called for.

Given these considerations, the Adult Education programming/staffing proposal would do the following for OUSD in 2013-14:

- All Family Literacy and GED courses, GED Testing Services, and the sites where they are offered would be maintained. This would fund all current classroom staff in these two program areas.
- Family Literacy and GED would be housed together under Family, Schools, and Community Partnerships Department to streamline services and poise for developing regional consortia with Community Colleges and community based organizations.
- The Certified Nursing Assistant program and the Administrative Assistant training program would be eliminated due to no more grant funding. This does not affect any current students. Potential students for those courses would be redirected to neighboring adult schools for referral and could be eligible for transportation and childcare vouchers. The Project SEARCH program, a course designed for adults with disabilities for training internships would continue as it is fully funded through the Dept. of Rehabilitation.
- Adult Education infrastructure would be reduced to one administrator and two classified staff. Two TSA's, an administrator, a Data and Accountability Manager would be eliminated. The remaining staff would take on the duties of those eliminated in addition to the work they currently do.
- A coordinator with history and expertise in collaboration with K-12 and Community Colleges could be funded for a transitional year to strategically prepare the District to provide regional coordination and to serve the FSCP Department.

We recommend approval of this programming/ staffing proposal for Adult Education for OUSD in 2013-14.
