To Whom It May Concern:

Education for Change is submitting a request for material revision of the charter petition for Learning Without Limits. The Learning Without Limits charter petition was approved in spring of 2011 for a 2012-17 charter term. The Kindergarten Readiness Act was signed into law changing the kindergarten entry date and creating Transitional Kindergarten.

Learning Without Limits is submitting a material revision of the facilities section of its charter allowing us to operate its Transitional Kindergarten program at a separate location close to the Learning Without Limits School. We look forward to the Board's formal response and to partnering around Transitional Kindergarten moving forward.

We can be reached at hthomas@efcps.net or (510) 759-1331.

Sincerely,

A handwritten signature in black ink, appearing to read 'Hae Sin Thomas'.

3. The program will serve TK eligible students enrolled at ASCEND and Learning Without Limits
4. Adequate home office and support staff will be assigned to the TK Village
5. Education for Change leadership is currently collaborating with DCSI Holdings in securing a property adjacent to Epic Charter School (at 1112 29th Avenue in Oakland, California) located at 2901 East 12th Street (corner of 29th and East 12th Street).

Charter law outlines the requirements related to the material revision of the charter school petitions specific to proposed changes to the location of the charter school. The following excerpts are taken from the Charter Schools Act, Education Code 47605

- (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition.
- (b) (4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.
- (c) (g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be used by the school.... The description of the facilities to be used by the charter school shall specify where the school intends to locate."
