I. Public Comments On All Non-Agenda Items Within the Subject Matter Jurisdiction of the District - Up to 45 Minutes

12-0470**Public Comments on All Non-Agenda Items Within the Subject Matter Jurisdiction of the District - Up to 45 Minutes - February 8, 2012**

Public Comments on All Non-Agenda Items Within the Subject Matter Jurisdiction of the District - Up to 45 Minutes - February 8, 2012.

Joel Velasquez, parent, questioned the closing of elementary schools while at the same time opening charter schools. He said the District cannot take anymore petitions for charter schools.

Timothy Terry urged the District to get back to the roots of public education. He said closing schools is an attempt to destabilize neighborhoods. He asked about the origin of the Mutual Matching process.

Oscar Wright asked for equity in the District for all children. He said Black students are still being left behind and there needs to be justice and equality for all.

Ben Tapscott, New McClymonds Committee, asked Board Members to reconsider the vote to close the five schools and he stated the community needs to unite in solidarity to oppose any closures for next year.

George Holland, NAACP, asked for a response in writing to NAACP to the Board on the disproportionate suspensions of African American youngsters, inadequate teacher review, and social promotions.

Feji Ajoyi-Dopern, Edna Brewer After School teacher, read a list of demands to Board Members regarding the closing of schools.

Jack Gerson, retired teacher, said OEA has been without a contract since June 2008. He stated OEA is asking for adequate pay and OEA was told there was no money. He said OEA members were arrested at Wells Fargo Bank last May. What has the District done about that? The District has never joined the fight.

Josh Healey, community educator, spoke on school closures. He said the community and students are not going away. He said people are leaving and he asked Board Members to revote on the school closures.

"Kryst Of" with Occupy Oakland said there is a list of reasons why the District chose five schools to close. He said the District's strategy of cutting the low performing schools is forcing the affected community to appear before the Board.

Etha Jones, NAACP, asked the Board to rescind its vote on the closures of the five schools. She said McClymonds will be going through the accreditation process soon and there is one Advanced Placement class and 21 courses. There are no computers in the school at this time. She asked the Board to be more transparent in its diligence and in its communications.

Nick Palmquis stated the needed changes will come from the community. When we talk about not closing schools, we do not need to experiment within the District. He stated March 1 is a National Day for Public Education.

Zachary Seldon, Special Education teacher, talked about school closures and class sizes in Special Education classrooms. He said the children in the Special Education program have many needs.

Bob Mandel, retired teacher, spoke on Mutual Matching which assumes that teachers are

not a good fit, therefore, they have to be forced out. He said Administration failed to follow through on QEIA funding approved in 2006 for the lowest achieving schools in Oakland and only 19 schools were eligible for funding because the District did not do its homework. Of the 19 schools, 14 might lose their funding because the District did not do its homework. He said Mutual Matching is a smoke screen and a diversion.

Tania Kappner, OEA, said the Board voted against the wishes of the community. School closures are not saving money and it is about privatization. Parents want a good quality public school. It is not about funding cuts. She said we need to stand up for Oakland against the school closures.

Wandra Boyd talked about the need to educate all children well and ensure that all kids are necessary.

Betty Olson-Jones, OEA President, said OEA presented reasons why the five schools should not be closed. She also said the mutual matching process is an attack on seniority and closing the five schools is another way of pushing teachers out.

Roll Call (Secretary's Observation)

Student Director Reid present at 6:20 P.M.

Present 9 -

Student Director Isabel Montoya, Student Director Donovan Reid, Director David Kakishiba, Director Gary Yee, Director Noel Gallo, Director Christopher Dobbins, Director Alice Spearman, Director Jumoke Hodge, and Director Jody London

J. Report of Regular Board Members

[12-0471](#)

Report of Regular Board Members - February 8, 2012

Presentation of Individual Report of Regular Board Members.

Director Spearman requested the Superintendent to explain how the Loan Payment is done. She said the District does not have the option of not paying the note, as the State does not own the note.

Director Gallo recognized three Urban Promise Academy students for their perfect attendance and 4.0 GPA. Director Gallo said he would be sponsoring the three students on their visits to colleges in Southern California.

Director Dobbins reported on upcoming District activities, including the District Spelling Bee at Tilden, the Jazz Showcase at Oakland Technical High School, and the Golden State Warriors Black History Month Essay Contest.

Vice President Hinton Hodge reported on the grand opening of the McClymonds Youth and Family Center, Mayor Jean Quan's 100-Block Initiative & recruitment of youth for summer jobs, acknowledging African American Males Initiative and the importance of their own healing work to support young men and activities at the West Oakland Middle School Health Center.

President London had announcements on upcoming events in the District, including the Martin Luther King Jr. Oratorical Regional Competition K-5; and fundraiser at Yoshi's for Oakland Public Schools.

Roll Call (Secretary's Observation)

Student Director Montoya absent at 6:30 P.M.

Present 8 -

Student Director Donovan Reid, Director David Kakishiba, Director Gary Yee, Director Noel Gallo, Director Christopher Dobbins, Director Alice Spearman, Director Jumoke Hodge, and Director Jody London

**11-3266****Amethod Public Schools - Oakland Charter High School - Petition and Proposed Charter (Renewal)**

Approval by Board of Education of Amethod Public Schools - Oakland Charter High School - Petition and Proposed Charter (Renewal), as amended, incorporating revisions, conditions, and deadlines as stated in the Report dated February 8, 2012, if any.

Attachments: [11-3266 - Amethod Public Schools - Oakland Charter High School - Petition and Proposed Charter \(Renewal\).pdf](#)
[Public Hearing - Presentation - Oakland Charter High School - Petition and Proposed Charter \(Renewal\).ppt](#)
[11-3266 - Decision - Amethod Public Schools - Oakland Charter High School - Petition and Proposed Charter \(Renewal\).pdf](#)

Gail Greely, Coordinator, Office of Charter Schools, did a review of the school's performance over the charter term. She said AMETHOD opened in 2007 as an independent charter school and is affiliated with Oakland Charter Middle School. The school has a current enrollment of 157 students: 70% Latino, 22% Asian, 26% English, and 82% qualify for free and reduced lunch. The school is currently served by the District's Special Education Program but has proposed membership in the El Dorado SELPA.

Ms. Greely reviewed the measurable student outcomes and the scores have been very high since the first year. The school has an API of 938 with a similar schools rank of 10.

Ms. Greely reviewed the strengths and challenges of the program and said it is the staff recommendation to approve the charter renewal as revised to include required text revisions that are included with the report, including revisions to measurable student outcomes.

Facilities Matter(s)

[12-0004](#)

Facilities Master Plan (FMP) - Revised - Fiscal Year Commencing 2012 - Community Engagement

Presentation of Community Engagement Plan Regarding Development of the District's Facilities Master Plan - Revised - Fiscal Year Commencing 2012.

Attachments: [12-0004 - FMP - Revised - FY Commencing 2012 - Community Engagement .pdf](#)

Timothy White, Assistant Superintendent, Facilities Management, used a powerpoint for his presentation on the Facilities Master Plan. Mr. White reviewed components for community outreach. He said the public would be informed about the guiding principles in supporting the education of youth and families, and the broad scope of various projects. He stated the projects total \$1.5 billion dollars and we are unsure about funding to address all needs. Mr. White said there are two meetings planned in the three regional areas and it is hoped to launch this out by February 28 and to bring a recommendation to Board by the April Board Meeting.

In response to Director Yee, Mr. White said the Facilities Master Plan draft is available on line.

Director Yee asked if language could be included that incorporates site needs, usability of sites, traffic safety, use of central buildings, computer infrastructure, internet infrastructure, and community kitchens. He said he would hope the survey captures that.

Director Gallo asked how we are doing to make our kids competitive with the facilities we have? We keep talking about science, technology and math. This District does not have the ability to compete with kids around the world. How does the District plan to take our kids to the next generation to compete?

President London asked about dates for Regional Meetings? Tim said by next week we will have dates and sites.

Mr. White stated he wanted to take some of the questions from the study session out to the public.

President London asked Mr. White to update the Board in April.

Vice President Hinton Hodge asked how he measured success coming out of the meetings?

Mr. White stated it was important to get input and informing the public about the master plan in the context of our Strategic Plan and Vision for the District. He said it is very important for the community to be able to express their needs.

Vice President Hinton Hodge stated there are five specific West Oakland site plans. She encouraged the District to be more proactive in our work and to talk about the potential synergy.

[12-0279](#)

Restablishment/Reopening of Fremont High School - School Year 2012-2013 - Office of School Transformation

Approval by the Board of Education of the reestablishment and reopening of Fremont High School, effective School Year 2012-2013, and authorizing the filing of the appropriate CDS code application, and other related documents, if any, with the California Department of Education to effect the foregoing authorized action.

Attachments: [12-0279 - Restablishment-Reopening - Fremont High School - SY 2012-2013 - Ofc. of Sch. Trans.pdf](#)

Deputy Superintendent Maria Santos said the Board on October 26 of 2011, voted to close the three schools on the Fremont campus as of June 30 and we are asking for formal action to establish a CDS Code for a single school code for a single site on the Fremont campus.

In response to Director Dobbins, Deputy Superintendent Santos said the enrollment at Fremont is just under 1,000.

President London asked if any physical plant changes are planned to unify the schools as we consolidate the campus on the Fremont site? Mr. White said physical changes were made to accommodate the schools as they are now and Fremont does have a project now on the books.

Director Kakishiba said he supports this. The Board has talked about high schools as a priority and the presentation from LPS was very instructive in that. Under its present leadership LPS has some very heavy hitters. At the four schools on a single campus, no one is outshining anyone. He would like to have a full presentation on what we have learned and what do we think is going to work? Director Kakishiba said he would like to schedule a presentation sometime this year on our plan and analysis, what our students need at the two campuses in terms of best practices based on the needs, and what is our theory of change or game plan? He would like the Board try to follow and understand this and champion what we are doing.

AB 18: Education finance

Ms. Vargas said this is a two-year bill related to budget and finance and they have been working with Assembly Member Browley about building a more comprehensive data system to provide more user-friendly ways to review allocations for school level financial data.

Vernon Hal, Deputy Superintendent, Business & Operations, stated there is not enough information about the level of user-friendly. President London asked if we could keep monitoring the bill.

No action was taken by the Board on this bill.

AB 331 Browley - General Obligation Bond for capital improvement

Ms. Vargas said the bill did not make it through Committee the last time because of the financial implications. We are waiting to see if a new version of the bill will be produced.

Vice President Hinton Hodge asked about the School Food Program and Farm to School conversation.

Ms. Vargas stated she could do further investigation and they have a track recommendation. There is interest by the Assembly Member for ideas to bring more local produce to schools and to get reimbursement for some of the costs.

Vice President Hodge noted the school district is in the process of doing its own feasibility study about food services and our ability to source our own food locally; if it would be a full recommendation to model some of the work.

President London, stated, if there is Board consensus, we can give direction to our legislative advocate to look for opportunities for incentives and reimbursements to promote locally sourced ingredients in our nutrition services department.

Director Yee asked if this was going to be a free for all that we all put different things that we want the Legislative Advocate to follow up on? He would prefer to have a conversation about a policy utilizing the services of our lobbyist because it costs a certain amount of money to do.

President London said she would ask that we prioritize before our next meeting 15 minutes where you come in with your ideas and we have a conversation around other things we would like to pursue in legislation.

Director Yee said he would prefer that the Superintendent start out with an agenda for us, then have the Board react to it. He said every Board Member would have a particular area of interest. Do we want to create an agenda for the lobbyist?

Director Spearman said we do not have to do the food stuff because we have a policy already stating what we have to do. We do not need a policy and we do not need to go to the Superintendent. We have already made policy. When it comes to legislation, we have a lobbyist. They come to us with proposals with what we need to do and we need to listen to them or get rid of their contract. We do not need to have the Superintendent coming back to us and the lobbyist staff coming back to us. She thought that the intent was they worked and talked together off line; then when it was time, to present it to the Board. Then if there are questions, every Board Member should have the opportunity to ask questions, then the lobbyist gets back to us with a recommendation. She said she does not like what she just heard. We have the proper people to do the proper stuff. If we need to do some of this stuff, then we need to do a study session and we need to have some clear goals about what we need to do.

Director Yee said he would support the Board leadership meeting with the Superintendent to collaboratively develop the agenda for the Board to consider, then we would vote on the whole package.

Director Spearman said she would be more comfortable with a Board committee conferring with the legislative advocates. She said the full Board needs to be more engaged in these

conversations. The Board is not being told about these conversations.

Director Kakishiba asked if the Board is seriously considering the introduction of legislation by the deadline? Unless there has already been something discussed, we need to move on. We already endorsed three bills.

Vice President Hinton Hodge asked the Legislative Advocate to bring back a report regarding the Farm to School Bill and any work in legislation that is currently out there around food, school luncheons and USDA because we are going through a feasibility study and she would like to know what is happening at a State level versus what is happening on the local level.

Ms. Vargas said they would do that for Vice President Hinton Hodge.

Discussed and Closed

12-0532 California State Legislature - Endorsement - Legislative Bill AB 1172

Adoption by the Board of Education of Endorsement or Support of California Assembly Bill 1172.

Sandra Vargas, K Street Consulting, stated AB 1172 (Mendoza) regarding charter schools, was recently amended. It would make one of the criteria for a school district to deny a petition to a charter and add to the list that if the school district is suffering from declining enrollment, under a qualified fiscal status, that it would not be able to accept that criteria.

President London said the language has been amended to say if a school wishes to convert from being a district school to a charter school, and they have a qualified certification, or would receive a qualified certification because of the charter, that would be considered as grounds for denial.

PUBLIC COMMENTS ON THIS ITEM

Jim Mordecai said the California Charter School Association, prior to the committee rejection, it is a 2 year bill, then after amendments, they had a lobby day and they were able to successfully defeat it. Down the line, the implication is to stay alert and organize forces to defeat it again. This bill is about the ability to say yes or no because of the possible fiscal damage to Districts. He said CTA was in support of this. He said every time the district approves another charter school, the power of the organization to lobby is increased.

Director Spearman asked about the wording. Ms. Vargas said the bill has been amended as of January 26 to include the language on a qualified certification by a school district. Director Spearman said she believes the language will be changed so as to not be beneficial to the District and she is hesitant to support a bill that is not in its final stages. Ms. Vargas said that she believes CTA is in support of this bill.

[Later in the meeting, Ms. Vargas checked legislative records and stated that CSBA was not listed in support of this bill]

Enactment No: 12-0238

12-0533 California State Legislature - Endorsement - Legislative Bill SB 81

Adoption by the Board of Education of Endorsement or Support of California Senate Bill 81.

Sandra Vargas, K Street Consulting, said this puts back into the State's General Fund the \$240,000,000 that was taken out midyear for Home to School Transportation. The bill passed through legislation and is waiting Governor's signature. Ms. Vargas stated if the bill is not signed by the Governor, there will be others that will attempt to do the same thing again. There are other proposals that instead of making the Home-to-school cuts to districts that have a Home-to-school program, it would make across the board cut to every school district. Small school districts would be affected by this also as they receive a big chunk of Home-to-school funding.

Superintendent Smith said the effect on Oakland would be approximately \$2.8 million, and the way the bill is structured, it would mean \$1.4 million to us in that it is not replacing the full cost of Home-to-school transportation.

Director Yee said he read that this bill disproportionately affects Los Angeles Unified and they are the primary beneficiaries of the readjustment. The money, if it is restored, has to come from somewhere and it is his understanding the money would come from the General Budget of the Education side of the budget. Ms. Vargas stated it is normally funded by Prop 98. Director Yee said it would then come out of some other category and that would be his only concern. He would prefer us to do more due diligence on it.

Vernon Hal, Deputy Superintendent, Business and Operations, said there are many rural school districts that would be severely impacted. With this being restored, it is his understanding there are additional reductions to our revenue limit and the impact is the \$1.4 million. We do benefit.

[12-0489](#)**Report - District's Cash Flow - Fiscal Year 2011-2012**

Presentation of Report from Superintendent of Schools or designee on the District's actual cash flow as of November 30, 2011 and projected cash flow through June 30, 2012; trends, problems and issues, if any

Attachments: [12-0489 - Report - District's Cash Flow - Fiscal Year 2011-2012.pdf](#)

12-0489 CASH FLOW REPORT - 10:30 p.m. - tape 5:23:21

Roberta Sadler, Controller, reviewed the cash flow report that represents actuals from July to November and projections from December through June. She said there is a projected \$29,000,000 cash shortfall at the end of June due to continued deferral of State aid. For Oakland, that represents approximately \$47,000,000. She said the District is continuing to borrow to meet our fiscal obligations at year end. Ms. Sadler said we will be using a different method for borrowing which will be a Tax Revenue Anticipation Note (TRAN) and there is no open market.

Ms. Sadler stated as a result of the Governor's preliminary January budget, the current year revenue limit adjustment will have a positive impact on our cash flow as of the Second Interim which ends in March and which will reduce the amount of projected borrowing for the District.

Director Kakishiba asked about the ending cash balance for May and June.

Ms. Sadler stated the ending balance for June is \$29,384,149 which is a negative balance.

Director Kakishiba asked if the temporary loan from our building funds has been repaid?

Ms. Sadler stated we made one payment of \$10,000,000 in December and the remainder of \$15,000,000 will be paid in April.

Vernon Hal, Deputy Superintendent, Business & Operations, stated we will be borrowing between \$25,000,000 and \$30,000,000 because we continue to have our cash deferred by the State.

Director Gallo asked the State Trustee to validate the accuracy of the report, the District's financial condition, our borrowing principles are accurate, and that the District is going in the right direction in terms of meeting the \$29,000,000 negative cash flow.

State Trustee Naylor stated the report is a projection of when the expenditures will be made and revenues will be received which is a best guess at this point based on the best data available. It could change between now and June. The two most effective strategies that the District will be using is to borrow from other funds within the District and the new TRANS which is not a normal TRANS that the District would enter into. The County Treasurer has agreed to buy the debt from the school districts within the County and many school districts are going to participate within this TRANS. It is a County government financed obligation.

Director Gallo asked about the terms and amount of the TRANS. Mr. Hal said the amount will be determined at Second Interim. Ms. Naylor said the TRANS will be required to be paid back in the first four or five months of the next fiscal year.

**12-0492****Application for Exemption From the Required Expenditures for Classroom Teachers' Salaries - FY 2007-2008 (Revised)**

Approval by Board of Education of District's Application for Exemption From the Required Expenditures for Classroom Teachers Salaries for Fiscal Year 2007-2008 (Revised) and authorization to submit same to the Alameda County Superintendent of Schools.

Attachments: [12-0492 - Application for Exemption From the Required Expenditures for Classroom Teachers' Salaries - FY 2007-2008 \(Revised\).pdf](#)

Vernon Hal, Deputy Superintendent, Business & Operations, said this item relates to the 55 percent calculation for teacher salaries for 2007-2008 and asking for a county waiver for the penalties. At the last meeting, we were asked for a recalculation because of a shortfall of \$1.6 million. The actual audit finding from the state was that they disallowed approximately \$35 million in adjustments and the County asked us to ask for a waiver based on the audit finding.

PUBLIC COMMENTS ON THIS ITEM

Jim Mordecai asked about the 1.6 MILLION. He said he did not understand if the finding increased it or decreased it.

Director Dobbins asked for clarification about the discrepancy.

Mr. Hal explained the calculation and the adjustment. He said the State Controller disallowed the adjustment and increased the penalty. The actual audit finding was \$37 million from the State Controller because they disallowed the adjustments.

[12-0268 - Leadership Public Schools \(LPS\) Oakland R & D Campus - Petition and Proposed Charter - Withdrawal.pdf](#)

President London opened the Public Hearing at 8:32 P.M.

Dr. Louise Waters, Superintendent, Leadership Public Schools, used a powerpoint for review of the charter petition renewal. She stated the petition proposes a new campus-LPS Oakland R&D Campus-which will replace LPS College Park with a new program and new facility in the airport business park. Dr. Waters said it is based on research conducted on their four campuses for the past 3 years and represents a completely new educational model designed to address needs of students entering high school with many challenging life circumstances and at Far Below Grade Level. She stated their program utilizes technology in a blended program with 3 major components. One of their core responsibilities is to build strong literacy and numeracy foundations. They have been addressing underprepared students to succeed in college prep courses through partnerships with foundations to develop on-line courses that have embedded support to textbooks.

Dr. Water reviewed information on Building Economic Assets for technology skills, transitioning to college and the need to develop organizational, communications and self-advocacy skills for college; and review of information on program offerings on core courses and use of technology, multi-media and linked learning activities.

Dr. Waters said she hopes to form a partnership with the District. She introduced a LPS student who shared her experiences at LPS College Park. The student said she was given an opportunity to take a classes which helped prepare her for college.

BOARD COMMENTS

Director Yee asked if the on-line textbook had been peer reviewed and does it meet the State content framework?

Dr. Waters said it meets the State content framework and there are adaptations which have been State approved which meet Williams Act requirements.

In response to Director Gallo, Dr. Waters said most of the students come from East Oakland although they have students from the downtown area, and the Hegenberger--98th Avenue corridor.

Dr. Waters spoke of their multi-pronged approach. She said there is a need to reach beyond the 12th grade and there has to be something that hooks kids beyond the immediate and keeps them going through high school and beyond. Her theory of action is accelerating the academics, and they are looking at a new period that is Grade 12-13 that would bridge the gap .

Dr. Waters said one of the things they are doing is building a first-year college for alumni. It

seems likely that they are not persistent in college. We have a number of students that will take five years of high school.

[12-0444 - Decision - American Indian Public Charter School II - Petition and Proposed Charter \(Renewal\)](#)

President London opened the Public Hearing at 6:30 P.M.

Ms. Katena Beckford, Site Administrator, American Indian Public Charter Schools II (AIPCS) is located in downtown Oakland. She said the Board will be hearing from the school community in support of AIPCH. A former student said she chose to become a teacher so that she will be able to give back what she received at AIPCS. Another graduate said she will be graduating this spring from UC Berkeley. She said AIPCS had a structured environment, is a model and the Ben Chavis Scholarship Fund enabled her to attend college. Another AIPCS graduate said he went on to graduate from Dartmouth and that AIPCS met his educational requirements. He said he spends his summers at AIPCS to help tutor the students. A current AIPCS student said he is very pleased with the school and is taking 3 Advanced Placement classes and one foreign language class. A parent of a current student spoke of the tutoring and extra help available to students and she said she was in support of the charter petition. Another parent said he wants AIPCS to stay open and spoke in favor of Kindergarten class. A staff member stated AIPCS has created a unique environment and the school community is willing to address any concerns the Board might have.

PUBLIC COMMENTS ON THIS ITEM:

Oscar Wright said he met Dr. Ben Chavis almost 16 years ago and Dr. Chavis developed a plan that met the State framework. AIPCS is constructing a foundation for kids at an early age. He said we need to level the playing field and give every kid an equal opportunity.

Jim Mordecai said the AIPCS has demonstrated high standards and the students are outstanding. The issue is that the students had to leave Oakland Public Schools. He urged the Board not to approve any charter petition because it would mean the privatization of public education.

Ken Adler, parent, spoke in support of AIPCS II renewal. He has been associated with AIPCS for approximately five years. The school provides a safe environment and has done a good job.

Lonnie Lee, parent, spoke in support of the AIPCS II renewal. Her son was a student at Claremont Middle School, but they pulled him out because of safety issues. She said her son has a 504 and his teacher is acclimating him beautifully.

[12-0451 - Presentation Lazear Charter Academy Petition and Proposed Conversion Charter.pptx](#)
[12-0451 - Decision - Education for Change - Lazear Charter Academy - Petition and Proposed Conversion Charter](#)

President London opened the Public Hearing at 7:00 P.M.

Jessica Evans, Chief Academic Officer, Education for Change (EFC), used a powerpoint for her review of the mission of the Lazear charter petition. She said the mission is to provide a superior education to all of our students and high quality instruction.

Enikia Ford-Morthel, Principal of Cox Academy, continued the powerpoint review. She reviewed API results and school demographics for Lazear. She said EFC has rigorous instruction that is data driven. Another EFC staff member reviewed powerpoint information on the excellent STEM curriculum, the implementation of engineering, gateway to technology, and the strong foundation in math. The middle school mode includes socio-emotional support and building a strong and continued immersion into STEM. The key is to have students successfully pass algebra by Grade 8.

Clementina Duron, referring to the powerpoint, said only 49 percent of the Lazear families received their first choice in school selection and more than half of the students have been assigned to schools that are more than one mile from the Lazear school while most parents walk their children to school every day. She said with the approval of the Lazear Charter Academy, these issues will be resolved. She said the community has always had a commitment to the best education possible for its children. After reviewing different charter organizations, they ultimately decided to ask Education for Change to become their charter sponsor. The parents value autonomy and they have been persistent in fighting for their children. Ms. Duron stated EFC represents and advocates an emphasis on developing the whole child. Lazear school has placed an emphasis on science and EFC has made a commitment to expand science. The Lazear community is asking the Board to approve the charter for Lazear School so that their children can be competitive in the world of work and have a bright future.

Olga Gonzales, parent, said the community is interested in the charter because the Board has left them no choice. The community has continuously presented reasons why the school should remain open and they challenged the criteria for closing schools to no avail. Key commitments were made by the District in the transfer plan, but the key commitments were broken. They were promised a regional fair, bus tours, open houses, a matrix of available sites and site coordinator at the site. Ms. Gonzales said many Lazear parents were threatened by District personnel who told parents that their children might not receive an assignment which, in fact, did happen. Ms. Gonzales asked the Board to support their becoming a charter.

Maria Martinez, fifth grade teacher at Lazear, stated 90 percent of the teachers signed the petition to change the school to a conversion school to go charter. She said she signed the petition. The school will have an emphasis on science, math and technology, with a reading program for accelerated readers. She said the design of the school closures was poorly planned and not well thought out. She said when people were filling out their

applications, parents were told that if they did not list four schools, they would not get their first or second choice. She said there was a lot of disrespect for the parents. Many of the children were chosen to go to La Escuelita which is on Second Avenue and the parents live in the 29th Avenue area. Many parents cannot afford bus transportation. There is no mention of a school bus picking up the children. She said there is no other choice and they are hoping the Board will approve Lazear as a charter school.

Manuel Huerta, student, Lazear, addressed the Board. He said he was sad when he learned his school would be closing because he has one of the best teachers and a great principal. He said he is losing some good friends because they are being sent to different schools. He said the District promised them better schools and the District owes them at least that much.

Clementina Duron provided translation for another parent, saying the parent's discontent is with District personnel. The Lazear parents have yet to receive the support promised by the District. She has not yet received a letter regarding her son's designated school. She went to the School Assignment Office and they could tell her nothing except that she would have to wait until March 17 for an assignment. She asked why her child was not assigned to a school in December and why does she have to wait until March? She said the parents are tired of broken promises. The parents are asking for Board support for the Lazear charter.

PUBLIC COMMENTS ON THIS ITEM:

Aurora Barajas, Lazear coordinator, said she was raised in the Fruitvale area and attended Lazear Elementary School. She said the after-school instructors have been trained to work with the Lazear students. Science is offered after school since Lazear became a STEM school. Lazear is a great example of a full service community school. She is in support of the charter school.

Alma Chavez, speaking on behalf of a parent, said she is in disagreement with the assignment because she is a full time working mother and cannot afford to take time off to pick up or drop off her kids from La Escuelita. She requested ICS and TCN as her options which were denied. She submitted a letter to the District and was treated disrespectfully by a District person. What was the point of an Options Process if it was not going to be respected?

Jim Mordecai said he is opposed to the confiscation of a public school and this school does not belong to Lazear parents. It belongs to the public. He said his taxes helped to upgrade Lazear, including the soccer field. He said the District is going to have a private group - Education for Change - which is top heavy and has former OUSD administrators. He said the law is ridiculous and allows confiscation of public schools.

BOARD COMMENTS

Director Kakishiba asked if the application is a conversion?

Charter School Coordinator Gail Greely said the petition is worded as a conversion and has teacher signatures. It has inconsistent language as to how much of the school is being converted and the petition is under review.

Director Spearman noted Lazear has had a long history of parent involvement. She stated a charter is not public; it has use of public money. She said her fear is that the Lazear community will no longer be the voice that they have been able to use all these years in Oakland. Director Spearman stated the Charter Office cannot get involved in any complaints that come from the community. The charters have their own governing board.

There needs to be more discussion and resolution about what is happening with Lazear.

Director Yee asked about the process if we get to the end of the school year ?

Ms. Greely stated the timing for this petition is the same. EFC has agreed to an extension of the timeline with a decision by this Board to April 24. Regarding start up for next year, in its charter school policy, the Board has expressed that it reserves the option to delay opening by a year for petitions that are received late in the year. We are reviewing that. She stated this petition was not filed in time for Prop 39 facilities, nor was an application made for Prop 39 and they are not eligible for District facilities.

Director Yee stated we have a process for transitioning families. He heard tonight that the process was unsatisfactory to the parents here tonight. Do we continue to proceed with the priority options process for all families? How is it going? We are obligated to transition the families and provide them the designated options. Is there an update on the process? We are not suspending our options process because of this application.

Superintendent Smith stated we will continue to address the issues that have been raised.

Director Yee said he would like to know what the District is doing in its transitioning policies and activities in this period of time.

Director Spearman said the Board asked about transportation when the Board took its vote. She asked if the District could install portables on the Think College Now campus in order to accept many of the Lazear students.

Director Gallo commended parents and students for their presentations tonight. He said these are our children that belong to families in his neighborhood. The children at Lazear deserve every opportunity that every other child gets.

Vice President Hinton Hodge acknowledged efforts of the Lazear community and EFC for their work. She asked EFC what is innovative and what is the STEM proposal? What does the academic program and classroom look like? She said this is a school that did tremendous work in the last year and had gains in their CST scores. She asked if there has been an analysis in the charter petition about what created the jump? Regarding Prop 39, is there any thought about location?

Jessica Evans stated they tried to focus the intention around the STEM piece which is probably the biggest innovation and integrating the engineering piece and being different than what they are doing now. There has been a lot done in science and utilizing the Foss curriculum. EFC schools have had many gains in math and they would be taking the same strategies and apply the same strategies to the Lazear curriculum. Ms. Evans stated in conversations with the principal, the accelerated reader would continue to be part of the program and EFC wished to maintain the science instruction elements.

Vice President Hinton Hodge asked if EFC would be the architect for Lazear's academic program? She does not know who the leadership team is.

Ms. Evans said they would work in conjunction with the site administration and teaching staff. She said this has been primarily driven by the parent community.

Vice President Hinton Hodge asked the Lazear parent leadership who they propose as the academic and instructional leader responsible for the charter academy?

Olga Gonzales said they would like Mr. Weaver to be their director, but it is his choice.

Vice President Hinton Hodge asked about space and not being on a Prop 39 list.

Rich McNeal, Controller, EFC, stated one of the options would be to stay in the building if the District so desired or to rent facilities in the area. Letters have been submitted to four facilities in the area. If it is out of the walking distance, they would provide busing to the parents.

Director Yee said a certain number spaces have been allocated for the priority Options Process and some of those spaces may be impacting other families who are interested in placement. Who is managing the whole process and to what extent does the Board need to provide the Superintendent direction as to how to proceed?

Superintendent Smith said he feels he has what he needs as to direction from the Board.

Denise Sadler gave an update on the transition process: There are several families who have contacted them and they have met regarding issues of placement. We are continuing to work on those. Many families clearly wanted ICS and TCN. We do not have the space for every family that wanted those slots. She said there are the nuances around Ascend and Learning Without Limits and potential other options. Ms. Sadler said we recently had a bus tour to several sites, including ICS, La Escuelia, Garfield, and TCN. There will be another tour next Wednesday. Families will get a letter in the mail and there will be fliers at the school regarding the additional tour. Ms. Sadler said the District has also been working on the transportation issue and we are in discussions with Petermann Transportation and the Unity Council for third party transportation opportunities for Lazear families. The District is re-evaluating the student placements for Lazear and Ms. Sadler stated she will be working with the Student Assignment Office regarding communications with the families. She said we will continue to work with families during the first week of April for all of the families at closing schools for school registration.

Regarding the request of Director Gallo asked about the possibility of rescinding the decision to close the schools, Director Yee said that is not his agenda. He stated he stands by the Superintendent in his decision to close the five schools and he supports the restructure of the District in a positive way to meet the academic and fiscal responsibilities that he has been entrusted with. He said he wishes to ensure the Superintendent follows through with the policy decision made by the Board.

Director Spearman stated at this juncture it should be said that we are going to do it or not going to do it because it has affected many schools. What are we going to do about transportation? Either we are or are not going to provide transportation. There is a lot of land on TCN and there is enough room to accommodate these people. Why fracture a community? She said it is clear there is no academic plan and no vision. What would be the cost of not expanding the campus where they could accommodate most of these children? The bus cost is expensive for children and the adults accompanying them. It would be better for us to look at expanding the campus.

Director Spearman reiterated her questions on clarification on the feasibility of expanding the classroom space at TCN to keep the Lazear family together and the cost of providing transportation to the Lazear children to another site.

Director Gallo said there are studies that show that area has a high concentration of families and there is a need for space. Regarding facilities he stated the Lazear families were looking for cooperation of staying where they are. Director Gallo said we have a school site which is a neighborhood school and the Board should consider allowing them to continue to use that site.

President London closed the Public Hearing at 8:11 P.M.

[12-0455 - Decision - Conservatory of Vocal/Instrumental Arts \(COVA\) - Petition and Proposed Charter \(Renewal\)](#)

President London opened the Public Hearing at 8:12 P.M.

Dr. Valerie Abad, Director of Conservatory of Vocal/Instrumental Arts Charter School (COVA), used a powerpoint to review information on the school's charter renewal application and a video was shown depicting the many programs offered at the school including keyboards, music of cultures, languages, touring as ambassadors of COVA, keys to COVA culture, and partnerships with Peralta Community College District .

Dr. Abad said the school has strong academics. For 2011 STAR testing, the school had a 66% Proficient and Advanced for ELA and 73% Proficient and Advanced for Math. All of the subgroups received API above 800. The school has a school-wide API of 868.

Dr. Sandy Carpenter Stevenson stated she is proud to be a part of a school moving forward. COVA Charter School a high quality and strong academic program and strong music program. She spoke in support of the charter renewal request.

Carolyn Jennings, teacher, said their arts education program helps students learn. Her class studies Math, Latin, and Social Studies. She asked for Board support for the charter school renewal.

Dr. Hollis Pearse said her background is evaluating charter schools . She said COVA is very intentional in their work and they have set benchmarks. They are a sustainable model and the students are very goal oriented.

PUBLIC COMMENTS ON THIS ITEM

Darla Tuning, COVA parent, said she placed her kids at COVA because of the music program. She said they knew it would help them become better students. She believes in this program which makes a difference in their children's lives.

BOARD COMMENTS

Director Spearman stated she is very pleased to see what has been done with this charter and that the students are achieving musically and academically. She is happy to see something different and innovative.

Director Gallo said he had an opportunity to sit with the parents and watch students perform at the Cinco de Mayo celebration. He congratulated the parents and students for a job well done.

President London closed the Public Hearing at 8:32 P.M.

Director Spearman noted there are over 300 individual items on this agenda from Special Education and all the Individual Service Agreement dates were from July 2010 through June 2011. What happened? None of these items came before the Board before now.

Deputy Superintendent Maria Santos stated the 2010-11 contracts are predominantly individual Service Agreements and one Master Contract. Each Individual Service Agreement needs to be publicly posted. In the past, we had one Master Contract which listed the agencies that were servicing the students. We have instituted a new practice this year and did some follow up with contracts from last year.

Amendment No. 1, Executives on Loan Agreement - Urban Strategies - Human Resources and Fiscal Services Departments

Approval by the Board of Education of Amendment No. 1, Executives on Loan Agreement - Urban Strategies - Human Resources and Fiscal Services Departments between District and Urban Strategies Council, Oakland, CA, for the period July 1, 2011 through June 30, 2013, providing highly skilled professionals on a short term basis to the District, for additional skilled professionals, as defined in the Scope of Engagement, at an additional cost of \$200,000.00, increasing the not to exceed \$338,100.00 per annum cost, to a not to exceed \$538,100.00 per annum cost, current fiscal year only (FY 2011-2013). All other terms and conditions of the Agreement remain in full force and effect.

Funding Source: General Purpose

Attachments: [12-0250 - Amendment No. 1, Executives on Loan Agreement - Urban Strategies - Human Resources and Fiscal Services Departments.pdf](#)

Director Gallo asked staff to explain why we are subcontracting services to get executives on loan to deal with Human Resources.

General Counsel Minor said during the current fiscal year and part of the last fiscal year, the district had a number of key vacancies we were unable to fill for a variety of reasons. Those positions have been filled on temporary basis by retired executives. She said Urban Strategies has agreed to be the employer of record for these positions. We have Gloria Gamblin as Interim Budget Director, Sue Woehrle who is running student services, Jane Nicholson who is facilitating the financial audit and there is one other person in Human Resources. This contract is to cover the four positions.

Director Gallo asked why is Urban Strategies involved? He said through a contract arrangement, consultants cannot supervise our employees. Why don't we have people in those positions so that they can supervise our employees?

General Counsel Minor said the District has had some difficulty in filling the positions. Some of these positions have been vacant for some time. We do have a new Budget Director who is starting on February 27th. In each of these cases, there are some very important reasons that are personal to the individuals as to why we are not contracting with them directly.

Enactment No: 12-0787

12-0347 Admission Hearing - Student Y

Enactment No: 12-0788

Passed The Pupil Discipline Consent Report

W. Introduction of New Legislative Matter

Vice President Hinton Hodge asked about items that have been raised over the past month relating to the OAL. Is there a special meeting planned? She said Director Gallo had talked about revisiting the restructuring plan. Is it going through the agenda review process?

President London stated Diretor Dobbins did request a new legislative item relating to the OAL and grading policy as was discussed earlier this evening. She said we can have the discussion around the OAL. The grading policy is a broader area because of how the grading policies pertain to the OAL.

Director Spearman recommended the Board have a discussion on the OAL and schedule a second discussion on the grading policies and practices.

X. Adjournment

President London adjourned the meeting at 12:20 A.M.
