State 3 – 4 primary goals of the After School Program and intended impacts for participating students.			
<ul style="list-style-type: none"> • Students will receive assistance to complete homework daily and will receive tutoring in ELA as needed. • Students will say they are in a safe, nurturing environment. • Students participate in sports, recreation, and arts activities weekly. • Students will participate in community building activities to support a positive school culture. • 100% of students will engage in extended day-academic intervention. 			
SECTION 3: OUSD Strategic Questions			
Complete the matrix for <i>at least two</i> of the following four OUSD Strategic questions			
Strategic Questions/Desired Outcomes	Strategic Activities	Outcomes of Strategic Activities	Data used to assess the strategic activities
<i>As a result of our ASP efforts...</i>	<i>What after school strategic activities will support the desired outcomes?</i>	<i>What short-term outcomes will you expect from your efforts by the end of the school year?</i>	<i>What data will be collected to measure these outcomes?</i>
High School Graduation: How many more Oakland children are graduating from high school?	The ASP will host a College and Career Day along with posting college visuals around campus.	Students will have a better understanding of the city, state and University of California education system.	Pre and Post Assessment
Satisfactory School Day Attendance: How many more Oakland children are attending school 95% or more?	The ASP will acknowledge perfect attendance every 12 weeks.	The ASP expects a 1% increase in attendance for the next school year 2012-2013.	The 12 week attendance report will be collected and compared to the previous year.
Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?	The ASP will host a Career Day in collaboration with the day staff.	Students will be expected to learn about various jobs and careers.	Pre and Post Assessment
Health and Well-being: How many more Oakland children have access to, and use, the health services they need?	Approximately 365 students will have access and use the health services at the Madison Health Clinic.	Majority of students will have access to health care.	The ASP will retrieve Health Clinic data referring to how many students utilize their

	services.
SECTION 4: Program Model and Lead Agency Selection	
For 2013-2014, my site will operate the following program model:	
<input checked="" type="checkbox"/> Traditional After School: <i>voluntary program open to all students, with enrollment priorities targeting certain students</i> <input checked="" type="checkbox"/> Extended School Day: <i>additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school</i> <input type="checkbox"/> Blended/Hybrid: <i>combination of some extended day and some traditional after school programming</i>	
Description and Rationale for Selection of Lead Agency	
Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development. For over twenty years, Bay Area Community Resources (BACR) has maintained an infrastructure that has successfully managed high quality after school programming throughout the Bay Area. This diverse agency believes in providing a safe and positive after school environment with nurturing adults for students, in which they can improve their academic and social skills. BACR strives to integrate the principles and practices of youth development into all activities. This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building communities.	
SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE	
In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483)	
High school programs are required to operate a minimum of 15 hours per week.	
Required # of Program Days your program will operate during School Year 2013-2014:	180 days required*
Projected Daily Attendance during School Year 2013-2014:	201
Program Schedule	
Submit program schedule as an attachment, using the standard program schedule template.	

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.

SECTION 6: Academics
 Your site should plan to offer a range of academic supports including:
 1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring
 Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.
 Academic activities should be aligned with school goals and support specific student achievement needs defined by the school.
 Activities should be based on sound instructional strategies aligned with the regular school day program

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development.

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Multi-Cultural Celebration	Family Celebration	Thanksgiving style potluck for families, students, and staff.	Attendance of families, students, and staff.	Yes
Mid-Year Celebration	Student Achievement and Family Celebration	Recognition of participants work and contributions.	Attendance of families, students, and staff.	Yes
March Madness	Staff-and-student together activities	Four days of competitive student vs. staff activities (i.e. basketball, soccer, and volleyball).	Attendance of students and staff.	Yes
End of the Year Celebration	Student Achievement and Family Celebration	Award ceremony and celebration with families, students, and staff.	Attendance of families, students, staff and community; and increase volunteerism.	Yes

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	Talk with students about the importance of regular attendance. Host an awards ceremony celebrating attendance.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	Inform parents during orientation of attendance expectations, distribute registration form that outlines importance of attendance, notify parents when students are chronically absent, place students with excessive absences on contract.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Monitor attendance (work w/ attendance to gather names of chronically absent from school day, compare day attendance with afterschool).
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	Hold award ceremony to celebrate good attendance. Pizza parties for sports teams to recognize consistent attendance.

SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

- PBIS (Positive Behavioral Interventions and Support)
- Restorative Justice
- Social and Emotional Learning
- Bullying Prevention

___ Other: (please specify) _____	
<p>b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? The Coordinator attends all COST meetings and works closely with the middle and high school administrators to ensure the after school program will be aligned with the school day vision and goals.</p>	
<p>c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.): Working in partnership with the Administrators and teaching staff, the ASP will continue to hold high standards, ensure accountability, and help the students follow the culture. Girls and boys groups will provide a forum for more in depth discussions on how to reframe perspective and shift awareness. The ASP will work with the other teaching staff and administrators to ensure there is a seamless approach to addressing students of color.</p>	
SECTION 11: Coordination with Other Service Providers	
<i>In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.</i>	
The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment between after school and school day efforts?	<input checked="" type="checkbox"/> COST team (Coordination of Services Team) <input type="checkbox"/> SST (Student Study Team) <input type="checkbox"/> SSC (School Site Council) <input type="checkbox"/> ELT (Educational Leadership Team) <input type="checkbox"/> PTA <input type="checkbox"/> Attendance Team/Workgroup <input checked="" type="checkbox"/> CSSSP (Community School Strategic Site Planning) team <input checked="" type="checkbox"/> School Culture/Climate Committee <input type="checkbox"/> Other (specify)
List key community partners whom you will actively collaborate with to accomplish the goals of your program.	Collaborate and coordinate services with Oakland Success Office, OUSD, Public Profit, Elev8, City of Oakland, Alameda County Health Department, Eastlake YMCA, and Community Outreach partners.
Identify other service providers and support personnel at your school (ie. school psychologist, School Based Health Center staff, counselor, mental health therapist, school nurse, parent liaison, etc.) whom you will actively	Wa Netta Daniels, School Nurse Gloria Negron, Attendance Clerk Clo Escudero, Elev8 Coordinator Victoria King, Family Advocate

2013-14 After School Enrollment Policy for Madison Park Business and Arts Academy

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in need of academic support and Intervention	School referrals, parent request (SES).	Students in need of academic support and Intervention
Students from socio-economically disadvantaged families/backgrounds	Application, school referrals, and knowledge of family history.	Students from socio-economically disadvantaged families/backgrounds
English Language Learners	School referrals and knowledge of family history.	English Language Learners
Students in need of being engaged	Application, school referrals, parent request, and knowledge of family history.	Students in need of being engaged
Transitional Youth	School referrals and knowledge of family history.	Transitional Youth
Students with Siblings in the program	Knowledge of family history.	Students with Siblings in the program
Chronic Absenteeism	Monitor attendance (work w/ attendance to gather names of chronically absent from school day, compare day attendance with afterschool).	Chronic Absenteeism

Grade levels prioritized for programming: 6th-9th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.

- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2013. Indicate how families will be notified of 2013-14 enrollment before the last day of school, June 13, 2013.)

Academic Liaison/Quality Support Coach

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Academic Liaison (now called "Quality Support Coach") is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program's *Assess – Plan – Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Academic Liaison/Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Academic Liaison/Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. Teachers on Extended Contract for Direct Service

In addition to an Academic Liaison/Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract.
Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). After school grant funds can be utilized for this direct service work. Beginning in 2013-14, the Academic Liaison/Quality Support Coach cannot provide direct service to students. The Academic Liaison is primarily responsible for providing coaching and training, and is paid at the negotiated Paid-In-Service rate of \$30.12 for their staff capacity-building services. OAKLAND UNIFIED
SCHOOL DISTRICT

Community Schools, Thriving Students

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Board of Education
June 26, 2013

TO: Board of Education

FROM: Dr. Anthony Smith, Ph.D., Superintendent

Maria Santos
Tony Smith

SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area
Community Resources

ACTION REQUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,271,386.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

DISCUSSION

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,271,386.00

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the *Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.*

RECOMMENDATION

Approval of the Amendment to the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute an Amendment to the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,271,386.00.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.
