# State 3 – 4 primary goals of the After School Program and intended impacts for participating students.

#### 1. Students develop a love for learning.

Impact: Students have opportunities to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their school-communities. There is an increase in student attendance during the school day as a result of students feeling more motivated. There is an increase in the number of students accessing higher learning opportunities (career or vocational pathways) beyond high school.

- 2. Students are guided and supported in their efforts of realizing their goals, hopes and aspirations. Impact: Student engagement in the ASP is at 100%; every student participant, regardless of their academic, behavioral or environmental risk factors has a place in AS. Parents are valued for their knowledge and life experiences and there is ongoing parent participation in ASP.
- 3. Students participating in AS have access to individualized academic support and academic mentoring. Impact: Students have ownership of their education, and are successful in their academic development and academic achievement. School faculty supports AS academic alignment, credit recovery/ credit accumulation opportunities, career exploration and college.
- 4. Students make healthy choices, understand their cultural history and honor and respect each other's diverse backgrounds and identities.

Impact: The AS program is a positive environment where students can safely engage in their emotional and sociocultural development. Students gain cross-cultural understanding and are equipped with skills to successfully navigate our diverse society, and make healthy choices that positively impact themselves, their families and communities.

SECTION 4: Program Model and Lead Agency Selection

For 2013-2014, my site will operate the following program model:

**Traditional After School:** voluntary program open to all students, with enrollment priorities targeting certain students

**Extended School Day**: additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school

Blended/Hybrid: combination of some extended day and some traditional after school programming

# Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

As a lead agency, BACR brings a track record of experience in designing and providing youth development programs, including after school programs. BACR after-school programs promote the successful, holistic development of Oakland youth by providing opportunities for young people to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their communities. We collaborate with fellow community-based organizations and schools to provide high-quality after-school experiences for youth throughout Oakland.

BACR's after-school programs are customized to individual school communities, managed by well-qualified and well-

supported staff, leverage a variety of community assets, and continually strive to improve our service.

- Work with principals and teachers to craft programs that support each school's goals for student development and achievement.
- Provide a full-time, on-site coordinator at each school who is primarily responsible for the day-today operation of the program.
- Our site-based staff is supported by experienced coordinators and BACR administrative staff manages most paperwork. These agency-level supports assure that site-based staff are supervised and mentored by seasoned professionals and are required to spend less time on administrative tasks.
- BACR partners with tutors, academic intervention entities, community colleges, arts organizations, and other experts to provide a variety of activities for students, and leverage existing school-based academic support resources to provide a continuum of learning opportunities for students

# SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

\* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.

SECTION 7: CAREER-RELATED ACADEMIC ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Career-related enrichment activities and physical activity/recreation are required components of the ASES and 21<sup>st</sup> Century grants. Enrichment activities should provide students with the opportunity to develop 21<sup>st</sup> Century Skills, explore career-related fields, and apply learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. #### SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select *at least two* of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	In partnership will school day staff, AS coordinator will identify students who are below 80% attendance. Identified students will be placed into ASP's that meet their needs and interests. Contracts will be set up between parents, students, AS, and school day to establish accountability
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	Parent liaison will outreach and contact guardians to discuss learning loss due to absenteeism. This will include a review on transcript literacy, and graduation requirements. Target population will be identified through the referrals by site coordinator and Street Academy staff. These meetings will take place once per Quarter at the conclusion of the marking periods.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Site coordinator and parent liaison will identify students' barriers to participation and attendance. Parent liaison will connect with families and will work to improve or remove barriers to

# 2013-14 After School Enrollment Policy for Emiliano Zapata Street Academy

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21<sup>st</sup> Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

## Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Incoming 9 <sup>th</sup> grade students	9 <sup>th</sup> grade enrollment list	Mandatory
Students not on track for graduation	Student transcripts	Mandatory
Seniors	All school seniors in need of credit recovery, CAHSEE Prep and academic acceleration	Mandatory
Students new to Street Academy	New student enrollment list	Mandatory

## Grade levels prioritized for programming: \_\_\_\_\_9-12

Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students.

## Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
  of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
  (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

**Enrollment Process and Timeline:** Summarize your enrollment timeline below. Describe ongoing program outreach and recruitment efforts, beginning in Spring 2013.

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
June	Early outreach and recruitment for summer program and 2013-14 school year program	Program Coordinator, school day CTM's
August – September	New school year enrollment of students	Program Coordinator, school day CTM's, line staff
Parents are notified about their student's participation in program at beginning of school year	ASP staff participates in registration process/ parent meetings to ensure inclusion of ASP classes in student schedules (first week of August through start of school year)	Program Coordinator, line staff for ASP

#### Important dates to include in your timeline:

- May June: Early outreach and recruitment for summer program and 2013-14 school year program.
- August September: New school year enrollment of students for remaining program slots.
- After school programs begin on 1<sup>st</sup> Day of school.
- Parents are notified about their student's participation in program at beginning of school year (specify date).
- All programs must maintain wait lists after program slots are filled.

#### School Support for Program Recruitment

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

Schedule of after school classes and ASP application will be included in school registration packet CTM's will refer students to ASP based on credit needs School will require participation in tutoring hours as a condition of enrollment in the school Teachers will refer students to enrichment classes based on interest

# OAKLAND UNIFIED SCHOOL DISTRICT Office of the Board of Education June 26, 2013

TO:	Board of Education
FROM:	Dr. Anthony Smith, Ph.D., Superintendent Maria Scurtos with
	Master Memorandum of Understanding between OUSD and Bay Area Community Resources

# **ACTION REQUESTED**

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,271,386.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

## BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

## DISCUSSION

Vendor: Bay Area Community Resources

<u>Overview of Services:</u> Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,271,386.00

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

## FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

## **RECOMMENDATION**

Approval of the Amendment to the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute an Amendment to the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,271,386.00.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.

# Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

- BACR is the lead community agency— managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County..
- 2. BACR is the fiscal sponsor- managing human resources, payroll and fringe benefits

#### OUR VALUES

- Give children a safe, nurturing and enjoyable environment after school.
- Integrate youth development practices into everything we do.
- Schools, students, parents and partner non-profits are our customers. Meet their needs.

#### **EVIDENCE OF OUTCOMES**

- In CST English Language Arts, students showed a statistically significant increase in scores. 48% of students who were Below or Far Below Basic increased 7.5 points.
