EXECUTIVE SUMMARY

- The District budget is based on the Governor's May Revise State Budget which recommends flat funding for K-12 education if the taxes pass. Although we assume flat State funding for 2012-13, we have followed the Board's direction and allocated additional funds to school site budgets.
- On June 15, the Legislature will approve the 2012-13 State Budget likely with many changes to the non-Prop 98 side of the State budget in an attempt to fill the \$16B State shortfall first recognized in May. Because of the dependence on the results of the Governor's tax initiatives on the November ballot, we are anticipating further revisions to the budget later this year.
- If the Governor's tax initiatives do not pass, the impact to our budget is estimated to be \$441/ADA, or \$13.5 M (net). This amount is reserved in the Unrestricted General Fund's Fund Balance to absorb this reduction, however; significant cuts will need to be made in Fiscal Year 2013-14.
- Because over 85% of the District's Unrestricted General Fund revenues come from the State, the proposed budget adoption is based on our best thinking and planning for several scenarios.
- Some adjustments from current year include:
 - School closures, consolidations and grade expansions
 - Charter conversions
 - \$14M more unrestricted allocations to remaining schools (after charter conversions, closed and consolidated schools)
 - Additional investment in safety (10 additional Security School Officers (SSOs) and resources allocated centrally for camera maintenance
 - Additional centrally funded custodial resources for schools with added health clinics
 - Teacher Special Assignment (TSA) strategy at 3 high schools

The California Economy

- The California economy is recovering slowly as well
 - The state leads the nation in exports, especially to the “Pacific Rim” countries, with total exports increasing 11% in 2011
 - The high-tech sector is also a strong advantage for California
 - The Facebook initial public offering (IPO) alone could add \$1.5 billion in tax revenues in 2011-12 and 2012-13
 - The state’s housing market, however, continues to be a drag on growth
- Like the nation, California’s employment growth has sputtered this spring
 - In March, the state added 18,200 jobs and the unemployment rate increased slightly to 11%, up from 10.9% one month earlier
 - The state has added about 385,900 jobs since the recovery began almost three years ago
 - Remember: the recession wiped out about 1.3 million jobs

Themes for the May Revision

- **It's all about the economics**
 - Revenues are improving at a much slower rate than expected in January
 - Immense pressure on the State Budget and competition for limited resources
 - The revised Budget has a lot of moving parts again this year
 - Bottom line: Best case is flat funding for education – and maybe a lot worse
- **In January, the Governor's tax initiative was expected to fill the revenue gap**
 - In May, revenues have fallen, and, if the initiative passes, it fills only half the gap
- **Education policy, expectations for student performance, and funding for schools are not aligned**
- **Today's funding level may be our new reality for the foreseeable future**

The May Revision

© 2012 School Services of California, Inc.

- **The May Revision first recognizes that January's projected \$9.2 billion State Budget shortfall has grown to \$15.7 billion in May**
 - **Even if the Governor's tax measure passes in November, there will still be a significant State Budget problem**
- **As a result, the Governor proposes:**
 - **More cuts to the non-Proposition 98 side of the Budget**
 - **More manipulations to reduce Proposition 98 actual funding**
 - **But, in the end, planned K-12 funding is much like the January proposal**
 - **Flat funding if the taxes pass**
 - **Big cuts if they don't**
 - **2012-13 will not be a good year for education funding**
 - **And failure of the taxes would make it a disaster**

Governor's Fiscal Outlook

The Governor's Major Proposals

- **Temporary taxes**
 - More reliance on temporary taxes than ever
- **Cash deferrals**
 - Deferrals are the balancer; Proposition 98 gains disappear by reducing deferrals
- **Redevelopment agencies (RDA)**
 - State counts RDA money as property taxes, offsetting General Fund costs
- **Weighted Student Formula (WSF)**
 - Grade span adjustments and additional revised add-ons
- **Flexibility proposals**
 - Still alive – no changes from January
- **Transitional Kindergarten (TK)**
 - Governor reduces savings estimate, but still proposes elimination of the mandate

Current-Year Revenue Limits

- For 2011-12, revenue limits were reduced as a result of the midyear “trigger” reductions
 - 0.198% reduction to districts’ undeficited revenue limit, or about \$13 per ADA on average
 - 0.65% reduction to districts’ undeficited revenue limit, or about \$42 per ADA for all school districts, related to the \$248 million cut to home-to-school and special education transportation
 - This change was enacted by Senate Bill 81 (Chapter 2/2012)
 - The 2011 Budget Act originally would have eliminated one-half of districts’ transportation funding for 2011-12
- The midyear “trigger” reductions were one-time and these funds are restored for 2012-13
