*Noncompliant
Classroom Sink*

Noncompliant Classroom Restroom

Outdoor Drinking Fountain

*A view of portable
refused by art teacher*

Heating System

*Restroom in refused
portable*

Student sink in portable

Lack of Handicap Accessibility

Conclusion - common findings

- ☞ Long periods of site neglect
- ☞ Lack of evidence of on-going preventive maintenance
- ☞ Lack of evidence of adequate supervisory support from district administrative staff
- ☞ Increased need for academic and facility collaboration

A full moon is visible in the upper left quadrant of the slide, set against a dark, starry night sky. Below the moon, a body of water reflects the moon's light, creating a shimmering path that leads towards the bottom center of the frame. The overall background is a deep black, speckled with small white stars.

Conclusion (continued)

- ➡ Practice of planning school facility use without informing site's occupants needs to be eliminated
- ➡ Sites adjacent to city parks need safety fencing
- ➡ Off street parking needed

A full moon is visible in the upper left quadrant of the image, set against a dark, starry sky. Below the moon, a body of water reflects its light, creating a shimmering path that extends towards the bottom center of the frame. The overall scene is serene and atmospheric.

Acknowledgement of visitation participators

- ➡ Superintendent Roberta Mayor
- ➡ John Ifcher, Citizen
- ➡ John Cooke, Committee
- ➡ Joe Debro, Committee
- ➡ Darrell Ovid, Committee
- ➡ Jody London, Committee
- ➡ Lorna Haynes, Principal
- ➡ Karen Todd, Principal

A full moon is visible in the upper left quadrant of the image, set against a dark, starry night sky. Below the moon, a body of water reflects its light, creating a shimmering path that extends towards the bottom center of the frame. The overall scene is serene and atmospheric.
