Subject Professional Services Contract - Ally Armijo
 - Coliseum College Prep Academy (site/department)

Action Requested Ratification of professional services contract between Oakland Unified School District and Ally Armijo. Services to be primarily provided to Coliseum College Prep Academy for the period of 8/25/14 through 6/30/15.

Background
A one paragraph explanation of why the consultant's services are needed.

In our work to become a full service community school, CCPA relies heavily on community based programs to provide much needed services to our students. In the past, community programs have repeatedly served our top 25% of students well, but they have not been able to hold on to our lower 75%. The liaison is meant to directly address this disconnect and increase student enrollment, retention and success in partner programs and services as a strategy to supporting the whole student and family to academic success.

CCPA has a spectrum of services on site to meet all of our students' needs. However, this creates a multi-layer programming effect that does not always meet the needs of individual students and families. While we want each student to be understood as being unique, this requires coordination and oversight. Without oversight and coordination, students are pulled from one program to another and do not maintain the long-standing relationships with partners that will more deeply impact them. Also, without oversight, students can be enrolled in competing programs when they cannot not successfully complete both programs. For example, two programs may have a substantial summer program that students must attend to maintain enrollment. In this kind of situation, students, families and partner programs waste time on enrollment and relationship building and don't get to the heart of the service being offered.

Discussion
One paragraph summary of the scope of work.

Partner Program, School, Student and Family Liaison (PPSSF Liaison) serves as a liaison between the school and teachers, the partner program(s), the student and their family. The PA supports students in:

- The application and/or enrollment in a partner program including the writing of personal statements and reflections, the gathering of letters of recommendation and necessary documentation and the fulfillment of all other forms and permission slips.
- Discerning and negotiating the expectations of the partner program, school and family in all capacities. The PA helps everyone to communicate clearly around needs and complications that in the past have led to students leaving partner programs. Additionally, the PA also keeps the student's needs at the center of conversations and negotiations between partner agencies and the school.
- Leveraging the services across the partner agency and the school to meet academic and socio emotional expectations.
- Case-manages a group of 30-35 9th or 10th graders participating in 3-5 different partner programs. This includes home visits, frequent parent communication, monitoring grades, supporting interventions to success or re-evaluating the intervention plan.

Recommendation Ratification of professional services contract between Oakland Unified School District and Ally Armijo. Services to be primarily provided to Coliseum College Prep Academy for the period of 8/25/14 through 6/30/15.
