EXHIBIT "A" SCOPE OF WORK

[IF A CONTRACTOR PROVIDES AN ACCEPTABLE DESCRIPTION OF SERVICES AS PART OF A PROPOSAL, THAT DESCRIPTION OF SERVICES MAY BE ATTACHED WITHOUT ANY TERMS, CONDITIONS, LIMITATIONS, ETC., FROM THAT PROPOSAL.]

- 1. Description of Services to be Provided:** Provide a description of the service(s) the contractor will provide. Be specific about what service(s) OUSD is purchasing and what *this* Contractor will do.

Contractor will make the following improvements to the Oakland Unified School District (OUSD) California Healthy Kids Data Analysis tool (chks.data.ousd.k12.ca.us): 1) Set up multi-year architecture and prepare for the 2014-15 administration of the student survey; 2) Import data for 12 schools that administered the survey in 2013-14 on paper; 3) Import and visualize 2013-14 parent data; 4) Import and visualize 2013-14 staff data.

Professional Services Contract

2. **Specific Outcomes:** What are the expected outcomes from the services of this Contract? Be specific. For example, as a result of the service(s): 1) How many more Oakland children are graduating from high school? 2) How many more Oakland children are attending school 95% or more? 3) How many more students have meaningful internships and/or paying jobs? 4) How many more Oakland children have access to, and use, the health services they need? Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). NOT THE GOALS OF THE SITE OR DEPARTMENT.

The outcome of the work is to make an invaluable data set - the parent, staff and student survey, which together represents more than 22,000 individuals surveyed - actionable and accessible to the entire OUSD community and beyond. Historically, the results of these surveys have been shared with OUSD in static PDF reports. The PDFs often were also produced many months after the administration of the surveys. The OUSD CHKS website has made the data easy to find, interpret and disaggregate by site, race/ethnicity, gender and grade.

The website allows sites to easily explore their students' responses and allow central office staff to identify data for grant proposals and program management. The data has been used to support the work of the Voluntary Resolution Plan Team to monitor students and parents' perceptions of disproportionality. CHKS supports the work of school climate, coordination of services, community school managers, substance abuse reduction, bullying prevention, restorative justice, sexual, physical and mental health. The parent survey has been extensively revised in 2014-15 to reflect the priorities of the family engagement team. In short, the surveys have stakeholders in every corner of OUSD. The website as it is built out will allow users to access and act on data with as much speed and ease as possible.

In 2014-15, we will work with Critical Juncture, LLC, to continue to expand the usefulness and functionality of the website by preparing for the 2014-15 student administration and expanding it to include staff and parent data sets from 2013-14.
