- 4.4. In order to document exactly what CADD information was given to the District, Architect and District shall each sign a "hard" copy of reproducible documents that depict the information at the time Architect produces the CADD information. District agrees to release Architect from all liability, damages, and/or claims that arise due to any changes made to this information by anyone other than the Architect or Consultant(s) subsequent to it being given to the District.

In the event District uses any fully or partially completed documents without the Architect's full involvement, the District shall remove all title blocks and other information that might identify the Architect and the Architect's consultants.

Article 5. Termination of Contract

- 5.1. If Architect fails to perform Architect's duties to the satisfaction of the District and as required by this Agreement, or if Architect fails to fulfill in a timely and professional manner Architect's material obligations under this Agreement, or if Architect shall violate any of the material terms or provisions of this Agreement, the District shall have the right to terminate this Agreement, in whole or in part, effective immediately upon the District giving written notice thereof to the Architect. In the event of a termination pursuant to this subdivision, Architect may invoice District for all Services performed until the notice of termination, but District shall have the right to withhold payment and deduct any amounts equal to the District's costs because of Architect's actions, errors, or omissions that caused the District to terminate this Agreement. The District may, at its discretion, provide the Architect time to cure its default or breach.
- 5.2. District shall have the right in its sole discretion to terminate this Agreement for its own convenience. In the event of a termination for convenience, Architect may invoice District and District shall pay all undisputed invoice(s) for Services performed until the District's notice of termination.
- 5.3. Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of such termination.
- 5.4. The Architect has the right to terminate this Agreement if the District does not fulfill its material obligations under this Agreement. Such termination shall be effective after receipt of written notice from Architect to the District. Architect may invoice District and District shall pay all undisputed invoice(s) for Services performed until the Architect's notice of termination.
- 5.5. If, at any time in the progress of the Design of the Project, the governing board of the District determines that the Project should be terminated, the Architect, upon written notice from the District of such termination, shall immediately cease Services on the Project. The District shall pay the Architect only the costs associated with the Services provided since the last invoice that has been paid and up to the notice of termination.
- 5.6. If the District suspends the Project for more than one hundred twenty (120) consecutive days, the Architect shall be compensated for Services performed prior to notice of that suspension. When the Project is resumed, the schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Architect's Services. If the District suspends the Project for more than two (2) years, the Architect may terminate this Agreement by giving written notice.

Article 6. Indemnity/Architect Liability

- 6.1. To the furthest extent permitted by California law, Architect shall defend, indemnify, and hold free and harmless the District, its agents, representatives, officers, consultants, employees, trustees, and volunteers ("Indemnified Parties") from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage, or injury of any kind, in law or equity, to property or persons, including personal injury and/or death ("Claim(s)"), to the extent that the Claim(s) arise out of, pertain to, or relate to the negligence, recklessness, errors or omissions, or willful misconduct of Architect, its directors, officials, officers, employees, contractors, subcontractors, consultants, subconsultants or agents, directly or indirectly, arising out of, connected with, or resulting from the performance of the

Services, the Project, or this Agreement, including without limitation the payment of all consequential damages. This indemnity excludes Architect's liability as to the active or sole negligence or willful misconduct of the District.

Article 7. Mandatory Mediation for Claims

- 7.1. The Parties hereto agree prior to commencing any legal action relating to any Claim, as defined herein, to submit the Claim to a mandatory good-faith mediation process ("Mediation"). The Parties' expectations are that if the Claim is made by a third party (e.g., a contractor), that the third party will be a participant in that Mediation. The Parties agree that any statute of limitations applicable to any Claim shall be tolled for the period from the date a Party requests Mediation through the tenth (10th) day after termination of the Mediation, unless otherwise agreed to by the Parties.
- 7.2. Except as set forth below, the Parties agree to refrain from filing, maintaining, or prosecuting any action related to the Claim during the pendency of the Mediation provided that the Mediation must commence within thirty (30) days after a Party makes written demand to the other for Mediation.
- 7.3. The Parties shall participate in a minimum of one full-day mediation session before the Mediation may be declared unsuccessful and terminated by either Party. The Mediation shall be conducted in accordance with such rules as the Parties agree upon, or in the absence of agreement, in accordance with the Commercial Mediation Rules of JAMS/Endispute. Evidence of anything said, any admissions made, or any documents prepared in the course of the Mediation shall not be admissible in evidence or subject to discovery in any court action pursuant to Evidence Code Section 1152.5.
- 7.4. The Parties shall mutually agree to the selection of a mediator who is an attorney that is experienced in public works construction claims. If the Parties are unable to agree upon a mediator, then the mediator shall be appointed by JAMS/Endispute.
- 7.5. The Mediation shall take place at a location within twenty (20) miles of the District's administrative office. The mediator's fees and administrative fees, if any, shall be split equally between the Parties, but, unless otherwise agreed to in writing, each Party shall bear its own attorney's fees.
- 7.6. If any Party commences a legal action without first attempting to resolve the Claim as required by this Article, that Party shall be in breach of this Agreement and shall not be entitled to recover attorney's fees that might have otherwise been recoverable.
- 7.7. This mandatory mediation process shall only apply to Claims pursuant to the Architect Indemnity provision herein and shall not apply to any disputes to be resolved pursuant to the Alternative Dispute Resolution provisions herein.

Likewise, District may not assign, transfer, delegate, or sublet any interest therein without the prior written consent of Architect and any such assignment, transfer, delegation, or sublease without Architect's prior written consent shall be considered null and void.

Article 16. Law/Venue

Article 17. Alternative Dispute Resolution

17.1. Architect's Invoices

17.1.1. If the District disapproves of any portion or amount(s) of the Architect's invoices, the District shall within thirty (30) days of receipt by the District of any of the Architect's invoices, communicate to the Architect in writing, with reasonable detail, what portion or amount of the Architect's invoices that are disapproved for payment, what portion or amount of the Architect's invoices that are approved for payment, and the basis for the District's disapproval of the disputed portion(s) or amount(s) of the Architect's invoices ("Disputed Architect Invoice Detail").

17.1.2. If the Architect disagrees with the Disputed Architect Invoice Detail, the Architect shall communicate to the District in writing, and request to meet and confer in good faith with respect to any such disapproved portion or amount of the Architect invoices and the Disputed Architect Invoice Detail to determine if the dispute can be resolved. Such meet and confer communications shall include, but are not limited to, face-to-face meetings within thirty (30) days of the Architect's notice to the District with the appropriate District and Architect personnel as appropriate and necessary.

17.1.3. If the Parties cannot resolve the matter during this meet and confer process, the Parties shall handle the matter as a dispute as indicated herein.

17.2. Disputes between the parties arising out of this Agreement shall be resolved by the following processes:

17.2.1. **Negotiation.** The parties shall first attempt in good faith to resolve any controversy or dispute arising out of or relating to this Agreement by negotiation. The Parties' meet and confer process for any Disputed Architect Invoice Detail shall satisfy this negotiation requirement.

17.2.2. **Mediation.** Within thirty (30) days, but no earlier than fifteen (15) days, following the earlier of receipt of notice by one party by the other party of a demand for mediation, the parties shall submit the dispute to non-binding mediation administered by the AAA (or other agreed upon rules) under its construction industry mediation rules, unless waived by mutual stipulation of both parties.

17.2.3. **Litigation.** Disputes arising from this Agreement that cannot be settled through negotiation or mediation (after those processes have been exhausted) shall be litigated in the California Superior Court in the county in which the Project that is the subject of this Agreement is located.

17.3. Architect shall neither rescind nor stop the progress of its work pending the outcome of any dispute under this Agreement.

Article 18. Severability

If any term, covenant, condition, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions

hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby.

Article 19. Employment Status

- 19.1. Architect shall, during the entire term of Agreement, be construed to be an independent contractor and nothing in this Agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow District to exercise discretion or control over the professional manner in which the Architect performs the Services which are the subject matter of this Agreement; provided always, however, that the Services to be provided by Architect shall be provided in a manner consistent with all applicable standards and regulations governing such Services.

- 19.4. Should a relevant taxing authority determine a liability for past services performed by Architect for District, upon notification of such fact by District, Architect shall promptly remit such amount due or arrange with District to have the amount due withheld from future payments to Architect under this Agreement (again, offsetting any amounts already paid by Architect which can be applied as a credit against such liability).
- 19.5. A determination of employment status pursuant to the preceding paragraphs of this Article shall be solely for the purposes of the particular tax in question and, for all other purposes of this Agreement, Architect shall not be considered an employee of District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Architect is an employee for any other purpose, then Architect agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Architect was not an employee.

- 20.3. Architect warrants and certifies that it is aware of the provisions of the California Labor Code that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Since the Architect is performing Services as part of an applicable "public works" or "maintenance" project, and since the total compensation may be One Thousand Dollars (\$1,000) or more, the Architect agrees to fully comply with and to require its Consultant(s) to fully comply with all applicable Prevailing Wage Laws.

EXHIBIT A

SUBJECT: Oakland USD – Brett Harte MS Synthetic Turf Field
Verde Design Project No.: 1604300

Dear Maria:

Thank you for allowing Verde Design to provide a proposal for the above referenced project. This proposal shall remain valid for a period of ninety (90) days.

PROJECT UNDERSTANDING:

Oakland Unified School District ("District") has identified the desire to install a synthetic turf field within the existing bituminous play area at Brett Harte Middle School with an anticipated construction budget of \$1.3 million dollars.

We understand that the project will utilize a design/bid/build delivery method and will be submitted to DSA for accessibility review only.

The anticipated project schedule is as follows:

Design: Winter-Spring 2016
DSA submittal: Summer 2016
Bidding: Winter 2017
Construction: Summer 2017

As requested by the District, included in our proposal are optional line item fees for topographic surveying (as well as underground location services prior to site surveying) and geotechnical investigative design services. Please note that the geotechnical engineering services are limited to the site assessment, evaluation, and recommendations for the planned project improvements. The scope for construction testing, testing, and special inspections are not included in this proposal (as our geotechnical consultant cannot provide these services), and we are asking the District to contract independently for these services.

The project scope will include the review of the existing site accessibility to and from the fields from the school campus and the nearest parking. We will assess and provide finding on what may trigger DSA accessibility comment and recommendations. Included in the proposal is time to attend a pre-design meeting with DSA to discuss the project scope and adjacency impacts in terms of accessibility code upgrades. Design elements of accessibility improvements that would be required by DSA are included in this proposal, provided that they are not within the public right-of-way, they are not within building footprints (i.e. restroom upgrades) or are structural elements. Access improvements within the immediate field area and path of travel to the nearest door entry is included in within our proposed fee and scope of services.

The program validation will culminate in a preliminary design plan for the field area as well as an initial construction budget. Once the project construction budget has been aligned with the desired improvements, we will move into detailed design and construction documentation. Bidding and construction administration services are not included in this proposal, and will be provided under a separate proposal.
