Board Meeting Date May 8, 2013

Subject

Approval of Fiscal Year 2012-13 Spending Plan for Education Protection Account

(Proposition 30 Fund)

Action Requested Approval of the spending plan for Proposition 30 funds for Fiscal Year 2012-13.

Background

On November 6, 2012, voters approved Proposition 30: The Schools and Local Public Safety Protection Act of 2012. Pursuant to Article XIII, Section 36 of the California Constitution, each school district, charter school, county offices of education, and community college district are required to determine how the funds received from the Education Protection Account (EPA) will be spent in the schools within its jurisdiction, provided that the governing board makes the spending determinations in an open session of a public meeting (see Exhibit "A"). The language in the constitutional amendment requires that funds shall not be used for the salaries and benefits of administrators or any other administrative costs.

Discussion One paragraph summary of the scope of work. Due to the annual requirement for board action and the fact that EPA apportionments will not be certified until late in the 2012-13 fiscal year, the Alameda County Office of Education directed District staff to estimate EPA revenue based on an established formula. Oakland Unified School District estimated its EPA allocation by multiplying the total 2012-13 deficited revenue limit by 20% (see Exhibit "B" attached). The California Department of Education created a new unrestricted resource code 1400 to be used for tracking revenue and expenditures for the EPA fund.

Education Protection Account Entitlement and Second Principal Apportionment Payment Calculator 2012-13 Fiscal Year

General Instructions:

This worksheet is only applicable to school districts. A county office of education or charter school should select the appropriate tab located at the bottom of this workbook.

The calculator was created by the California Department of Education (CDE) to help school districts estimate their 2012-13 Education Protection Account (EPA) entitlement and the resulting impact on their 2012-13 Second Principal Apportionment (P-2) revenue limit state aid, and to estimate cash flow for those programs

A user may not change to a different school district once any data has been overwritten because data input cells do not clear. A new version must be started or click on the "Reset to P-1 Data" button. Before selecting a new school district you may save the current school district's version to your local drive for future reference.

Section 1 calculates a district's estimate of EPA funding using 2012-13 First Principal Apportionment (P-1) certified data that has been preloaded into the Excel workbook. Before using the calculator verify that the information populated in the non-calculated fields below matches the P-1 data for the school district. A user may choose to overwrite any non-calculated field with their own 2012-13 P-2 estimates. In addition to calculating an EPA funding estimate, Section 1 will provide a user with an estimated net revenue limit state aid amount for P-2. This amount will transfer to Line A-2, School District Revenue Limit State Aid in Section 2 and will be used to estimate the district's 2012-13 P-2 Apportionment total. Section 3 provides cash flow estimates of the EPA funding and Principal Apportionment State Aid for 2012-13 fiscal year funds paid in June 2013 to August 2013 for the selected school district. Section 3 does not provide cash flow estimates for 2013-14 fiscal year funds.

The line number references in Section 1 match the specific lines and calculations of the school district revenue limit exhibit that are used for the EPA calculations. Step 1 through 4 in Section 1 reflects the calculations to determine a school district's EPA Entitlement. This amount will be used to calculate the net revenue limit state aid amount paid through the Principal Apportionment.

Column K provides specific instructions to the user about various data elements.
