Memo

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Preston Thomas, Chief Systems & Services Operator
Rebecca Lacocque, Linked Learning Director

Board Meeting Date May 27, 2020

Subject Resolution No. 1920-0245 - Approving Nutrition Services Summer Internship and Authorizing Linked Learning Office to Coordinate On-Site Internships and Career Pathway Programs Consistent with Shelter-In-Place Orders During Summer 2020 (6/1/20 - 8/7/20)

Action Requested and Recommendation Approval by the Board of Education of Resolution No. 1920-0245 - Approving Nutrition Services Summer Internship and Authorizing Linked Learning Office to Coordinate On-Site Internships and Career Pathway Programs Consistent with Shelter-In-Place Orders During Summer 2020 (6/1/20 - 8/7/20).

Background Oakland Unified School District's Linked Learning Office is charged with coordinating District-wide internship and career pathway programs during the summer and the academic year. Since March 2020, the State of California and Alameda County Public Health Office have issued a series of orders ("Shelter-In-Place Orders") intended to combat the spread of COVID-19 by directing all individuals to shelter at their place of residence, except to perform those activities defined in the order.

The currently operative Shelter-In-Place Orders allow individuals to leave their places of residence in order to perform work for essential businesses and certain additional businesses. Since April 1, 2020, over sixty District students have applied to the District for work permits, and many are now employed at businesses categorized as essential, the majority being fast food and grocery establishments. The Linked Learning Office has identified several organizations that are willing and able to host District students through internships and/or career pathway programs. The District is also interested in creating summer internship opportunities in partnership with the Nutrition Services Department where students would be supporting food distribution.

This Resolution authorizes the creation of summer internship opportunities in partnership with the Nutrition Services Department and generally directs the Superintendent or designee to coordinate on-site internships and career pathway programs for District students so long as (i) the Office of General Counsel determines that each organization/internship/program is permissible under the currently operative Shelter-In-Place Orders, (ii) for each internship and

career pathway program run by an outside organization, the organization signs any agreement required by the Office of General Counsel, which may be countersigned by the Superintendent or designee without the need for approval or ratification by the Board, and (iii) the Office of General Counsel finds that each organization/internship/program has sufficient plans in place to ensure that all employees and students comply with the currently operative Shelter-In-Place Orders, particularly the social distancing and hygiene requirements.
