2 Year Bills

Assessment

AB 5 (Fuentes – D) Teachers: best practices teacher evaluation.

Recommended Position:
TRACK

Approved Position:

Date:

Current law requires the governing board of each school district to develop and adopt objective evaluation and assessment guidelines to evaluate the performance of its certificated employees and encourages each school district to establish an evaluation and assessment system that is uniform throughout the district. Current law requires each school district to establish standards of expected pupil achievement at each grade level in each area of study and to evaluate and assess certificated employee performance as it reasonably relates to specified factors. This bill would make those provisions inoperative on July 1, 2012, and would repeal them on January 1, 2013. The bill, commencing with the 2012-13 school year, instead would require the governing board of a school district to adopt and implement a fair, transparent, and rigorous evaluation system based on a uniform standard for certificated employees, as specified. In developing the evaluation system, the bill would require the governing board of a school district to include, by mutual agreement with the exclusive bargaining representative of the certificated employees in the school district, in accordance with specified statutes regarding collective bargaining, all procedures and components of the evaluation system established pursuant to these provisions. The bill would require a permanent certificated employee who is deemed to be performing in an unsatisfactory manner at the end of his or her evaluation process to participate for one year in an instructional support program for certificated employees, as adopted by the governing board of the school district, for the purpose of improving the performance of the employee.

This bill is pending in the Senate Appropriations Committee.

These provisions would be repealed on December 1, 2015. The bill would require the Superintendent, on or before July 1, 2012, to make all ministerial changes that are necessary to support the future reporting of school-level financial data by local educational agencies, as specified. The bill also would require the Superintendent, on or before July 1, 2012, and annually thereafter, to notify the superintendent of each school district and county office of education, and the administrator of each charter school, of specified items relating to tracking and reporting school-level financial data.

AB 794 (Wieckowski – D) Local education facility bonds: anticipation notes.

Recommended Position:
TRACK

Approved Position:

Date:

Current law authorizes the governing board of a school or community college district to order an election and submit to the electors of the district the question whether the bonds of the district shall be issued and sold for the purpose of raising money for various facilities purposes, for refunding bonds, or for the purchase of schoolbuses. Current law limits the total amount of bonds that a school or community college district may issue to 1.25% of the taxable property of the school or community college district. This bill, instead of allowing the interest on the notes to be paid from the tax levied to pay the principal of and interest on the bonds, would allow the interest on the notes to be paid from a property tax levied for that purpose if authorized by a resolution of the governing board and would provide that this tax is authorized by law. The bill also would allow the premium received on the sale of the bonds to be used to pay the interest on the notes.

This bill is pending in the Senate Rules Committee.

Current law prohibits the governing board of a school district from denying a petition unless the governing board makes written factual findings in support of one or more specified findings. This bill would include the finding that the charter school would have a negative fiscal impact on the school district, as specified, among those findings upon which a school district may base denial of a petition for the establishment of a charter school.</p> <p>This bill is currently awaiting action on the Assembly floor.</p>

Recommended Position: TRACK	Approved Position:	Date:

SB 754 (Padilla – D) Pupil assessment: California English Language Development Test.		
Recommended Position: TRACK	Approved Position:	Date:
<p>This bill would prohibit a pupil in any of grades 3 to 12, inclusive, to the extent permitted by federal law, from being required to retake those portions of the CELDT that measure English language skills for</p>		

which he or she has previously tested as advanced within the appropriate grade span, as determined by the State Department of Education in accordance with specified law. Notwithstanding the above prohibition, and to the extent permitted by federal law, the bill would also prohibit a pupil in any of grades 10 to 12, inclusive, from being required to retake those portions of the CELDT that measure English language skills for which he or she has previously tested as early advanced or advanced. These prohibitions would not become effective until the current CELDT publisher's contract expires. The bill would also state legislative findings and declarations regarding English learners and the CELDT.

This bill was held up in the Assembly Appropriation Committee.

SB 873 (Padilla – D) English learners: reclassification.

Recommended Position: TRACK	Approved Position:	Date:

Current law requires each school district that has one or more pupils who are English learners, and to the extent required by federal law, a county office of education and a charter school, to assess the English language development of each of those pupils in order to determine their level of proficiency. Current law requires the State Department of Education, with the approval of the State Board of Education, to establish procedures for conducting the assessment and for the reclassification of a pupil from English learner to English proficient. Current law requires the reclassification procedures developed by the department to use multiple criteria, including, but not limited to, 4 specified criteria, in determining whether to reclassify a pupil as proficient in English. This bill would limit the use of multiple criteria by requiring the use of only the 4 specified criteria.

This bill is pending in the Senate Education Committee.

This bill was held on the Senate floor.

Personnel

AB 1203 (Mendoza – D) Public employee organizations: members: paid leaves of absence.

Recommended Position: TRACK	Approved Position:	Date:

Current law requires that the governing board of a school district or a community college district grant to any classified employee, upon request, a paid leave of absence to enable the employee to serve as an elected officer of any school district public employee organization or community college district public employee organization, as specified. Current law requires that following the school district's or community college district's payment of the employee for the leave of absence, it be reimbursed by the employee organization of which the employee is an elected officer for all compensation paid to the employee on account of the leave. This bill would expand these provisions to additionally require a school district or a community college district to provide a paid leave of absence to a member of any school district public employee organization or community college district public employee organization for activities the member is authorized by the organization to attend, and would require

the employee organization to reimburse the school district or community college district on behalf of a member who receives a paid leave of absence. This bill contains other related provisions and other current laws.

The bill would prohibit an educational provider from depriving a pupil of sleep, food, hydration, or access to bathroom facilities and from utilizing specified restraint and seclusion techniques, including, but not limited to, using chemical restraint, as defined, using an improvised mechanical restraint device, and using physical or mechanical restraint techniques that restrict breathing. The bill would require the State Department of Education to establish a mandatory system of data collection regarding the use of physical and mechanical restraint and seclusion that is consistent, timely, and publicly accessible. The bill would require an educational provider to annually report the data required to be collected to the department and would require the reported data to include the name of the educational provider and other specified information. To the extent that the data collection and reporting requirements would impose new duties on local educational agencies not required by federal law, the bill would impose a state-mandated local program. This bill contains other related provisions and other current laws.

AB 519 is pending in the Assembly Education Committee.

Student Safety

AB 266 (Ammiano – D) Pupil rights: sex-segregated school programs: gender identity.

including gender, gender identity, and gender expression, and specifies various statements of legislative intent and the policies of the state in that regard. Current law requires that participation in a particular physical education activity or sport, if required of pupils of one sex, be available to pupils of each sex. This bill would require that a pupil be permitted to participate in sex-segregated school programs, activities, and facilities, including athletic teams and competitions, consistent with his or her gender identity, irrespective of the gender listed on the pupil's records.

This bill is pending hearing in the Assembly Education Committee.

This bill would authorize a school district to submit an application to the State Department of Education for funding under the Farm to School Program if 80% of the school district's expenditure for fresh produce for use in its food service program is derived from California produce, as defined. The bill would require the State Department of Education to reimburse a school district that purchases California produce in the prescribed quantity of \$0.05 for every meal the district serves as part of the federal National School Lunch or School Breakfast Programs , or both . The bill would require the Department of Food and Agriculture to consult with the State Department of Education for the purpose of assisting school districts with meeting the California produce requirement and, at a minimum, identify the seasons, sources, and suppliers of California produce and help small farmers collaborate with one another to supply the large quantities of produce demanded by school districts. The bill would require the State Department of Education to develop strategies for school districts that would result in more California produce use in school meal programs. The bill would authorize the State Board of Education to adopt any rules and regulations necessary for the implementation of this program.

Senate Bill 81 Addendum

We would like to draw the board's attention specifically to SB 81.

As you know, the current-law budget imposes a roughly \$248 million mid-year cut to home-to-school transportation as a part of the "trigger cuts" adopted by the summer budget (the "trigger" was pulled in December.) This trigger cut shuts down funding for the program in the middle of the year—with funding that's gone out so far, it brings total transportation funding for 2011-12 from roughly \$479 million to roughly \$237 million.

(The cut is coupled with complete spending flexibility—education agencies can backfill lost transportation dollars with other funds or use the transportation funds they got this year (so far) for other purposes.)

Amidst the discussion that this decision will hurt some districts worse than others (because transportation funds are not uniformly distributed throughout the state) some COEs and districts are supporting a bill that disperses the \$248 million cut evenly as a reduction to revenue limits and not as a cut to home to school transportation.

It looks like OUSD is about "in the middle of the pack" in terms of how much we lose from a cut that's distributed to transportation instead of revenue limits. Under the July 2011 apportionment schedule (when transportation was funded at \$479 million), OUSD was set to receive about \$2.5 million in transportation funds, and under the Jan 2012 schedule (when the trigger was pulled and only \$237 million in funding is provided,) OUSD is set to receive only about \$1.3 million. (I'm attaching a quickie spreadsheet we put together that shows that change.)

There are many school districts that lose even more funding under the transportation cuts and other districts that lose almost nothing. We look forward to discussing this matter with you further.

Sincerely,
Pam, Sandra, and Afrack
