

# Measure N Education Improvement Plan Implementation Assessment

Measure N Implementation Process: 2018-19 Measure N Plan

File Id No. 18-0862

## Castlemont High School

### Checklist of Required Elements:

- ✓ Submitted Measure N Education Improvement Plan (SPSA)
- ✓ Submitted Measure N Budget for 2018-19
- ✓ Completed Measure N Self Assessment
- ✓ Submitted Measure N Data Slides
- ✓ Answered Measure N Commission Questions

**Criteria 1: Measure N Overall Pathway Assessment: Has the School Developed the 4 Essential Elements of a Linked Learning Pathway?**  
 (NOTE: If you do not receive a 4 in this category, the highest final recommendation you can receive is “Developing” and the final recommendation will reflect quality of the plan and the alignment of expenditures to build out Linked Learning Pathways.)

Criteria 3: Alignment of Funding to Linked Learning Criteria and SPSA				
Category	Compliant & Aligned 4	Compliant Partially Aligned 3	Non-Compliant • Supplanting • Not Allowable 2	Missing 1

### Budget

*School has thoughtfully allocated Measure N funds to develop and the continuous improvement of Linked Learning career academies*

- Expenditures must be clearly in support of and come from the logical through line that is evident in the Education Improvement Plan (SPSA)
- Expenditures provide proper justification that demonstrates the alignment to build out and integration of the four pillars of Linked Learning
- Expenditures should support the Theory of Action, should address the Root Cause Analysis, and should ensure the implementation of the Strategies in order to meet the Goals of your SPSA and the purpose of Measure N
- Expenditures are in addition to, and not in place of, services that would otherwise be provided to participating students with state and local funds if Measure N funds were not available
- Expenditures are not being used to cover the expenses of programmatic elements, staff salary, and costs that were previously being funded by the school
- Plan includes adequate and sustainable resources to support key goals and strategies that align to pathway development work and coherence

**Score: 4**

### Rationale:

- Most expenditures demonstrate clear alignment to Measure N purpose and theory of action
- Majority of expenditures are aligned and demonstrate a logical thru-line from the areas of need, goals, and strategies
- Measure N projected allocations has been fully allocated

## Final Recommendation

### Approved - Developing and Implementing

*School is actively implementing Linked Learning as is evidence by the establishment of the Career Technical Education and Work-Based Learning pillars of Linked Learning, at minimum*

*School is actively developing the remaining pillars, the integration of all four pillars, and key Linked Learning elements as is evidenced by the Measure N Education Improvement Plan (SPSA)*

### Strengths:

- School has made progress in the implementation of enabling conditions via master schedule and assignment of human resources to support expansion of SUDA pathway, development of CHEA pathway, and creating the conditions for students in Newcomer program to be able to access pathway experiences and content.
- Pathway development teams making progress on implementation of quality, CTE-aligned integrated project via instructional units and interdisciplinary projects throughout pathways.

### Key Questions:

- How will your team ensure that the 2018-19 professional learning plan continues to support the build out of the 4 pillars of linked learning while also furthering teacher development around the Common Core/Next Generation Science Standards? What will the instructional focus be for your professional learning plan?

- What will you do to ensure coherence between the school's vision for pathway development and the vision and actions of each team tasked with incorporating pathway/CTE themes into the courses in their small learning communities/pathways? How will pathways be connected to larger school change initiatives?
- How will you continue to address teacher retention in support of quality pathway build out?

### Budget Feedback:

- Initial feedback has been addressed; Restorative Justice Coordinator and Community Program Manager have been removed from the Measure N budget
- No further feedback
- Initial Feedback:
  - Staffing expenditures require clear justification to demonstrate how positions support pathway development, Measure N goals, and are providing supplementary services rather than supplanting. Restorative Justice Coordinator and Community Program Manager are examples of supplanted expenditures as they have been funded using site resources in the past.
