1. **Contractor Services.** Contractor agrees to provide the following services to District (collectively, the “Basic Services”): For the Garfield Elementary School Modernization Project (“Project”), (as further described in *Exhibit A* to this Agreement). Contractor shall provide services related to the Project other than Basic Services (i.e., “Additional Services”) if directed in writing by District to perform specific Additional Services and if sufficient contract funds for Additional Services remain to pay for the directed Additional Services (see Section 5, below). “Services” shall mean Basic and Additional Services. Contractor agrees to perform such Services as expeditiously as is consistent with professional skill and care and the orderly progress of the Services and the Project. All services performed by the Contractor under this Agreement shall be conducted in a manner consistent with the level of care and skill ordinarily exercised by ACC Environmental Consultants specially qualified to provide the services required by the District.

2. **Contractor Qualifications.** Contractor represents and warrants to District that Contractor, and all of Contractor’s employees, agents or volunteers (the “Contractor Parties”), have in effect and shall maintain in full force throughout the Term of this Agreement all licenses, credentials, permits and any other qualifications required by law to perform the Services and to fully and faithfully satisfy all of the terms set forth in this Agreement. Contractor and any Contractor Parties performing Services shall be competent to perform those Services.

3. **Term.** The term for performance of the Services shall be the duration of the Project (“Term”), except as otherwise stated in Section 4 below, and Contractor shall complete the Services within the Term. There shall be no extension of the Term without an amendment signed by all Parties and approved by the District’s governing board. Written notice by the District Superintendent or designee shall be sufficient to stop further performance of the Services by Contractor or the Contractor Parties. In the event of early termination, Contractor shall be paid for satisfactory Services performed to the date of termination. Upon payment by District, District shall be under no further obligation to Contractor, monetarily or otherwise, and District may proceed with the work in any manner District deems proper.

4. **Termination.** Either Party may terminate this Agreement at any time by giving thirty (30) days advance written notice to the other Party. Notwithstanding the foregoing, District may terminate this Agreement at any time by giving written notice to Contractor if (1) Contractor materially breaches any of the terms of this Agreement; (2) any act or omission of Contractor or the Contractor Parties exposes District to potential liability or may cause an increase in District’s insurance premiums; (3) Contractor

is adjudged a bankrupt; (4) Contractor makes a general assignment for the benefit of creditors; (5) a receiver is appointed because of Contractor's insolvency; or (6) Contractor or Contractor Parties fail to comply with or make material representations as to the fingerprinting, criminal background check, and/or tuberculosis certification sections of this Agreement. Such termination shall be effective immediately upon Contractor's receipt of the notice.

5. **Payment of Fees for Services.** District agrees to pay Contractor based on the hourly rates and unit prices listed in *Exhibit B* for Services satisfactorily performed. Contractor shall not increase these hourly rates or unit prices over the course of this Agreement. Total fees paid by District to Contractor for Services under the Agreement shall not exceed **Forty-four Thousand Two Hundred Fourteen Dollars and Fifty Cents/00 (\$44,214.50)**, which consists of a not-to-exceed amount of **Forty Thousand One Hundred Ninety-Five Dollars (\$40,195.00) for performance of the Basic Services, and a not-to-exceed contingency amount of Four Thousand Nineteen Dollars and Fifty Cents (\$4,019.50)** for performance of any Additional Services. Contractor acknowledges that the not-to-exceed fee for Basic Services, above, includes contingency compensation in the foreseeable event that more time and costs may be necessary to complete the Basic Services. Contractor shall perform all Basic Services required by the Agreement even if the not-to-exceed amount for performance of the Services has already been paid and no more payments will be forthcoming. District agrees to make payment within sixty (60) days of receipt of a detailed invoice from Contractor based on hours worked and hourly rates, including any additional supporting documentation that District reasonably requests. Contractor shall not submit its invoices to District more frequently than monthly. Contractor will not be compensated for any Basic or Additional Services required as a result of wrongful acts or omissions.

5.1 **Reimbursement for Certain Expenses.** Contractor shall not be reimbursed directly for any of its expenses, as the fees to be paid under this Agreement include compensation for any and all of Contractor's expenses.

Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to a party, person, or entity described in this paragraph. The indemnification provided for in this Section 6 includes, without limitation to the foregoing, claims that may be made against District by any taxing authority asserting that an employer-employee relationship exists by reason of this Agreement, and any claims made against District alleging civil rights violations by Contractor or Contractor Parties under the California Fair Employment and Housing Act ("FEHA").

Notwithstanding the foregoing, District shall not be responsible for any damages to persons or property as a result of the use, misuse or failure of any Equipment used by Contractor or the Contractor Parties, even if such Equipment is furnished, rented or loaned to Contractor or the Contractor Parties by District. Furthermore, District may reject any Equipment or workmanship that does not conform to the requirements of this Agreement and Contractor must then promptly remedy or replace it at no additional cost to District and subject to District's reasonable satisfaction.

All insurance policies shall include an endorsement stating that District and District Parties are named additional insureds. All of the policies shall be amended to provide that the insurance shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days' prior written notice has been given to District. If such a notice is not given or even if District receives a notice, District may, at its sole option, terminate this Agreement. All insurance policies shall include an endorsement stating that it is primary to any insurance or self-insurance maintained by District and shall waive all rights of subrogation against District and/or the District Parties. A copy of the declarations page of Contractor's insurance policies shall be attached to this Agreement as proof of insurance.

9. **Independent Contractor Status.** The Parties agree that Contractor is free from the control and direction of District in connection with Contractor's performance of the Services. Contractor certifies that it is customarily engaged in an independently established trade, occupation, or business to provide the Services required by this Agreement. Garfield Elementary – Hazardous Material Abatement Consulting Services Not-To-Exceed Fee Proposal

Below is ACC’s detailed schedule of hourly billing rates and a breakdown of associated costs for all tasks proposed (including contingency costs per tasks) in the RFQ/P “Section C. Statement of Work”. ACC will follow all project guidelines outlined by the District.

ACC has also included a line item for a 10% contingency to the proposed not-to-exceed fee. The contingency will cover potential additional services and shall be subject to District approval.

Proposed Tasks and Estimated Schedule:

Task 1 - Asbestos and Lead Survey

ACC proposes to conduct an asbestos survey with limited lead paint chip sampling at Garfield Elementary School in Oakland, California. Sampling will occur during normal business hours. The survey will include all accessible areas of the building.

ACC will conduct an asbestos survey per EPA’s NESHAPs protocol to satisfy the requirements of BAAQMD Regulation 11, Rule 2. An ACC employee certified by the California Division of Occupational Safety and Health as a California Certified Asbestos Consultant will conduct the survey.

ACC estimates up to 100 asbestos bulk samples will be collected and delivered to an independent laboratory for analysis by Polarized Light Microscopy (PLM) with a 1-day turn-around time. PLM samples include up to 3 layers within each sample; additional layers are \$7.00 per sample. Multilayered materials include floor tile and adhesives, gypsum wallboard, taping compound, texturing compounds, roofing materials, etc. ACC has designed the work using a team comprised of Cal/OSHA certified personnel to perform the asbestos survey work. Additionally, 20 paint chip samples from the interior and exterior will be collected from the building. If necessary, additional samples will be charged based on the unit prices described below.

Sample Analyses & Laboratory Analysis Turnaround Times:

All samples will be analyzed on the turnaround time detailed in the Task and Description section of the attached Cost Estimate Sheet. Expedited analysis may be available and performed for an additional fee upon request by the Client.

Analytical Charges:

The Client will be charged for the total authorized number of samples collected by ACC.

ACC shall prepare a report of findings, which will include: laboratory data summary, material descriptions, sample locations, descriptions of locations of materials tested, and quantities of asbestos-containing materials at the subject sites. Additionally the report will contain a summary of the lead sampling results.

We expect our site work to be completed in two working day. ACC will proceed with the survey upon receipt of written authorization by Client. The written report will be provided within 10-working days after receipt of laboratory results.

Task 2 - PCB Sampling and Report

ACC will collect samples of suspect PCB-containing exterior caulking and sealants from the structure. Samples will be submitted to an independent laboratory for analysis by NIOSH 8082 (PCB Aroclors] on the turnaround time detailed in the Task and Description section of the proposal.

A summary of the results, findings and recommendations will be included in our report.

Task 3 - Work Plan

ACC will develop a work plan appropriate for managing the abatement and disturbance of any hazardous materials identified during our survey.

Task 4 - Construction Phase and Closeout

ACC will provide review of notifications, submittals and review contractor provided documentation. ACC will attend a pre- construction meeting. Abatement oversight is estimated as 15 days. Actual schedule will depend on scope of abatement activities and contractor schedule/performance.

Additional conditions and/or exceptions to the proposed scope of services:

- 1) The above pricing is based on ACC performing all tasks in one mobilization and reflects conducting all activities between 7 AM and 5 PM Monday through Friday. Costs include all labor, insurance, overhead, transportation, equipment and materials required to perform the work with the exception of a man-lift capable of reaching materials and/or surfaces greater then 12 feet in height. Equipment required to reach these surfaces will be provide by the client or designated client representatives.
- 2) ACC is to be provided unencumbered access to all project areas. Additional trips to the subject property because areas are not accessible will be billed in accordance with our fee schedule. Encumbered access or subsequent trips may delay the delivery of the final report.
- 3) ACC is not be responsible for identification, sampling and/or characterization of PCB and lighting/mercury wastes, and water or mold impacted materials.
- 4) ACC will provide temporary patching of roof sampling wounds but does not guarantee repairs and will not be responsible for and subsequent damage. ACC recommends using a qualified roofing contractor to facilitate any needed repairs to the roofing systems.
- 5) The analyzing laboratory quantifies asbestos concentrations by calibrated visual estimation using standard PLM methodology; with detection of asbestos is material/matrix dependent. Detection of

trace asbestos (<1%) may not be reliable or reproducible by PLM and percentage of asbestos weight cannot be determined with standard PLM methodology. Confirmation of asbestos concentrations within complex matrices (i.e. plaster, gypsum wallboard/taping/joint compounds, stucco, resilient flooring, roofing) or when asbestos concentrations are 1% or less may warrant additional analysis by PLM point counting for proper characterization of asbestos-containing materials and/or waste-stream analysis

(Education Code §45125.1(f).) For this certification, you shall use the form in *Attachment B* to this Notice.
4. If you are providing the above services in an emergency or exceptional situation, you are not required to comply with Education Code section 45125.1, above. The District shall determine whether an emergency or exceptional situation exists. (Education Code §45125.1(b).)
5.
