Board Cover Memorandum

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Sondra Aguilera, Chief Academic Officer
Lucia Moritz, Executive Director of College and Career Readiness

Meeting Date June 23, 2021

Subject No-Cost Terms of Service Agreement and Statement of Work/Subscriber Agreement - University of California, Office of the President (contractor) - High School Linked Learning Office (site/department)

Ask of the Board Approval by the Board of Education of a No-Cost Terms of Service Agreement and Statement of Work/Subscriber Agreement between the District and the University of California, Office of the President for the provision of Transcript Evaluation Services for the period of July 1, 2021, through June 30, 2023.

Background To address the need for greater student access to "a-g" courses, the University of California (UC) created a data tool that provides timely, specific information to California high schools about students' progress toward "a-g" completion. This tool, the Transcript Evaluation Service (TES), provides school districts, schools, and families with the data-driven decision support to get and keep students on the path to a higher education. The web-based tool analyzes large volumes of student transcripts electronically, quickly providing districts and schools with easy-to-read, accurate reports that highlight students' progress toward "a-g" completion. TES reports show what "a-g" courses a student has taken, and course and grade deficiencies, thus informing critical course selection decisions. TES provides schools and districts with an accurate depiction of course completion patterns to facilitate school improvement.

Discussion Approval of a No-Cost Terms of Service Agreement and Statement of Work/Subscriber Agreement between the District and the University of California, Office of the President for the provision of Transcript Evaluation Services for the period of July 1, 2021 through June 30, 2023.

This Statement of Work ("SOW") is issued pursuant to the terms and conditions of the Terms of Service and Privacy Policy ("Agreement") dated **July 1st, 2021** between **Oakland Unified School District** ("Subscriber") and the **University of California** ("UC"), collectively referred to as the "PARTIES".

Unless explicitly stated otherwise in this SOW, any capitalized terms shall have the meaning given to them in the SOW. If there are any conflicts between the provisions of this SOW and the Agreement, the terms of this SOW shall control with respect to the subject matter of this SOW. Any provisions of the Agreement not amended by this SOW shall remain in full force and effect. References to the "SOW" shall mean the Agreement and this SOW together.

1. Description of Services

University provides secured technologies and web services for subscribers to manually transfer and UC to accept personal demographic, academic, and other confidential individual record level data necessary to conduct the evaluation by the UC Transcript Evaluation Service ("TES")¹. Through TES, UC evaluates data as a service for participating California public schools and districts to determine student progress toward meeting the eligibility requirements for the California's public systems of higher education. UC will implement a cloud-based data warehouse and visualization solution with data provided by SUBSCRIBER, that they, their designees and other authorized parties can securely access. UC will provide annual regional training and referrals to implementation support services as requested. UC will provide professional services hours as detailed below.

2. Fees, Expenses and Invoicing

The Fee Schedule is set forth in Table 1 below. UC will notify SUBSCRIBER if circumstances arise that would result in additional fees before commencing such work.

SUBSCRIBER agrees to prepay for the products and services listed in table 1, below. UC will invoice SUBSCRIBER in full once the SOW is signed by both parties.

UC will complete the implementation and training work on flat fee basis (see Table 1 for costs). SUBSCRIBER understands that the estimate of time is not a guarantee, and that the estimate is based, in part, upon SUBSCRIBER's availability and requirements outlined at commencement of work. If the total fees and costs exceed the estimated amount, UC will request approval in writing from the SUBSCRIBER. Once approved by SUBSCRIBER, the SUBSCRIBER will also be billed for expenses subject to SUBSCRIBER's customary expense policy.

Upon payment of the annual subscription fee as detailed in Table 1 below, UC will provide the hosting services, web services, and Tableau services needed for SUBSCRIBER staff to access UC TES secured webpage, that include reports, for the length of the subscription period. UC reserves the right to change the pricing model for subsequent years with a 90 day notice to SUBSCRIBER.

In addition to the work specified below, upon request UC will provide referrals to college preparation program support for your implementation and training needs. Programs may assess a fee for providing these services to help offset the costs to deliver these services. These prices are set independent of the TES administration at the UC Office of the President. Schools should inquire with their regional TES school engagement representative to learn more about programs available in your area. SUBSCRIBER

with an active subscription to may submit support requests via email or phone. UC will respond to support requests within one business day.

Schools may also inquire about accessing a direct connection between their school information system and the Transcript Evaluation Service. This preferred message can be automated the collect data at the school's preferred frequency. Schools can request this service through their current information system. The University will consider requests but will not accept any additional costs required for establishing these connections. The University also does not endorse vendors passing the costs of developing the connectors to their current schoolsubscribers.

3. Subscriber Uses and Acknowledgement

SUBSCRIBER acknowledges and agrees that UC owns and operates www.transcriptevaluationservice.com, its website, the results of the TES evaluations, and all rights and privileges thereto, and that it will not infringe on any intellectual property rights owned by UC.

Schools are permitted to use data provided by the University to institute and assess new and innovative practices to ensure more students are on track to satisfying the "a-g" requirements. The data from TES is used to provide schools and districts support from University programs, research, and its public service mission focused partners.

4. Assumptions and UC Authorized Access

The following assumptions were taken into account when preparing the SOW and estimate of hours. If any of them turn out not to be accurate, the schedule and/or budget may be affected. UC will work with SUBSCRIBER to resolve any issues as they occur.

- a. SUBSCRIBER agrees to use tes@ucop.edu for support requests.
- b. SUBSCRIBER agrees to provide requisite information for UC to meet Table 1 Deliverables in a timely fashion.
- c. SUBSCRIBER users will log in with email address and their password provided by UC to view reports
- d. SUBSCRIBER will access TES Data Warehouse securely using VPN software provided by UC

5. Warranties/Indemnification

The University hereby represents and warrants that (a) it will perform the services in a professional and workmanlike manner, and (b) it will only use and the Educational Records in accordance with the terms of this Agreement.

Except as expressly set forth in the agreement, the services, reports, and anything provided in connection with this agreement are provided "as-is", without any warranties of any kind. The University hereby disclaims all warranties, express or implied, relating to the subject matter hereunder, including without limitation all implied warranties of merchantability, fitness for a particular purpose title and non-infringement.

The Family Educational Rights and Privacy Act (FERPA)

This Statement of Rights and Responsibilities derives from and is intended to be consistent with the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99), as well as California Education Code Section 49062 et seq. FERPA is a federal law that protects the privacy of student education records. FERPA applies to all K-12 schools and institutions of higher education that receive funds under an applicable program of the U.S. Department of Education. The California Education Code applies to K-12 schools in California, and similarly protects the privacy of student education records.

FERPA Part 99.31 allows schools to share data collected for this service provided by the University, without prior consent, when the following conditions apply:

- (6)(i) The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions to:
- (A) Develop, validate, or administer predictive tests;
 - (B) Administer student aid programs; or
 - (C) Improve instruction.

The California Education Code permits disclosures for research purposes under the same circumstances. (California Education Code Section 49076 (a)(2)(E)).

Terms of Service Agreement

1. Acknowledgement and consent

As the representative authorized to procure services for your educational institution(s), you are agreeing to receive no less than two calendar years of services as described by the University of California in the Statement of Work ("SOW"), a separate document signed by the authorized party for the school and the University. The date of services shall be marked by either a signed document or electronic request and acknowledgement for services. By acknowledging your approved request to receive services, you are aware that the University accepts the personal demographic, academic, and identifiable data necessary to conduct the evaluation by the University of California's Transcript Evaluation Service ("TES")¹. The University evaluates data as a service for participating public schools within California to determine student progress toward meeting the minimum admission requirements of California's public systems of higher education. Schools are permitted to use data provided by the University to institute and assess new and innovative practices to ensure more students are on track to satisfy the "a-g" requirements. The data from TES are used to provide schools and districts with support from University programs, research and public service mission– focused partners.

2. **The purpose of TES data collection, evaluation and outcomes reports** University access to records of research is critical for policy analysis and oversight purposes. Examples of how the University may use such records include, but are not

limited to, responding to audits, establishing that past use of University or research sponsor funds was appropriate, responding to government demands or subpoenas, defending research findings, and facilitating research misconduct proceedings. .

The collection and generation of data and tangible research materials are integral parts of any research project. Accurate and appropriately recorded research data, and the creation and retention of tangible research materials, enable scholars to report, replicate and refute research findings, which ultimately advances the research enterprise. As per this document, the evaluation results produced through TES are defined as research data, and the outputs of the service, including reports or other tangible items, including the outcomes of such data, are considered research data and materials. At the subscriber's request, the University is prepared to furnish the basic guidelines taken to ensure that Research Data, as defined below, are appropriately documented, maintained, retained for a reasonable time and accessible to the University for review and use.

- a. "Research Data" are recorded information reflecting original observations and methods related to a research study, and documentation of such data needed to reconstruct and evaluate reported results of the study, regardless of the form or medium on which it may be recorded, that is produced: (i) within a University researcher's course and scope of employment; (ii) using University research facilities or other research resources; or (iii) using funds provided by or through the University. Such data include, but are not limited to, computer software, databases and data of a scientific or technical nature, such as laboratory notebooks, field notes, electronic storage media, and printouts. Research Data also include Tangible Research Material, as defined below. Research Data do not include administrative records incidental to award administration such as financial records, contract and grant records, etc. While such administrative records generated by University researchers are not included in the definition of Research Data under these Guidelines, they are the property of the University and may be subject to terms and conditions of individual sponsored projects, federal and state regulations, and University retention and disposition requirements.²
- b. "Tangible Research Material" is a tangible item produced or collected in the course of research: (i) within a University researcher's course and scope of employment; (ii) using University research facilities or other research resources; or (iii) using funds provided by or through the University.
- c. The University may use data collected from schools to populate the admissions application for the University and its public higher education segment partners, the California State University and California Community Colleges.³ Students will

² Other research data may be obtained through material transfer agreements, license agreements or other means. Such other research data that are not produced or collected by the University may be subject to third-party provider obligations, and should be handled in accordance with contractual commitments.

have the option to opt in to this automatic population process prior to their data being populated into their in-process application.

3. Data Retention

As a research agent of the state, the University retains information collected and TES outcomes to support research and evaluation to identify trends in student academic performance. Both the University and other local education agencies have responsibilities concerning access to, use of and maintenance of student data used as research data and research materials. These obligations are not new and are not unique to the University; they arise from express provisions in awards and agreements with federal and other research sponsors, overarching regulatory requirements relating to funded research and fundamental precepts of research integrity.

In general, principal investigators should retain all Research Data for as long as possible, but not less than a minimum of six years after final reporting, publication, completion or abandonment of the project, unless a longer retention period is indicated by the funding source or other relevant agreement.⁴

4. Ownership and Use of Research Data

Research Data are the property of University of California Office of the President.⁵ Any research principal investigator, or authorized entity in contract with the University to conduct such research or programs, shall retain original Research Data on behalf of the University. The principal investigator is responsible for ensuring that Research Data, whether generated by the principal investigator or the principal investigator's research team, are recorded, stored and used in accordance with the generally accepted standards of his or her respective discipline and any requirements of applicable federal or state law or regulations, University policies and guidelines, and University contractual commitments.⁶ The principal investigator should consult the appropriate campus or University administrative office regarding the use and stewardship of Research Data that may be subject to applicable export control regulations, laws and regulations protecting the rights and privacy of human subjects, including, but not limited to, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or other applicable laws and regulations.

Data in its raw form, prior to being uploaded into the University's TES file loader or having been queried or altered by the University's systems or intellectual property, are the property of the school or district, as defined by their local policies. Once data has been accepted into a TES file transfer format and verified for submission to evaluate the

⁵ [University of California Regulation No. 4](#) (APM-020) provides that original records of the research are the property of the University. ("Original records" may include tangible records of research, such as biological materials, chemical compounds, plants, etc.). California Labor Code § 2860 provides that everything that an employee acquires by virtue of his/her employment (except compensation) belongs to the employer whether acquired during or after the term of employment.

file and its data contents, such data will become the property of the University and will be subject to the following conditions:

- a. The user will use the student TES evaluation results, provided by the University, only to support and conduct administrative activities, academic advising and counseling, and other intervention strategies intended to improve student progress toward satisfying minimum admission requirements for the California State University (CSU) and University of California systems of higher education.
- b. The data derived from the TES evaluations shall not be used for any purposes that generate revenue from the user or any other party without the express written consent of the University of California.

5. Data Sharing

The University of California supports the sharing of Research Data to advance public knowledge. In the interest of advancing knowledge, the University expects principal investigators to release and share final Research Data, particularly that which is described in a publication, for use by other investigators and researchers in a timely manner, consistent with the practices of the discipline involved. Further, such release and sharing shall be in accordance with existing University policies and guidelines, including those related to intellectual property, sponsor requirements, and applicable laws and regulations, such as laws relating to protecting the rights and privacy of human subjects. The National Institutes of Health policies on data sharing and sharing of biomedical research resources (http://grants.nih.gov/grants/policy/data_sharing/) and the National Science Foundation *Policy on Dissemination and Sharing of Research Results* (<http://www.nsf.gov/bfa/dias/policy/dmp.jsp>) are models that investigators may find useful when planning for the sharing of Research Data. In all instances, principal investigators should consult relevant award and/or agreement terms to determine whether Research Data are subject to any special handling, use or restriction terms.

6. Subscriber Responsibilities and Rights

By subscribing to this service and providing authorized access to your designee and those further provided access based on your or designees' discretion, you agree to hold the data in strict confidence. The user agrees NOT to release data to any other unauthorized person or organization.

The user shall retain data furnished by the school/district and the University in a place physically secure from access by unauthorized persons. Data in electronic format – including, but not limited to, hard drives, CDs or diskettes – shall be stored and processed in such a way that unauthorized persons cannot retrieve the data by means of computer, remote terminal or other means. The user agrees that any computer on which the data reside will be password-protected at all times.

No individual, school and/or district shall be identifiable in any reports, publications or other documents that are created by the user with the use of the data, unless at the specific request of the individual(s) authorized to make a request of this report, which must accompany a signed and notarized letter acknowledging such a request. Results for groups of individuals, schools and/or districts will only be reported when the number (i.e., the "cell size") is ten (10) or greater and in such a manner that results for groups of less than ten (10) cannot be easily calculated from other reported data.

1111 Franklin Street, 9th floor Oakland, CA 94607

The user shall adhere to all federal, state and local statutes, regulations and other requirements pertaining to the security, confidentiality and privacy of data including, but not limited to, the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99).

7. University Responsibility and Rights

- a. The Parties intend for the Agreement to be compliant with FERPA and California Education Code without parent consent;
- b. All pupil identifiable information contained in the records shared with the University of California will be kept confidential and will be used for the purpose of improving the District's programs, instruction and academic advising;
- c. Anyone who is provided with access to personally identifiable student education records will be advised of the confidentiality requirements and limitations of use of this Agreement and agree to abide by them;
- d. All student education records and pupil identifiable information contained in those records remain the sole property of the District;
- e. All algorithms, programs, and software used in the TES program, as well as research or analytical materials created by the University, remain the property of the University of California.

At the conclusion of the Agreement or at the District's request, all personally identifiable student education records shared under this Agreement shall be destroyed or returned to the District.

8. Fees and Payment

Certain services carry subscription fees ("Subscription Fees"). Subscription Fees will be due on an annual basis (the "Subscription Term"). Before the beginning of each Subscription Term during the term of this Agreement, the University will invoice you (or, if you've provided a credit card number through Account Administration, will bill that credit card) for the applicable Subscription Fees due for the following Subscription Term. Invoices for Subscription Fees must be paid by the beginning of the Subscription Term or within thirty (30) days after your receipt thereof, whichever is later. Any special arrangements regarding payment will be reflected in a Statement of Work or similar document.

Unless otherwise agreed by you and the University in writing, all fees are non-refundable, including without limitation if this Agreement terminates prior to the end of a Subscription Term for which you have pre-paid Subscription Fees. All amounts due hereunder shall be paid in United States dollars within the United States. Conversion of foreign currency to United States dollars shall be made at the conversion rate existing in the United States (as reported in the Wall Street Journal) on the first working day of the calendar month during which the applicable payment is due.

If the payment information you have provided is incorrect or incomplete, or if you are late paying any invoice or the University is otherwise unable to complete a transaction or collect timely payment due to your error or omission, any payment due hereunder that is so delayed shall bear interest at the rate of one percent (1%) per month or the highest rate allowed by applicable law, whichever is less.

1111 Franklin Street, 9th floor Oakland, CA 94607

9. Term and Termination; Suspension

This Agreement shall remain in full force and effect so long as you use the service in strict accordance with the terms, conditions and limitations of this Agreement. Either party may terminate this Agreement for any reason or for no reason upon written notice to the other party (email is sufficient). The University may suspend your access to the services and the performance of any services at any time and without notice if the University reasonably believes in its sole discretion that you have breached any of the terms of this Agreement. If the University terminates this Agreement (except in the event of a breach of the Agreement by you), we will refund to you a prorated portion of your fees based on the date of termination.

Upon termination of this Agreement, your right to use and/or access the services directly related to TES shall terminate, and the University will cease performance of any of these services. The following provisions shall survive termination of this Agreement: Notwithstanding the foregoing, after termination of this Agreement, you may continue to use TES reports that you have downloaded prior to the effective date of termination, solely in accordance with all restrictions herein.

10. Warranties; Warranty Disclaimer

The Family Educational Rights and Privacy Act ("FERPA") and California Education Code Section 49076(a)(1)(A) both generally require that schools get prior written consent from a parent or guardian of a minor student before disclosing any educational records regarding such student ("Educational Records") to third parties. However, education records can be shared with school officials who have a legitimate educational interest. If you are a School, you hereby agree to designate the University (including its employees, contractors and agents) as an "other school official," under FERPA and/or the California Education Code, who has a "legitimate educational interest" in using and accessing such Educational Records. Further, you hereby represent and warrant that (a) you have obtained all consents necessary in connection with disclosing any Educational Records directly or indirectly to the University, Users or otherwise in connection with the Services, and (b) your disclosures described in (a) are not and will not be a violation of FERPA.

The University hereby represents and warrants that (a) it will perform the services in a professional and workmanlike manner, and (b) it will use the Educational Records only in accordance with the terms of this Agreement.

Except as expressly set forth in the agreement, the services, reports and anything provided in connection with this agreement are provided "as-is," without any warranties of any kind. The University hereby disclaims all warranties, express or implied, relating to the subject matter hereunder, including without limitation all implied warranties of merchantability, fitness for a particular purpose title and non-infringement.

11. Limitation of Liability

IN NO EVENT WILL THE UNIVERSITY (OR ITS LICENSORS OR SUPPLIERS) BE LIABLE FOR

- a. ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE USE

1111 Franklin Street, 9th floor Oakland, CA 94607

OF THE SERVICES, PERFORMANCE OF THE SERVICES OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT,

- b. THE DELAY OR INABILITY TO USE THE SERVICES OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT OR OTHERWISE ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION LOSS OR CORRUPTION OF DATA, ERROR OR OMISSION IN THE SERVICES, LOSS OF REVENUE OR ANTICIPATED PROFITS OR LOST BUSINESS OR LOST SALES, AND
- c. ANY MATTER BEYOND ITS OR THEIR REASONABLE CONTROL, AND ITS OBLIGATIONS HEREUNDER SHALL BE LIMITED TO THE EXERCISE OF COMMERCIALY REASONABLE EFFORTS; IN EACH CASE, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF THE UNIVERSITY HAS BEEN ADVISED OF THE POSSIBILITY OF DAMAGES.

UC TES Data Upload Template

To upload data, go to <http://www.transcriptevaluation.com/> and click the Login button on the top right. After you log in, click on the "My Data" tab and then on the "Upload Data" button. Each template file that you upload should contain the data for one school.

Tabs in this file:

There are four data tabs in this file. See descriptions below.

Field Importance:

Not all data is required. Each column has been color coded to let you know if the data is essential.

Required

Optional

Required if tab is completed

Certain cells have also been color coded to let you know that the cell has special properties.

Drop down menus are included here. These columns will only accept the values shown in the drop down menu.

Column Names:

The column names in each data tab refer to the field names from the Data Dictionary tab.

Data Dictionary:

The Data Dictionary tab contains field definitions and acceptable values / codes for required fields.

Excel Size Limitation:

Excel has a limit of 1 million rows for any worksheet. If your data exceeds this limit, you'll want to split the data into multiple Excel files for uploading.

Support:

If you have any questions using this template or uploading data, please contact tes.help@ucop.edu. We'd be happy to help!

Data Tab Descriptions:

1. Student tab: This record is required. There should be one row for each student currently enrolled at the school in grades 9 through 12 (marked with PREVIOUS YEAR SENIOR set to 'N'), and one row for each student who graduated in the prior year (marked with PREVIOUS YEAR SENIOR set to 'Y').
2. Student Transcript tab: This record is required. There should be one row for each course completed by each student in the Student tab (marked with the WORK IN PROGRESS column set to 'N'), and one row for each course that any student is currently enrolled in (marked with the WORK IN PROGRESS column set to 'Y'). The COURSE GRADE column may be set to 'WIP' for in-progress courses.
3. Program Participation tab: Provides program participation information on each student. This record is optional.
4. Test Score tab: Provides test records for each student. This record is optional.
