Community Schools, Thriving Students

Pathway Vision	We prepare students to become independent, articulate, cooperative, and conscientious citizens with a life-long interest and ability in learning and the arts. Their artistic experiences and collaboration with a rich local, professional community of artists will guide them to create, appreciate, and understand the arts. Regular practice in discipline, focus, and risk-taking will foster artistic excellence and inspire a creative exchange of ideas, valuable for any field our learners pursue.			
Pathway Mission	SVPA provides a rigorous course of study for grades 10-12 students with a strong personal interest in the visual or performing arts. Our program develops the whole person with studies that integrate the arts with core academics. SVPA students draw from contemporary art practices and are regularly challenged to express themselves artistically and to publicly showcase their work.
