ASES and 21st CCLC After School Programs 2012-2013 share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21<sup>st</sup> Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services, and increase their ability to support their student's learning and development.

# **SECTION 9: Chronic Absence Action Plan**

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to

let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select at least two of the following strategies below, and identify specific action steps that your program will implement for each strategy.

<ul> <li>a) Recruit and address the needs of students who are at risk of chronic absenteeism.</li> </ul>	Develop a communications plan that includes talking with students and parents about the importance of regular attendance. Host an awards ceremony celebrating attendance. Acknowledge students who have good attendadnce or increase their attendance through announcements, gifts, etc.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	During parent orientations inform parents on the ASP attendance expectations, distribute registration forms that outline the importance of consistent attendance. Students who chronically absent will be placed on a contract and a mtg will be held with the parent(s).
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Monitor attendance and work with attendance office to obtain a list of those students who are chronically absent.
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	Hold an award ceremony to celebrate good attendance.

# 2012-13 After School Enrollment Policy for MLK, Jr. Elementary School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21<sup>st</sup> Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in need of academic support and intervention	Applications, school data, parent information, previous family knowledge	
Students from socio-economically disadvantaged families/backgrounds	Applications, school data, parent information, previous family knowledge	
English Language Learners	Applications, school data, parent information, previous family knowledge	
Students with siblings in the program	Applications, school data, parent information, previous family knowledge	
Students with chronic absenteeism	Applications, school data, parent information, previous family knowledge	

# Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

# Grade levels prioritized for programming: K-5<sup>th</sup>

Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

# **Additional Notes:**

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.

- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
  of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
  (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

**Enrollment Process and Timeline:** (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2012. Indicate how families will be notified of 2012-13 enrollment before the last day of school, June 16, 2012.)

#### Important dates to include in your timeline:

- Families will be notified of 2012-13 after school enrollment before the last day of school, June 15, 2012.
- After school programs begin on 1<sup>st</sup> Day of school, with enrollment at a minimum 75% capacity.

# Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at 58 elementary, middle or high schools:

- 1. BACR is the lead community agency— managing the entire program, providing staff, and delivering services— at 55 schools. These include: 24 schools in Oakland, 16 in San Francisco, 5 in Alameda, 5 in San Rafael, and 5 in West Contra Costa County.
- 2. BACR is the fiscal sponsor—managing human resources, payroll and fringe benefits—for 3 schools at Mt. Diablo Unified in Contra Costa County.

## **OUR VALUES**

- Give children a safe, nurturing and enjoyable environment after school.
- Integrate youth development practices into everything we do.
- Schools, students, parents and partner non-profits are our customers. Meet their needs.
- Youth are valuable. Support them in realizing their power.
- Respect our ancestors, improve the present, and sustain future generations.
- Give youth just, equal and meaningful opportunities to learn, grow and succeed.
- We like to have FUN! Take every opportunity to enjoy and celebrate our work.

# PROGRAM MODEL

## Academic Assistance

- Homework support: Students work in small groups with trained staff.
- Academic enrichment: Students get hands-on opportunities to master academic content, through robotics, chemistry lab, poetry slams, and creative writing workshops.
- Academic interventions: Students who need it get one-on-one review sessions with teachers or tutors and Supplemental Educational Services tutoring.
- \* Test preparation and credit recovery: High school students get help to graduate.

#### Enrichment

- Students explore their interests and build new skills. Visual and performing arts, community service, and student-led projects that promote pride, embody culturally-responsive activities, and integrate learning objectives in California Content Standards.
- Enrichment activities are tailored to each school site.

#### Recreation

Students can exercise, relax, and build social skills through organized sports, cooperative games, and free time.

#### Showcases

Young people get opportunities to showcase their work and share their achievements with peers and family.

1/17/11

## **EVIDENCE OF OUTCOMES**

#### A research study showed academic improvement for our after school participants:

- CAT6 reading scores increased more than peers not in the program, and the difference was statistically significant. Students initially in the lowest quartile rose 8.7 percentile points.
- In CST English Language Arts, students showed a statistically significant increase in scores. 48% of students who were Below or Far Below Basic increased 7.5 points.

#### Recent Oakland elementary school surveys showed positive outcomes: Students

# OAKLAND UNIFIED SCHOOL DISTRICT Office of the Board of Education June **27**, 2012

TO:	Board of Education
FROM:	Dr. Anthony Smith, Ph.D., Superintendent
SUBJECT:	Master Memorandum of Understanding between OUSD and Bay Area Community Resources

# ACTION REQUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$2,974,784.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

# BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement will be submitted to the board for ratification. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

# DISCUSSION

Vendor: Bay Area Community Resources

<u>Overview of Services:</u> Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities family literacy and targeted Equitable Access services to students that are high risk to meet grant compliance of ASES and 21<sup>st</sup> Century grants.

## Not-To-Exceed Amount: \$2,974,784.00

Determination of Not-to-Exceed Amount: Based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after-school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

# FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the RBB Budget, and a review of State and Federal compliance funding when applicable.

# RECOMMENDATION

Approval of Master MOU between the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute a Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$2,974,784.00.
