ACTION REQUESTED

Approve the petition and charter to establish Castlemont Junior Academy (CJA) as an Oakland Unified School District (OUSD) authorized charter school that serves grades 6th- 8th. The petition presents aspects of a sound educational program; the petitioners seem to be demonstrably likely to successfully implement the program set forth in the petition; the petition contains the required signatures and affirmations; and the petition contains reasonably comprehensive descriptions of all of the 16 elements required by the California Charter Schools Act.

SUMMARY

Staff recommends that the OUSD Board of Education approves the petition for Castlemont Junior Academy to serve students in grades 6th – 8th; to begin operation as an OUSD authorized charter school on June 30, 2015. Staff recommends approval based on the following:

- 1) The CJA petitioners have garnered strong community support for a middle school.
- 2) The petitioners exhibit a strong commitment to providing/supporting a quality TK-12th grade continuum for the Castlemont community of East Oakland.
- 3) Due diligence conducted to ensure that the establishment of the charter is consistent with sound educational practices

PROCEDURAL BACKGROUND

- 1) The lead petitioner submitted a petition for the Castlemont Junior Academy on September 11, 2014 at a regularly scheduled Board of Education meeting.
- 2) A public hearing was held on October 8, 2014. Representatives from the lead petitioning group presented.
- 3) Staff conducted Petitioner Interviews on October 8, 2014.

STATUTORY BACKGROUND

Pursuant to Education Code §47605:

Charter law outlines the criteria governing the approval or denial of charter school petitions. The following excerpt is taken from the Charter Schools Act, Education Code §47605. This excerpt delineates charter approval and denial criteria:

A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

- (1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.*
- (2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.*
- (3) The petition does not contain the number of signatures required.*
- (4) The petition does not contain an affirmation of each of the conditions described in Education Code §47605(d).*
- (5) The petition does not contain reasonably comprehensive descriptions of the 16 required charter elements.*

DISCUSSION

Staff convened a petition review team, which subsequently conducted an evaluation of the petition pursuant to the Charter Schools Act and with the application of the Oakland Unified School District Petition Evaluation Rubric.

Following the petition review process, staff conducted Petitioner Interviews in an attempt to clarify various aspects of the petition, as well as to evaluate the capacity of the petitioners to successfully implement the program as set forth in the petition.

Castlemont Junior Academy proposes to open in Fall 2015, on or around the Castlemont High School campus. In Year 1, the school will serve approximately 100 6th grade students; growing to 300 6th-8th grade students at full capacity.

The staff report and charter petition evaluation contained herein describes the proposed educational program and school operations, as well as an articulation of strengths and foreseeable challenges.

RECOMMENDATION

Staff recommends that the Oakland Unified School District's Board of Education **approve** the petition for Castlemont Junior Academy under the California Charter Schools Act. The factual findings illustrated in this report demonstrate that the petition satisfies the five legally required categories of *Education Code § 47605*:

- (1) The charter school presents a sound educational program for the pupils to be enrolled in the charter school;*

- (2) *The petitioners are demonstrably likely to successfully implement the program set forth in petition*
- (3) *The petition contains the number of signatures required;*
- (4) *The petition contains an affirmation of each of the conditions described in Education Code §47605(d);*
- (5) *The petition contains reasonably comprehensive descriptions of the 16 required charter elements.*

This approval is for the charter program and operation in its entirety as proposed and revised herein to include all terms and conditions set forth in this report. Any subsequent material revision of the provision of this charter may be made only with the approval of the District as charter authorizer (*Education Code §47607(a)(1)*). Any material revision to any charter component must be proposed and considered according to the standards and criteria in Education Code §47605 (*Education Code §47607(a)(2)*).

The term of this charter will be from June 30, 2015 through June 30, 2020, the maximum period allowed under the California Charter Schools Act (*Education Code §47607(a)(1)*). The District will not accept a charter renewal request more than 270 days prior to the expiration of the charter.

A charter may be revoked by the authority that granted the charter if the authority finds that the charter school committed a material violation of any of the conditions, standards, or procedures set forth in its charter (*Education Code §47607(c)(1)*). The Board of Education's approval of this charter shall incorporate the conditions on opening and associated deadlines as a condition of the charter.

The District retains the authority to delay opening for a period of up to one year, if any of the conditions on opening are not satisfactorily met by the associated deadlines. Not meeting any one of the conditions on opening and associated deadlines set forth in this approval may be grounds for revocation as set forth in the California Charter Schools Act (*Education Code §47607(c)(1)*).

Pursuant to OUSD Governing Board Policy, BP 0420.4, if the school does not open on or before September 30, 2015, it will be considered a demonstration of petitioners' lack of capacity to implement the program set forth in the petition and the District will initiate charter revocation procedures.

Recommendation:

Approval of the Castlemont Junior Academy charter petition, as revised, to reflect the terms and conditions set forth in this report, to begin operation June 30, 2015, and to expire June 30, 2020. Staff recommends approval of a full five-year term of operation. If conditions set forth herein are not met as of August 1, 2015, and/or the petitioner and the Board of Education of the Oakland Unified School District mutually agree that success of the program would benefit from a delayed opening, the charter term will reflect the actual operation of the school to allow for a full five-year term of operation.

Brief description of the kind of school to be chartered.

“We believe that we must meet students where they are – academically, socially, and culturally – to help each student succeed to the best of their abilities. To that end, we will adopt a constructivist approach to education that creates an environment that nurtures, challenges, and values every member of our community.” (p.21)

Brief explanation of the mission of proposed charter school.

“The mission of the Castlemont Community Transformation Schools (CCTS) is to provide a high quality TK-12 education that equips East Oakland students to thrive in school, career, and community life by fueling their capacity to transform their lives and their communities. By embedding community-based participatory action research methods into a program aligned with Common Core State Standards, all of our students will become 21st Century leaders ready to succeed in the global economy.” (p. 21)

E.C. § 47605(b)(1)

E.C. § 47605(b)(5)(A)-(C)

The education program should tell you who the school expects to serve; what the students will achieve; how they will achieve it; and how the school will evaluate performance. It should give you a clear picture of what a student who attends the school will experience in terms of educational climate, structure, materials, schedule, assessment and outcomes.

A. TARGET POPULATION

A description of the Target Population excels if it has the following characteristics:

- Coherent description of the students the school expects to serve based on understanding of the district population and the location in which the school expects to operate;
- Demonstrated understanding of the educational needs of the target population; and
- Explanation of how the mission and vision align with the needs of the target population.

E. SPECIAL POPULATIONS: ENGLISH LANGUAGE LEARNERS

Federal law requires charter schools, like all public schools, to meet the needs of English language learners by helping them gain English proficiency and also make progress in all academic subjects. A plan for serving English language learners excels if it has the following characteristics:

- Demonstrated understanding of the likely English language learner population;
- A sound approach to identifying and meeting the needs of English language learners tailored to the anticipated population;
- A sound approach to helping English language learners fulfill expectations of the core educational program, including a lead contact and intervention process; and
- Evidence of high expectations for English language learners.

PUPIL OUTCOMES

Pupil outcomes are central to the school’s existence. They represent the school’s definition of success and should drive all aspects of the program and operation. A description of Pupil Outcomes excels if it has the following characteristics:

1. Alignment: *Do the objectives align with the mission and vision?*

- Educational objectives aligned with the mission, vision and educational program;

2. Measurement: *Are the goals clear, specific and measurable?*

- Multiple performance measures applied to student learning objectives.
- Measures include performance goals based on absolute (e.g., proficiency levels), relative (e.g., comparison schools) and individual gains (e.g., year-to-year matched student cohort gains);
- Goals that are specific, measurable and time bound;

3. Performance Level: *Have the petitioners demonstrated that the target performance levels are both ambitious and attainable?*

- Performance levels that are both ambitious and realistic including rigorous promotion and graduation standards;
- Performance levels are considered annually and graduated as needed to sufficiently accelerate learning based on the needs of the target population;

PUPIL PROGRESS

Summative evaluations measure student performance for the purpose of evaluating academic program effectiveness and overall school operation. In other words, they are used to determine how much students have learned.

Formative evaluations measure student performance for the purpose of determining students' learning needs and to inform instructional strategies. In other words, they are used to determine what students still need to learn.

A plan for evaluating Pupil Progress excels if it uses both formative and summative and includes the following characteristics:

1. **Assessments:** *Does the school have valid and reliable measures of student progress?*

 - An adequate reserve and contingency plan targeted to the minimum enrollment needed for solvency (especially for year 1);
 - A sound plan for financial management systems;
 - An audit assurance and/or plan with adequate budget allocation; and
 - A plan for dissolution of assets should the school close.

 - Spending priorities that align with the school’s mission, educational program, management structure, professional development needs, and growth plan;
 - A budget narrative explaining key expense assumptions;
 - Realistic expense projections addressing major operating expenses including staffing and benefits, special education, facility, materials and equipment, and contracted services;
 - Budgeting to meet minimum insurance requirements; and
 - Evidence to support key assumptions including that compensation is sufficient to attract qualified staff and that facilities budget is adequate.
