Industry Partners: Junior Achievement, One Love Foundation, Alameda Co Public Health Services, Oakland Unified School District Talent Recruitment, OUSD Restorative Justice and TUPE Program, Merritt College, Highland Hospital/ Alameda County Department of Health, OUSD Summer Learning, Kaiser Hospital, Samuel Merritt University, Peer Health Exchange, CSU East Bay and SFSU, San Leandro Unified, Alta Bates Summit

<p>Pathway Vision</p>	<p>What is the instructional vision and desired experience for students that will drive the pathway?</p> <p>Vision The Education & Community Health Academy at Skyline High School is committed to bringing a rich understanding of education equality, social justice, and local and global public health issues to our students. Students leave us with knowledge, skills, training, and opportunity that provide a foundation for them to explore their own path to ultimately transform their schools and community.</p> <p>Mission The Education & Community Health Academy is a 3-year program where students become critical scholars, analyzing their own educational experiences as well as historical and current movements in public education and health. Our teaching team collaborates to bring cross-disciplinary projects that engage our students in civic action about issues relevant to the community in which we live. Our students explore careers dedicated to transforming lives of young people: teachers, school psychologists, educational researchers & activists, administrators, coaches, social workers, and health care professionals.</p>

		development: physical, cognitive, social-emotional and moral. This projects integrates well with Physiology and US History, as students analyze how theorists explain human development and connect their analysis with their own life experiences. US History component focuses on moral decisions made that impact society and the analysis of those decisions. See Life Devt Book Project	12th Grade Work Based Learning Program in which seniors design community circles for 10th, 11th, and 12th grade pathway students, to be delivered in their CTE courses in October 2018.	
Defenses or Capstones	Students research a global health or education issue an compare this issue between two countries. After writing a policy brief, they will create a slideshow for their oral defense. Students present to their peers in CTE classes as their final during the last two weeks of class in May.		Students will defend Capstone in May 2017 through oral presentations as graded by a panel using the OUSD graduate capstone oral presentation rubric. Here is the preliminary schedule for May.	
Other Courses / Electives	P.E. Intro to Yoga (Coming Soon)	P.E. Intermediate Yoga (Coming Soon)	P.E. Advanced Yoga (Coming Soon)	
Other Student Experiences (post-session, intersession, rituals, class trips, assemblies)	-Annual Ropes Course team-building across 10th grade cohort, with Pacific Leadership Institute -annual celebration & team building across grade levels	- Team building Workshop w/ 11th grade cohort (DRUMMM, Salsa, other non-comfort zone experience) --annual celebration & team building across grade levels	-Industry Certification in Tier I Restorative Justice: Community Building -Senior Celebration Night in May (award stoles, celebrate each student, invite families, eat dinner with food truck, student gives appreciations) at Skyline.

Advisory Structure	see 11th grade	CTE teachers view CTE courses as an Advisory-like class. We do goal-setting, self-evaluation, and transcript review, and culture-building.	see 11th grade	
Personalized Supports	Offer after school and lunch time, support with our teachers and we have a care manager Mr. Walls who coordinates student interventions to students referred by teacher. On Fridays we conduct student interventions in our collaboration groups in grade level teams and have a dedicated pathway counselor in Nancy Roman Gonzalez.
