Board Meeting Date March 11, 2020

Subject Award of Contract for Construction Services - Non-Competitively Bid
-Madison Park Academy Expansion Project to Innovative Construction Company

Action Requested

The District is currently constructing improvements at the Madison Park Academy. The Project is currently scheduled to be completed on or about February 1, 2020 and is now entering into its final phases. The original contractor on the Project was Vila Tulum Joint Ventures ("Vila")- Vila fell behind schedule on this Project and projects with other school districts. The District was forced to declare Vila in default and ask Vila's Surety, Liberty Mutual to take over the Project.

Vila and the District entered into a Takeover Agreement, whereby Liberty agreed to complete the Project. However, Liberty stated that it did not know if it could complete the Project in a timely manner if it were required to install a weatherproofing windscreen. The parties therefore agreed that the windscreen would be taken from Liberty's scope of work and transferred to another party.

The District elected to shift the work to Innovative Construction, an existing subcontractor on the Project. This shift of work did not require competitive bidding, because the work was already part of the Project scope and Innovative is an existing member of the construction team. In addition, the cost of the windscreen is already part of the Project budget.

The work is scheduled to commence on March 12, 2020, and scheduled to last until December 31, 2020, pursuant to the contract.

Discussion

The scope of work of the contract to include providing repair and construction services for weatherproofing windscreen connections and replacement.

Check box for "Yes" (If "No," leave box unchecked)

If "No," please answer the following questions:

1) How did you determine the price is competitive?

The project Architect determined that the price was fair and reasonable. The amount was consistent with the price established for this item in the project budget for the underlying contract.

2) Please check the competitive bidding exception relied upon:

3) Explain in detail the facts that support the applicability of the exception marked above: This Project was taken over by the original contractor's surety and is being completed by the Surety's contractor, Vertex Construction Services. As part of the Takeover Agreement, the District agreed to assign direct responsibility for the installation of the Perforated Screen work to another contractor. The scope and the price of the work would remain the same, legal responsibility was merely shifted to Innovative Construction, the subcontractor who had been assigned the work originally. The shifting of legal risks from an existing contractor to another existing contractor does not trigger the duty to rebid under the Public Contracts Code. It should be noted that the Innovative Agreement to be approved by the Board will have an additional Amendment added to it, which will include other tasks associated with the Perforated Screen. This "Base Agreement" is brought to the Board now to ensure the orderly progress of the work as the Amendment is finalized.

AGREEMENT BETWEEN OWNER AND CONTRACTOR

This Agreement effective **March 12, 2020** is by and between the Oakland Unified School District, Alameda County, hereinafter called the "Owner," and **INNOVATIVE CONSTRUCTION COMPANY**, hereinafter called the "Contractor," with each a "Party," and together the "Parties." to this Agreement.

WITNESSETH: That the Contractor and the Owner for the consideration hereinafter named agree as follows:

ARTICLE I. SCOPE OF WORK. The Contractor agrees to furnish all labor, equipment and materials, including tools, implements, and appliances required, and to perform all the work required, by the Contract (the "Work") in a good and workmanlike manner, free from any and all liens and claims from mechanics, material suppliers, subcontractors, artisans, machinists, teamsters, freight carriers, and laborers, and as specified in

Madison Park Academy Expansion Project

all in strict compliance with the plans, drawings and specifications therefore prepared by

OUSD, 955 High Street, Oakland, California

and other Contract Documents relating thereto.

ARTICLE II. CONTRACT DOCUMENTS. The Contractor and the Owner agree that all of the documents listed in Article 1.1.1 of the General Conditions form the "Contract Documents" which form the "Contract."

ARTICLE III. TIME TO COMPLETE AND LIQUIDATED DAMAGES.

Time is of the essence in this Contract, and the time of Completion for the Work (the "Contract Time") shall be **Three Hundred Sixty-Five (365)** calendar days from (a) the date of commencement of the Work as established in the Owner's Notice to Proceed, or (b) if no date of commencement is established in a Notice to Proceed from Owner, the date of Contractor's actual commencement of the Work (including mobilization). In addition, the portion of the Work that **consists of** installation and providing materials per plans and specifications for the Low Voltage Systems: Document 00 11 12 Specifications; Drawings: A302 with Audio-Visual Markups.

"Time is of the essence in this Contract. The Contractor shall commence the Work (including mobilization) on or after **March 12, 2020** and shall complete the Work on or before **December 31, 2020**, (this period of time being the "Contract Time").

Failure to Complete the Work within the Contract Time and in the manner provided for by the Contract Documents, or failure to complete any specified portion of the Work by a milestone

deadline, shall subject the Contractor to liquidated damages. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if the Work were not completed within the Contract Time, or if any specified portion of the Work were not completed by a milestone deadline, are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of such delay include, but are not limited to, loss of the use of the Work, disruption of activities, costs of administration and supervision, third party claims, and the incalculable inconvenience and loss suffered by the public.

Accordingly, the parties agree that the amount herein set forth shall be the amount of damages which the Owner shall directly incur upon failure of the Contractor to Complete the Work within the Contract Time or complete any specified portion of the Work by a milestone deadline: **One Thousand Dollars \$1,000.00** for each calendar day.

In addition, Contractor shall be subject to liquidated damages, or actual damages if liquidated damages are not recoverable under law, for causing another contractor on the Project to fail to timely complete its work under its contract or for causing delayed *completion* of the Project. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if another contractor on the Project were to fail to timely complete its work under its contract or delay *completion* of the Project are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of such delay include, but are not limited to, loss of the use of the Work, loss of use of the other contractor's work, loss of use of the Project, disruption of activities, costs of administration and supervision, third party claims, the incalculable inconvenience and loss suffered by the public, and an Owner's inability to recover its delay damages from the contractors whose work was delayed by Contractor.

Accordingly, the parties agree that the amount herein set forth shall be the amount of damages which the Owner shall directly incur upon Contractor causing another contractor on the Project to fail to timely complete its work under its contract or causing delayed *completion* of the Project: **One Thousand Dollars \$1,000.00** for each calendar day.

For Contractor's obligations regarding claims against Owner from other contractors on the Project alleging that Contractor caused delays to their work, see General Conditions sections 3.7.4, 3.16 and 6.2.3.

If liquidated damages accrue as described above, the Owner, in addition to all other remedies provided by law, shall have the right to assess the liquidated damages at any time, and to withhold liquidated damages (and any interest thereon) at any time from any and all retention or progress payments, which would otherwise be or become due the Contractor. In addition, if it is reasonably apparent to the Owner before liquidated damages begin to accrue that they will accrue, Owner may assess and withhold, from retention or progress payments, the estimated amount of liquidated damages that will accrue in the future. If the retained percentage or withheld progress payments are not sufficient to discharge all liabilities of the Contractor incurred under this Article, the

Contractor and its sureties shall continue to remain liable to the Owner until all such liabilities are satisfied in full.

If Owner accepts any work or makes any payment under the Contract Documents after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any provision in the Contract Documents regarding time of Completion, milestone deadlines, or liquidated damages.

ARTICLE IV. PAYMENT, AND RETENTION. The Owner agrees to pay the Contractor in current funds **One Hundred Twenty-Three Thousand, Nine Hundred Four Dollars No/100 (\$123,904.00)** for work satisfactorily performed after receipt of properly documented and submitted Applications for Payment and to make payments on account thereof, as provided in the General Conditions.

The above contract price does not includes contingency fund for the following scopes of work (respectively): Provide installation and providing materials per plans and specifications for the Low Voltage Systems: Document 00 11 12 Specifications; Drawings: A302 with Audio-Visual Markups.

Any payment from an allowance or contingency fund is entirely at the discretion, and only with the advanced written approval, of the Owner. To request payment from a contractual allowance or contingency, the Contractor must fully comply with the Contract Documents' requirements related to Notice to Potential Changes, Change Order Requests, and Claims, including but not limited to Articles 4 and 7 of the General Conditions and its provisions regarding waiver of rights for failure to comply. If the Owner approves in writing a payment from a contractual allowance or contingency, no change order approved by Owner's governing body shall be required and the Contractor may include a request for such payment in its next progress payment application or request for release of retention. Contractor's inclusion of a request for such payment in a progress payment application or release of retention, or Contractor's acceptance of a progress payment or release of retention that includes such payment, shall act as a full and complete waiver by Contractor of all rights to recover additional amounts, or to receive a time extension or other consideration, related to the underlying basis of such payment; and such waiver shall be in addition to any other waiver that applies under the Contract Documents (including Article 4 of the General Conditions). If Contractor requests a time extension or other consideration in connection with or related to a requested payment from a contractual allowance or contingency, Contractor must comply with the Contract Documents' requirements related to Notice to Potential Changes, Change Order Requests, and Claims, including but not limited to Articles 4 and 7 of the General Conditions and their provisions regarding waiver of rights for failure to comply, and no such time extension or other consideration may be issued until a change order is approved by the Owner's governing body pursuant to the Contract Documents. The amount of any contractual contingency or allowance may only be increased by a change order approved by Owner's governing body. Once a contractual contingency or allowance is fully spent, the Contractor must request any additional compensation pursuant to the procedures in the Contract Documents for Notices of Potential Claim, Change Order Requests, and Claims, and payment must be made by a change order approved by the Owner's governing body pursuant to the

General Conditions. Upon Completion of the Work, all amounts in a contractual contingency or allowance that remain unspent and unencumbered shall remain the property of the Owner, Contractor shall have no claim to such funds, the Owner shall be entitled to a credit for such unused amounts against the above contract price, and the Owner may withhold such credit from any progress payment or release of retention.

ARTICLE V. CHANGES. Changes in this Agreement or in the Work to be done under this Agreement shall be made as provided in the General Conditions. To be enforceable, any written amendment or change order must be signed by both parties and approved by the Owner's governing body.

ARTICLE VI. TERMINATION. The Owner or Contractor may terminate the Contract as provided in the General Conditions.

The difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.
