RE: Fire and Intrusion Alarm System Testing and DSA Closeout
Joaquin Miller Elementary School
5525 Ascot Drive
Oakland, California 94610

Dear Mr. Howell:

The Joaquin Miller Elementary School fire and intrusion alarm replacement project (DSA # 01-114439) started construction in June 2017. The project has experienced numerous delays and setbacks during construction. Subsequently, the project was closed without certification by DSA on April 12, 2018.

A fire alarm pre-test was conducted in November 2017, but additional testing is required for project completion. The term of the existing contract expired on December 31, 2013 and was extended to February 1, 2017, which has now passed.

The original contract for the design of the Joaquin Miller Elementary School fire and intrusion alarm replacement was an agreement between the Oakland Unified School District (OUSD) and Aon Fire Protection Engineering (Aon FPE). Aon FPE was acquired by Jensen Hughes in April 2016.

OUSD has requested Jensen Hughes assistance to witness fire and intrusion alarm system testing, and for DSA project close-out.

Scope of Services

Jensen Hughes proposes to provide the following scope of services:

1. Witness the pre-test and final acceptance test of the fire alarm system with the Client, Contractor, and the Inspector of Record (IOR). Results of the tests will be recorded and submitted to the Client. In order to accommodate OUSD Buildings & Grounds Alarm Shop participation, the testing will occur on Friday evenings between 3:30 pm and 7:00 pm and on Saturdays. A maximum of four visits are included.
2. Witness the pre-test and final acceptance test of the intrusion alarm system with the Client, Contractor, and the Inspector of Record (IOR). Results of the tests will be recorded and submitted to the Client. In order to accommodate OUSD Buildings & Grounds Alarm Shop participation, the testing will occur on Friday evenings between 3:30 pm and 7:00 pm and on Saturdays. A maximum of two visits are included.
3. Prepare and submit verified reports for DSA project certification. Verified reports will be submitted to DSA via the DSA Box system. A pdf copy of the report will be provided to OUSD via email.
4. Conduct a final walk through of the campus following the demolition and removal of unused fire and intrusion alarm equipment. Prepare a final punch-list of any items missed by the contractor.

Additional Services

Work outside of the Scope specified in this proposal will be conducted on a mutually-agreed-upon basis. When such work is requested, Jensen Hughes will submit an estimate of the cost to the Client for approval prior to commencing work.

Additional work may include, but is not limited to:

1. Additional site visits.
2. Additional meetings.
3. Additional testing or inspections.
4. Additional project coordination meetings.

Client Responsibilities

This proposal is based upon the Client performing the following activities:

1. Provide Jensen Hughes access to all areas of the building for the purpose of conducting the site visits and witnessing tests.
2. Ensure systems are ready to commence testing immediately upon arrival of inspectors.
3. All prior approvals from regulatory agencies must be onsite including, but not limited to, approved permit drawings and shop drawings documentation. In addition, copies of all permits, variances, waivers, or other types of agreements concerning the project must be available for review prior to testing.
4. Provide portable radios.
5. Provide personnel familiar with the location and operation of the fire alarm and intrusion alarm systems.
6. Provide personnel properly equipped for testing the fire and intrusion alarm systems and devices.
7. Provide UL-listed canned smoke, magnets, flow gauges, magnahelic pressure gauges, and all other equipment and materials required to test systems and devices.
8. Provide personnel with keys for access to all building spaces, elevator reset/bypass, fire alarm control panels, central station communicators, fire alarm wiring terminal cabinets, and annunciator panels.
9. Provide personnel capable of bypassing notification appliances and all auxiliary system control functions for portions of the test.
10. Provide personnel authorized to contact the OUSD Alarm Center and remote station to take fire alarm monitoring out-of-service for portions of the test.
11. Provide personnel familiar with the operation and location of air handling units, elevators, and other system interfaces, where applicable.
12. Provide at least two individuals for system testing. One person will operate the panel for signal identification and system resets. The second person will activate devices. Due to the need for disconnecting wires and devices for supervision testing, at least one of these individuals shall be a technician familiar with the installation.

Terms and Conditions

The proposed scope of services will be provided for a fixed fee of \$15,800.00.

Invoices will be submitted monthly based on a percent of completion or fixed amount by task or deliverable. Customized billing formats or the use of client portals to submit invoices will result in a 1.5 percent service charge added to the invoice. Please refer to Exhibit A for all terms and conditions. We reserve the right to assign personnel on an "as available" basis.

To initiate our services, please sign bottom of Exhibit A and return this proposal along with the completed Billing Contact Information page (Exhibit B), at your earliest convenience.
