Subject 2024-2025 School Plan for Student Achievement (SPSA) for Fred T. Korematsu Discovery Academy

Ask of the Board Approval by the Board of Education of the 2024-2025 School Plan for Student Achievement (SPSA) for Fred T. Korematsu Discovery Academy.

Background In accordance with Education Code 64001, the School Plan for Student Achievement (SPSA) shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application and the Local Control and Accountability Plan (LCAP) by the School Site Council (SSC). The plans shall also be reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the SPSA is to coordinate all educational services at the school. The plan shall address how funds provided to the school will be used to improve academic performance of all pupils to the level of the proficiency goals, as established by the California Department of Education.

Discussion The SPSA builds on a premise that students are capable of learning with effective instruction and includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school quality improvement actions, directs resources where they will most impact student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated with student success.

Fiscal Impact The programs listed below are reported in the Consolidated Application and allocated to school sites through the School Plan for Student Achievement (SPSA):

- Title I, Part A, including Comprehensive Support & Improvement Grant
- Title IV, Parts A and B
- After School Education and Safety (ASES)

ADDITIONAL TITLE-FUNDED DISTRICT-LEVEL SUPPORTS FOR STUDENTS & FAMILIES

In addition to the actions outlined in this plan, Oakland Unified also provides Title-funded Central supports to high-need OUSD students and families, including low-income students, foster youth, refugee and asylee students, unhoused students, and others. These supports include the following:

Early Childhood Education Program

The OUSD Early Learning team works to ensure that all children are taught and supported to develop the skills and knowledge necessary for success in school. Early Learning programs and schools work together to promote school readiness and to engage families as their children make the transition to TK and Kindergarten, and to partner with families in supporting their child's development and learning by providing appropriate opportunities for families to actively engage in learning. OUSD offers both a subsidized preschool option for low-income families who meet program requirements and a full tuition option for higher income families.

Summer Learning Program

The District's Summer Learning Program provides targeted support to ensure that students who are behind academically have opportunities to catch up. We prioritize low-income youth, English language learners, foster youth, and unhoused youth for summer enrollment. Summer learning programs focus on academics and social emotional support, but also include enrichment opportunities like art and music. High school sites offer credit recovery for students who are behind in credits needed to graduate.

Transitional Students and Families Unit

The Transitional Students & Families Unit (TSF) provides supplemental support services to foster youth, refugee and asylee students and their families, and students with uncertain or unstable housing. The Unit's services include enrollment assistance; school supplies and transportation assistance; parent/guardian workshops; academic counseling; summer programming; referrals to school-based and community-based educational, social, and emotional support services; and support to school site staff. Specific services vary by individual student needs and each program's mandates.

- **Foster Youth Program:** The Foster Youth Program seeks to ensure that foster youth in OUSD receive supplemental support such as tutoring, case management, and social emotional learning opportunities. Additionally, the foster youth program seeks to ensure that foster youth in OUSD have access to all rights granted to them under California law (AB 490), such as school stability (the right to remain in their original school when they enter foster care or move, if in their best interests); immediate enrollment (the right to be immediately enrolled in a new school, even without health/education records); partial credit (the right to receive partial or full credit for work completed at other schools, a right that all OUSD students have); and fairness (the right to not be punished for court-related absences).
- **Refugee & Asylee Program:** The Refugee & Asylee Program identifies, supports, and tracks newly-arrived refugee students, providing crucial services in support of their school integration and academic success. In collaboration with community partners and other OUSD departments, the program allows schools to both refer students and reach out for assistance when needed. Specifically, the program offers school enrollment assistance, school orientation, tutoring, family engagement, and targeted summer educational support for refugee students and families. It also provides educational case management for high-need students and social emotional learning opportunities for refugee and asylee students.
- **McKinney-Vento Program:** The McKinney-Vento Program provides supplemental educational services and social support to youth and families who lack a fixed, regular, and adequate nighttime residence. This means students sharing housing with one or more families due to eviction or economic hardship, living in emergency or transitional shelters, staying in hotels/motels, trailer parks/camp grounds, or somewhere that is not designed for sleeping (e.g., a garage, an attic, a car, a park or an abandoned building). This can also include unaccompanied youth (students not in the physical custody of a parent or guardian). The services provided by the program include enrollment assistance, school supplies, backpacks, advocacy, and assistance with transportation.

2024-25 SCHOOL PLAN FOR STUDENT ACHIEVEMENT (SPSA): NEEDS ASSESSMENT

1A: ABOUT THE SCHOOL

School Name: Fred T. Korematsu Discovery Academy		School ID: 172
CDS Code: 1612590112813	SSC Approval Date: 05.24.2024	Board Approval Date: 8/14/2024

School Mission and Vision

At Korematsu Discovery Academy we will provide a nurturing environment committed to achieving excellence. All students will be challenged to reach their maximum potential by learning at their level to provide a solid foundation of skills, knowledge and values. This foundation will enable each student to become a well-educated, productive adult able to cope with an ever-changing world.

All of our learners:

1. Effective Communicators who will use verbal, written, artistic and technological forms of communication to give, send, and receive information.
2. Inspired Learners who are accountable for demonstrating, assessing, and directing their present and life-long intellectual growth.

Purpose of this Plan

This school has been identified for the following assistance under the Every Student Succeeds Act (ESSA):

- Additional Targeted Support & Improvement for the following groups: Black/African American Students, Students with Disabilities

The purpose of this schoolwide plan is to improve outcomes for consistently underperforming student groups. Based on a review of performance indicators for targeted students, we have identified evidence-based interventions to address the unique needs of each student group. We will measure effectiveness of these interventions by monitoring implementation and tracking progress towards our student performance targets. Goals, targets, activities, and budget expenditures align to Oakland Unified's LCAP goals and to the specific purposes of Title I and other targeted funding programs.

Resource Inequities (Briefly identify and describe any resource inequities identified as a result of your needs assessment.)

Our students do not have the same access to PTA funds as other students in OUSD and across the state. Compared to schools with similar demographics and enrollment, resources are comparable. Our students are fortunate to have high teacher retention at KDA, and teachers write grants to fund field trips, projects, and other learning experiences. We will continue to mitigate the impact of the inequities our students face by securing grant funding and allocating funding to supplies, connecting families with resources, supporting staff development, and improving instructional practices through PD and intervention led by a TSA.

2024-25 SCHOOL PLAN FOR STUDENT ACHIEVEMENT (SPSA): ANNUAL SPSA REVIEW

Fred T. Korematsu Discovery
School: Academy

SPSA Year Reviewed: 2023-24

SPSA Link: [2023-24 SPSA](#)

2A: OVERALL IMPLEMENTATION & EFFECTIVENESS OF THE CURRENT SPSA

Briefly describe the overall implementation so far of the current SPSA strategies and actions. If any staffing or activities changed after completing the SPSA last spring, please describe.

We have been able to consistently and effectively implement 65% of our strategies and actions at this point in the school year. The greatest challenges have been around providing additional acceleration for math and newcomers, since our TSA has shifted the role from last year's plan to include more coaching and instructional leadership. Additionally, we have an ongoing prep vacancy, which leaves teachers with significantly less time for PLCs. Which means little to no PLC cycle implementation for student work.

Describe and explain the effectiveness of the strategies and actions to achieve the articulated goals.

We saw significant growth on iReady reading and math from the beginning of the year to the middle of the year. More than 50% of students have met at least the typical growth goal, and a significant number of students made the stretch growth goal. Through our implementation of a strong attendance team, we have reduced our chronic absenteeism by double digits (over 30%). We have 0 out of school suspensions as of January 2024. We have had strong parent attendance at workshops and coffee with the principal. We had over 20% of families provide feedback on the budget for 2024-2025.

Describe any changes that will be made to achieve annual goals, outcomes, or strategies/actions as a result of this analysis. Identify where those changes can be found in the SPSA.

We will adjust goals and strategies for acceleration and small group pull out support that relies on the TSA. We will also adjust goals to reflect an RJ facilitator instead of an AAMA facilitator.
