EXHIBIT "B" STATEMENT OF QUALIFICATIONS

1. **Description of Organization and Relevant Experience:** For individual consultants, a resume is sufficient. Attach a separate document if more space is needed.

East Bay Agency for Children's (EBAC) mission is to improve the well-being of children, youth and families by reducing the impact of trauma and social inequities, through a dual strategy of direct service and system transformation in response to generational and current discrimination, racism and marginalization that has resulted in systemic barriers to safety, health and wellness for many Bay Area residents. EBAC annually serves 20,000 individuals throughout Alameda County, 95% percent of who are low-income. We leverage a 67 year history to provide the following continuum of services throughout Alameda County:

- Healing education support for parents and children coping with grief
- Readyng children for Kindergarten through early education programs
- Creating safe spaces for learning in 4 Oakland after school programs
- Empowering families to access basic needs and support services through 5 Family Resource Centers in Fremont, Hayward, San Leandro and Oakland
- Linkage to health care services at a school based health and wellness center for students, families and community of East Oakland.
- Counseling services to build resilience for preschoolers at our Therapeutic Nursery School; children and youth in mainstream and special education classrooms on 44 campuses in 8 school districts; and youth involved with juvenile justice systems in Oakland
- Transforming systems to establish healing environments, policies and practices that mitigate the impact of stress and trauma for organizations and their workforces and improve health outcomes for the children and families impacted by these institutions.

All EBAC program and service models incorporate the evidence-based Strengthening Families Protective Factors Framework, focused on engaging families in building "protective factors", defined as characteristics of individuals, families and communities that contribute to increased resiliency and well-being, to decrease trauma and engage families to build parental resilience, social connections, knowledge of parenting and child development, concrete support in times of need, and social and emotional competence of children. Protective factors decrease trauma and increase skills and various components of everyday living (healthy food, safe housing, healthcare, counseling, peer support) that protect and fortify families as they work to end their involvement in often complex cycles of poverty, grief, isolation and violence.

Specifically, as it relates to our employees, Jonah Scott, Antonio Flaggs, Ashley Daniels, Damon Mason, Jose Padilla-Hernandez, and Agnes Miklos-Illes they have all been fingerprinted and TB tested.

We will also receive, via our agreement with the California Department of Justice, reports of any subsequent arrests for any of our employees, interns, or volunteers who received clearance through their agency.

Additionally, all of our employees, interns, and volunteers are required to renew their TB skin tests and/or chest x-rays every four years.

Specifically Proof of fingerprinting and TB testing for any staff that we assign to OUSD School will be available to OUSD upon demand.
