Strategic Questions/Desired Outcomes	Strategic Activities:	Outcomes of Strategic Activities:	Data used to assess the strategic activities:
<i>As a result of our ASP efforts...</i>	<i>What after school strategic activities will support the desired outcomes?</i>	<i>What short-term outcomes will you expect from your efforts by the end of the school year?</i>	<i>What data will be collected to measure these outcomes?</i>
High School Graduation: How many more Oakland children are graduating from high school?	We will work closely with our new cost team on campus to outreach to failing students.	We will see more student enrollment in our after school programs.	We will use grades and attendance to monitor progress of students referred by our cost team.
Satisfactory School Day Attendance: How many more Oakland children are attending school 95% or more?	Over 95% or more students will be attending school due to our effort and outreach by our student attendance coordinator and cost team.	We will be meeting regularly to meet the attendance goals at Oakland Tech.	We will use daily data from our Attendance Office and cost team.
Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?	We will have over 30 students in internships and job readiness programs working after school. SECTION 4: Program Model and Lead Agency Selection

For 2012-2013, my site will operate the following program model:

Traditional After School: *voluntary program open to all students, with enrollment priorities targeting certain students*

Extended School Day: *additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school*

Blended/Hybrid: *combination of some extended day and some traditional after school programming*

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development. Note: If school is managing program, site is considered to be the Lead Agency. In this case, describe how the hired After School Site Coordinator will support school plans for FSCS development.)

BACR will only act as our fiscal intermediary for Oakland Technical High School.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers. We believe it is our responsibility to understand and meet their needs.

This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

Required # of Program Days your program will operate during School Year 2012-2013:
(reminder: there should be a sufficient number of program days offered weekly to fulfill the required 15 hours/week of program)

Monday – Friday
3:30 to 6:00pm

Projected Daily Attendance during School Year 2012-2013: 350 Students

Program Schedule
 Submit program schedule as an attachment, using the standard program schedule template.

SECTION 6: Academics
 Your site should plan to offer a range of academic supports and **MUST** include:
 1) CAHSEE Prep 2) Credit Recovery 3) Tutoring
Other possible supports may include computer lab, STEM Programs, Academic Intervention, project-based learning, and coordination with SFS tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

SECTION 7: CAREER-RELATED ACADEMIC ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Career-related enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to develop 21st Century Skills, explore career-related fields, and apply learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support Career Pathways, school goals for health and wellness, positive school climate, arts learning, and student engagement.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services, and increase their ability to support their student's learning and development. All high school programs will fund a Parent Liaison position to support family literacy programming.

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Back to School Nights	SPSA Goal and School Need, Cost Team Supported	Parent Liaison will attend all parent back to school events	Sign in sheets on # of Parents attending	Liaison will have access to all staff and resources
PTSA	SPSA Goal and School Need, Cost Team Supported	Parent Liaison will attend all PTSA meetings	Liaison will be part of the PTSA team	Liaison will have access to all staff and resources
Parent Nights	SPSA Goal and School Need, Cost Team Supported	There all multiple events for Parent Nights at Tech	Liaison will be put on the Agenda for most events to promote family engagement and family literacy component.	Liaison will have access to all staff and resources

PARENT LIAISON: Parent Liaison to be identified thru Cost Team, Parent Liaison will receive a paid stipend. Describe the anticipated duties of the Parent Liaison in your program. Also identify what supports your school site will provide the Parent Liaison, including training and materials.

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	Oakland Technical will work with our Cost Team, Service Providers and Truancy Officer.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	We will make calls home and use school websites and our Cost Team.

c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Our Cost team will meet weekly to track attendance.
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	We will hold lunch rallies and positive events on campus during the lunch hour and after school to promote positive school climate and after school programs.
SECTION 10: Coordination with Other Service Providers In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.	
Indicate which groups at your school will you're after school leader (site coordinator or agency director) actively participate in, in order to increase alignment between after school and school day efforts.	<input checked="" type="checkbox"/> COST team (Coordination of Services Team) <input checked="" type="checkbox"/> SST (Student Study Team) <input checked="" type="checkbox"/> SSC (School Site Council) <input type="checkbox"/> ELT (Educational Leadership Team) <input checked="" type="checkbox"/> PTA <input checked="" type="checkbox"/> Attendance Team/Workgroup <input checked="" type="checkbox"/> CSSSP (Community School Strategic Site Planning) team <input type="checkbox"/> Other (specify)
List key community partners whom you will actively collaborate with to accomplish the goals of your program. (including industry and other CBO partners, where youth are doing their internships)	Cost Team of Oakland Tech
Identify other service providers and support personnel at your school (i.e. school psychologist, School Based Health Center staff, counselor, mental health therapist, school nurse, parent liaison, etc.) whom you will actively collaborate with to accomplish the goals of your program.	Admin, Cost Team, Service Providers, Coordinator, School Police, Counseling Staff, Alumni Association, PTSA, Job Readiness Coordinator, Truancy Officer, Tech Clinic Staff, & Social Clubs on Campus.

2012-13 After School Enrollment Policy for Oakland Technical High School **School**

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Entire Student Body	Open Enrollment and Recruitment	Optional

Grade levels prioritized for programming: 9-12

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students.

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: Summarize your enrollment timeline below. Describe ongoing program outreach and recruitment efforts, beginning in spring 2012.

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
August	We will table and enroll students at registration and throughout the year.	All After School Program Staff

Important dates to include in your timeline:

- May – June: Early outreach and recruitment for summer program and 2012-13 school year programs.
- August – September: New school year enrollment of students for remaining program slots.
- After school programs begin on 1st Day of school.
- Parents are notified about their student's participation in program at beginning of school year (specify date).
- All programs must maintain waitlists after program slots are filled.

School Support for Program Recruitment

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

Oakland Technical High School will continue to make after school programming a priority on our campus. We will be promoting and showcase our programs during registration and beyond. After school programs are a huge component of Tech. We work daily with our entire staff to encourage our students to be involved in after school. Students will be referred to site coordinator Carlos Carmona and he will register students into the desired program. Our site coordinator will attend all back to school meetings to market and promote our after school programs. Site coordinator will also work closely with our site staff & service providers for referrals to after school programming.

OAKLAND UNIFIED
SCHOOL DISTRICT

Community Schools, Thriving Students

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Board of Education
June 27, 2012

TO: Board of Education

FROM: Dr. Anthony Smith, Ph.D., Superintendent

SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area
Community Resources

ACTION REQUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$2,974,784.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement will be submitted to the board for ratification. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

DISCUSSION

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities family literacy and targeted Equitable Access services to students that are high risk to meet grant compliance of ASES and 21st Century grants.

Not-To-Exceed Amount: \$2,974,784.00

Determination of Not-to-Exceed Amount: Based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after-school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the RBB Budget, and a review of State and Federal compliance funding when applicable.

RECOMMENDATION

Approval of Master MOU between the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute a Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$2,974,784.00.
