## RECOMMENDATION

Adoption by the Board of Education of Resolution No. 1920-0240 - Measure N - College and Career Readiness Commission - Education Plans and Budgets for District and Charter Schools - 2020-2021 School Year in the cumulative amount of \$10,484,139.00.

## OVERVIEW & OBJECTIVE

Twenty-six OUSD district schools and charter schools submitted their 2020-2021 Measure N Education Improvement Plan that articulates the pathway development work done to date, the pathway development work planned for the upcoming academic year, and a clear Measure N budget.

Linked Learning High School Office staff reviewed the 2020-2021 Measure N Education Improvement Plans and applied a framework that looked at primarily 3 variables:

1. Implementing all phases of Linked Learning in the school
2. Quality of the Analysis and Plan
3. Alignment of Budget to the overall plan and outcomes

Six schools who were determined as “Probationary” during the final recommendations of the 2018-19 academic year underwent an intensive probationary school process this academic year with the goal to support sites to develop their understanding of Linked Learning implementation by providing more feedback on their progress and building site capacity. The Measure N Commission approved 2020-2021 funding recommendations for probationary schools in December 2019 and January 2020. Three of the six schools will remain on probationary status during the 2020-2021 academic year to continue the intensive support as they transition into the implementation process.

The Measure N Commission, after due consideration of funding applications and staff recommendations, has approved Measure N recommendations as reflected in the attached documents.
