**Is Vendor a local Oakland business?** Yes  No

**Why was this Vendor selected?**

This vendor is the professional development provider for the new Board Adopted English curriculum for grades six through eight. This curriculum was selected through an extensive pilot and adoption process that involved teachers implementing units of multiple curricula (from different vendors), teacher feedback, as well as parent and student engagements. Unlike other curricula, which require that school systems purchase textbooks that can be expensive, not-culturally relevant, and quickly become stale and outdated, the EL Education curriculum is organized around highly engaging, social and environmental justice oriented texts (both fiction and non-fiction), and provides guidance for English Language Learners and social emotional learning while simultaneously supporting access to rigorous, Common Core aligned texts and tasks. Since the curriculum represents a shift from textbook-focused and teacher-directed instruction towards more student-centered, interdisciplinary instruction, with a balance between literary and non-fiction texts, it was important that we work closely with the designers of the curriculum.
