

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Superintendent

June 27, 2012

To: Board of Education

From: Tony Smith, Superintendent
Maria Santos, Deputy Superintendent
Susana Ramirez Director, State and Federal Compliance

Re: 2012/2013 CSSSP – Oakland International High School

Action Requested:

The Board of Education is requested to approve the 2012-2013 Community Schools Strategic Site Plan for Student Achievement for Oakland International High School.

Background:

In accordance with Education Code 64001, the Single Plan for Student Achievement shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application, by the school council. The plans shall also be annually reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the Single Plan for Student Achievement is to coordinate all educational services at the school. The site plan shall address how funds provided to the school will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index. (API).

Discussion:

The Single Plan for Student Achievement builds on a premise that students are capable of learning with effective instruction, includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school improvement actions, directs resources where they will most directly improve student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated to student success.

Fiscal Impact:

The Programs listed below are reported in the Consolidated Application and allocated to school sites through the Single Plan for Student Achievement.

State Programs

- Economic Impact Aid/School Compensatory Education
- Economic Impact Aid/Limited English Proficient
- Quality Education Improvement Act (QEIA)
- School Improvement Grant (SIG)

Federal Programs

- Title I, Part A

Recommendation:

The Board of Education is requested to approve the 2012-2013 Community Strategic Site Plan application for Oakland International High School.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Superintendent's Letter

Our efforts in the Oakland Unified School District (OUSD) are now clearly focused on serving all of our children in every neighborhood by providing high quality community schools where children, adults, and community thrive. We are committed to creating and sustaining a district of community schools capable of supporting the unique needs of each child while creating caring school communities that link every Oakland Neighborhood. We believe that each child in Oakland must be ready to succeed in college and careers that lead them to healthy and happy lives.

It is with these beliefs that we engage in creating a Full Service Community School District filled with Full Service Community Schools, in which schools act as resource and service hubs that connect with local partners to help build healthy and vibrant schools and communities.

In this spirit, we are launching a new Community Schools Strategic Site Plan. The Community School (CS) Strategic Site Plan is closely aligned with the larger organizational strategic plan, *Community Schools, Thriving Students*. In addition to satisfying compliance requirements and guiding the allocation of categorical funds, the CS Strategic Site Plan will be a multi-year road map for each school to become actualized as a Full Service Community School. This new school site plan has been developed by a team of cross-departmental leaders in OUSD under the advisement of principals and community leaders. All school communities will complete the CS Strategic Site Plan in 2011-2012 to contribute to the development of site priorities for the 2012-2015 school years.

The CS Strategic Site Plan will continue to be annually approved by School Site Councils and the OUSD Board of Directors.

To lead these efforts, each site will create a Community School Leadership Team, whose body will incorporate members of each site's School Site Council (including the principal, parents, teachers, staff), and in secondary schools, the team will also include a student member. Additionally, each school will recruit their afterschool partner, as well as another key community partner, to become members of the Community School Leadership Team. This leadership team will drive the development of the CS Strategic Site Plan for their school and will be supported through a collaborative engagement process. In addition to existing School Site Council meetings, the Community School Leadership Teams will attend district-wide retreat days and collaboratively engage the broader community.

We are excited about supporting every school community to collaborate in service of building Full Service Community Schools across Oakland. As leaders of a Full Service Community District, we are committed to providing the conditions for this critical work to happen. I thank you for your engagement, leadership, and commitment to supporting the development of community schools and thriving students across Oakland.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Context & Vision

OUSD

VISION: All students will graduate from high school. As a result, they are caring, competent and critical thinkers, fully-informed, engaged and contributing citizens and prepare to succeed in college and career.

MISSION: Oakland Unified School District is becoming a Full Service Community District that serves the whole child, eliminates inequity, and provides each child with excellent teachers for every day.

GOAL AREAS:

Every student in the Oakland Unified School District will:

- Attend a SAFE, HEALTHY, and SUPPORTIVE SCHOOL - Oakland will become a full-service community district that will collaborate with civic and community partners to reduce violence in the community and schools thereby creating secure campuses where a culture of calm prevails.
- Learn the knowledge, skills, and abilities to be PREPARED for SUCCESS in COLLEGE and CAREERS when they graduate from high school, to ensure that they can read, write, speak, think critically and reason mathematically for post-secondary success.
- Have HIGH QUALITY and EFFECTIVE INSTRUCTION with excellent teachers for every day of the school year.

The Oakland Unified School District will:

- Become a FULL SERVICE COMMUNITY DISTRICT that is in service of and fully supporting the success of community schools and thriving students.
- Be ACCOUNTABLE for HIGH QUALITY for its schools and in its work across the organization.

SCHOOL SITE

CONTEXT

The city of Oakland has a population of approximately 400,000 people, of which more than 100,000 are immigrants. More than 30% of Oakland residents speak a language other than English in their homes. OIHS was created in 2007 to meet the needs of Oakland's growing immigrant population.

VISION

Oakland International High School (OIHS) is a small public high school located in Oakland, California. The school targets a population of students, newly arrived immigrants, who have historically been underserved nationally, in California, and in Oakland. All of our students immigrated to the United States within the last four years and are English Language Learners. OIHS is the only high school serving this unique student population within the city of Oakland, which is a very diverse, urban city that is home to many immigrants. Oakland International High School was created with the support of the Internationals Network of Public Schools, Oakland Unified School District, and the Bill and Melinda Gates Foundation. The mission of Oakland International High School is to provide quality alternative education for recently arrived immigrant students in English language acquisition and in preparation for college. Our diverse students become active participants in our community while learning in small groups through hands-on, interdisciplinary projects and collaboration. At Oakland International, no student is anonymous. Each grade level has a maximum of 100 students. Class sizes are 25 students or fewer. Our small size and our team structure allow personalization, growth, and success for our students. In their first two years at Oakland International, students remain with the same team of 4 teachers. In their junior and senior years, students have opportunities for internships and community service in different settings, from businesses to government offices to community organizations. All our teachers are trained in the Internationals Approach to teach students to improve their speaking, writing, and reading skills in English. We believe that English language acquisition is best fostered in an academic environment in which students participate in

heterogeneous groups, project-based learning, and integrated English-language development in all content areas. Working in small groups, students learn academic content, art, music and technology through exciting, rigorous, hands-on projects as they learn their new language. Based on our mission, our pedagogical approach to teaching and learning, and our unique student population, our staff worked in teams to develop our expected schoolwide learning results. In groups of three to four, teachers discussed the goals of our school within the context of state and district graduation requirements as well as the unique needs of our students, many of whom have limited experience with formal education, standardized tests, and student norms in the United States. We created five categories of learning results that we wanted to focus on as a school. Within these categories, we developed concrete and clear outcomes that students could also understand. The creation of our expected schoolwide learning results was an ongoing, evolving process that we undertook during team meetings and all-staff retreats since the school's inception. Expected Schoolwide Learning Results (ESLRs) 1. English Language Development: Reading, Writing, Speaking, Listening ? Students can pass the English CAHSEE Exam. ? Students can speak, read and write English to be effective communicators. 2. Multi-Media and Technology ? Students can use computers to research, create presentations, and solve problems. 3. Mathematics ? Students can pass the Math CAHSEE Exam. ? Students can apply numeracy and mathematical principles to solve real world problems. 4. Study Skills ? Students have mastered study habits necessary to pass classes, apply for college, and succeed in college. 5. Cultural Competency ? Students can work in groups to solve academic and personal problems.

Accountable for Quality: Ensuring Thriving Students and Healthy Communities

Strategic Priority: The Accountability Plan

In June 2011, the OUSD Board of Education adopted our School Quality Standards. These standards include outcome standards that define for OUSD what "good" performance is. These are the standards we use to measure the extent to which our schools are ensuring that all of our students are thriving and likely to contribute to the health of our communities.

1. A quality school sets and achieves clear and measurable program goals and student learning objectives.
2. All students demonstrate progress on academic and social goals each year and across years.
3. All students achieve at similarly high rates and any gaps in achievement are substantially narrowing.
4. All students achieve at levels that compare positively with state and national averages and with similar schools.
5. All students demonstrate critical thinking skills and apply those skills towards solving complex tasks.
6. All students demonstrate skills in and knowledge of the arts and literature.
7. All students demonstrate an ability to understand and interact with people from different backgrounds.
8. All students achieve and maintain satisfactory physical health including diet, nutrition, exercise, and rest.
9. All students demonstrate the attributes and skills of emotional health and well-being.
10. All students demonstrate the skills, knowledge, and dispositions needed in the world of work.
11. All students demonstrate the skills, knowledge, and dispositions of engaged citizens.

OUSD schools will use these outcome standards to define and assess how they are developing toward quality Full Service Community Schools. School-level goals and metrics in the following sections should explicitly refer to these outcomes standards.

The School Accountability Plan

The school leadership team comprised of the principal, academy director and 4 teacher leaders will regularly gather and analyze achievement data to strategically plan programming. In addition, in 2012-13, OIHS will create a full service advisory committee that is tasked with monitoring the design and implementation of the Full Service Refugee and Immigrant Community School.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority A. Balanced Literacy & Literacy Across the Curriculum

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

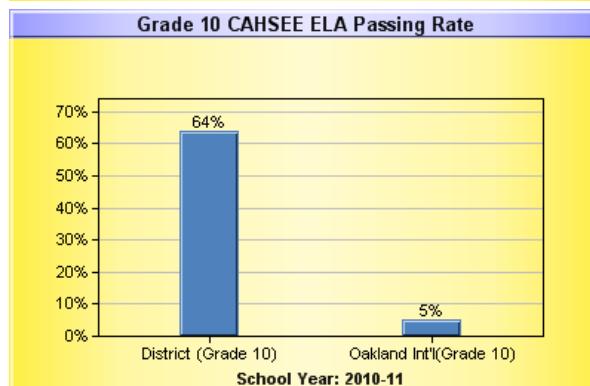

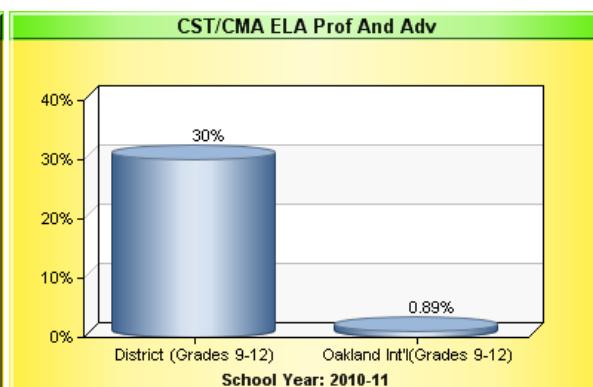

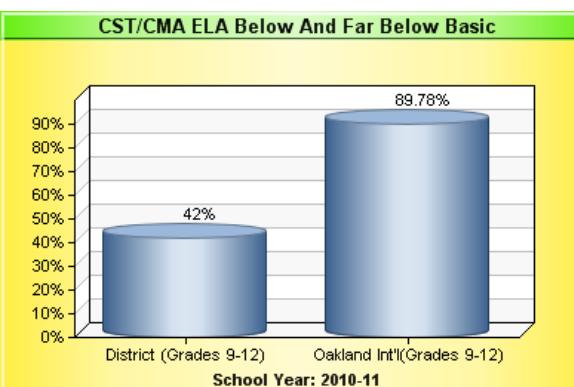

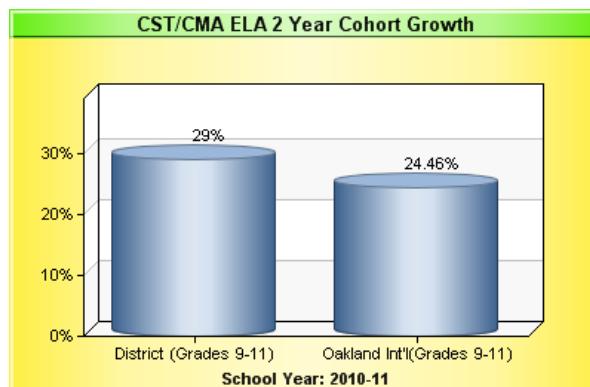

We want OUSD students to read, write, speak, and think critically for success in college and careers. We want Oakland students to relish reading, writing, and speaking and to become joyful, as well as competent, around literacy. To reach that goal, we need to develop a clear and common OUSD Literacy Framework. The beginning of our work will ensure that we assess reading levels of all students across the system. Additionally, we will approach literacy from a Response to Intervention Framework, ensuring that students have access to high-quality instruction and that higher tiers of support are provided when needed. OUSD must develop a PreK-12 core curriculum aligned to college and career ready standards and to the Common Core State Standards as they develop.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year (in two years for MS and HS)
3. Move/maintain CST Proficient and Advanced students
4. Accelerate reading by 1.5 additional grade levels for 3rd through 5th graders as measure by SRI to reach grade level standard (2 additional grade levels starting with 6th graders for MS, 3 additional grade levels starting with 9th graders for HS)
5. Student use of academic language and engagement with grade level content aligned to the Common Core State Standard will be increased from fall to spring as evidenced by principal observations.

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- Average SRI lexile sscores in Oct 2011 for 9th grade is 162; 10th grade 247; 11th grade 532 and 12th grade
- In 2009-10 54% of students advanced one level in their English fluency on CELDT compared to the district average of 39.5%. Only 4.8% of OIHS had declining CELDT scores compared to 13.5% for ELL students districtwide.

Data Analysis

- A staff language survey covering curriculum for the month of February showed strengths in: writing language objectives, increased reading in all grades, and using constructing meaning language structures in writing and oral language
- Significant weaknesses were in the areas of revision, writing at the 9th and 10th grade, creating mastery projects, and reading in some 11th and 12th grade classrooms.
- ELA Cahsee passing rates through March 2010: 10th grade is 5%; 11th grade 34%; 12th grade 62% significant interventions in the area of reading must take place

Theory Action

- All students will advance 1 proficiency level on CELDT

- All students will pass ELA Cahsee in 5 years: 20% of 10th graders, 50% of 11th; 80% of 12th; 100% of returning 5th year seniors.
- All students will advance 200 points annually on SRI lexile
- To accomplish these goals the school will implement:: survival english classes for newcomers, pullouts for SIFE, advisory for all students, class sizes of 25, a robust summer program, and CAHSEE prep for 12th graders and returning seniors.
- To accomplish these goals teachers will engage in rigorous PD focused on language acquisition and curriculum design. This will take place during retreats, extended hours, and coaching time.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority B. Science, Technology, Engineering, Mathematics (STEM)

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

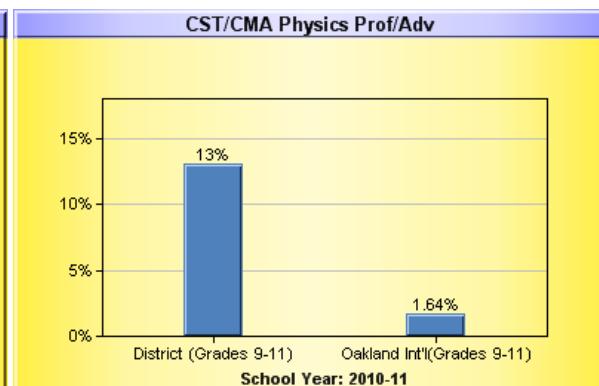

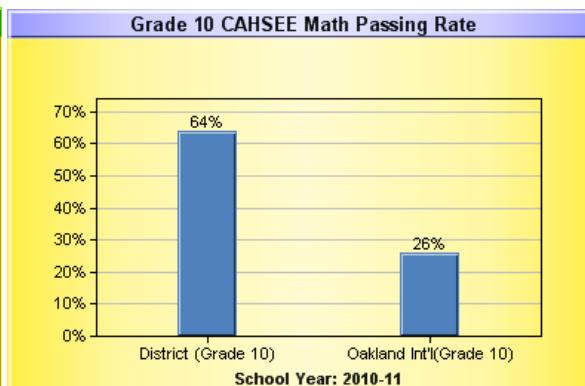

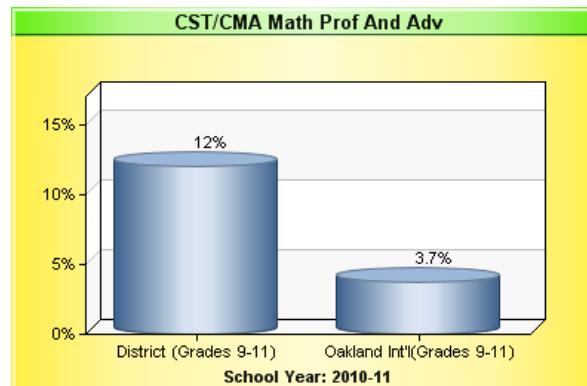

In the past three years, students exhibited steady achievement gains in science and mathematics. More elementary teachers have scheduled science and math instruction into students' school day and are using the district-adopted materials with integrity. While we celebrate the academic gains in science and mathematics, we also recognize their inadequacy and unevenness when we delve deeper into the results for various student populations (e.g., African-American, Latino, English Language Learners), grade spans (middle and high school students) and schools. We are committed to accelerating science and mathematics gains and supporting robust teaching and learning. We plan not only to dramatically improve science and mathematics learning but also to create a deep understanding of Science, Technology, Engineering and Mathematics (STEM) careers and opportunities for linked learning, both in school and the workforce.

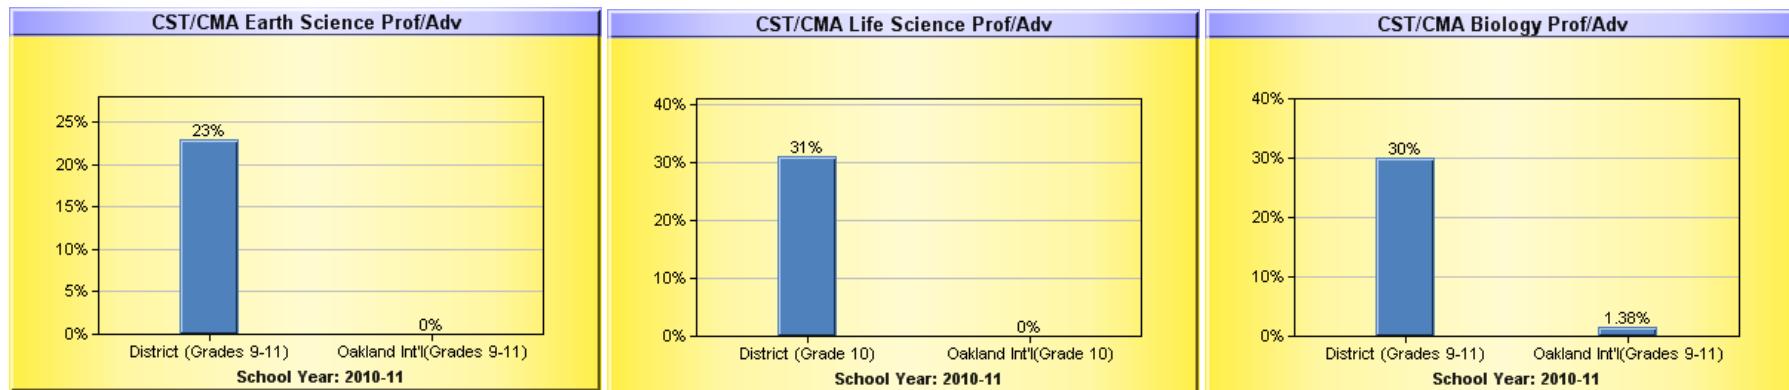

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year.
3. Move/maintain CST Proficient and Advanced students
4. Increase by 10% the number of proficient and advanced students in CST science and by 15% English Language Learners and African American Males

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- Math Cahsee passing rates through March 2010: 33% 10th grade; 70% 11th grade; 96% 12th grade

Data Analysis

- The school serves students with a wide spectrum of abilities: students who are taking calculus and SIFE students with less than 2 years of formal math education. All need to master mathematic vocabulary in English.
- We must create plan to support to support this level of diversity.

Theory Action

- School target: 50% of 10th graders will pass math Cahsee, 75% of 11th graders, 100% of 12th graders
- To accomplish these goals, the school will implement: SIFE math classes, summer school CAHSEE math, class sizes of 25, tutoring by stipened teachers and volunteers, coordinator for students to take advance math at Laney Community College
- To accomplish these goals the staff will engage in rigorous professional development in the form of retreats, exended hours, conferences, and coaching.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority C. Transitions & Pathways PreK-12

School: Oakland International High School

Principal: CARMELITA REYES

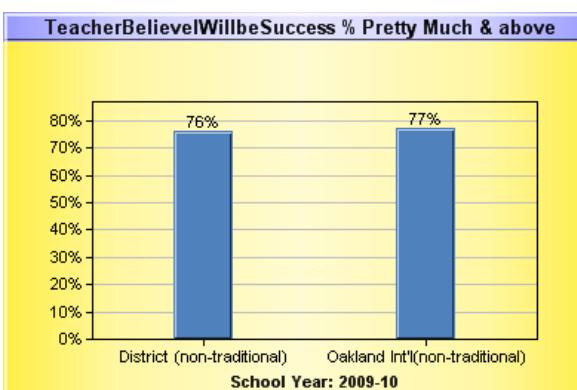

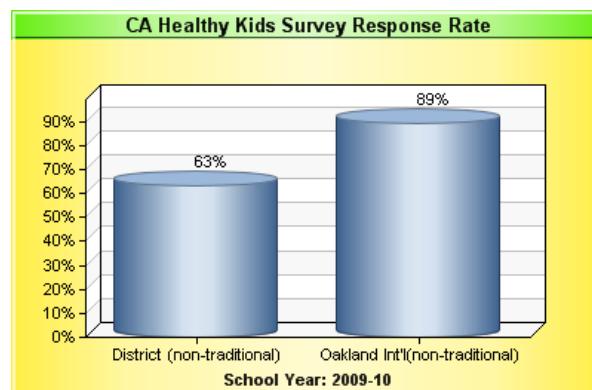

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

Too many of OUSD's schools work in isolation and focus little attention on where students have been and where they are going. Early childhood programs need to be aligned to the K-5 continuum and expanded to serve more students. Principals at K-5 schools with early childhood programs will supervise the programs and help to integrate them into the school culture. We must develop transitional kindergarten programming to include curriculum and professional development. College and career readiness doesn't begin in high school. In OUSD, the elementary and middle school academic core must be aligned to what students must know, understand, and be able to do to succeed in college-preparatory courses in high school. Elementary and middle school communities in regions will collaborate to share best practices and to develop robust feeder options. Building on existing programs, OUSD will also seek additional funds to develop a comprehensive "Career Pathways" approach to preparing our young people to be successful in college and careers. In order to attract and hold students and families, we will use the FSCS model to create corridors, networking Pre-K through 12 schools in targeted areas in new and innovative ways.

Theory Action

- All students will attend at least one college trip each year. 11/12th graders will attend UC, CSU and community college trips in preparation for the application process.
- All student will participate in at least 1 semester of an internship class in preparation for and exploration of a career.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority D. College, Career & Workforce

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

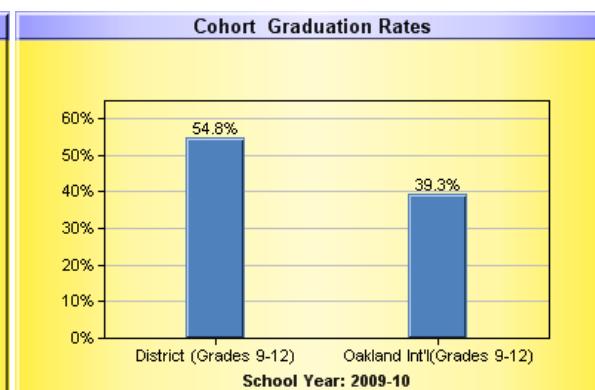

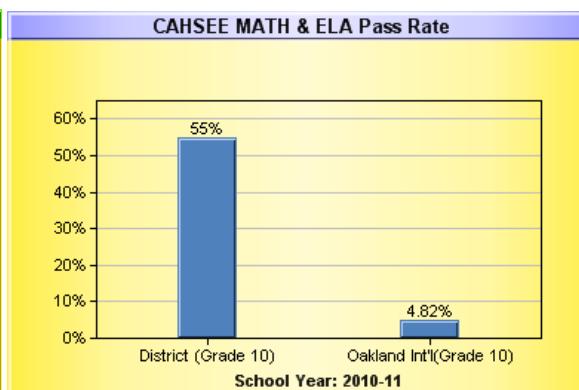

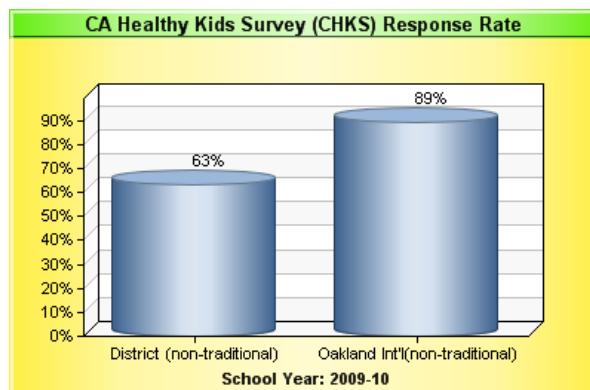

A quality school...

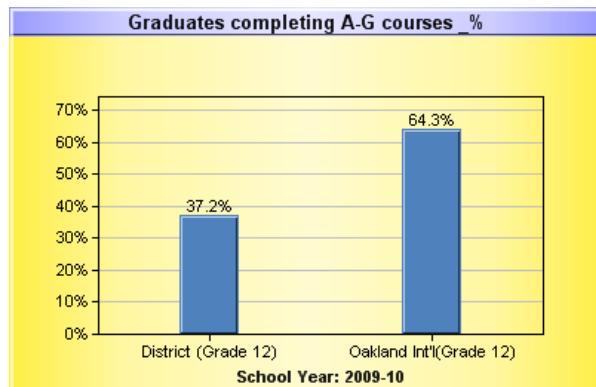

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

In order to make sure that more students graduate, and our graduates are ready for college and career, OUSD will make a significant investment in strategies, structures, and resources to implement core elements of the secondary reform. Career pathways will connect strong academics, Career Technical Education (CTE), work-based learning experiences and support services so that students are prepared for college and career success within the context of a specific, high demand industry sector. Building on the number of career pathways that exist in high schools now, we will increase the number of well-developed and effectively-implemented pathways, which include certificates linked to occupations. OUSD's "Career Pathways" approach will lead to a full range of postsecondary and career opportunities and keep all options open after high school.

1. Combined 4- & 5- year graduation rate will increase by 10% - with graduation rate based on 9th grade enrollment (HS only)
2. Increase by 15% the number of African-American Males and Latino Males who pass CAHSEE on the first attempt (HS only)
3. 80% of the ninth graders will complete 60 credits (HS only)

School Data

- In June of 2011, 57% of the senior class graduated, an additional 26% completed their credits but had not yet passed cahsee, 17% did not graduate due to missing credits, 4% dropped out of high school,
- 4% graduated the following semester, and 12% returned for a 5th year of high school.

Data Analysis

- Obtaining proficiency in English is a 5-7 year process according to research. OIHS must create a robust 5th year transitional program for older students who need to complete credits or learn more English in order to pass ELA Cahsee.

Theory Action

- By 12th grade, all students will have received 1:1 college counseling, and transcript analysis
- By 12th grade, all students will have visited at least 3 college campuses
- By 12th grade, all students will have participated in an internship

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority E. Accelerating Students through Targeted Approaches* (Collaborative Teacher Inquiry/African American Male Achievement/Academic Language & Literacy/Focal 15/English Learners/Students with Disabilities/GATE)

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We need to close the achievement gap through targeted approaches, focusing on literacy development, African American Male Achievement, targeted inquiry, English Language Learners, Students with Disabilities, and Programs for Exceptional Children. The patterns of academic performance we see in our district, schools, and classrooms are evidence of a system that is horribly inadequate. We need to differentiate supports and strategies in order to accelerate achievement and address the disparities in educational and social outcomes for populations of students.

1. Increase the number of African American Male students on the honor roll by 15%

School Data

- OIHS does not have any African American male students.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount
There is considerable work going on at this school to expand Adv. Placement offerings for all students. The AP Achievement Institute will be held in June to support teachers to better scaffold for all students who wish to take an AP class. Professional Development will also be held through the 12-13 school year to support the training of AP teachers to best support the success of students	GPA, A/P	GATE	2012-2013	Principal	5/17/2012	353SQ1E4598	GATE PROGRAM SERVICES	N/A		0	\$0.00	

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority F. Extending Learning Time

School: Oakland International High School

Principal: CARMELITA REYES

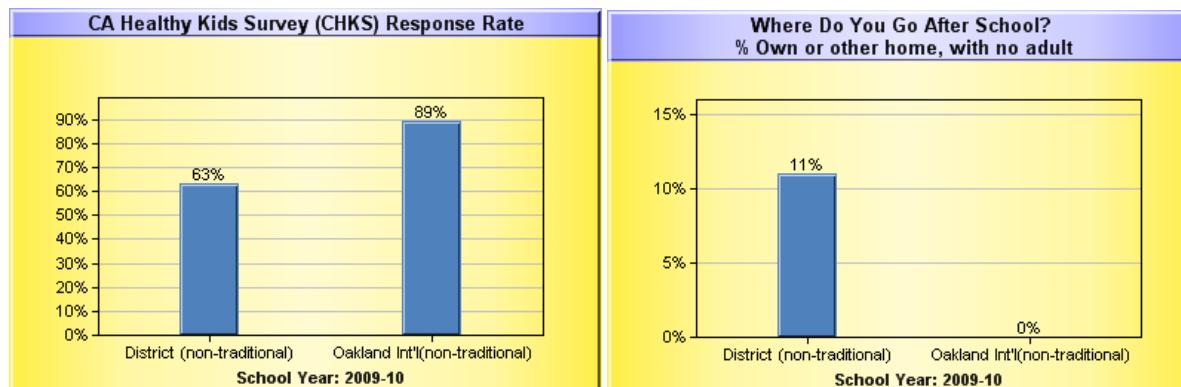

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We want each student to attend a school that offers a comprehensive and integrated approach to education in which the school acts as a hub of partnerships that organizes the resources within the community. We need to build extended learning opportunities whereby the school and community work together to break down barriers to learning and foster true, authentic collaborations in service of thriving students. We envision a system in which schools extend beyond the traditional school day ? offering students and families learning opportunities before and after school, on weekends, and during the summer.

School Data

- After school programming includes: Soccer, basketball, biking, tutoring, KDOL video class, yoga, gardening, and cooking
- OIHS hosted 210 students for a 5 week 6 hour a day summer school English enrichment program in the summer of 2011

Data Analysis

- Additional after school classes for SIFE math and literacy are needed.
- Students request additional investment in basketball and dance.
- Summer school is critical for continued language growth, A-G, and CAHSEE passage.

Theory Action

- Apply for and implement 21st century after school grant to provide more academic and healthy after school programming.
- Host summer school in 2012 for 210 ELD students.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority A. School Culture (including Meaningful Student Engagement)

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

A quality school...

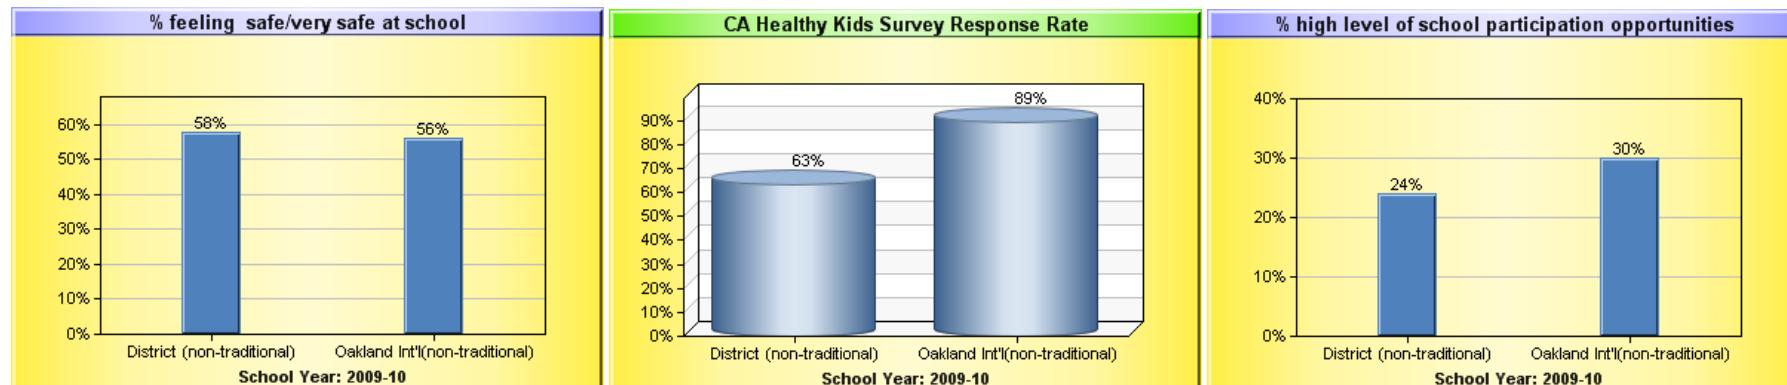

1. is a safe and healthy center of the community, open to community use before, during, and after the school day.
2. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
3. identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future.
4. creates an inclusive, welcoming and caring community, fostering communication that values individual/cultural differences.
5. defines learning standards for social and emotional development and implements strategies to teach those standards

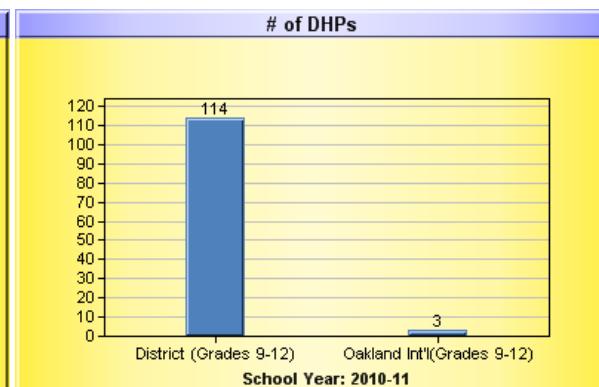

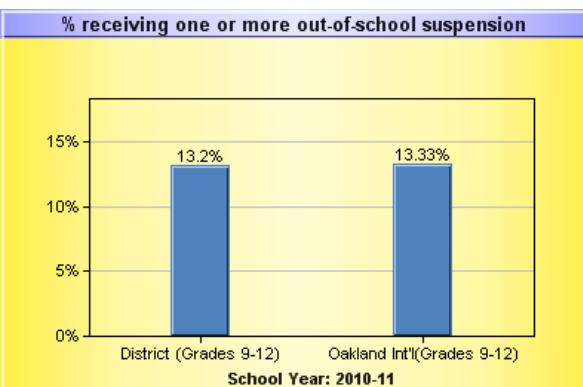

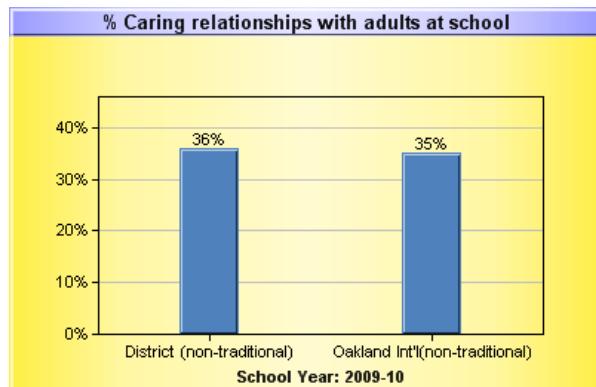

From OUSD Strategic Plan:

Full Service Community Schools create a safe and supportive environment where students can thrive academically, socially, and emotionally. Schools offer a comprehensive and integrated approach to education that is founded on caring relationships and high expectations. Healthy school cultures include preventative, early intervention, and intensive services and supports accessible to all students. School-wide positive behavioral and academic supports are augmented by Tier 2 targeted intervention and Tier 3 individualized supports, which are monitored and coordinated through COST and SST. Schools create professional learning structures to support adults to learn the science and practice of teaching Social Emotional Learning (SEL) skills to increase the capacities of students to manage emotions, develop empathy and concern for others, establish positive relationships, make responsible decisions, and handle challenging situations effectively. A thriving school culture also encourages student leadership and motivational programs, such as expanded celebrations of student achievements.

District-level Goals

- Reduce Disciplinary Hearing Process referrals by 20%

Data Analysis

- Most suspensions were latino male students.
- Gang activity and violence has consistently declined over the past 3 years.

Theory Action

- Implement 180 mentor program to support all Latino boys.
- Student case management every other week by teaching teams.
- Implement the "Immigrant and Refugee Full Service Community School" Plan

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority B. Health & Wellness

School: Oakland International High School

Principal: CARMELITA REYES

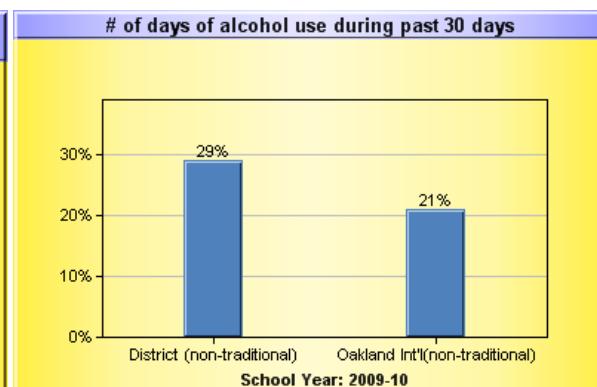

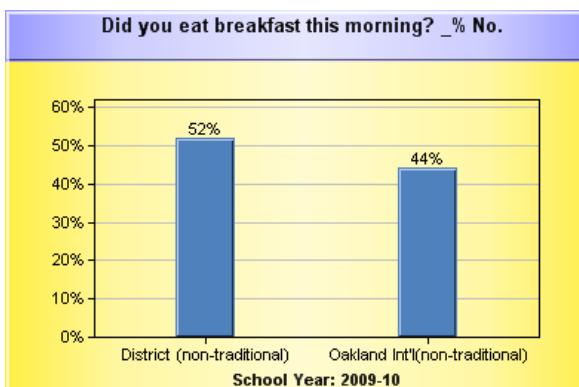

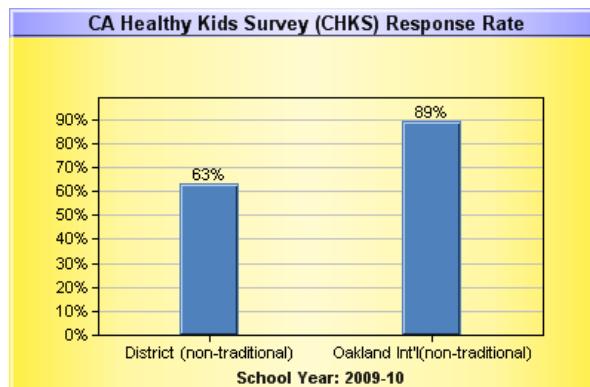

School Quality Standards relevant to this Strategic Priority

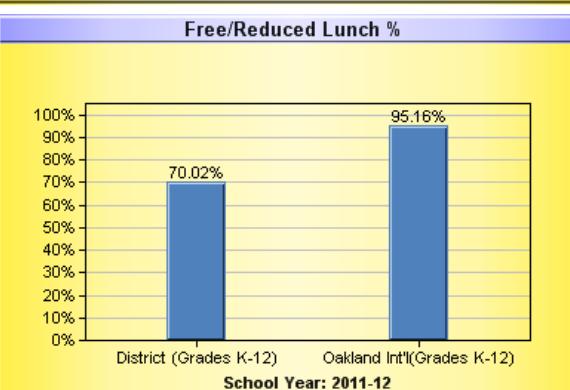

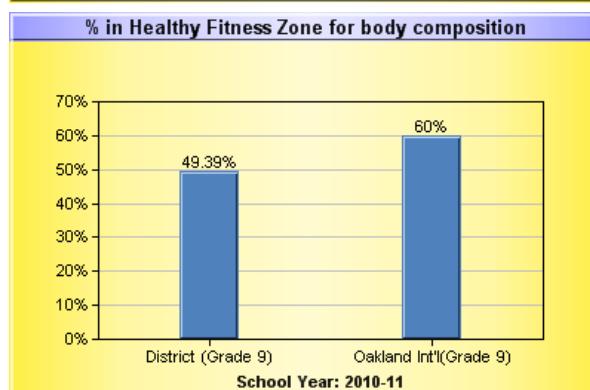

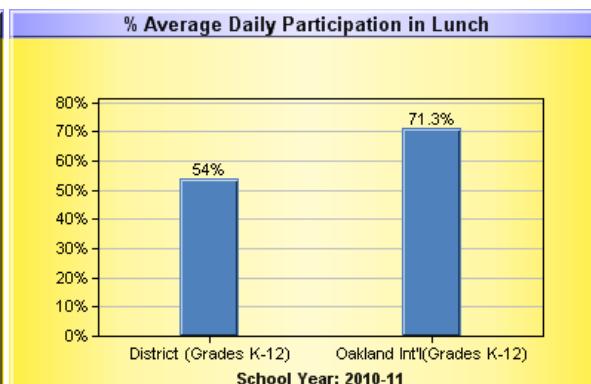

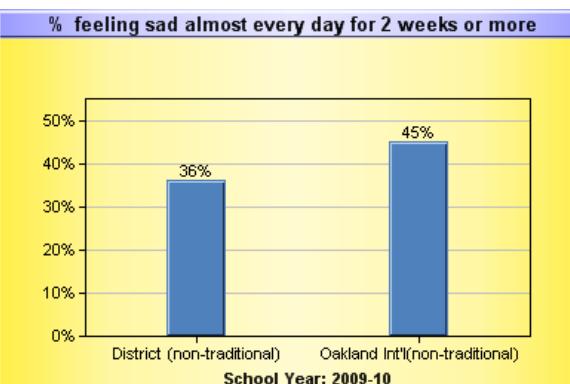

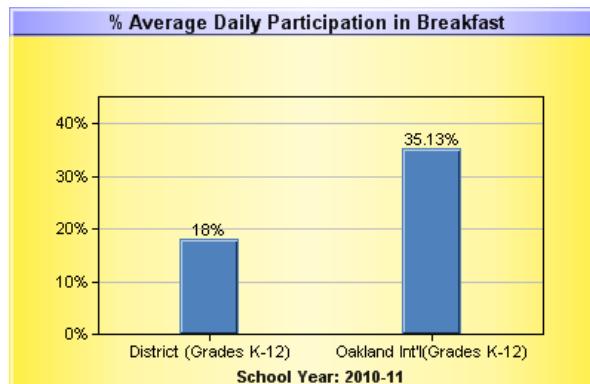

A quality school...

1. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
2. ensures that the physical environment of classrooms and the broader school campus supports teaching and learning.

From OUSD Strategic Plan:

A Full Service Community School serves the needs of the whole child, providing a range of Health & Wellness programs and services along a continuum from prevention to intervention. OUSD's Wellness Policy provides a framework for creating a physically healthy school environment where students have access to nutritious food, free drinking water, opportunities to be physically active and good indoor air quality. Quality physical education is provided for the required amount of time to all students. In addition, students' health and mental health needs are met on-site or through a robust referral system that connects students and families to community providers. A FSCS also provides health education (e.g., nutrition, gardening, reproductive health) and social-emotional learning (SEL) that is aligned with and supports the core curriculum. Families are engaged around supporting their children's health as well as their own. Staff wellness is seen as integral and is actively fostered.

Data Analysis

- Newly arrived immigrants and refugees need tremendous amounts of mental health and wellness support. Separation from country, culture and loved ones causes depression and culture shock. Refugees often suffer from PTSD.
- Poverty is a chronic problem at OIHS. Finding healthy meals and ways to exercise is a need for our communities.

Theory Action

- After school programing includes: Soccer, basketball, biking, yoga, gardening, and cooking
- Wellness coordinator is working with OUSD kitchen staff to improve food options on campus
- Expansion of community garden on campus and integrating it into science and advisory curriculum.
- Expansion of counseling for more language groups: Spanish, Chinese, Burmese, Vietnamese
- Expansion of counseling with 21st century grant to cover undocumented students.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority C. Interrupting Chronic Absence (Attendance)

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

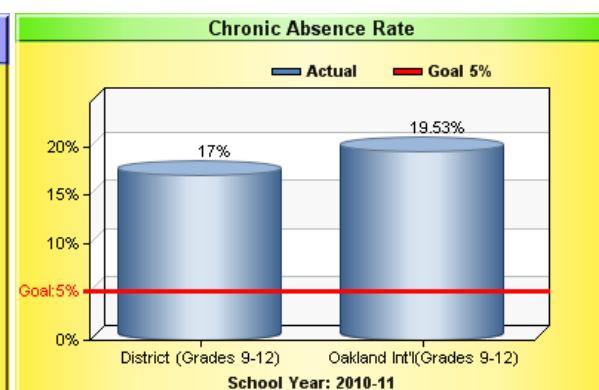

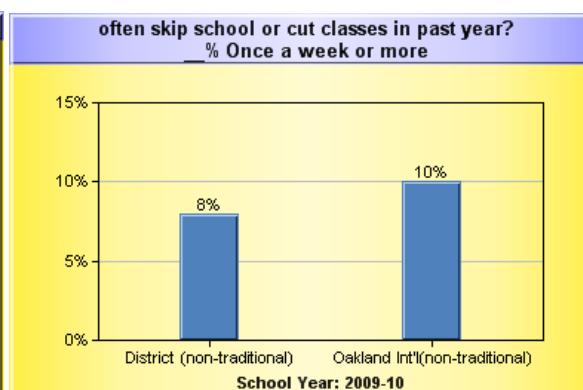

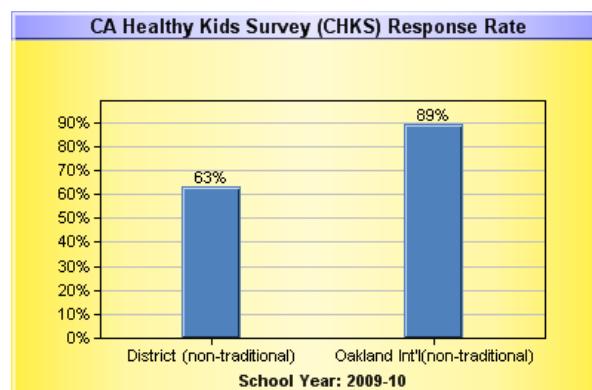

A quality school...

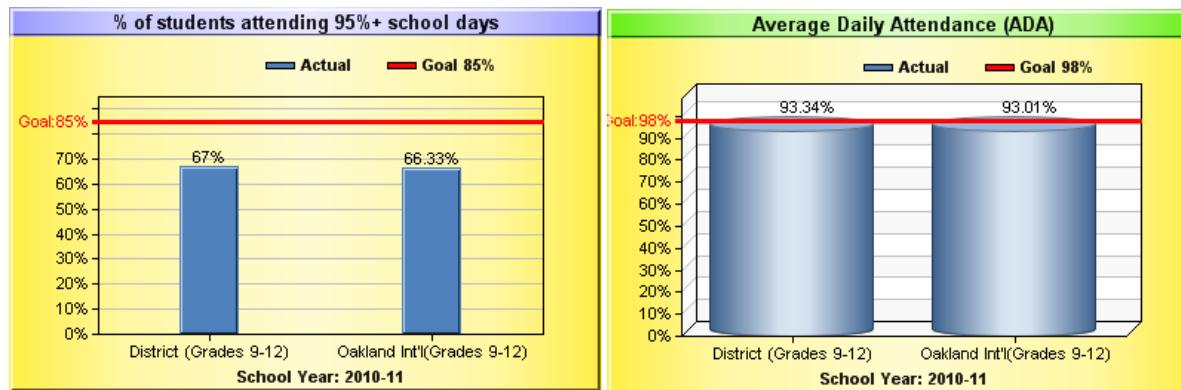

- offers a coordinated and integrated system of academic and learning support services, provided by adults and youth
- identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future

From OUSD Strategic Plan:

Full Service Community Schools support attendance improvements as part of transforming educational outcomes for students. Chronic absence, defined as missing 10% or more school days for any reason, is a key indicator and area of focus in Full Service Community Schools. Chronic absence, which impacts one in seven Oakland students, is correlated with lowered reading outcomes and graduation rates. If our system begins addressing chronic absence at the Pre-K and K levels, we would see marked differences in student learning by 3rd grade.

1. Reduce Chronic Absence (students missing 10% or more of the school year) to 5% or less
2. Increase Satisfactory Attendance (percentage of students attending 95% or more of school days) to 85%
3. Interrupt patterns of chronic absences and suspensions to reach a 98% attendance rate (ADA)

Theory Action

- Issue 2 monthly attendance reports that lists action items for advisors -- google document
- Advisors can refer students for additional attendance interventions
- Allocate .2 FTE of a teacher to monitor and lead attendance interventions for the school.

School Quality Indicator 3: Learning Communities Focused on Continuous Improvement

Strategic Priority A. Building Capacity & Leadership (Professional Development/Learning Communities/Coaching/Staff Induction)

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

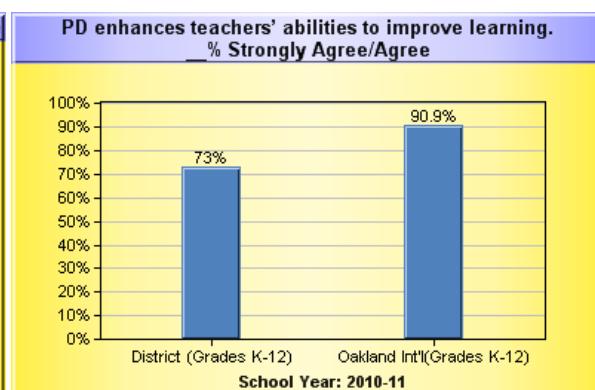

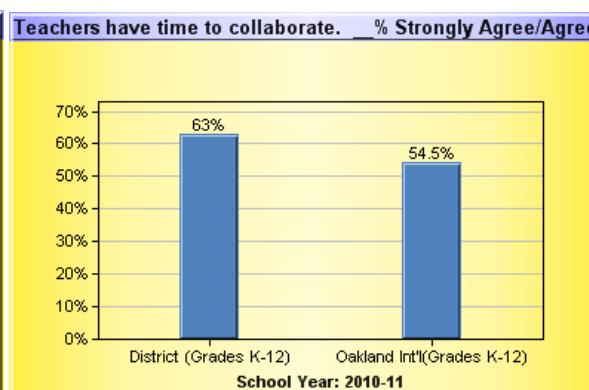

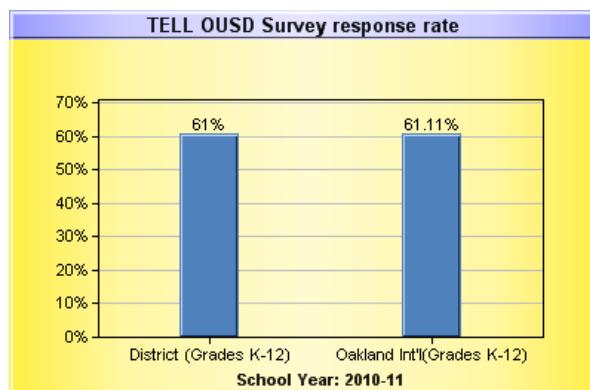

A quality school...

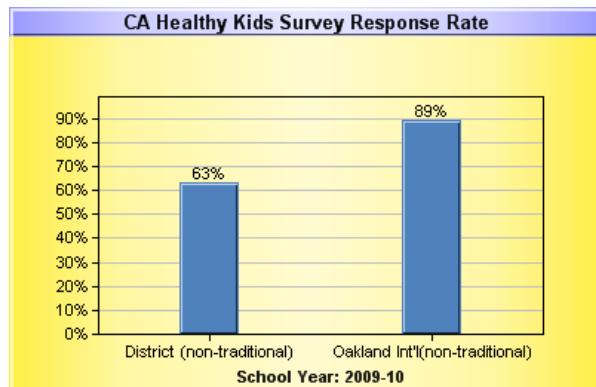

- makes sure that teachers work together in professional learning communities focused on student progress.
- ensures that staff regularly analyze multiple kinds of data about student performance and their experience of learning.
- provides professional development that models effective practices, promotes teacher leadership, and supports teachers to continuously improve their classroom practice.
- provides learning opportunities that build capacity of all stakeholders to give input, participate in, or lead key decisions.

From OUSD Strategic Plan:

We want to recruit, retain, and reward high-quality teachers, principals, and other leaders to ensure that all students learn to the best of their abilities. OUSD must become a highly-sought-after place of employment where educational leaders know they will be challenged and supported by colleagues, supervisors, and community members with high expectations. We need to develop aggressive strategies to recruit and retain the best and brightest talent in OUSD. Building on our developing frameworks for effective teaching and school leadership, and furthering the development and capacity of our teachers and principals through various forms of professional development will allow us to sustain effective teachers and leaders committed to Oakland's children.

1. Improve the conditions in schools to retain 80% of effective teachers

School Data

- All staff participated in additional days of PD before, during, and after the school year.
- All staff meet with their teaching team 2x a week to collaborate, create curriculum, and case manage students.

Data Analysis

- Staff surveys show the following priority needs: focus on literacy in the classroom, constructing meaning, 1:1 coaching, and department time in addition to the team structure.
- Curricular survey showed weaknesses in the areas of project design and revision of student work.

Theory Action

- All staff and students are split into teams. 4 teachers share 3-4 cohorts of students. They are responsible for their academic and emotional wellbeing.
- Teams are the central structure of support and professional development for teachers.
- All teachers receive 1:1 coaching in the International approach during their first 2 years on staff.
- All staff participates in additional PD days before, during and after the traditional school year.

School Quality Indicator 4: Meaningful Student, Family, and Community Engagement/Partnerships

Strategic Priority A. Family & Community Engagement

School: Oakland International High School

Principal: CARMELITA REYES

School Quality Standards relevant to this Strategic Priority

A quality school...

- shares decision-making with its students, their families, and the community, as part of working together in partnership
- provides opportunities for families to understand what their child is learning; why they're learning it; what it looks like to perform well
- builds effective partnerships by using principles of student and family/community engagement

From OUSD Strategic Plan:

A quality Full Service Community School (FSCS) involves students, families, and the community in the decision-making process as a way to develop collaborative partnerships. A FSCS works with families as partners to understand how the student is progressing and participating in school. Additionally, a Full Service Community School establishes and aligns partnerships with community-based organizations, civic and business partners to strengthen the academic, social-emotional and health outcomes for students and families.

1. 75% or more of parents and guardians are regularly offered trainings and opportunities to actively participate in the academic and social development of their student(s).

School Data

- All families have a 1:1 parent-teacher conference each October to review a student's progress, establish goals, and understand the American grading structure.
- Regular parent meetings are tailored to meet the specific needs of various ethnic communities. ESL classes are provided free to parents.

Data Analysis

- Working with focus groups of parents we have established 3 priorities for family engagement:
 - 1) Regular communication in the form of conferences, home visits, progress reports every two weeks, regular parent meetings
 - 2) Cultural competency of staff to work with a diverse community
 - 3) Classes for parents: ESL and computer literacy.

Theory Action

- Throughly question new hire applicants to determine competency in working with a diverse ethnic population of ELL families.
- Implement 21st Century Family Literacy Grant for ESL and computer classes
- Create a dedicated adult classroom and library on campus
- Continue to expand teacher's cultural competency by engaging in home visits, neighborhood walks and other forms of PD
- Hire a full time coordinator of a full service community school

School Quality Indicator 5: Effective School Leadership & Resource Management

Strategic Priority A. Strategic Operational Practices

School: Oakland International High School

Principal: CARMELITA REYES

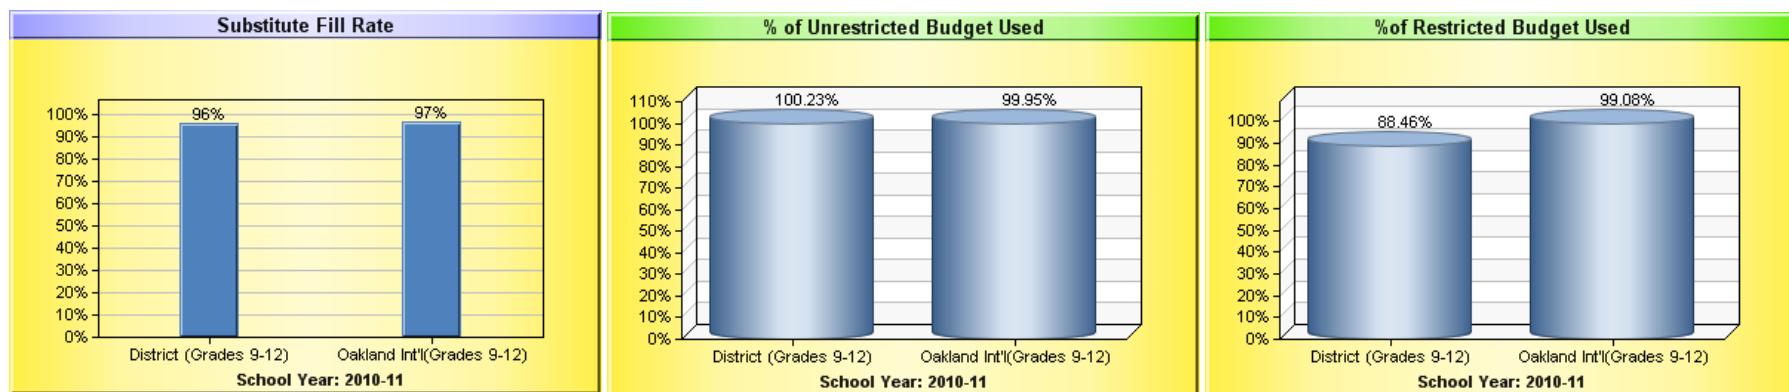

School Quality Standards relevant to this Strategic Priority

A quality school...

- creates and sustains equitable conditions for learning and advocates for interrupting patterns of inequities.
- guides and supports the development of quality instruction across the school.
- collaboratively develops outcomes, monitors progress, and fosters a culture of accountability.
- develops systems and allocates resources in support of the school's vision.
- is distributed, through professional learning communities, collaborative planning teams, and select individuals.

From OUSD Strategic Plan:

We need Full Service Community Leaders for OUSD classrooms, schools, regions and the central office. These leaders have to juggle many tasks: they need to manage operations effectively, they need to become highly effective instructional leaders, and they need to build relationships and strategic collaborations with parents and community members. Leaders will need to assess their own levels of expertise with leadership practices, operations, instruction and community engagement and work together to share tools, knowledge and strategies in these areas to accelerate everyone's capacity to deliver on the promise of high quality effective instruction and Full Service Community Schools.

School Data

- OIHS raises approximately \$1000 dollars per student in grants or in-kind services each year

Theory Action

- Allocate staff time to write large (Zellerbach, SF Foundation, Silver Giving, Hass) and small grants (Donors Choose, Philanthropic Ventures)
- Partner with organizations who provide free on site services (Refugee Transitions, Asian Community Mental Health etc.)
- Identify additional funders and partner organizations.

ASSURANCES 2012-2013

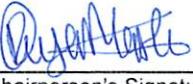

School Site: Oakland International High School
Site Number: 353

The following state and federal categorical funding source(s) will be a part of the School-Based Coordinated Program at the school:

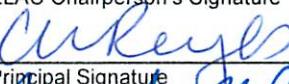

- Title I School-Wide Program
- Title I Targeted Assistance Program
- EIA/State Compensatory Education
- EIA/Limited English Proficient
- QEIA
- SIG

1. The council/committees have been formed and correctly constituted in accordance with the procedures established by the district governing board, federal or state law or regulations.
2. The school plan is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
3. It is the responsibility of the School Site Council to monitor the implementation and effectiveness of the actions outlined in the site plan throughout the 2012-2013 School Year.
4. The English Language Advisory Council (ELAC) reviewed English Learner data, priority needs, and suggested improvement strategies on Oct. 27, 2011 gave oversite to SSC.
5. The School Site Council adopted the Single Plan for Student Achievement at a public meeting(s) on February 16, 2012.
6. The signatures below verify that the chairpersons, teachers, students, and parents on behalf of their respective councils/committees, have participated in the planning process, reviewed the school plan for the appropriate special programs, and recommend the school plan and budget to the district governing board.

Title I School Parental Involvement Policy 2012 - 2013

Involvement of Parents in the Title I Program

Oakland International High School agrees to implement the following statutory requirements:

- The school will jointly and regularly develop with parents a School Parent Involvement Policy in a language and format the parents and community can understand.
- The school will jointly develop with parents the school's Home-School Compact as a component of its School Parent Involvement Policy.
- Accessibility: parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, and must include parents with limited English proficiency, parents with disabilities, and parents of migratory students.

Building Parent Capacity for Involvement

Oakland International High School engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, and build capacity for parent involvement, it does the following:

- 1) Offers a flexible number of meetings for parents, and involve parents of Title I students in an organized, ongoing, and timely way in the planning, review, and improvement of its Title I Part A programs and the Title I School Parent Involvement Policy.
 - Our family meetings are held at a variety of times that are conducive to families – we have opportunities in the morning (before, or just after, the start of school), in the early afternoon, in the evening and on Saturdays.
 - Our teachers and staff participate in Home Visits
 - We coordinate many family meetings with other events, such as student arts performances
 - We provide refreshments and child care
- 2) Assists Title I parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children. The school will, with the assistance of the district, provide assistance to parents of children served by the school in understanding the following topics:
 - The State of California's academic content standards
 - The State of California's student academic achievement standards

- The State of California's and Oakland Unified School District's academic assessments, including alternate assessments
- Academic proficiency levels students are expected to achieve
- The requirements of the Title 1 Program
- How to monitor their child's progress

Our parent coordinator will hold an annual title 1 meeting in addition to monthly parent meetings. In addition, advisors will meet 1:1 at least annually with all parents. In addition, all teachers meet with at least 4 parents of struggling students in their advisory for home visits.

- 3) Provides materials and training to help Title I Program Parents work with their children to improve their children's academic achievement.

Our parent coordinator will hold an annual title 1 meeting in addition to monthly parent meetings. In addition, advisors will meet 1:1 at least annually with all parents. In addition, all teachers meet with at least 4 parents of struggling students in their advisory for home visits.

- 4) Educates staff, with the assistance of Title I parents, on the value of parent contributions and how to work with parents as equal partners.

OIHS funds a part time parent coordinator. Teachers are trained in how to conduct both school based and home based parent conferences.

- 5) Coordinates and integrates the Title I Program Parental Involvement activities with other activities that encourage and support parents to more fully participate in the education of their children.

Our parent coordinator will hold an annual title 1 meeting in addition to monthly parent meetings. In addition, advisors will meet 1:1 at least annually with all parents. In addition, all teachers meet with at least 4 parents of struggling students in their advisory for home visits. Parents are also encouraged to attend at least 2-3 events each year – the back to school night, exhibition night and International Night.

- 6) Distributes to Title I Program parents, in a timely way, program information related to school and parent programs, meetings, and other activities in a form and language that the parents understand.

Oakland International High School will provide information about Title 1 programs to parents of participation children in a timely manner:

- Newsletters
- Take-home flyers
- Postings in the school

- Phone calls
- 7) Provides support, during regularly scheduled meetings, for parental activities requested by Title I Program parents.

All SSC and parent meetings have time for parents to raise issues and concerns not already on the agenda.

- 8) Provides parents of Title I students, if requested, with opportunities for regular meetings to participate in decisions relating to the education of their children.

Annual Title I Meeting

- 1) *Oakland International High School* will convene an annual Title I meeting to inform parents of the following:
- That the school participates in the Title 1 Program
 - How the school implements the Title I Program
 - The requirements of the Title 1 Program
 - The parents' right to be involved
 - The parents' right to participate in the development of the District's Title 1 Plan

School-Parent Compact

Oakland International High School has jointly developed with and distributed to parents of Title I students a School-Parent Compact that outlines how parents, the school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards.

Adoption

This School Parental Involvement Policy has been developed jointly with, and agreed upon with, parents of children participating in Title 1, Part A Programs, as evidenced by

SSC Meetings Oct 27th 2011 and February 16, 2012

This policy was adopted by Oakland International High School Site Council on April 5, 2011 and will be in effect for the period of April 5, 2011- June 30, 2012. The school will distribute this policy to all parents of participating Title 1, Part A, children on or before the April 5. It will be made available to the local community on or before April 5. The Oakland International High School's notification to parents of this policy will be in an understandable uniform format and, to the extent practicable, provided in a language the parents can understand.

(principal's signature)

(date)

School – Parent Compact

Oakland International High School and the parents of the students agree that this compact outlines how the parents, entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State of California's high academic standards.

This School-Parent Compact is in effect during the 2012-13 school year.

School Responsibilities - Oakland International High School will:

- 1) Provide high-quality curriculum and instruction in a supportive and effective learning environment that enable the participating students to meet the State of California's student academic achievement standards as follows:**

The school will provide high-quality curriculum and instruction, using the Internationals Approach to develop language, within a supportive and effective learning environment.

- 2) Hold parent-teacher conferences during which this compact will be discussed as it relates to the individual child's achievement.**

Parent-teacher conferences will be held twice during the school year and as needed.

Teachers will also conduct home visits as needed.

- 3) Provide parents with frequent reports on their children's progress.**

Report cards will be sent 4 times a year and as needed.

Progress reports or missing work reports for all students will be provided every 2 weeks.

- 4) Provide parents reasonable access to staff.**

School staff will be available for consultation with parents as needed.

- 5) Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities.**

Parents may volunteer, participate, and observe classroom activities.

Parent Responsibilities –

We, as parents will support our children's learning in the following ways:

- *Monitoring attendance*
- *Make sure homework is completed*
- *Promoting positive use of child's out of school time*
- *Ensure students are not wearing gang colors (red and blue) to school*
- *Attend parent conferences*

Student Responsibilities –

We, as students, will share the responsibility to improve our academic achievement and achieve the State of California's academic standards. We will:

- *Do my homework every day*
- *Ask for help when I need it*
- *Try to improve my English everyday in every class*

Oakland International HS
Academic Program Survey—High School Level

Essential Program Component	Objective	Criteria and Clarifications	Implementation Status and Key Components Review and identify which key components apply. Circle the most appropriate rating.													
			Objective	Fully	Substantially	Partially	Minimally									
1. Instructional Program	<p>1.1 The school/district provides the current* district-adopted, standards-aligned English/Reading Language Arts (ERLA) textbooks and instructional materials, including ancillary materials for universal access. These programs are implemented as designed and documented to be in daily use in all classrooms for all students enrolled in grade nine and ten ERLA courses.</p> <p>* As a result of ABX4 2, the State Board of Education (SBE) ERLA 2008 and Mathematics 2007 adoptions and the previous SBE adoptions will meet the standard of "current."</p>	<p>Full implementation means that all students, including English learners (ELs), students with disabilities (SWDs), and students with learning difficulties, are provided current state standards-aligned textbooks and instructional materials in grades nine and ten ERLA courses. These materials are implemented daily as designed to support the needs of all students.</p> <ul style="list-style-type: none"> Full implementation in state-monitored schools means that the district has adopted and is using the articulated high school instructional materials and publishers' texts selected from the current grade seven and eight SBE-adopted list. At all levels, teachers are using the locally adopted core program and ancillary materials designed for universal access/differentiated instruction during core instruction to meet the assessed needs of students, including strategic students. 	<input checked="" type="radio"/> 1.1 <input type="radio"/> 2 <input type="radio"/> 3 <input type="radio"/> 4 <input type="radio"/> 5 <input type="radio"/> 6 			Objective	Fully	Substantially	Partially	Minimally	
7. Student Achievement Monitoring System	7.1 The school/district uses an ongoing assessment and monitoring system that provides timely data from common assessments based on the current district-adopted, grade nine and ten ERLA standards-aligned materials and the SBE-adopted intensive reading intervention programs. Student achievement results from assessments (i.e., entry-level placement and diagnostic; progress monitoring, including frequent formative and curriculum-embedded; and summative assessments) are used to inform teachers and principals on student placement, diagnoses, progress, and effectiveness of instruction.	<p>Full implementation means that the district provides and supports an easily accessible electronic data management system, and the school is uniformly administering, scoring, analyzing, and using student achievement data from entry-level and/or diagnostic assessments, progress monitoring assessments (including frequent formative and curriculum-embedded assessments), and summative assessments on a timely basis in grade nine and ten ERLA.</p> <ul style="list-style-type: none"> The data from these assessments are disaggregated and used to determine student placement and/or diagnosis of readiness for grade-level, standards-based instruction, monitor ongoing student progress, identify individual student needs, inform decisions regarding classroom and school-wide instructional practices, and determine effectiveness of instructional practices and implementation of the adopted programs. District/site placement criteria, including articulation with feeder schools/districts, determine student placement in intensive intervention, which replaces the core ninth or tenth grade English instructional programs. Students are appropriately assessed and placed in an SBE-adopted, intensive reading intervention instructional program following the district criteria. For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs. 	7.1	100%	At least 75%	2 At least 50%	1 Less than 50%	
		Key Components						

Ongoing Assessment and Monitoring System

_____ District supported electronic data management System.
 _____ District-wide reporting and analysis of assessment results.
 _____ School-wide reporting and analysis of assessment results.
 _____ Timely data from assessments available to and easily accessible by administrators and teachers.
 _____ Common curriculum embedded/formative assessments in use school-wide.

Training on Accessing and Using Electronic Data System

Staff trained on using and accessing data from the electronic data system.

- For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs.

Oakland International HS Academic Program Survey—High School Level

	<ul style="list-style-type: none"> Common formative assessments are given at least every six to eight weeks to monitor student progress, but more frequent formative assessments will assist teachers to collaborate and identify more immediate student needs. 	<p>Using Formative Assessments Results</p> <p>Common curriculum embedded/formative assessments administered frequently. School-wide assessment calendar developed and used. Professional development provided for administrators and teachers on data analysis and data-informed instruction.</p>
