Step 1:

a. Enter the Original Approved Strategic Action from the Measures N and H EIP:

Directions: Copy & paste the original strategic action below. The original strategic action is where you plan to take money from and use it for a new purpose.

**You can enter up to 3 different actions below, as long as the New or Revised Strategic Action in Step 2 is the same!*

Measures N/H Plan or Pathway/Tab Name	Budget Action Line Item #	Original Amount Approved	Measures N and H Budget Original Strategic Action (proper & complete justification)	Total Amount being Transferred
2023-24 Measure N Carryover Plan	20	\$1,650.00	Linked Learning Lead Facilitator to participate in the California Dual Enrollment Equity Conference Feb 23 - 26 registration fees: \$850; Accommodations: 3 nights @ \$250/night = \$750.00; Transportation fees: Mileage or Train = \$58; Total cost \$1650. The specific expenditure for the Linked Learning Lead Facilitator to participate in the California Dual Enrollment Equity Conference includes the cost of conference registration, travel, accommodations, and meals. The conference focuses on promoting equitable access to dual enrollment opportunities, with sessions on best practices, policy updates, and strategies to enhance student participation and success in dual enrollment programs. This expenditure impacts students in the pathway by equipping the Linked Learning Lead Facilitator with the latest knowledge and strategies to improve dual enrollment offerings. By attending the conference, the facilitator can bring back valuable insights to refine existing dual enrollment programs, ensuring they are accessible and equitable for all students. This directly benefits students by increasing access to college-level courses, preparing them for higher education, and improving their academic and career outcomes.	\$1,650.00
2023-24 Measure N Carryover Plan	22	\$4,200.00	Lab Safety Equipment for Design Labs: Protective eyewear; Lab Coats; Gloves: The specific expenditure for lab safety equipment includes purchasing protective eyewear, lab coats, and gloves for use in design labs. These items are essential for ensuring the	\$208.00

			safety of students while they engage in hands-on, potentially hazardous activities such as 3D printing, model building, and working with various tools and materials. The cost is quantified based on the number of students, types of equipment needed, and the frequency of lab activities. This expenditure impacts students in the pathway by providing a safe and professional learning environment that mimics real-world industry settings. By using appropriate safety gear, students not only stay protected during lab activities but also gain familiarity with industry-standard safety practices. This experience is critical in preparing students for future careers in design, manufacturing, and other technical fields where safety compliance is a key component of workplace readiness.	
2023-24 Measure N Carryover Plan	35	\$7,500.00	Software for Dual Enrollment Classes: The specific expenditure for software for dual enrollment classes includes the purchase of digital resources and design software (such as Adobe Creative Suite), and other necessary digital supplies that support students in completing their coursework. These materials are essential for ensuring that students have access to the same level of resources as they would in a college setting, including software licenses, hardware, and learning platforms. This expenditure impacts students in the pathway by providing them with the tools and resources needed to successfully engage in college-level coursework while still in high school. Access to professional-grade materials and software prepares students for higher education and industry standards, giving them a competitive edge in their academic and career pursuits. It ensures that all students, regardless of financial background, can fully participate in dual enrollment classes and gain the skills and certifications that enhance their career readiness.	\$6,863.27
The total amount transferred from the 3 actions above is \$8,721.27.				

b. What will be the impact on your Measures N and H plan, pathway development, and students for not doing your original strategic action? *(*Do not insert links or use Acronyms. *If taking from multiple actions - respond to each action or the overall impact)*

No impact-
Line 20 funds are being completely reallocated due to our group's more impactful and collective participation.
Line 22 budget is being reduced due to over-budgeting for the items.
Line 35 budget is being reduced due to over-budgeting as the services are now in the cloud.
