Subject Award of Bid Termination – Berkeley Farms Dairy LLC

Action Approve termination for convenience and/or non-performance by Berkeley Farms Dairy LLC of the bid awarded to Berkeley Farms Dairy LLC, with the terminate date being as soon as possible under the Contract.

Background The District has an agreement with California Department of Education Nutrition Services Division to provide meals under the "National School Lunch Program" and the "Child and Adult Care Food Program." Serving milk is a requirement of these programs. On January 22, 2020, the Board of Education approved awarding a bid to Berkeley Farms Dairy LLC for providing milk to the District. On April 6, 2020, the District was notified by Berkeley Farms Dairy LLC that it was closing its business, with an effective close of April 30, 2020. However, Berkeley Farms Dairy LLC did not formally terminate the contract. Media reports indicate that Berkeley Farms Dairy LLC has filed for bankruptcy protection.

Discussion In light of the closure of Berkeley Farms Dairy LLC, staff wishes to terminate the bid award to Berkeley Farms Dairy LLC for convenience and non-performance pursuant to the "Termination for Convenience or Non-Performance" section of the bid award. That section states that the District "may terminate the awarded contract prior to the expiration of the term for vendor non-performance or without cause and without penalty, upon thirty (30) days' written notice to the Selected Vendor" but that the District "reserves the right to immediately cancel the awarded contract if the circumstances are detrimental to the health and welfare of the students and/or school personnel, or the quality of services are seriously affected."

Fiscal Impact

To be determined once the final invoice is received and reviewed.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. Fluid milk and milk products shall be manufactured and packaged as defined in the state regulations governing the production and sale of milk and milk products, as published by the State Board of Health. Milk and milk products shall be pasteurized, homogenized and vitamin fortified. All products must conform to the provisions set forth in the Federal, State, county, and city laws for their production, handling, processing, marketing, and labeling.

Packaging: Packages shall be so construed as to ensure safe and sanitary transportation to the point of delivery. Damaged containers may be rejected and returned for credit or immediate replacement to the original site at no cost to the District for product or delivery. All packaging materials shall be FDA approved and meet all pertinent state and federal regulations for safe use with foods. Packaging materials shall impart no odor, flavor, or color to the product. Cases or product shall be clearly and legibly labeled with product name, code, weight, and count. All costs for containers shall be borne by the vendor.

Pricing: Contract prices awarded as a result of this price request shall remain firm for the contract period. However, prices for milk and dairy products can escalate or de-escalate in accordance with changes in Class I, II and III price levels regulated by the California Department of Food and Agriculture, Milk Stabilization Branch.

Any changes (up or down) in price must be announced to school district officials 30 days preceding the effective price change. Any changes in prices must be documented by the California Bureau of Milk Market Enforcement announcement and be accompanied by conversion calculations showing manner of arriving at the amount of change. In the event of a price change effective between the opening date of this price request and the inception date of the contract, the successful vendor shall reflect any decrease and may reflect any increase at the beginning of the contract.

Ordering: The District prefers to place orders online and receive an email confirmation, however, some sites will need to place orders manually with the delivery driver, in this case a written copy of the order must be left with the person in charge at the site. The District reserves the right to add, remove or delete product based on school needs. Only vendors with no minimum order requirements will be considered for award.

Substitutions: Substitutions in quality or quantity must receive prior approval from the Nutrition Services Department in order to qualify for payment.

Delivery: The District reserves the right to make additions to, or deletions from, the lists of school sites to be served at any time during the period of the contract, and revise delivery times as required. Awarded vendor(s) will be required to make direct deliveries to approximately 83 sites. Sites require 1-3 day(s) per week deliveries due to storage limitations or volume purchases. Deliveries shall be made utilizing refrigerated trucks. All deliveries shall occur between the hours of 7:00 a.m. and 12:00 noon. Dark drops will not be accepted. If a scheduled delivery day is a holiday, deliveries will occur on the next business day after the holiday. Vendor shall pick up all empty milk crates when milk is delivered. For emergency orders, the vendor will be required to make direct deliveries to various cafeterias/kitchens or other locations as requested by the District. Dairy must be delivered to all sites in refrigerated trucks to reduce perishability. Trucks are to be cleaned on a regular basis, free of excessive dirt and debris and clearly labeled with the name of the vendor.

The delivery driver will be responsible for rotating milk products at each school site, moving the oldest code date to the front and restacking milk each time a delivery is made.
7. Milk crates will be stacked no higher than five crates high inside school walk-in refrigerators.
8. Delivery shall not be made so close to service time as to create concern by the school site. Delivery schedule is to be pre-scheduled to coincide with school and existing route flow for responder's best reduction of expenses, mileage, and time.
9. All deliveries must be accompanied by a computerized invoice. Invoice is to include, for each item: item identification, unit price, price extension and total price of delivery. Sufficient time must be allowed at time of delivery for adequate inspection of product, not only for quantity, but also quality of product. Invoice will be signed only after inspection of product. ATTACHMENT J: PRODUCT SPECIFICATIONS AND CONDITIONS

Product Specifications and Conditions: All milk products shall be Grade A, produced in California conforming with California Agriculture Code, rBST free, no Antibiotic residue, and meet USDA Federal meal program nutrient standards.

General Information: All milk and dairy products shall conform to the minimum dairy food specifications and definitions as shown in the Agricultural Code of California, Chapter 6, Article 1: Milk Section 560, Dairy Products Section 561. Fluid milk and milk products shall be manufactured and packaged as defined in the state regulations governing the production and sale of milk and milk products, as published by the State Board of Health. Milk and milk products shall be pasteurized, homogenized and vitamin fortified. All products must conform to the provisions set forth in the Federal, State, county, and city laws for their production, handling, processing, marketing, and labeling.

Packaging: Packages shall be so construed as to ensure safe and sanitary transportation to the point of delivery. Damaged containers may be rejected and returned for credit or immediate replacement to the original site at no cost to the District for product or delivery. All packaging materials shall be FDA approved and meet all pertinent state and federal regulations for safe use with foods. Packaging materials shall impart no odor, flavor, or color to the product. Cases or product shall be clearly and legibly labeled with product name, code, weight, and count. All costs for containers shall be borne by the vendor.

Pricing: Contract prices awarded as a result of this price request shall remain firm for the contract period. However, prices for milk and dairy products can escalate or de-escalate in accordance with changes in Class I, II and III price levels regulated by the California Department of Food and Agriculture, Milk Stabilization Branch.

Any changes (up or down) in price must be announced to school district officials 30 days preceding the effective price change. Any changes in prices must be documented by the California Bureau of Milk Market Enforcement announcement and be accompanied by conversion calculations showing manner of arriving at the amount of change. In the event of a price change effective between the opening date of this price request and the inception date of the contract, the successful vendor shall reflect any decrease and may reflect any increase at the beginning of the contract.

Ordering: The District prefers to place orders online and receive an email confirmation, however, some sites will need to place orders manually with the delivery driver, in this case a written copy of the order must be left with the person in charge at the site. The District reserves the right to add, remove or delete product based on school needs. Only vendors with no minimum order requirements will be considered for award.

Substitutions: Substitutions in quality or quantity must receive prior approval from the Nutrition Services Department in order to qualify for payment.

Delivery: The District reserves the right to make additions to, or deletions from, the lists of school sites to be served at any time during the period of the contract, and revise delivery times as required. Awarded vendor(s) will be required to make direct deliveries to approximately 83 sites. Sites require 1-3 day(s) per week deliveries due to storage limitations or volume purchases. Deliveries shall be made utilizing refrigerated trucks. All deliveries shall occur between the hours of 7:00 a.m. and 12:00 noon. Dark drops will not be accepted. If a scheduled delivery day is a holiday, deliveries will occur on the next business day after the holiday. Vendor shall pick up all empty milk crates when milk is delivered. For emergency orders, the vendor will be required to make direct deliveries to various cafeterias/kitchens or other locations as requested by the District. Dairy must be delivered to all sites in refrigerated trucks to reduce perishability. Trucks are to be cleaned on a regular basis, free of excessive dirt and debris and clearly labeled with the name of the vendor.

1. See the "Table A – Oakland Unified School District School and Delivery List".
2. No minimum delivery requirements.
3. Products must be delivered in containers that are clean and in clean vehicles. Containers shall be clean, leak free and delivered in sturdy rust free baskets/crates.
4. Milk shall be delivered between 35° and 38° degrees Fahrenheit.
5. Milk delivered shall have a fourteen day code date indicated on the carton. Bad tasting or sour smelling milk shall be replaced immediately upon notification.
6. All deliveries are to be placed into the designated storage/cooler area(s), which may be more than one, at each site by the delivery driver. The delivery driver will be responsible for rotating milk products at each school site, moving the oldest code date to the front and restacking milk each time a delivery is made.
7. Milk crates will be stacked no higher than five crates high inside school walk-in refrigerators.
8. Delivery shall not be made so close to service time as to create concern by the school site. Delivery schedule is to be pre-scheduled to coincide with school and existing route flow for responder's best reduction of expenses, mileage, and time.
9. All deliveries must be accompanied by a computerized invoice. Invoice is to include, for each item: item identification, unit price, price extension and total price of delivery. Sufficient time must be allowed at time of delivery for adequate inspection of product, not only for quantity, but also quality of product. Invoice will be signed only after inspection of product. The District reserves the right to reject products delivered in error, not delivered according to specifications, of sub-standard quality or unusable due to code date.
