Measure N Carryover Spend Down Proposal

OVERVIEW

- Oakland voters approved Measure H to take effect July 1, 2023 and continue funding the College and Career for All Fund for the next 14 years. While Measure H replaces Measure N, OUSD still has a considerable amount of Measure N funding to spend (Measure N Contingency Funding and Measure N Carryover Funding.) For context, in the 2021-22 school year, the amount of school site carryover ranged from \$6,268 to \$852,580, with an average of \$210,957 per site.
- Beginning with the 2023-24 school year, we will be in a period of transition as we spend down remaining Measure N funding and begin spending Measure H funding.
- Measure N and Measure H have slightly different guidance related to permissibility and supplanting; therefore we are required to keep the funding sources separate (i.e. separate Measure N and Measure H Carryover Plans).

GUIDING PRINCIPLES

The Measures N and H Commission and the High School Linked Learning Office have identified the following guiding principles for spending down Measure N Carryover funds:

- Spend down funds as soon as possible to reduce complexity and to minimize how long OUSD and school sites will need to manage two funding sources with different guidelines simultaneously
- Provide ample time for school sites to develop plans to strategically spend down Measure N Carryover funds.
- Make it as easy and strategic as possible for sites to spend Carryover funds

CARRYOVER SPEND DOWN PROPOSAL

- Sites will have two fiscal years to spend down as much of their Measure N Carryover funding as possible (during the 2023-24 and 2024-25 school years).
- At the end of the 2024-25 school year, all Measure N carryover funds at sites will be swept and placed into the Measure N Contingency Fund for administration by the central Measures N/H team. Plans for the use of these funds will be approved by the Measures N & H Commission and will include input from sites.

CONSIDERATIONS

- This proposal implies that we will have multiple years of two funding resources.
- Sites will be permitted to set aside *Measure N Strategic Carryover* in their 2022-23 Carryover Plan (for allocation during 2024-25 budget development).
- Beginning with the 2024-25 school year, Measure H Carryover funding will become available. Pending Fiscal approval, sites will be permitted to set aside *Measure H Strategic Carryover* for allocation during 2025-26 budget development and beyond.

¹ 2022-23 Measure N Carryover Funding can be used on expenditures approved in [2023-24 Measures N and H Permissible Expenses](#). Encouraged expenditures/projects include:

- Strategic Carryover for 2024-25 school year
- Dedicated funding for May/June 2024 expenses related to ECCCO (staff and student stipends), Summer Bridge, end of year activities, contracts, etc.
- Pathway-related retreats and planning
- Industry standard equipment (such as laptops which can run industry-standard software)
- FTE for targeted support to address specific learning loss, dropout prevention strategies tied to pathways, and/or matriculation support (for example, for Newcomers)
