Office of the Superintendent

June 27, 2012

To: Board of Education

From: Tony Smith, Superintendent
Maria Santos, Deputy Superintendent
Susana Ramirez Director, State and Federal Compliance

Re: 2012/2013 CSSSP – Manzanita Community Elementary School

Action Requested:

The Board of Education is requested to approve the 2012-2013 Community Schools Strategic Site Plan for Student Achievement for Manzanita Community Elementary School.

Background:

In accordance with Education Code 64001, the Single Plan for Student Achievement shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application, by the school council. The plans shall also be annually reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the Single Plan for Student Achievement is to coordinate all educational services at the school. The site plan shall address how funds provided to the school will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index. (API).

Discussion:

The Single Plan for Student Achievement builds on a premise that students are capable of learning with effective instruction, includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school improvement actions, directs resources where they will most directly improve student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated to student success.

Fiscal Impact:

The Programs listed below are reported in the Consolidated Application and allocated to school sites through the Single Plan for Student Achievement.

State Programs

- Economic Impact Aid/School Compensatory Education
- Economic Impact Aid/Limited English Proficient
- Quality Education Improvement Act (QEIA)
- School Improvement Grant (SIG)

Federal Programs

- Title I, Part A

Recommendation:

The Board of Education is requested to approve the 2012-2013 Community Strategic Site Plan application for Manzanita Community Elementary School.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Superintendent's Letter

Our efforts in the Oakland Unified School District (OUSD) are now clearly focused on serving all of our children in every neighborhood by providing high quality community schools where children, adults, and community thrive. We are committed to creating and sustaining a district of community schools capable of supporting the unique needs of each child while creating caring school communities that link every Oakland Neighborhood. We believe that each child in Oakland must be ready to succeed in college and careers that lead them to healthy and happy lives.

It is with these beliefs that we engage in creating a Full Service Community School District filled with Full Service Community Schools, in which schools act as resource and service hubs that connect with local partners to help build healthy and vibrant schools and communities.

In this spirit, we are launching a new Community Schools Strategic Site Plan. The Community School (CS) Strategic Site Plan is closely aligned with the larger organizational strategic plan, *Community Schools, Thriving Students*. In addition to satisfying compliance requirements and guiding the allocation of categorical funds, the CS Strategic Site Plan will be a multi-year road map for each school to become actualized as a Full Service Community School. This new school site plan has been developed by a team of cross-departmental leaders in OUSD under the advisement of principals and community leaders. All school communities will complete the CS Strategic Site Plan in 2011-2012 to contribute to the development of site priorities for the 2012-2015 school years.

The CS Strategic Site Plan will continue to be annually approved by School Site Councils and the OUSD Board of Directors.

To lead these efforts, each site will create a Community School Leadership Team, whose body will incorporate members of each site's School Site Council (including the principal, parents, teachers, staff), and in secondary schools, the team will also include a student member. Additionally, each school will recruit their afterschool partner, as well as another key community partner, to become members of the Community School Leadership Team. This leadership team will drive the development of the CS Strategic Site Plan for their school and will be supported through a collaborative engagement process. In addition to existing School Site Council meetings, the Community School Leadership Teams will attend district-wide retreat days and collaboratively engage the broader community.

We are excited about supporting every school community to collaborate in service of building Full Service Community Schools across Oakland. As leaders of a Full Service Community District, we are committed to providing the conditions for this critical work to happen. I thank you for your engagement, leadership, and commitment to supporting the development of community schools and thriving students across Oakland.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Context & Vision

OUSD

VISION: All students will graduate from high school. As a result, they are caring, competent and critical thinkers, fully-informed, engaged and contributing citizens and prepare to succeed in college and career.

MISSION: Oakland Unified School District is becoming a Full Service Community District that serves the whole child, eliminates inequity, and provides each child with excellent teachers for every day.

GOAL AREAS:

Every student in the Oakland Unified School District will:

- Attend a SAFE, HEALTHY, and SUPPORTIVE SCHOOL - Oakland will become a full-service community district that will collaborate with civic and community partners to reduce violence in the community and schools thereby creating secure campuses where a culture of calm prevails.
- Learn the knowledge, skills, and abilities to be PREPARED for SUCCESS in COLLEGE and CAREERS when they graduate from high school, to ensure that they can read, write, speak, think critically and reason mathematically for post-secondary success.
- Have HIGH QUALITY and EFFECTIVE INSTRUCTION with excellent teachers for every day of the school year.

The Oakland Unified School District will:

- Become a FULL SERVICE COMMUNITY DISTRICT that is in service of and fully supporting the success of community schools and thriving students.
- Be ACCOUNTABLE for HIGH QUALITY for its schools and in its work across the organization.

SCHOOL SITE CONTEXT

Manzanita Community School is a school that was redesigned seven years ago on the Manzanita Campus. Our design process was a year long one involving teachers, parents, and community members as part of OUSD small schools incubator. Many of the teachers and families that helped to design the school or joined our first year are still with us today. MCS is located in the Fruitvale and has a very diverse student population, 30% of our students are African American, 20% are Asian (Our students are mostly Mien, Chinese, Cambodian, Vietnamese, and Burmese) and 45% Latino. Almost 85% of our students qualify for free and reduced lunch. The focus of our redesign was not just on the academics but also in the climate and culture. There were few bilingual staff and little support for parents. Parents and staff on the design team selected teachers and staff who were a mix of experienced and newer teachers who represented many different ethnic and racial backgrounds. The first two years we focused on the climate and culture believing that students needed to feel safe and cared for by the adults at the school in order to do their best work. The last four years we have focused on our academics and our teaching. MCS believes in shared leadership and most decisions are made with the principal and instructional leadership team which is made up of five teachers from the staff of eighteen. The five teachers are a K teacher, a Bilingual first teacher, a third grade teacher, a primary SDC teacher, and a fourth grade teacher. In some cases decisions are also brought to the whole staff for a vote. We have low teacher and staff turn over which makes it easier to build on work from the previous year. The past two years we have focused as a staff on guided reading and a book called "Strategies that Work" to help us build student engagement and reading comprehension. As a site we do learning walks twice a year to observe teaching practice across the whole school. Every teacher is observed by 4-5 teachers and is given feedback and then also goes and observes 4-5 teachers and gives feedback. The instructional lead team reviews all the feedbacks and presents to the staff a summary of trends and outliers which then help the entire staff make instructional focuses and agreements. Next year we will continue our same work with guided reading and implementing strategies that work as well as take up science note booking K-5 and systematic ELD for all students at a common time. All staff were trained in systematic ELD by LCI this spring in two groups.

VISION

At MCS we believe students must feel safe and cared for not only by the adults that work at the site but also by their fellow classmates. We start most days with a Morning Meeting (from Responsive Classroom) where students greet each other by name, play a quick energizing (often academic game) together, listen to 3-4 students share and answer follow up questions, and lastly receive a letter from their teacher with highlights of the upcoming day and an interactive question (often an academic one). This allows the class as a whole to work together and get to know each other a little better each day. As a school we use scripted I messages which all students are taught and that are modeled by staff to resolve conflicts. Students are often asked to do apologies of action (often community service) and write apology letters to students or staff they had conflicts with. We have twice a month assemblies which are hosted each time by a different class and the principal. These assemblies give us time to honor students academic achievements (not just students who score Benchmark or higher but also students who make gains of 10% or more on District Benchmark Exams) but also to highlight students for their attendance or going above and beyond for a classmate or the school. Students also are asked to speak at these assemblies when they have broken an important rule. We also believe students need to be fully engaged in order to achieve at high levels which is why we focus on small class sizes of 20 students or less in primary grades and 25 students or less in upper grades. Each classroom has at least one guided reading time a day to provide more individualized reading instruction daily to students. Teachers are asked to give students frequent opportunities to share their thinking with partners and the class during a lesson. This can be observed through both formal and informal observations of lessons. Students are held accountable through both class and individual goal setting which is done at the beginning of the year and then checked back in on after Benchmark exams. Students who are in need of more academic support are asked to join our EBAYC run After school program. Which included intervention with classroom teachers and enrichment. All parents are invited to monthly academic parent meetings presented by teachers and after school program staff with dinner and child care provided. We also believe students need to be healthy both physically and emotionally in order to do their best work. We have a school nurse four days a week, a school social worker three days a week, along with an intern from Asian Mental Health one-two days who week who see students one on one and also in groups, a full time PE teacher, and a Playworks Coach. Both the PE teacher and Playworks Coach encourage students to be active and eat healthy. As a school we enforce the OUSD wellness policy, have a daily salad bar, and a weekly farmers market.

Accountable for Quality: Ensuring Thriving Students and Healthy Communities

Strategic Priority: The Accountability Plan

In June 2011, the OUSD Board of Education adopted our School Quality Standards. These standards include outcome standards that define for OUSD what "good" performance is. These are the standards we use to measure the extent to which our schools are ensuring that all of our students are thriving and likely to contribute to the health of our communities.

1. A quality school sets and achieves clear and measurable program goals and student learning objectives.
2. All students demonstrate progress on academic and social goals each year and across years.
3. All students achieve at similarly high rates and any gaps in achievement are substantially narrowing.
4. All students achieve at levels that compare positively with state and national averages and with similar schools.
5. All students demonstrate critical thinking skills and apply those skills towards solving complex tasks.
6. All students demonstrate skills in and knowledge of the arts and literature.
7. All students demonstrate an ability to understand and interact with people from different backgrounds.
8. All students achieve and maintain satisfactory physical health including diet, nutrition, exercise, and rest.
9. All students demonstrate the attributes and skills of emotional health and well-being.
10. All students demonstrate the skills, knowledge, and dispositions needed in the world of work.
11. All students demonstrate the skills, knowledge, and dispositions of engaged citizens.

OUSD schools will use these outcome standards to define and assess how they are developing toward quality Full Service Community Schools. School-level goals and metrics in the following sections should explicitly refer to these outcomes standards.

The School Accountability Plan

As the principal most of the monitoring falls to me and my Instructional Lead Team which is made up of four to five teachers across the school. We have meetings twice a month and after benchmarks we always review school wide data (goals 1, 2, 3, 4, and 5). We also organize learning walks across the school twice a year involving all of teachers to look closely at one aspect of our classroom instruction. This upcoming year in the spring we will focus on Guided Reading and in the fall possibly Strategies that Work (Goals 1, 5, 6, 7, 10, and 11). We have a School Social Worker who I meet with at least three times a month and who runs our SST's. (Goal 9) We also have a PE teacher who does 60 minute classes each week. During that time he covers both nutrition and diet as well as then leading students in fun physical activities and exercises (Goal 8 and 9). We also have Playworks for 30 minutes a week for each class. Our SPED students are mainstreamed into PE and Playworks sessions (Goal 7). We meet with the Coaches at least every two months along with the other yard staff for check in meetings. We also do data reviews with our SSC and send home updates after benchmarks with our weekly homeschool letter so that parents and community members can see how students and our school is doing. There are also posters of the benchmark student results in the hallway. Students who are not on grade level get progress letters sent home.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority A. Balanced Literacy & Literacy Across the Curriculum

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

We want OUSD students to read, write, speak, and think critically for success in college and careers. We want Oakland students to relish reading, writing, and speaking and to become joyful, as well as competent, around literacy. To reach that goal, we need to develop a clear and common OUSD Literacy Framework. The beginning of our work will ensure that we assess reading levels of all students across the system. Additionally, we will approach literacy from a Response to Intervention Framework, ensuring that students have access to high-quality instruction and that higher tiers of support are provided when needed. OUSD must develop a PreK-12 core curriculum aligned to college and career ready standards and to the Common Core State Standards as they develop.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year (in two years for MS and HS)
3. Move/maintain CST Proficient and Advanced students
4. Accelerate reading by 1.5 additional grade levels for 3rd through 5th graders as measure by SRI to reach grade level standard (2 additional grade levels starting with 6th graders for MS, 3 additional grade levels starting with 9th graders for HS)
5. Student use of academic language and engagement with grade level content aligned to the Common Core Sate Standard will be increased from fall to spring as evidenced by principal observations.

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- We have been doing Guided Reading for the past two years. Last year we read as a staff a book about Guided Reading and had several PD sessions on assessing and grouping students.
- We have also been focused on Science and having students read more non fiction text during guided reading time. Next year we will be doing Science Notebooking School wide.

Data Analysis

- MCS has a high EL population and high chronic absence rate & we have struggled with ELA specifically comprehension. We have increased how much science we are teaching which will support students to become stronger in non fiction reading.
- 48% percent of our students scored P or A on the second ELA Benchmark exam. 52 % of our girls scored P or A compared to 45% of our boys.
- There is an achievement gap between our different ethnic groups of stu. 40% of African American stu., 42% of Asian, stu., and 54% of Latino stu. scored P or A.
- There is a gender gap amongst our ethnic groups. Only 39% of AA girls and 42% of AA boys scored P or A. While 48% of Asian girls and 41% of Asian boys scored P or A and 58% of L girls and 48% of L boys scored P or A.

Theory Action

- We believe that by ensuring students are reading at their instructional level in small groups with targeted lessons we can improve especially our lowest students reading scores as well as push our high students.
- We believe that by pairing more non fiction text with OCR and other ficiton texts we can better prepare our students for the common core assessments.
- As a QEIA school we believe that having smaller class sizes of 25 students or fewer students will get more additional small group and whole group support from thier teacher.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount
Guided Reading across the school. Each teacher will do guided reading at least four days a week.	As observed through Classroom observations, peer observations, and grade level meetings.	All Students	Sept-June	ES/Teachers	5/17/2012	179SQ11A3908	Focus on Guided Reading 4 days a week in class.	N/A			0	\$0.00

Have teachers pair non fiction texts with fiction OCR text to increase the amount of non fiction students are reading.	Classroom observations and grade level planning meetings. More students scoring P or A as well as increases in other students scores each benchmark and on CST. School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority B. Science, Technology, Engineering, Mathematics (STEM)

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

In the past three years, students exhibited steady achievement gains in science and mathematics. More elementary teachers have scheduled science and math instruction into students' school day and are using the district-adopted materials with integrity. While we celebrate the academic gains in science and mathematics, we also recognize their inadequacy and unevenness when we delve deeper into the results for various student populations (e.g., African-American, Latino, English Language Learners), grade spans (middle and high school students) and schools. We are committed to accelerating science and mathematics gains and supporting robust teaching and learning. We plan not only to dramatically improve science and mathematics learning but also to create a deep understanding of Science, Technology, Engineering and Mathematics (STEM) careers and opportunities for linked learning, both in school and the workforce.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year.
3. Move/maintain CST Proficient and Advanced students
4. Increase by 10% the number of proficient and advanced students in CST science and by 15% English Language Learners and African American Males

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- We are not too far behind the district average in the number of students scoring P and A and also FBB and BB. But we know we need to continue to improve.

Data Analysis

- Our CST fifth grade science scores are not strong. We have been more focused this year and moving forward on Science. Several upper grade teachers have attended the CAL Blast trainings, college age science students have come into our classroom
- Next year we will continue to build up the rigor of our Science Program. We will start doing Science Notebooking K-5 with some teachers already doing so this year.

Theory Action

- We are restructuring our math instruction after seeing several years of strong gains using the Si Swun method which is no longer supported by OUSD.
- We are now preparing for the Common Core by focusing on doing more MARS type tasks with students over the school year as well as increase the amount of Science and Non Fiction Reading students are doing.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount
We have money to buy additional computers for classrooms.	As needed	All Students	September-June	ES	4/25/2012	179SQI1B3935	purchasing additional computers	3010-Title I	4315-COMPUTER SUPPLIES		0	\$5,930.65

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority C. Transitions & Pathways PreK-12

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

Too many of OUSD's schools work in isolation and focus little attention on where students have been and where they are going. Early childhood programs need to be aligned to the K-5 continuum and expanded to serve more students. Principals at K-5 schools with early childhood programs will supervise the programs and help to integrate them into the school culture. We must develop transitional kindergarten programming to include curriculum and professional development. College and career readiness doesn't begin in high school. In OUSD, the elementary and middle school academic core must be aligned to what students must know, understand, and be able to do to succeed in college-preparatory courses in high school. Elementary and middle school communities in regions will collaborate to share best practices and to develop robust feeder options. Building on existing programs, OUSD will also seek additional funds to develop a comprehensive "Career Pathways" approach to preparing our young people to be successful in college and careers. In order to attract and hold students and families, we will use the FSCS model to create corridors, networking Pre-K through 12 schools in targeted areas in new and innovative ways.

School Data

- We have been working closer with our CDC to build a more direct pipeline for the pre-K students into our school. We hold a K parent night in the spring and also have the CDC students come down and see the school.
- As a school we have been working to make sure our lessons and curriculum is more engaging and meaningful for students. Through the use of Guided Reading and also Strategies that Work we want to make student's learning meaningful and applicable.

Data Analysis

- There isn't much access for elementary schools to see what happens to their students after they have graduated. It would be nice to see our graduation rates for our students.

Theory Action

- We hope by being in better connection with our CDC's as well where our students go for middle school we can create more of a safety net for students.
- By having a career day in the fall where each class has between 4-5 community members talking to them about their career and the type of education they had to do we will encourage students to think about their future and what they want to pursue.
- We are focused on real world field trips to places like the Muir woods, Marine Headlands, and the Aquarium to have students have more experiences outside of Oakland.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority D. College, Career & Workforce

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

In order to make sure that more students graduate, and our graduates are ready for college and career, OUSD will make a significant investment in strategies, structures, and resources to implement core elements of the secondary reform. Career pathways will connect strong academics, Career Technical Education (CTE), work-based learning experiences and support services so that students are prepared for college and career success within the context of a specific, high demand industry sector. Building on the number of career pathways that exist in high schools now, we will increase the number of well-developed and effectively-implemented pathways, which include certificates linked to occupations. OUSD's "Career Pathways" approach will lead to a full range of postsecondary and career opportunities and keep all options open after high school.

1. Combined 4-& 5- year graduation rate will increase by 10%- with graduation rate based on 9th grade enrollment (HS only)
2. Increase by 15% the number of African-American Males and Latino Males who pass CAHSEE on the first attempt (HS only)
3. 80% of the ninth graders will complete 60 credits (HS only)

School Data

- 90% of MCS students say they plan to go to college. We have very small 5th grade classes so it's a smaller sample than the OUSD sample.
-

Data Analysis

- We have college age mentors in our afterschool program who share their experiences as College students with our students. We also try to take as many field trips as we can to expose students to wider range of experiences and careers.
- In classrooms teachers talk about their own college experiences. We have a career day across all grade levels where students see between 4-5 speakers who share what type of schooling or training they had to have.

Theory Action

- We encourage students to think about college and their future. During the year we have a career day and also take students to the black college fair.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority E. Accelerating Students through Targeted Approaches* (Collaborative Teacher Inquiry/African American Male Achievement/Academic Language & Literacy/Focal 15/English Learners/Students with Disabilities/GATE)

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We need to close the achievement gap through targeted approaches, focusing on literacy development, African American Male Achievement, targeted inquiry, English Language Learners, Students with Disabilities, and Programs for Exceptional Children. The patterns of academic performance we see in our district, schools, and classrooms are evidence of a system that is horribly inadequate. We need to differentiate supports and strategies in order to accelerate achievement and address the disparities in educational and social outcomes for populations of students.

1. Increase the number of African American Male students on the honor roll by 15%

School Data

- Currently our AA male students do not score as high as even our AA female students.

Theory Action

- All FBB and BB students will be asked to enroll in the after school program to give these students additional support
- Teachers will provide additional ASP support three days a week for 50-60 minutes if we get additional funds

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount
Students who score FBB and BB on the CST are asked to join the After School Program to give them additional academic support and enrichment.	Benchmark exams and following years CST	FBB, BB	September-June	ES	5/18/2012	179SQI1E4643		N/A			0	\$0.00

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority F. Extending Learning Time

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We want each student to attend a school that offers a comprehensive and integrated approach to education in which the school acts as a hub of partnerships that organizes the resources within the community. We need to build extended learning opportunities whereby the school and community work together to break down barriers to learning and foster true, authentic collaborations in service of thriving students. We envision a system in which schools extend beyond the traditional school day ? offering students and families learning opportunities before and after school, on weekends, and during the summer.

School Data

- Because of budget cuts we have had to reduce the number of students we can take into our After School Program. We can currently only serve 100 students which is a 1/3 of our school.
- We also pay out of our school budget for 5 teachers to work with FBB/BB students two to three days after school.

Theory Action

- Students who score FBB and BB on the CST will be asked to enroll in the ASP program.
- If there are funds teachers will be paid to provide afterschool intervention through ASP for 2nd-5th or in their own classrooms for K-1.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority A. School Culture (including Meaningful Student Engagement)

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

1. is a safe and healthy center of the community, open to community use before, during, and after the school day.
2. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
3. identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future.
4. creates an inclusive, welcoming and caring community, fostering communication that values individual/cultural differences.
5. defines learning standards for social and emotional development and implements strategies to teach those standards

From OUSD Strategic Plan:

Full Service Community Schools create a safe and supportive environment where students can thrive academically, socially, and emotionally. Schools offer a comprehensive and integrated approach to education that is founded on caring relationships and high expectations. Healthy school cultures include preventative, early intervention, and intensive services and supports accessible to all students. School-wide positive behavioral and academic supports are augmented by Tier 2 targeted intervention and Tier 3 individualized supports, which are monitored and coordinated through COST and SST. Schools create professional learning structures to support adults to learn the science and practice of teaching Social Emotional Learning (SEL) skills to increase the capacities of students to manage emotions, develop empathy and concern for others, establish positive relationships, make responsible decisions, and handle challenging situations effectively. A thriving school culture also encourages student leadership and motivational programs, such as expanded celebrations of student achievements.

District-level Goals

- Reduce Disciplinary Hearing Process referrals by 20%

School Data

- Our goal is to continue to reduce the number of suspensions as well as the incidents of bullying or putdowns. Last year we started doing 2x a month school wide assemblies focused on academics and climate and culture.
- Last year we also introduced a school wide month of caring for the month of March. Where students are asked daily to "fill each other's buckets" by giving compliments or doing nice things.

Data Analysis

- According to the survey data our students feel safe at school about 60% of the time which is 11% more then the across all of OUSD. Also 80% of the students feel they have caring relationships at school compared to the only 60% of OUSD students.
- We do have a higher suspension rate but this could partly because of our school rule that both students who fight are suspended. This year we are trying to do more in house suspensions to keep students at school and learning.
- Students seem to be enjoying our twice a month assemblies and students who break major school rules (fighting, stealing, etc.) are asked to speak to the school at assemblies to share with other students what not to do.
- We are very public about our data and also share results from recent assessments at assemblies. We also aknowledge students who make growth and not just students who score P and A.
- We do have a school social worker who can meet with students 1-1 or in groups. If they need mental health support.

Theory Action

- At MCS we believe if students are given oppurtunities to practice postive interactions on a daily basis as well as how to model conflicts our climate will continue to improve.
- At MCS teachers are focused on high teacher engagement. We do learning walks twice a year to measure how student engagement looks across the school.
- Students are given leadership oppurtunities both formally and informally. These include being Jr. Coaches, Safety Patrol members, Reading Buddies, and Tour Guides on passport day.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority B. Health & Wellness

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

1. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
2. ensures that the physical environment of classrooms and the broader school campus supports teaching and learning.

From OUSD Strategic Plan:

A Full Service Community School serves the needs of the whole child, providing a range of Health & Wellness programs and services along a continuum from prevention to intervention. OUSD's Wellness Policy provides a framework for creating a physically healthy school environment where students have access to nutritious food, free drinking water, opportunities to be physically active and good indoor air quality. Quality physical education is provided for the required amount of time to all students. In addition, students' health and mental health needs are met on-site or through a robust referral system that connects students and families to community providers. A FSCS also provides health education (e.g., nutrition, gardening, reproductive health) and social-emotional learning (SEL) that is aligned with and supports the core curriculum. Families are engaged around supporting their children's health as well as their own. Staff wellness is seen as integral and is actively fostered.

School Data

- As a school we encourage all students to be healthy and active both in and out of school. Students are asked to be engaged in some type of play at all recesses.
- Our students seem to be benefiting from our health and wellness programs as well as our nurse, school social worker, and coaches.

Data Analysis

- To support our student's health and wellness we have a school nurse four days a week. She has been very helpful in supporting students with Asthma and Diabetes. As well as students with glasses or hearing aids.
- We also have Playworks and a PE prep teacher who are out at every recess leading fun and active games to keep students moving. Both Playworks provides a 30 minute classroom game time. The PE teacher provides PE prep to each class for 50 minute
- We have a weekly Farmer's Market for students and families once a week with mostly organic produce.

Theory Action

- By providing students with information and good modeling about how to take care of thier health we hope to see more of our students being active both in school and out of school.
- On Wednesdays and Fridays each week we have workout Wednesday and Fitness Friday where students have to participate in track and field type events.

- Our PE teacher in preparation for the mile starts working with all students after the winter break to get ready for the 5th grade mile.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority C. Interrupting Chronic Absence (Attendance)

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- offers a coordinated and integrated system of academic and learning support services, provided by adults and youth
- identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future

From OUSD Strategic Plan:

Full Service Community Schools support attendance improvements as part of transforming educational outcomes for students. Chronic absence, defined as missing 10% or more school days for any reason, is a key indicator and area of focus in Full Service Community Schools. Chronic absence, which impacts one in seven Oakland students, is correlated with lowered reading outcomes and graduation rates. If our system begins addressing chronic absence at the Pre-K and K levels, we would see marked differences in student learning by 3rd grade.

1. Reduce Chronic Absence (students missing 10% or more of the school year) to 5% or less
2. Increase Satisfactory Attendance (percentage of students attending 95% or more of school days) to 85%
3. Interrupt patterns of chronic absences and suspensions to reach a 98% attendance rate (ADA)

School Data

- While we have managed to pull our attendance up from last year we still are not hitting the district goal. We have stepped up our efforts to have SARTS and also send students to SARB the parents of chronically abse

Data Analysis

- Last year and this year we have been having more SART meetings as well as talking parents informally regarding thier child's attendance. We have also informed parents in our weekly newsletters where grade levels are versus the district goal.

Theory Action

- Students must be in school in order to learn and do thier best. We have this in our school compact, it is mentioned frequently in our weekly newsletter, and during conversations with families.
- We have been trying to work with families of chronically absent students through 1-1 conversations, using the District SART/SARB process, SST's, and report card conferences.
- We have our bilingual Admin supporting our attendance clerk with phone calls, reminder letters, and SART/SARB translation to support our Spanish Speaking Families and students.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 3: Learning Communities Focused on Continuous Improvement

Strategic Priority A. Building Capacity & Leadership (Professional Development/Learning Communities/Coaching/Staff Induction)

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- makes sure that teachers work together in professional learning communities focused on student progress.
- ensures that staff regularly analyze multiple kinds of data about student performance and their experience of learning.
- provides professional development that models effective practices, promotes teacher leadership, and supports teachers to continuously improve their classroom practice.
- provides learning opportunities that build capacity of all stakeholders to give input, participate in, or lead key decisions.

From OUSD Strategic Plan:

We want to recruit, retain, and reward high-quality teachers, principals, and other leaders to ensure that all students learn to the best of their abilities. OUSD must become a highly-sought-after place of employment where educational leaders know they will be challenged and supported by colleagues, supervisors, and community members with high expectations. We need to develop aggressive strategies to recruit and retain the best and brightest talent in OUSD. Building on our developing frameworks for effective teaching and school leadership, and furthering the development and capacity of our teachers and principals through various forms of professional development will allow us to sustain effective teachers and leaders committed to Oakland's children.

1. Improve the conditions in schools to retain 80% of effective teachers

School Data

- We have very low turnover of teachers at MCS. We have never had a teacher leave to go to another OUSD school since we opened. Most teachers have left to change careers or to move out of state.
- One of the ways we retain teachers is by allowing teachers to take on leadership roles. These include being on ILT, Science Lead, Math Leads, ASP Liason, Health and Wellness Rep, and Famlie Liason teacher.

Data Analysis

- Teachers overall seem to be happy with the amount of collaboration we have. Next year we will be doing more collaboration in order to lesson plan for Systematic ELD lessons which the whole school is being trained in currently.
- We haven't had a TSA in three years so our ILT is crucial to planning and leading the PD. We have had the same teachers on ILT for the past two years and will keep some of the same people next year.

Theory Action

- By giving teachers time to work together as well as take on leadership roles they will feel more effective both in the classroom and at the school site.
- Whenever possible we pay teachers for thier collaboration as well as thier taking on leadership roles. Sometimes however this just isn't possible.
- We also match new teachers with more senior staff (usually thier grade level partner) in order to get more day to day support.
- Teachers and staff also participate in the hiring of new staff members which includes a demo lesson and a panel interview to ensure new hires are a good fit for the school.

School Quality Indicator 4: Meaningful Student, Family, and Community Engagement/Partnerships

Strategic Priority A. Family & Community Engagement

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- shares decision-making with its students, their families, and the community, as part of working together in partnership
- provides opportunities for families to understand what their child is learning; why they're learning it; what it looks like to perform well
- builds effective partnerships by using principles of student and family/community engagement

From OUSD Strategic Plan:

A quality Full Service Community School (FSCS) involves students, families, and the community in the decision-making process as a way to develop collaborative partnerships. A FSCS works with families as partners to understand how the student is progressing and participating in school. Additionally, a Full Service Community School establishes and aligns partnerships with community-based organizations, civic and business partners to strengthen the academic, social-emotional and health outcomes for students and families.

1. 75% or more of parents and guardians are regularly offered trainings and opportunities to actively participate in the academic and social development of their student(s).

School Data

- In the past we had a fully functioning Adult Ed program which offered ESL for 30+ parents four days a week along with a computer class.
- The Adult Ed program was cut last year and so it has affected our ability to support our parents. We still hold monthly PAC meetings for parents and three times a year academic parent meetings.

Data Analysis

- We have seen our parent participation drop this year and we will be changing how we sign parents up for roles at the start of the year. We are also considering surveying parents to find out why they aren't showing up in such high numbers.

Theory Action

- We have a FRC staff person who is bilingual whose job it is to connect with parents and organize workshops for the parents as well as connect with them resources.
- She also puts out a weekly homeschool letter and monthly calendar to let parents know about upcoming events.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 5: Effective School Leadership & Resource Management

Strategic Priority A. Strategic Operational Practices

School: Manzanita Community School

Principal: EYANA SPENCER

School Quality Standards relevant to this Strategic Priority

A quality school...

- creates and sustains equitable conditions for learning and advocates for interrupting patterns of inequities.
- guides and supports the development of quality instruction across the school.
- collaboratively develops outcomes, monitors progress, and fosters a culture of accountability.
- develops systems and allocates resources in support of the school's vision.
- is distributed, through professional learning communities, collaborative planning teams, and select individuals.

From OUSD Strategic Plan:

We need Full Service Community Leaders for OUSD classrooms, schools, regions and the central office. These leaders have to juggle many tasks: they need to manage operations effectively, they need to become highly effective instructional leaders, and they need to build relationships and strategic collaborations with parents and community members. Leaders will need to assess their own levels of expertise with leadership practices, operations, instruction and community engagement and work together to share tools, knowledge and strategies in these areas to accelerate everyone's capacity to deliver on the promise of high quality effective instruction and Full Service Community Schools.

School Data

- I have a strong Admin who is a great asset that helps get the bulk of the operational work done. We meet every week or so about the budget and make decisions with staff on what to purchase or spend.

Data Analysis

- In reviewing the data we do a good job of spending all of our money and using our resources well.
- Teachers for the most part have good communication with myself and the office around thier absences and the need for subs. We try to use the same subs over and over so they are famlier with the students and the expectations.

Theory Action

- We involve the SSC, parents, and staff in making decisions about how and where money should be spent. In the past we have surveyed parents to find out what their priorities are for spending the school's money.

Type into the gray boxes, then print and sign.

**ASSURANCES
2012-2013**

School Site: 179

Site Number: Manzanita Community School

The following state and federal categorical funding source(s) will be a part of the School-Based Coordinated Program at the school:

- Title I School-Wide Program
- Title I Targeted Assistance Program
- EIA/State Compensatory Education
- EIA/Limited English Proficient
- QEIA
- SIG

1. The council/committees have been formed and correctly constituted in accordance with the procedures established by the district governing board, federal or state law or regulations.
2. The school plan is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
3. It is the responsibility of the School Site Council to monitor the implementation and effectiveness of the actions outlined in the site plan throughout the 2012-2013 School Year.
4. The English Language Advisory Council (ELAC) reviewed English Learner data, priority needs, and suggested improvement strategies on 4/25/12.
5. The School Site Council adopted the Single Plan for Student Achievement at a public meeting(s) on 4/30/12.
6. The signatures below verify that the chairpersons, teachers, students, and parents on behalf of their respective councils/committees, have participated in the planning process, reviewed the school plan for the appropriate special programs, and recommend the school plan and budget to the district governing board.

Meeting Schedule | 1st Mondays of each month 3³⁰ PM

SSC Legal Requirements:

- (1) Members MUST be selected/elected by peer groups;
- (2) There must be an equal number of school staff and parent/community members;
- (3) Majority of school staff membership must be classroom teachers;
- (4) Parent/community members cannot be OUSD employees at the site.

Title I School Parental Involvement Policy 2012 - 2013

(italics indicate an area that needs to be completed)

All Title I schools will develop a written Title I parental involvement policy with input from and distribution to all Title I parents to include a description of the means for carrying out the following Title I parental involvement requirements.

Involvement of Parents in the Title I Program

Manzanita Community School agrees to implement the following statutory requirements:

- Will convene an annual Title I meeting to perform the following:
 1. Inform parents of their schools participation in the Title I Program.
 2. Explain the requirements of the Title 1 Program.
 3. Explain the parents' right to be involved in an organized, ongoing, and timely way, in the planning review, and improvement of its Title I Program.
 4. The parents' right to participate in the development of the District's Title 1 Plan.

We conduct this meeting at the start of the year at our Back to School Night to make sure we are informing the greatest number of parents possible. We then invite any interested parents to join our SSC as that is the groups that makes decisions about Title One funding.

- Offer a flexible number of meetings for parents.
- *We give regular updates to parents at our SSC meetings and our monthly After School Meetings.*
- Involve parents of Title I students in an organized, ongoing, and timely way in the planning, review, and improvement of its Title I programs and the Title I parent Involvement Policy.
- This happens through monthly SSC meetings and our Monthly After School Meetings.
- Provides parents of Title I students with timely information about Title I programs.
- Please see above.
- Provides parents of Title I students with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.
- We do this update at our After School Program parent meetings and at our three times a year parent academic meetings we give updates about curriculum, assessments and proficiency levels. We also send home data updates and progress reports after every benchmark exam K-5.
- Provides parents of Title I students, if requested, with opportunities for regular meetings to participate in decisions relating to the education of their children.
- *We have not had any parents ask for additional meetings beyond the ones mentioned above. But we would try to meet a parents request if that is what they asked for.*

School-Parent Compact

Manzanita Community School has jointly developed with and distributed to parents of Title I students a School-Parent Compact that outlines how parents, the school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards.

Building Parent Capacity for Involvement

Manzanita Community School engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, and build capacity for parent involvement, it does the following:

- Assists Title I parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children.
 - 1) The State of California's academic content standards
 - 2) The State of California's student academic achievement standards
 - 3) The State of California's and Oakland Unified School District's academic assessments, including alternate assessments
 - 4) Academic proficiency levels students are expected to achieve
 - 5) How to monitor their child's progress

Much of this is covered at the beginning of the year Back To School night in the teacher's individual classroom, then is followed up at report card conferences and Parent Academic Meetings with 1st-5th grade parents that happen three times during the school year.

- Provides materials and training to help Title I Program Parents work with their children to improve their children's academic achievement. *This takes place at report card conference times and at Parent Academic Meetings as well as some After School Program monthly parent meetings.*
- Educates staff, with the assistance of Title I parents, on the value of parent contributions and how to work with parents as equal partners. *We talk to parent all the time about being partners with the school and have multiple volunteer and partner opportunities for them to take part in for example volunteering at the Salad Bar, Farmer's Market, in the classroom, and the Family Resource Center. We also invite parents to help plan school events, present at meetings, join the SSC and ELAC.*
- Coordinates and integrates the Title I Program Parental Involvement activities with other activities that encourage and support parents to more fully participate in the education of their children. *We hold regular Parent meetings and workshops for both Title One parents and non Title One Parents.*
- Distributes to Title I Program parents, in a timely way, program information related to school and parent programs, meetings, and other activities in a form and language that the parents understand. *We send home a weekly home school letter in English and Spanish which is also posted on every teacher's board and a monthly calendar to inform parents of all school events. We also use the Auto Dialer to inform parents of upcoming meetings or events.*
- Provides support, during regularly meetings, for parental activities requested by Title I Program parents.

Accessibility

- Provide opportunities for all Title I parents to participate, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. This includes providing information and school reports in a form and language parents understand. [We translate at all meetings in English and Spanish. For report cards and other important meetings we bring in outside translators to support Families that speak Karen or other languages.](#)

Adoption

This School Parental Involvement Policy has been developed jointly with, and agreed upon with, parents of children participating in Title 1, Part A Programs, as evidenced by

This policy was adopted by the MCS School Site Council at our April Meeting and will be in effect for the 2012-13 School Year. The school will distribute this policy to all parents of participating Title 1, Part A, children. It will be made available to the local community. The MCS notification to parents of this policy will be in an understandable uniform format and, to the extent practicable, provided in a language the parents can understand.

Eyana Spencer

(Principal's Signature)

3/26/12

(Date)

Manzanita Community School Elementary School Compact

It is important that families and schools work together to help students achieve high academic standards. Through a process that included teachers, families, students and community representatives, the following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and life.

Staff Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Provide high-quality curriculum and instruction.
- Endeavor to motivate my students to learn.
- Have high expectations and help every child to develop a love of learning.
- Communicate regularly with families about student progress through conferences, parent-teacher meetings, progress reports, and other available means.
- Provide reasonable opportunities for parents to volunteer and participate in their child's class, and to observe classroom activities.
- Provide a warm, safe, and caring learning environment.
- Provide meaningful, daily homework assignments to reinforce and extend learning (30 minutes for grades 1-3 and 60 minutes for grades 4-5).
- Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.
- Actively participate in collaborative decision making and consistently work with families and my school colleagues to make schools accessible and welcoming places for families which help each student achieve the school's high academic standards.
- Respect the school, students, staff and families.

Student Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Come to school ready to learn and work hard.
- Bring necessary materials, completed assignments and homework.
- Know and follow school and class rules.
- Ask for help when I need it.
- Communicate regularly with my parents and teachers about school experiences so that they can help me to be successful in school.
- Limit my TV watching and instead study or read every day after school.
- Respect the school, classmates, staff and families.

Family/Parent Pledge:

I agree to carry out the following responsibilities to the best of my ability:

- Provide a quiet time and place for homework and monitor TV viewing.
- Read to my child or encourage my child to read every day (20 minutes K-3, and 30 minutes for grades 4-5).
- Communicate with the teacher or the school when I have a concern.
- Ensure that my child attends school every day, gets adequate sleep, regular medical attention and proper nutrition.
- Regularly monitor my child's progress in school.

- Participate at school in activities such as school decision making, volunteering and/or attending parent-teacher conferences.
- Communicate the importance of education and learning to my child.
- Respect the school, staff, students, and families.

common assessments based on the current SBE-adopted RLA/ELD and intensive intervention programs. Student achievement results from assessments (i.e., entry-level placement and/or diagnostic; progress monitoring, including frequent formative and curriculum-embedded; and summative assessments) are used to inform teachers and principals on student placement, diagnosis, progress, and effectiveness of instruction.

level and/or diagnostic assessments, progress monitoring assessments (including frequent formative and curriculum-embedded assessments), and summative assessments on a timely basis.

- The data from these assessments are disaggregated and used to determine student placement and/or diagnosis of readiness for grade-level, standards-based instruction, monitor ongoing student progress, identify individual student needs, inform decisions regarding classroom and school wide instructional practices, and determine effectiveness of instructional practices and implementation of the adopted programs.
- For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs.
- Common curriculum embedded/formative assessments are given at least every six to eight weeks to monitor student progress, but more frequent formative assessments will assist teachers to collaborate and identify more immediate student needs.

Key Components

Ongoing Assessment and Monitoring System

- District supported electronic data management system.
- District-wide reporting and analysis of assessment results.
- School-wide reporting and analysis of assessment results.
- Timely data from assessments available to and easily accessible by administrators and teachers.
- Common curriculum embedded/formative assessments in use school-wide.

Training on Accessing and Using Electronic Data System

- Staff trained on using and accessing data from the electronic data system.

Using Formative Assessment Results
