To Whom it May Concern:

### SCOPE OF WORK

During the summer of 2017 the Bay Area Teacher Training Institute (BATTI) will continue its partnership with OUSD and Springboard Collaborative to provide teachers for the Hoover Elementary Summer School.

BATTI will provide these services:

- Seven (7) BATTI students enrolled in our Multiple Subject Credential program will serve as classroom teachers in the summer schools. Six will be working in pairs, and one student will lead her own classroom. These students have received training in teaching reading, English language instruction, and math in their first year of our two-year program. They are well-prepared to teach the Springboard Collaborative curriculum, especially reading.
- Three BATTI supervisors will visit our students' classrooms three times each this summer. They will read prepared lesson plans, observe lessons, meet in post-conference, and send final observation reports.
- These supervisors will suggest resources and new teaching techniques to the student teachers to enhance their teaching for summer school students.
- These supervisors will also work with the site supervisor (summer school principal) to further support these beginning teachers and their summer school classrooms.

### **Statement of Qualifications**

The Bay Area Teacher Training Institute (BATTI) has a mission to provide the highest quality graduate level instruction to a supportive cohort community of elementary school assistant teachers and aspiring school leaders working at independent, public, and charter schools. BATTI seeks to diversify the teaching profession by attracting more males and teachers of color.

Founded in 2002, The Bay Area Teacher Training Institute (BATTI) is a Master's and credential program for Bay Area educators, offering two residency programs based on the principle of "Learning By Doing." BATTI makes it possible for elementary school assistant teachers working at one of over 30 excellent independent, parochial, district, and charter schools to receive a California Multiple Subject credential while working full time as paid assistant teachers. BATTI also offers a Master of Arts in Educational Leadership for aspiring school administrators that began in September 2015 and combines coursework, mentorships, and fieldwork.

BATTI has designed a successful, proven teacher training program that has graduated over 300 teachers in the last 14 years and has helped place them in rewarding teaching jobs. Because the program offers such an in-depth hands-on residency program that emphasizes practical preparation such as classroom management and close mentoring, approximately 80% of graduates are still teaching in the classroom compared to a 50% national average for credential programs. Over 50% of BATTI graduates are teaching low-income students in public schools in the San Francisco Bay Area.

The preliminary credential and Master's program is designed to serve paid assistant teachers from a coalition of independent, parochial, public, and charter schools. It is open to all candidates interested in receiving excellent training, attending inspiring seminar classes, and gaining a Master's and multiple subject credential, qualifying them to teach in any California public or private elementary school, or in a core program of a middle school. Our program provides supervision from veteran teachers to credential students, in addition to the guidance the residents receive from mentor/lead teachers at their schools.
