RE: Martin Luther King Jr. Elementary School, 960 10th Street - Oakland, CA
Additional Fire and Intrusion Alarm Consulting Services

Dear Mr. Newby,

Enclosed is our Request for Authorization of Additional Services for the referenced project, presented to the Oakland Unified School District (OUSD) (Client) for approval.

The Martin Luther King Jr. Elementary School fire and intrusion alarm replacement project started in June 2022. The estimated scope of work included witness of the preliminary and final acceptance tests of the fire and intrusion alarm systems. Jensen Hughes' original agreement with OUSD included participation in one pretest and final inspection observations for fire alarm system and one pretest and final inspection observations for intrusion alarm system.

The pretesting of the fire and intrusion alarm systems was completed in May 2024 and deficiency letters were issued. During the initial pretesting for the fire alarm system all parties were on site, except for JCI, so testing was required to be rescheduled. In August 2024, the fire alarm system final testing was performed, and previously issued deficiencies were identified as not being addressed. At the request of OUSD, a full pretest with no noted deficiencies is to be performed prior to rescheduling the fire and intrusion alarm final inspections. We have exceeded the number of additional meetings included in our agreement amendment.

Jensen Hughes is requesting additional funding for reinspection services along with project management and coordination through anticipated project completion. Additional costs are included for the 11-month warranty inspections of the fire and intrusion alarm systems in accordance with OUSD requirements. A record of Jensen Hughes' testing participation is attached for your reference.

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Tadashi Nakadegawa, Deputy Chief, Division of Facilities Planning and Management

Board Meeting Date November 30, 2022

Subject Change Order No. 1 Agreement Between Owner and Contractor – Bay Construction Company – Martin Luther King Jr. Elementary School Fire and Intrusion Alarm Replacement Project - Division of Facilities Planning and Management

Action Requested Approval by the Board of Education of Resolution No. 2223-0156 and Change Order No. 1 by and between the **District** and **Bay Construction, Inc.**, Oakland, California, for extra work, including Asbestos Removal of Work and differential time work. The Change Order will provide funds to hire an abatement contractor to perform specialized services in mitigating hazardous materials exposure to the school grounds. The General Contractor will also need to complete work during the second shift (3:00 pm to 12:00 am) due to school being in session, for the **Martin Luther King Jr. Elementary School Fire and Intrusion Alarm Replacement Project**, in the amount of **\$124,055.40**, increasing the contract price from **\$998,000.00** to **\$1,122,055.40**, and extending the completion deadline to February 13, 2023 (an additional 174 days), pursuant the Change Order.

Discussion This Change Order is for Martin Luther King Jr. Elementary School Fire and Intrusion Alarm Replacement Project for extra work which includes Asbestos Removal of Work and differential time work. Competitive bidding was not required due to the absence of any advantage in doing so. (*Graydon v. Pasadena Redevelopment Agency* (1980) 104 Cal.App.3d 631, 635-647.) Resolution No. 2223-0156 authorizing use of the Graydon exception to public bidding is before the Board for consideration and approval.

**BEFORE THE BOARD OF EDUCATION
OF THE
OAKLAND UNIFIED SCHOOL DISTRICT**

RESOLUTION NO. 2223-0156

**RESOLUTION OF THE BOARD OF EDUCATION OF THE OAKLAND UNIFIED
SCHOOL DISTRICT DECLARING THE FUTILITY OF PUBLIC BIDDING FOR
THE ADDITIONAL ASBESTOS WORK
AT MARTIN LUTHER KING JR. ELEMENTARY SCHOOL, AND
APPROVING A CHANGE ORDER FOR THAT WORK**

WHEREAS, the Oakland Unified School District (“District”) and Mark Lee & Yong Kay, Inc., DBA Bay Construction Company (“Contractor”) entered into a contract for Contractor to install and replace fire alarm detectors at Martin Luther King Jr. Elementary School (“Project”);

WHEREAS, the District used competitive bidding for the Project under Public Contract Code section 22032 and Contractor was the lowest responsive, responsible bidder for the Project and was awarded a contract for the Project for Nine Hundred Ninety-Eight Thousand and NO/100 Dollars (\$998,000.00) (“Contract Price”);

WHEREAS, the District would like to issue a change order for additional work on the Project (“Additional Work”);

WHEREAS, Contractor has provided a quote for the Additional Work and is able to complete the Additional Work for One Hundred Twenty-Four Thousand Fifty-Five and 40/100 Dollars (\$124,055.40), which exceeds the limit for change orders that are not competitively bid, as established by Public Contract Code section 20118.4;

WHEREAS, the District’s architect (Jensen Hughes), project manager (William Newby), and District staff believe that the Contractor’s quoted price to perform the Additional Work is reasonable;

WHEREAS, going out to bid for the Additional Work would result in substantial delay to the Project and the Additional Work at Martin Luther King Jr. Elementary School, resulting in significantly increased costs for the District;

WHEREAS, the Additional Work for the Project must be provided by the Contractor to ensure continuity of quality and appearance of the work;

WHEREAS, hiring a contractor other than the Contractor to perform the Additional Work would result in waste, inefficiency, delay, and potentially void the warranty on the Contractor’s work, which would increase the expense of the District because the Contractor is familiar with the District’s needs, is acquainted with the Project, and has assembled its staff and crew to continue the Project;

WHEREAS, bringing in a new contractor to perform the Additional Work, which is related and similar to the work being performed by Contractor for the Project, would create coordination and interference problems with the Contractor, which would increase the District's expense;

WHEREAS, if the District were to bid the Additional Work, the prices of those bids would likely be higher than the price of Contractor's quote for the Additional Work because Contractor is familiar with the District's needs and is acquainted with the District's site and is already mobilized;

WHEREAS, California law provides that "Where competitive proposals work an incongruity and are unavailing as affecting the final result or where they do not produce any advantage . . . the statute requiring competitive bidding does not apply" (*Hiller v. City of Los Angeles* (1961) 197 Cal.App.2d 685, 694), and that public entities need not comply with competitive bidding processes where to do so would be impractical or futile and would not serve the purposes of competitive bidding. (*Los Angeles Dredging Company v. City of Long Beach* (1930) 210 Cal. 348; *Graydon v. Pasadena Redevelopment Agency* (1980) 104 Cal.App.3d 631; and *Taylor Bus Service, Inc. v. San Diego Bd. of Education* (1987) 195 Cal.App.3d 1331);

WHEREAS, competitively bidding the Additional Work will not affect the final result to the District except to further delay completion of the Project and increase the cost of the Project, which would not produce an advantage to the District;

NOW THEREFORE, the Board of Education of the Oakland Unified School District hereby resolves, determines, and finds the following:

1. That the foregoing recitals are true.
2. For the sufficient and independent reasons stated above, a competitive public bidding process for the Additional Work would be unavailing, would not produce an advantage to the public or the District, and would not serve the goals of the competitive bid process in that it would not obtain the best economic result for the public.
3. Based on the foregoing, it would be incongruous, futile, and unavailing to publicly bid the Additional Work.
4. Accordingly, District's governing body hereby approves a change order with the Contractor to perform the Additional Work, which change order is attached hereto, without further advertising for or inviting of bids.

The foregoing Resolution was adopted by the Board of Education of the Oakland Unified School District at a regularly scheduled meeting on the 9th day of November 2022, by the following vote:

3) Explain in detail the facts that support the applicability of the exception marked above:

AGREEMENT BETWEEN OWNER AND CONTRACTOR

This Agreement, effective May 26, 2022, is by and between the Oakland Unified School District, in Alameda County, California, hereinafter called the "Owner," and_BAY CONSTRUCTION COMPANY. hereinafter called the "Contractor."

WITNESSETH: That the Contractor and the Owner for the consideration hereinafter named agree as follows:

ARTICLE I. SCOPE OF WORK. The Contractor agrees to furnish all labor, equipment and materials, including tools, implements, and appliances required, and to perform all the work required, by the Contract (the "Work") in a good and workmanlike manner, free from any and all liens and claims from mechanics, material suppliers, subcontractors, artisans, machinists, teamsters, freight carriers, and laborers, and as specified in

the Martin Luther King Jr. Elementary School Fire Intrusion Project, 960 10th Street, Oakland, CA. 94607,

all in strict compliance with the plans, drawings and specifications therefore prepared by

OUSD, 955 High Street, Oakland, CA 94601, T: 510-535-7066.

and other Contract Documents relating thereto.

The Contract as awarded includes the base scope of work only as specified in the Bid

During the Work, the Contractor shall ensure that all Work, including but not limited to Work performed by Subcontractors, is performed in compliance with all applicable legal, contractual, and local government requirements related to the novel coronavirus and COVID-19, including "social distancing," masks, and hygiene as may be ordered by the State or local authorities and as may be directed in the Contract Documents.

ARTICLE II. CONTRACT DOCUMENTS. The Contractor and the Owner agree that all of the documents listed in Article 1.1.1 of the General Conditions form the "Contract Documents" which form the "Contract." The Contractor and its subcontractors must use the Owner's program software COLBI DOCS for projects.

ARTICLE III. TIME TO COMPLETE AND LIQUIDATED DAMAGES.

Time is of the essence in this Contract, and the time of Completion for the Work ("the Contract Time") shall be Ninety (90) calendar days which shall start to run on (a) the date of commencement of the Work as established in the Owner's Notice to Proceed, or (b) if no date of commencement is established in a Notice to Proceed from Owner, the date of Contractor's actual commencement of the Work (including mobilization). The Owner

anticipates that the Contract Time will start to run on May 26, 2022, in which case the deadline for Completion would be August 24, 2022.

The site for the Contract will not be available to the Contractor for construction on the following dates: N/A. The Contractor shall not be entitled to time extensions for lack of access to the site on these dates.

Failure to Complete the Work within the Contract Time and in the manner provided for by the Contract Documents, or failure to complete any specified portion of the Work by a milestone deadline, shall subject the Contractor to liquidated damages. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if the Work were not Completed within the Contract Time, or if any specified portion of the Work were not completed by a milestone deadline, are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of such delay include, but are not limited to, loss of the use of the Work, disruption of activities, costs of administration and supervision, third party claims, and the incalculable inconvenience and loss suffered by the public.

Accordingly, the parties agree that \$500,00 per calendar day of delay shall be the damages which the Owner shall directly incur upon failure of the Contractor to Complete the Work within the Contract Time or Complete any specified portion of the Work by a milestone deadline, as described above. Liquidated damages will accrue for failure to meet milestone deadlines even if the Contractor Completes the Work within the Contract Time.

In addition, Contractor shall be subject to liquidated damages, or actual damages if liquidated damages are not recoverable under law, for causing another contractor on the Project to fail to timely complete its work under its contract or for causing delayed *completion* of the Project. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if another contractor on the Project were to fail to timely complete its work under its contract or delay *completion* of the Project are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of such delay include, but are not limited to, loss of the use of the Work, loss of use of the other contractor's work, loss of use of the Project, disruption of activities, costs of administration and supervision, third party claims, the incalculable inconvenience and loss suffered by the public, and an Owner's inability to recover its delay damages from the contractors whose work was delayed by Contractor.

Accordingly, the parties agree that \$500.00 for each calendar day of delay shall be the amount of damages which the Owner shall directly incur upon Contractor causing another contractor on the Project to fail to timely complete its work under its contract or causing delayed *completion* of the Project.

For Contractor's obligations regarding claims against Owner from other contractors on the Project alleging that Contractor caused delays to their work, see General Conditions sections 3.7.4, 3.16 and 6.2.3.

If liquidated damages accrue as described above, the Owner, in addition to all other remedies provided by law, shall have the right to assess the liquidated damages at any time, and to withhold liquidated damages (and any interest thereon) at any time from any and all retention or progress payments, which would otherwise be or become due the Contractor. In addition, if it is reasonably apparent to the Owner before liquidated damages begin to accrue that they will accrue, Owner may assess and withhold, from retention or progress payments, the estimated amount of liquidated damages that will accrue in the future. If the retained percentage or withheld progress payments are not sufficient to discharge all liabilities of the Contractor incurred under this Article, the Contractor and its sureties shall continue to remain liable to the Owner until all such liabilities are satisfied in full.

If Owner accepts any work or makes any payment under the Contract Documents after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any provision in the Contract Documents regarding time of Completion, milestone deadlines, or liquidated damages.

ARTICLE IV. PAYMENT AND RETENTION. The Owner agrees to pay the Contractor in current funds **NINE HUNDRED NINETY-EIGHT THOUSAND DOLLARS NO/100 \$998,000.00** for work satisfactorily performed after receipt of properly documented and submitted Applications for Payment and to make payments on account thereof, as provided in the General Conditions.

The above contract price includes a general contingency allowance also known as a contingency allowance) of **TWENTY-FIVE THOUSAND DOLLARS NO/100 (\$25,000.00)** to pay any additional amounts to which the Contractor may be entitled under the Contract Documents other than special allowances.

Any payment from a special allowance or general contingency allowance ("Allowance") is entirely at the discretion, and only with the advanced written approval, of the Owner. To request payment from an Allowance, the Contractor must fully comply with the Contract Documents' requirements related to Notice to Potential Changes, Change Order Requests, and Claims, including but not limited to Articles 4 and 7 of the General Conditions and its provisions regarding waiver of rights for failure to comply. If the Owner approves in writing a payment from an Allowance, no change order approved by Owner's governing body shall be required, but Contractor must sign an Allowance expenditure form, after which the Contractor may include a request for such payment in its next progress payment application. Contractor's inclusion of a request for such payment in a progress payment application, or Contractor's acceptance of a progress payment that includes such payment, shall act as a full and complete waiver by Contractor of all rights to recover additional amounts, or to receive a time extension or other consideration, related to the underlying basis of such payment; and such waiver shall be in addition to any other waiver that applies under the Contract Documents

{including Article 4 of the General Conditions). If Contractor requests a time extension or other consideration in connection with or related to a requested payment from an Allowance, Contractor must comply with the Contract Documents' requirements related to Notice to Potential Changes, Change Order Requests, and Claims, including but not limited to Articles 4, 7, and 8 of the General Conditions and their provisions regarding waiver of rights for failure to comply, and no such time extension or other consideration may be issued until a change order is approved by the Owner's governing body pursuant to the Contract Documents. The amount of an Allowance may only be increased by a change order approved by Owner's governing body. Once an Allowance is fully spent, the Contractor must request any additional compensation pursuant to the procedures in the Contract Documents for Notices of Potential Claim, Change Order Requests, and Claims, and payment must be made by a change order approved by the Owner's governing body pursuant to the General Conditions. Upon Completion of the Work, all amounts in an Allowance that remain unspent and unencumbered shall remain the property of the Owner, Contractor shall have no claim to such funds, the Owner shall be entitled to a credit for such unused amounts against the above contract price, and the Owner may withhold such credit from any progress payment or release of retention.

ARTICLE V. CHANGES. Changes in this Agreement or in the Work to be done under this Agreement shall be made as provided in the General Conditions.

ARTICLE VI. TERMINATION. The Owner or Contractor may terminate the Contract as provided in the General Conditions.

ARTICLE VII. PREVAILING WAGES. The Project is a public work, the Work shall be performed as a public work and pursuant to the provisions of Section 1770 et seq. of the Labor Code of the State of California, which are hereby incorporated by reference and made a part hereof, the Director of Industrial Relations has determined the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which the Work is to be performed, for each craft, classification or type of worker needed to execute this Contract. Per diem wages shall be deemed to include employer payments for health and welfare, pension, vacation, apprenticeship or other training programs, and similar purposes. Copies of the rates are on file at the Owner's principal office. The rate of prevailing wage for any craft, classification or type of workmanship to be employed on this Project is the rate established by the applicable collective bargaining agreement which rate so provided is hereby adopted by reference and shall be effective for the life of this Agreement or until the Director of the Department of Industrial Relations determines that another rate be adopted. It shall be mandatory upon the Contractor and on any subcontractor to pay not less than the said specified rates to all workers employed in the execution of this Agreement.

The Contractor and any subcontractor under the Contractor as a penalty to the Owner shall forfeit not more than Two Hundred Dollars {\$200.00) for each calendar day or portion thereof for each worker paid less than the stipulated prevailing rates for such work or craft in which such worker is employed. The difference between such stipulated

prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.

The Contractor and each Subcontractor shall keep or cause to be kept an accurate record for Work on this Contract and Project showing the names, addresses, social security numbers, work classification, straight time and overtime hours worked and occupations of all laborers, workers and mechanics employed by them in connection with the performance of this Contract or any subcontract thereunder, and showing also the actual per diem wage paid to each of such workers, which records shall be open at all reasonable hours to inspection by the Owner, its officers and agents and to the representatives of the Division of Labor Standards Enforcement of the State Department of Industrial Relations. The Contractor and each subcontractor shall furnish a certified copy of all payroll records directly to the Labor Commissioner.

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§ 1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§ 1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work.

The Contractor and every Subcontractor shall keep an accurate record showing the name of and the actual hours worked each calendar day and each calendar week by each worker employed by them in connection with the Work. The records shall be kept open at all reasonable hours to inspection by representatives of the Owner and the Division of Labor Law Enforcement. The Contractor shall as a penalty to the Owner forfeit Twenty-five Dollars (\$25.00) for each worker employed in the execution of this Agreement by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight hours in any one calendar day, and forty hours in any one calendar week, except as herein provided.

ARTICLE IX. APPRENTICES. The Contractor agrees to comply with Chapter 1, Part 7, Division 2, Sections 1777.5 and 1777.6 of the California Labor Code, which are hereby incorporated and made a part hereof. These sections require that contractors and subcontractors employ apprentices in apprenticeable occupations in a ratio of not less than one hour of apprentice's work for each five hours of work performed by a journeyman (unless an exemption is granted in accordance with Section 1777.5) and that contractors and subcontractors shall not discriminate among otherwise qualified employees as indentured apprentices on any public works solely on the ground of sex, race, religious creed, national origin, ancestry or color. Only apprentices as defined in Labor Code Section 3077, who are in training under apprenticeship standards and who have signed written apprentice agreements, will be employed on public works in apprenticeable occupations. The responsibility for compliance with these provisions is fixed with the Contractor for all apprenticeable occupations.

Any construction that covers unapproved or uninspected Work is subject to removal and correction, at Contractor's expense, in order to permit inspection and approval of the covered work in accordance with the DSA Oversight Process.

ARTICLE XI. INDEMNIFICATION AND INSURANCE. The Contractor will defend, indemnify and hold harmless the Owner, its governing board, officers, agents, trustees, employees and others as provided in the General Conditions.

By this statement the Contractor represents that it has secured the payment of Workers' Compensation in compliance with the provisions of the Labor Code of the State of California and during the performance of the work contemplated herein will continue so to comply with said provisions of said Code. The Contractor shall supply the Owner with certificates of insurance evidencing that Workers' Compensation Insurance is in effect and providing that the Owner will receive thirty (30) days' notice of cancellation.

FINGERPRINTING NOTICE AND ACKNOWLEDGMENT
FOR CONSTRUCTION CONTRACTS
(Education Code Sections 45125.1 and 45125.2)
DOCUMENT 00 43 00

Business entities entering into contracts with the Owner for the construction, reconstruction, rehabilitation or repair of a facility must comply with Education Code sections 45125.1 and 45125.2. Such entities are responsible for ensuring full compliance with the law and should therefore review all applicable statutes and regulations. The following information is provided to you, the bidding contractor, simply to assist such entities with compliance with the law.

1. The Owner has determined that your employee(s), or you as a sole proprietorship, will have more than limited contact with students, therefore the Owner requires that you must use one or more of the following methods to ensure the safety of pupils (Education Code §45125.2(a)):
 - a. Install a physical barrier at the worksite to limit contact with pupils.
 - b. If you are not a sole proprietorship, have one of your employees, whom the Department of Justice has ascertained has not been convicted of a violent or serious felony (see *Attachment A* to this Notice and Acknowledgement), continually monitor and supervise all of your employees. For the Department of Justice to so ascertain, your employee may submit fingerprints to the Department of Justice pursuant to Education Code section 45125.1(a).
 - c. Arrange, with Owner's approval, for surveillance of your employees by Owner's personnel.

Prior to commencing the Work, you shall submit the Independent Contractor Student Contact Form (see *Attachment B* to this Notice and Acknowledgement) to the Owner, which will indicate which of the above methods you will use.

[NOTE TO OWNER: Most projects create more than "limited contact" with students; however, if the owner has determined that the contractor will only have limited contact (or will have no contact) with students (for example, new construction at an isolated site), then please consult with legal counsel about whether this notice is required.]

2.
