Discussion of the Scope of Work:

In order to bring high quality arts education to more students through out the district, the funding available is distributed to schools through the Arts Learning Anchor Program. The ALAS facilitators help each school develop and implement instructional and professional development plans each school year. This year the goal is to build the capacity of teacher leaders at the site to do the planning and implementation work on their own, through a professional learning community led by the facilitators.

P5. 1. Description of Services to be Delivered

The implementation of the Arts Learning Anchor School program in 28 Oakland schools K-12 is carried out with the guidance of a team of facilitators. These facilitators will:

- 1. Work with the site principal to identify a teacher leader in the arts;
- 2. Where necessary assist site leadership in implementing their arts program;
- 3. Provide 30 hours of training for teacher leaders from ALAS K-12 sites throughout the district;
- 4. Build capacity for leadership and an understanding of quality arts education in the teacher leaders involved;
- 5. Support the teacher leader in developing a site-based plan for their arts education program for the 2012-13 school year.
- 6. Create a platform for documenting and sharing the arts education work being done at each site for all to learn from.

As capacity is built in these leaders to design and manage their own programs the quality of arts instruction should also improve.
