ALL CITY COUNCIL

Oakland Student Union

MISSION

All City Council (ACC) seeks to create positive change in our schools. We amplify student voice by serving as a bridge between adult decision makers and the student body. We are a diverse team of student leaders who represent or are elected by the masses of students at our schools. ACC organizes campaigns and activities to serve the assessed needs of our constituents; including addressing internalized, interpersonal, and institutional oppression in our daily lives and the daily functioning of our schools and working towards solutions.

WE ENVISION

- 1) A strong, unified All City Council (ACC) Student Union with open and constant communication with the student body, that functions as a powerful student union.
- 2) Schools where students get the support and classes they need from the District, administration, teachers, parents, and community to be job-ready and college-ready.
- 3) A District where students are involved in decision making on policies relating to all issues impacting students (such as budget, buildings and grounds, curriculum, discipline, etc...) and sit on hiring panels.
- 4) A District where leadership has a formal place during the school-day as well as in a multitude of quality after school and community based programs where many students participate in improving their schools and communities.

CALL TO ACTION!

All City Council Student Union is looking for strong high school leaders from different high schools and student groups in Oakland to represent the voices of their student body. Student leader representatives will be able to collaborate and organize with different student groups across Oakland. Students leaders will become the official All City Council Student Union delegates for their school and will be able to work directly in partnership with key adult decisions makers in OUSD.
