TO: Board of Education

FROM: Anthony Smith, Ph.D., Superintendent

SUBJECT: Public Hearing and Adoption of Resolution No. 1213-0071 – Request to the California State Board of Education for a General Waiver of Education Code Section 52055.740(a) on behalf of *Manzanita Community Elementary School*, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

ACTION REQUESTED:

Conduct Public Hearing and Adoption of Resolution No. 1213-0071 – Request to the California State Board of Education for a General of Education Code Section 52055.740(a) on behalf of *Manzanita Community Elementary School*, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

BACKGROUND:

The Quality Education Investment Act (QEIA) is the result of a settlement between Governor Schwarzenegger and the California Teachers' Association (CTA) which is aimed at boosting student achievement at low-performing schools. In May 2007 State Superintendent of Public Instruction Jack O'Connell announced that 488 low-performing schools in California were selected to receive QEIA funding. The Oakland Unified School District has 13 QEIA funded schools; four middle schools and nine elementary schools.

QEIA schools have demonstrated meaningful to significant growth in academic achievement over-all as a result of implementing the various strategies outlined in the QEIA program. QEIA non-compliance reported for schools in the 2011-12 school year have been determined to be correctable under the state's General Waiver process. The district, in an effort to ensure maintenance of these funds for the 2013-14 school year for specific schools, must seek a General Waiver of the State Board of Education.

The District is taking steps to further assist QEIA funded schools in meeting the compliance targets set forth under the Quality Education Investment Act. The continued provision of QEIA funding for the

2013-14 school year will likely contribute significantly to continued academic gains for the designated school.

FISCAL IMPACT:

The adoption of the Request by the District and granting of the Waiver by the State Board of Education will assist the District in maintaining approximately \$205,000 in QEIA funding annually.

The approval of this waiver request will not have a negative fiscal impact on the District.

RECOMMENDATION:

Conduct Public Hearing and Adoption of Resolution No. 1213-0071 – Request to the California State Board of Education for a General of Education Code Section 52055.740(a) on behalf of *Manzanita Community Elementary School*, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

Ed Code Title: Class Size Reduction Targets Temporarily Increased

Ed Code Section: 52055.740(a)

Ed Code Authority: State Board of Education

Ed Code or CCR to Waive: 52055.740(a)

For each funded school, the county superintendent of schools for the county in which the school is located shall annually review the school and its data to determine if the school has met all of the following program requirements by the school by the end of the third full year of funding:

(1) Meet all of the following class size requirements:

(A) For kindergarten and grades 1 to 3, inclusive, no more than 20 pupils per class, as set forth in the Class Size Reduction Program Chapter 6.10 (commencing with Section 52120)).

(B) For self-contained classrooms in grades 4 to 8, inclusive, an average classroom size that is the lesser of clause (i) or (ii), as follows:

(i) At least five pupils fewer per classroom than was the average in 2006-07.

(ii) An average of 25 pupils per classroom.

(iii) For purposes of this subparagraph, average classroom size shall be calculated at the grade level based on the number of self-contained classrooms in that grade at the school site. If the self-contained classrooms at the school averaged fewer than 25 pupils per classroom during the 2005-06 school year, that lower average shall be used as the "average in 2006-07" for purposes of this subparagraph. A school that receives funding under this article shall not have a self-contained classroom in grades 4 to 8, inclusive, with more than 27 pupils regardless of its average classroom size.

Outcome Rationale:

This Waiver is requesting that the Class Size Reduction Targets established for Manzanita Community School of 20.44 students in Kindergarten be increased to 22.7, 20.44 students in 3rd grade be increased to 22.8, and 18.33 students in 4th grade be increased to 22.4 for the 2011-12 school year in light of the following circumstances:

The school made a good-faith effort to stay within QEIA class size targets in 2011-12. In Kindergarten, more students enrolled in the site than expected. As a neighborhood school, Manzanita Community made an effort to accommodate Kindergarten students from a neighborhood homeless shelter that enrolled during the course of the year, which increased the grade level average slightly. In grades three and four, the percentage of students that it was estimated would attend the school was higher than expected. The site made the decision to slightly increase class size in order to remain financially viable, rather than seek District funds to hire an additional teacher to balance class sizes for QEIA. Since the increase in class size was within a reasonable range of QEIA targets and below 25 students per class, the site determined this was the appropriate decision.

Student Population:

Oakland USD has a student population of 38,040 (in 2011-12) and is located in an Urban Setting *in Alameda County*. Manzanita Community School had a student population of 326 in 2011-12 and 336 in 2012-13.
