BACKGROUND

The Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) provides affordable access to telecommunications services for all eligible schools and libraries in the United States. Funded at up to \$2.25 billion annually, the program provides discounts on telecommunications services, Internet access and internal connections.

Internal Connections

Oakland USD staff filed an application with the SLD for internal connections for schools whose network capacity could not support intensive use of technology for teaching and learning, and that were likely to receive funding. In accordance with the SLD procedures, OUSD published a Bid for Proposal on the District Website (Internet) for a minimum period of 28 days, and published an announcement in both the local newspaper, and contractors' forum. The SLD also publishes the OUSD application on their Internet website for the purpose of encouraging and fostering competitive bids. The schools selected for this process qualify for E-Rate at the 90% re-imbusement level: Group 1 schools had been submitted for E-rate reimbursement in E-rate year 13 or earlier; Group 2 schools had been submitted for E-rate reimbursement in E-rate year 14.
