7. **Reporting.** The Grantee shall submit a Grant Report(s) to the Grantor by the date(s) specified above, in accordance with Grantor's Report Guidelines, all of which are incorporated by this reference. 17. **Waiver.** Any failure to exercise a right and any delay in exercising a right under this Agreement shall not be deemed a waiver of that right or any other rights by Grantor, nor shall any partial exercise of a right under this Agreement preclude any additional or further exercise of that or any other right. No term or provision hereof may be waived except in writing signed by a duly authorized officer of Grantor.

TEACHING & LEARNING

June 12, 2018

Lisa Lomenzo, Senior Program Officer, STEM Education
S.D. Bechtel, Jr. Foundation

Dear Ms. Lomenzo,

Oakland Unified School District (OUSD) is grateful for the S.D. Bechtel Jr. Foundation's continued commitment to high quality science education for all students. We appreciate the opportunity to present this proposal for funding to you and your Board.

We are requesting \$233,955 for the 2018-2019 school year to purchase Next Generation FOSS instructional materials to expand the number of schools using Next Generation FOSS from eight in 2017-18 to 22 in 2018-19, leveraging commitments of the schools participating in the OUSD NGSS Early Implementation Initiative.

Background to our Request

Our mission is to build a Full Service Community School District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day. Right now, we are in an exciting moment of taking a huge step forward in realizing this mission, as we implement the Next Generation Science Standards (NGSS). These standards, adopted in 2013 and tested in 2018-19, will help our students prepare for careers in science and engineering and develop problem-solving skills to address many of our global issues. Over the past several years, we have enacted an inclusive process to transition our elementary schools to NGSS:

- In 2013-2016 our elementary teachers implemented the teacher-created Science Instructional Reflection & Assessment (SIRA) to begin teaching the science practices of NGSS while using the CA FOSS curriculum, aligned to the 1998 CA science standards.
- In 2016-17 our teachers and community engaged in multi-step process to choose NGSS curriculum, resulting in the selection of Next Generation FOSS, developed at the Lawrence Hall of Science.
- In 2017-18, eight schools of the NGSS Cohort field-tested the full Next Generation FOSS curriculum so that OUSD could prepare systems, professional development, and tools to successfully implement NGSS across all 54 schools in 2018-19.
- In March-April of 2018, 20 elementary schools committed to participating in the OUSD NGSS Early Implementation Initiative, sending a team of teachers and principal to a week-long summer institute and enacting site NGSS implementation plans throughout the year.
- In May 2018, the Board of Education approved the adoption of NGSS FOSS and authorized the Superintendent to purchase the materials for \$1.8 million.
- Facing deep budget challenges, central leaders just determined that OUSD will not be able to purchase the new NGSS FOSS materials for students for the 2018-19 school year.

TEACHING & LEARNING

Current Request

The goal of this grant proposal is to ensure that the forward momentum around NGSS implementation in OUSD continues in the 2018-19. This summer of 2018, 20 elementary schools will be participating in a grant-funded, week-long NGSS Institute in partnership with local scientists as part of the state-wide NGSS Early Implementation Initiative. These schools are sending a team of teachers and their principal to be trained in NGSS, and have committed to implementing NGSS school-wide next year. In order to do this, they need NGSS-aligned materials.

We are requesting \$233,955 for the 2017-2018 school year to purchase Next Generation FOSS instructional materials to expand the number of schools using Next Generation FOSS from eight in 2017-18 to 22 in 2018-19, which includes all eight original NGSS Cohort schools as well as every elementary school participating in the OUSD NGSS Early Implementation Initiative for 2018-19.

OUSD has already invested \$450,000 for the purchase of Next Generation FOSS kits for the eight schools in the NGSS Cohort in 2017-18. With an additional \$225,000 plus \$8,955 in 3.98% indirect costs, and an OUSD contribution of \$76,000, OUSD will be able to purchase additional teacher guides and student books so that the kits used by 8 schools in 2017-18 can be rotated through all 20 elementary schools attending the NGSS Institute and committed to implementing NGSS.

Thank you for your unwavering support of our work and we look forward to building a district where every student thrives!

Sincerely,

Kyla Johnson-Trammell
