Pathway Vision	Ralph J. Bunche Academy Hospitality, Recreation, and Tourism Pathway provides access and opportunities for students to engage in an engaging curriculum, while gaining experiences toward personal growth, all in order to build a path toward their individual success post-graduation. Whether it be participating in the Culinary Arts in a state of the art farm to table facility, being mentored by an industry leader, completing research/project based learning opportunities, work-based learning experiences, getting supported college/career experiences, reflecting on individual strengths, strategizing ways to improve areas of need, or engaging in rigorous curriculum, Bunche students embed themselves in a small knit community focused on individual development toward college success or the career of their choice.
