Memo

To Board of Education

From Antwan Wilson
Superintendent

Board Meeting Date May 25, 2016

Subject **Adoption of Resolution 1516-0215, Requesting State Superintendent Of Public Instruction For Renewal of Alternative School of Choice Waiver of Education Codes Pertaining to Compulsory Education/Truancy Laws**

Action Requested Adoption of Resolution 1516-0215, Request to the State Superintendent of Public Instruction for Renewal of Alternative School of Choice Waiver of Education Codes pertaining to Compulsory Education/Truancy Laws for the period from July 1, 2016 to June 30, 2018 to fully implement the Gateway to College Alternate High School at Laney College.

Background
A one paragraph explanation of why the consultant's services are needed.

Gateway to College is a nationally recognized education model serving youth who have dropped out of high school. In June 2008, the District authorized the establishment of Gateway as an Alternative education high school to be operated on the Laney Campus. Students attending Gateway are concurrently enrolled in Laney and Oakland Unified School and from their first day earn credits toward a high school diploma and an Associate's Degree. Gateway's student body is largely comprised of foster youth, adjudicated youth, teen parents, and students recovering from homelessness or drug and alcohol abuse.

Discussion
One paragraph summary of the scope of work.

Gateway to College at Laney Alternative High School is a school of high expectations and equally high levels of community support with the goal that vulnerable youth receive a second chance to re-engage in education in a meaningful way and create better lives for themselves.

The District will seek and obtain all necessary renewal waivers from the California Department of Education in order to fully continue to support Gateway. Under the Waiver Authority of the Education Code Section 58509, the particular Education Code or the California Code of Regulations Section(s) or portion thereof to be waived is: Compulsory Education/Truancy Laws.

This is a request to again seek waiver of the following sections of the California education Code related to compulsory education law.

- Education Code §48200 – Children between ages 6 and 18 (Compulsory Education)
- Education Code §48260 – Definition; legislative intent (Truancy)
- Education Code §48260.5 – Notice to parents
- Education Code §48260.6 – School Attendance Review Board (SARB) process
- Education Code §48262 – Habitual Truant
- Education Code §48263 – Referral of habitual truants to probation officer or district attorney

Children between the ages 6 and 18, who are not exempt under a particular provision of the Education Code, are subject to compulsory fulltime education or compulsory continuation education. Such students are required to attend school for the length of the school day. Consequently, any student subject to compulsory education who is absent from school; without a valid excuse three full days in one school year or absent for more than any 30-minute period during the school day without valid excuse, is a truant and subject to the penalties enumerated in the Education Code.

Under the California Department of Education regulation and the Alternative School of Choice Waiver Request for (CDE form AEW-1 (Rev 3/10)), no public hearing is required if the renewal waiver is not controversial. In addition, meet and confer with bargaining units and review by the SSC are not required if the renewal waiver is not controversial. OEA and the SSC have been advised that the District is seeking renewal of the waivers. There is no controversy related to the Gateway program.

Recommendation

Adoption of Resolution 1516-0215 Request to the State Superintendent of Public Instruction for Renewal of Alternative School of Choice Waiver of Education Codes pertaining to Compulsory Education/Truancy Laws for the period from July 1, 2016 to June 30, 2018 to fully implement the Gateway to College Alternate High School at Laney College.

Renewal Waiver Application
[Compulsory Education/Truancy Laws]

Part II. Purpose and Desired Outcomes

1. ***Summary of the Education Code or California Code of Regulations Section(s) or portion(s) to be waived.*** Please summarize the meaning, in plain language, of the Education Code or California Code of Regulations Sections(s) or portions(s) to be waived. If a portion of a section is requested to be waived, include that portion verbatim.

This is a renewal request to waive the following sections of the California Education Code related to regulations on student achievement and parental notification of student performance.

- *Education Code § 48200 – Children between ages 6 and 18 (Compulsory Education)*
- *Education Code § 48260 – Definition; legislative intent (Truancy)*
- *Education Code § 48260.5 – Notice to Parents*
- *Education Code § 48262 – Habitual Truant*
- *Education Code § 48263 – Referral of habitual truants to probation officer or district attorney*

Children between the ages of 6 and 18, who are not exempt under a particular provision of the Education Code, are subject to compulsory full-time education or compulsory continuation education. Such students are required to attend school for the length of the school day. Consequently, any student subject to compulsory education who is absent from school without a valid excuse three full days in one school year or absent for more than any 30-minute period during the school day without a valid excuse, is a truant and subject to the penalties enumerated in the Education Code.

2. ***Desired outcome/rationale.*** State what you hope to accomplish with the waiver. Describe briefly the circumstances that brought about the request and why the waiver is necessary to achieve improved student performance and/or streamline or facilitate local agency operations.

The legislation authorizing the establishment of alternative schools of choice provides, in part, that school districts may establish alternative schools based on the premise that the best learning takes place when the student learns because of his or her desire to learn. Alternative schools and programs of choice are often characterized by responsiveness to instructional style differences, the positive consequences of being a school of choice, and small unit size. The Gateway to College alternative high school fits this profile.

Gateway to College at Laney College ("Gateway") serves 350 students, 16 to 20 years old, who have dropped out of school and provides a second chance for students to get back on a path leading to economic and educational opportunity. In keeping with the statutory purpose, the program achieves success by maintaining a learning situation that

maximizes student self-motivation and encourages a student in his own time to follow his interests.

Because the program is offered on a college campus, students feel that they are treated as adults, and respond well to the academic and behavior expectations of the college environment, particularly as it relates to attendance and class participation. The District is requesting a renewal to the waiver because students who have dropped out of school are severed from the attendance roles and are not reported as truants. Hence, neither the truancy nor compulsory education laws are relevant to the population of students being served by the Gateway to College program. Therefore, a renewal waiver of the aforementioned K-12 provisions is necessary to fully implement the Gateway to College model in the college setting. The District is requesting a renewal of the waiver for two years to fully implement the Gateway to College model in the college setting.

Evaluation Procedure

An annual evaluation, pursuant to Education Code Section 58510, will be performed in accordance with guidelines established by the California Department of Education and the State Superintendent of Public Instruction. The evaluation will be conducted by the OUSD Office of Alternative Education and will include input from key stakeholders such as teachers, students, and parents and guardians.

The methodology used will be consistent with evaluations of other OUSD Alternative Schools and Programs. The evaluation will include student performance data on K-12 mandatory testing and will examine features such as the following to determine their impact on student learning outcomes:

- Sustainable Partnership (e.g., advisory committee, referrals, information sharing systems, etc.)
- Integration of the program into college (e.g., attendance on college calendar, college orientation, flexible class schedule)
- Dual credit (e.g., diploma and testing requirements are aligned with college courses, counselors trained in high school and advising systems)
- Adequate teaching and administrative staff
- Collaboration between faculty members and between students (e.g., team based approach to student success)
- Teaching and Learning (e.g., rigor and relevance in the curriculum)
- Student Support systems (e.g., focus on academic and non-academic barriers)
- Professional Development for faculty and staff (e.g., mission and core values communicated, roles and responsibilities are clearly communicated)

School is Legally Compliant

Gateway to College at Laney College is part of the Early College High School Network which is listed as a type of school that can be established under the statutory framework of section 58500 et seq. of the Education Code. The school was established in accordance with statutory procedures and approved by the governing board of the Oakland Unified School District and the California Department of Education.
